All authors must read and sign the following statements: **(1)** Authorship & Contributorship Agreement and **(2)** Creative Commons Attributions License. Please photocopy this document and distribute to co-authors for their original ink signatures. Please include them with the manuscript submission.

(1) ***Authorship & Contributorship Agreement***: In accordance with the Authorship and Contributorship policy of SAUDI MEDICAL JOURNAL, I/We, the undersigned, certify that we have participated in the conception and design of this work, the analysis of the data, the writing of the manuscript, and that we take full responsibility for it.

Corresponding Author: If I am listed as corresponding author, I agree to provide all authors with information regarding this manuscript and I will obtain their approval before submitting any revision.

The undersigned authors promise that the submitted article is original, has not been published elsewhere and is not under consideration by another journal. (It is acceptable for the manuscript to have been previously available on an institutional or preprint website, e.g. BioRxiv.org). The authors also warrant that there is nothing in the submission that infringes the legal or moral rights of another person or organization (e.g., plagiarized, libelous or copyright infringing content). Where required, the authors confirm that they have obtained all required permissions, such as patient consent and ethical approvals, and authorization to reproduce previously published content.

(2) ***Publishing license***: I/We, the undersigned, agree to the following terms:

▫ Authors retain copyright and grant the journal right of first publication with the work simultaneously licensed under the Creative Commons Attribution-Non Commercial License (CC BY-NC). This allows others to share the work with an acknowledgement of the work's authorship and initial publication in this journal.

▫ Saudi Medical Journal is an Open Access Journal, and articles published are distributed under the terms of **the Creative Commons Attribution-Non Commercial License (CC BY-NC)**. Readers may copy, distribute, and display the work for non-commercial purposes with the proper citation of the original work. **However, the journal retains the right to exploit subsidiary rights on behalf of the authors.**

▫ Authors are able to enter into separate, additional contractual arrangements for the non-exclusive distribution of the journal's published version of the work (e.g., post it to an institutional repository or publish it in a book), with an acknowledgement of its initial publication in this journal.

▫ Authors are permitted and encouraged to post their work online (e.g., in institutional repositories or on their website) prior to and during the submission process with full disclosure to the journal, as it can lead to productive exchanges, as well as earlier and greater citation of published work. Following publication in Saudi Medical Journal, the author should update the repository, and include a citation and link to the published work.
