TITLE I—CONGRESSIONAL FINDINGS AND PURPOSES

SEC. 101. FINDINGS AND PURPOSES.

15 USC 636 note.

(a) FINDINGS.—The Congress finds that—

(1) the Capital Ownership Development Program administered by the Small Business Administration and the award of contracts pursuant to section 8(a) of the Small Business Act remain a primary tool for improving opportunities for small business concerns owned and controlled by socially and economically disadvantaged individuals in the Federal procurement process and bringing such concerns into the nation's economic mainstream;

(2) although some progress has resulted from the Program, it has generally failed to meet its objectives, which remain as valid now as when the Program was initiated;

(3) too few concerns that have exited the Program have been prepared to compete successfully in the open marketplace on competitive procurements, and many concerns have developed an unhealthy dependency on sole-source contracts by the time they are required to leave the Program;

(4) the application and certification process for admitting new participants to the Program is inordinately lengthy and burdensome;

(5) the Administration has often not efficiently and equitably administered and managed the Program in a manner that provided clear lines of responsibility for implementing and monitoring many of the administrative duties under the Program;

(6) the Administration and some program participants have given insufficient attention and support to the business development goals of the Program and instead have focused almost entirely on the size of contract awards or the number of firms certified to participate in the Program;

(7) many Federal procuring agencies have failed to identify and offer the necessary amount of contract support in order to allow for diversification and growth of disadvantaged businesses participating in the Program;

(8) contract support as well as business development expenses have been misused both by the Administration and Program participants and have not been equitably distributed pursuant to objective criteria;

(9) the widespread perception of undue political influence in the operation and administration of the Program has significantly contributed to the Program's poor image and has deterred utilization of the Program by socially and economically disadvantaged concerns and by Federal procuring agencies; and

(10) it is imperative that increased competition and other substantial reforms be accomplished in the Program in order to promote the Congressionally mandated business development objectives and purposes.

(b) PURPOSES.—The purposes of this Act therefore are to—

(1) affirm that the Capital Ownership Development Program and the section 8(a) authority shall be used exclusively for business development purposes to help small businesses owned and controlled by the socially and economically disadvantaged

to compete on an equal basis in the mainstream of the American economy;

(2) affirm that the measure of success of the Capital Ownership Development Program, and the section 8(a) authority, shall be the number of competitive firms that exit the Program without being unreasonably reliant on section 8(a) contracts and that are able to compete on an equal basis in the mainstream of the American economy;

(3) ensure that program benefits accrue to individuals who are both socially and economically disadvantaged;

(4) increase the number of small businesses owned and controlled by such individuals from which the United States may purchase products and services (including construction work); and

(5) ensure integrity, competence, and efficiency in the administration of business development services and the Federal contracting opportunities made available to eligible small businesses.

TITLE II—PROGRAM ORGANIZATION AND PARTICIPATION STANDARDS

SEC. 201. PROGRAM ADMISSION.

(a) **ELIGIBILITY OF PARTICIPANTS.**—Section 7(j)(11) of the Small Business Act (15 U.S.C. 636(j)(11)) is amended by striking out “(11)” and inserting in lieu thereof “(11)(A)” and by adding the following new subparagraphs:

“(B) Except as provided in section 602(d) of the Business Opportunity Development Reform Act of 1988, any individual upon whom eligibility is based pursuant to section 8(a)(4), shall be permitted to assert such eligibility for only one small business concern. Notwithstanding the provisions of the preceding sentence, no individual who was determined pursuant to section 8(a) to be socially and economically disadvantaged before the effective date of this subparagraph shall be permitted to assert such disadvantage with respect to any other concern making application for certification after such effective date.

“(C) No concern, previously eligible for the award of contracts pursuant to section 8(a), shall be subsequently recertified for program participation if its prior participation in the program was concluded for any of the reasons described in paragraph (10)(E).

“(D) A concern eligible for the award of contracts pursuant to this subsection shall remain eligible for such contracts if there is a transfer of ownership and control (as defined pursuant to section 8(a)(4)) to individuals who are determined to be socially and economically disadvantaged pursuant to section 8(a). In the event of such a transfer, the concern, if not terminated or graduated, shall be eligible for a period of continued participation in the program not to exceed the time limitations prescribed in paragraph (15).

Establishment.

“(E) There is established a Division of Program Certification and Eligibility (hereinafter referred to in this paragraph as the “Division”) that shall be made part of the Office of the Associate Administrator for Minority Small Business and Capital Ownership Development. The Division shall be headed by a Director who shall report directly to such Associate Administrator. The Division shall establish field offices within such regional offices of the Administra-

tion as may be necessary to perform efficiently its functions and responsibilities.

“(F) Subject to the provisions of section 8(a)(9), the functions and responsibility of the Division are to—

“(i) receive, review and evaluate applications for certification pursuant to paragraphs (4), (5), (6) and (7) of section 8(a);

“(ii) advise each program applicant within 15 days after the receipt of an application as to whether such application is complete and suitable for evaluation and, if not, what matters must be rectified;

“(iii) render recommendations on such applications to the Associate Administrator for Minority Small Business and Capital Ownership Development;

“(iv) review and evaluate financial statements and other submissions from concerns participating in the program established by paragraph (10) to ascertain continued eligibility to receive subcontracts pursuant to section 8(a);

“(v) make a request for the initiation of termination or graduation proceedings, as appropriate, with the Associate Administrator for Minority Small Business and Capital Ownership Development;

“(vi) decide protests from applicants that have been denied program admission;

“(vii) decide protests regarding the status of a concern as a disadvantaged concern for purposes of any program or activity conducted under the authority of subsection (d) of section 8, or any other provision of Federal law that references such subsection for a definition of program eligibility; and

“(viii) implement such policy directives as may be issued by the Associate Administrator for Minority Small Business and Capital Ownership Development pursuant to subparagraph (H) regarding, among other things, the geographic distribution of concerns to be admitted to the program and the industrial make-up of such concerns.

“(G) An applicant shall not be denied admission into the program established by paragraph (10) due solely to a determination by the Division that specific contract opportunities are unavailable to assist in the development of such concern unless—

“(i) the Government has not previously procured and is unlikely to procure the types of products or services offered by the concern; or

“(ii) the purchases of such products or services by the Federal Government will not be in quantities sufficient to support the developmental needs of the applicant and other Program participants providing the same or similar items or services.

“(H) Thirty days before the conclusion of each fiscal year, the Director of the Division shall review all concerns that have been admitted into the Program during the preceding 12-month period. The review shall ascertain the number of entrants, their geographic distribution and industrial classification. The Director shall also estimate the expected growth of the Program during the next fiscal year and the number of additional Business Opportunity Specialists, if any, that will be needed to meet the anticipated demand for the Program. The findings and conclusions of the Director shall be reported to the Associate Administrator for Minority Small Business and Capital Ownership Development by September 30 of each year. Based on such report and such additional data as may be

Reports.

relevant, the Associate Administrator shall, by October 31 of each year, issue policy and program directives applicable to such fiscal year that—

“(i) establish priorities for the solicitation of program applications from underrepresented regions and industry categories;

“(ii) assign staffing levels and allocate other program resources as necessary to meet program needs; and

“(iii) establish priorities in the processing and admission of new Program Participants as may be necessary to achieve an equitable geographic distribution of concerns and a distribution of concerns across all industry categories in proportions needed to increase significantly contract awards to small business concerns owned and controlled by socially and economically disadvantaged individuals. When considering such increase the Administration shall give due consideration to those industrial categories where Federal purchases have been substantial but where the participation rate of such concerns has been limited.”

TITLE VII—SMALL BUSINESS COMPETITIVE- NESS DEMONSTRATION PROGRAM

Small Business
Competitiveness
Demonstration
Program Act of
1988.

15 USC 644 note.

PART A—SHORT TITLE AND FINDINGS

SEC. 701. SHORT TITLE.

This title may be cited as the "Small Business Competitiveness Demonstration Program Act of 1988".

SEC. 702. FINDINGS.

The Congress finds that—

(1) many small business concerns have repeatedly demonstrated their ability to fulfill a broad range of Government requirements for products, services (including research, development, technical, and professional services), and construction, through the Federal procurement process;

(2) various Congressional mandated reforms to the Federal procurement process, including the Competition in Contracting Act of 1984, the Defense Procurement Reform Act of 1984, and the Small Business and Federal Procurement Competition Enhancement Act of 1984, were designed to eliminate obstacles to competition and thereby to broaden small business participation; and

(3) traditional agency efforts to implement the mandate for small business participation in a fair proportion of Federal procurements as required by section 15(a) of the Small Business Act have resulted in—

(A) a concentration of procurement contract awards in a limited number of industry categories, often dominated by small business concerns, through the use of set-asides, for the purpose of assuring the attainment of the agency's overall small business contracting goals; and

(B) inadequate efforts to expand small business participation in agency procurements of products or services which have historically demonstrated low rates of small business participation despite substantial potential for expanded small business participation.

PART B—DEMONSTRATION PROGRAM

15 USC 644 note.

SEC. 711. SMALL BUSINESS COMPETITIVENESS DEMONSTRATION PROGRAM.

(a) **ESTABLISHMENT.**—There is established a Small Business Competitiveness Demonstration Program (hereafter referred to as "the Program") pursuant to section 15 of the Office of Federal Procurement Policy Act (41 U.S.C. 413) to provide for the testing of innovative procurement methods and procedures. The Administrator of Federal Procurement Policy shall designate the Administrator of the Small Business Administration as the executive agent responsible for conducting the test.

(b) **PURPOSES.**—The purposes of the Program are to demonstrate whether—

(1) the competitive capabilities of small business firms in certain industry categories will enable them to successfully compete on an unrestricted basis for Federal contracting opportunities,

(2) the use of targeted goaling and management techniques by procuring agencies, in conjunction with the Small Business Administration, can expand small business participation in Federal contracting opportunities which have been historically low, despite adequate numbers of qualified small business contractors in the economy, and

(3) expanded use of full and open competition, as specified by the Competition in Contracting Act of 1984 (10 U.S.C. 2302(3) and 41 U.S.C. 403(7)), adversely affects small business participation in certain industry categories, taking into consideration the numerical dominance of small firms, the size and scope of most contracting opportunities, and the competitive capabilities of small firms.

(c) **PROGRAM TERM.**—The Program shall be conducted over a period of 4 years, beginning on January 1, 1989, and ending on December 31, 1992.

(d) **APPLICATION.**—The Program shall apply to contract solicitations for the procurement of services in industry groups designated in section 717.

SEC. 712. ENHANCED SMALL BUSINESS PARTICIPATION GOALS.

(a) **ENHANCED GOALS FOR DESIGNATED INDUSTRY GROUPS.**—Each participating agency shall establish an annual small business participation goal that is 40 percent of the dollar value of the contract awards for each of the designated industry groups. In attaining its small business participation goal for contract awards for each of the designated industry groups, each participating agency shall make a good faith effort to assure that emerging small business concerns are awarded not less than 15 percent of the dollar value of the contract awards for each of the designated industry groups.

(b) **SPECIAL ASSISTANCE FOR EMERGING SMALL BUSINESS CONCERNS.**—

(1) **SMALL BUSINESS RESERVE.**—During the term of the Program, all contract opportunities in the industry groups designated in section 718 shall be reserved for exclusive competition among emerging small business concerns in accordance with the competition standard specified in section 15(j) of the Small Business Act (15 U.S.C. 644(j)), if the estimated award value of the contract is equal to or less than the greater of:

(A) \$25,000, or

(B) such larger dollar amount established pursuant to paragraph (2).

(2) **ADJUSTMENTS TO THE SMALL BUSINESS RESERVE.**—If the goal of awarding emerging small business concerns 15 percent of the total dollar value of contracts in a designated industry category is determined not to have been attained, upon the review of award data conducted in accordance with subsection (d)(1) of this section, the Administrator for Federal Procurement Policy, to ensure attainment of such goal, shall prescribe, on a semi-annual basis, appropriate adjustments to the dollar threshold for contract opportunities in such designated industry category below which competition shall be conducted exclusively among emerging small business concerns.

(3) **SMALL BUSINESS SMALL PURCHASE RESERVE.**—The requirements of this subsection dealing with the reserve amount shall

apply notwithstanding the amount specified in section 15(j) of the Small Business Act (15 U.S.C. 644(j)).

(4) **EXCLUSION OF MODIFICATIONS TO EXISTING CONTRACTS ABOVE THE SMALL PURCHASE THRESHOLD.**—Any modification or follow-on award to a contract having an initial award value in excess of \$25,000 shall not be subject to the limitations on competition required by this subsection.

(c) **TARGETING INDUSTRY CATEGORIES WITH LIMITED SMALL BUSINESS PARTICIPATION.**—(1) Concurrent with the term of the Small Business Competitiveness Demonstration Program, the head of each participating agency shall implement a program to expand small business participation in the agency's acquisition of selected products and services in 10 industry categories which have historically demonstrated low rates of small business participation. The products and services to be targeted for the small business participation expansion program and the special goals for such program, shall be developed in conjunction with the Administrator of the Small Business Administration, and shall be subject to the requirements of section 15(g) of the Small Business Act (15 U.S.C. 644(g)).

(2) The products or services selected for the small business participation expansion program shall be drawn from industry categories that:

(A) are the recipients of substantial purchases by the Federal Government;

(B) have less than 10 percent of such annual purchases made from small business concerns; and

(C) have significant amounts of small business productive capacity that have not been utilized by the Government.

(3) In developing its small business participation expansion program, each participating agency shall:

(A) prepare, and furnish to the Administration, a detailed, time-phased strategy (with incremental numerical goals); and

(B) encourage and promote joint ventures, teaming agreements and other similar arrangements, which permit small business concerns to effectively compete for contract solicitations for which an individual small business concern would lack the requisite capacity or capability needed to establish responsibility for the award of a contract.

(d) **MONITORING AGENCY PERFORMANCE.**—

(1) Participating agencies shall monitor the attainment of their small business participation goals on a quarterly basis. The initial review by each participating agency shall be completed not later than June 30, 1989, based on the data for the period January 1 through March 31, 1989. Thereafter, each review shall be based on the aggregate of contract award data from the 4 quarters preceding the date of the review for which data is available.

(2) All awards to small business concerns (including small business concerns owned and controlled by socially and economically disadvantaged individuals) shall be counted toward attainment of the goals specified in subsection (a) of this section.

(3) Modifications to a participating agency's solicitation practices, pursuant to section 713(b), shall be made at the beginning of the quarter following each review, if the rate of small business participation is less than 40 percent of the contract awards.

SEC. 713. PROCUREMENT PROCEDURES.

(a) **FULL AND OPEN COMPETITION.**—Except as provided in subsections (b) and (c), each contract opportunity with an anticipated value of \$25,000 or more for the procurement of services from firms in the designated industry groups (unless set aside pursuant to section 8(a) of the Small Business Act (15 U.S.C. 637(a)) or section 1207 of the National Defense Authorization Act for Fiscal Year 1987) shall be solicited on an unrestricted basis during the term of the Program, if the participating agency has attained its small business participation goal pursuant to section 712(a). Any regulatory requirements which are inconsistent with this provision shall be waived.

(b) **RESTRICTED COMPETITION.**—If a participating agency has failed to attain its small business participation goal under section 712(a), subsequent contracting opportunities, which are in excess of the reserve thresholds specified pursuant to section 712(b) shall be solicited through a competition restricted to eligible small business concerns pursuant to section 15(a) of the Small Business Act (15 U.S.C. 644(a)) to the extent necessary for such agency to attain its goal. Such modifications in the participating agency's solicitation practices shall be made as soon as practicable, but not later than the beginning of the quarter following completion of the review made pursuant to section 712(d) indicating that changes to solicitation practices are required. Such participating agency shall comply with the requirements of subsection (a) upon determining that its contract awards to small business concerns meet the required goals.

(c) **RELATIONSHIP WITH THE COMPETITION IN CONTRACTING ACT OF 1984.**—Subsections (a) and (b) shall not be construed to supersede the application of the Competition in Contracting Act of 1984 (98 Stat. 1175).

SEC. 714. REPORTING.

(a) **AWARDS OF \$25,000 OR LESS.**—During the term of the Small Business Competitiveness Demonstration Program, each award of \$25,000 or less made by a participating agency for the procurement of a service in any of the designated industry categories shall be reported to the Federal Procurement Data Center in the same manner as if the purchase were in excess of \$25,000.

(b) **SUBCONTRACTING ACTIVITY.**—The Administrator for Federal Procurement Policy shall devise and implement, during the term of the Program, a simplified system to test the collection, reporting, and monitoring of data on subcontract awards to small business concerns and small business concerns owned and controlled by socially and economically disadvantaged individuals for—

- (1) services in each of the designated industry groups; and
- (2) products or services from industry categories selected for participation in the small business participation expansion program, pursuant to section 712(c).

(c) **SIZE OF SMALL BUSINESS CONCERNS.**—During the term of the Program, each participating agency shall collect data pertaining to the size of the small business concern receiving any award for the procurement of—

- (1) services in each of the designated industry groups; and
- (2) products or services from industry categories selected for participation in the small business participation expansion program, pursuant to section 712(d).

SEC. 715. TEST PLAN AND POLICY DIRECTION.

(a) **TEST PLAN.**—The Administrator for Federal Procurement Policy may further specify the manner and conduct of the test activities required by this title through a test plan issued pursuant to section 15 of the Office of Federal Procurement Policy Act (41 U.S.C. 413).

(b) **POLICY DIRECTION.**—The Administrator for Federal Procurement Policy, in cooperation with the Administrator of the Small Business Administration, shall issue a policy directive (which shall be binding on all participating agencies) to ensure consistent Government-wide implementation of this title in the Federal Acquisition Regulation, title 48 of the Code of Federal Regulations, issued pursuant to the Office of Federal Procurement Policy Act.

SEC. 716. REPORT TO CONGRESS.

(a) **IN GENERAL.**—Within 180 days after fiscal year 1991 data is available from the Federal Procurement Data Center, the Administrator for Federal Procurement Policy shall report the results of the Small Business Competitiveness Demonstration Program to the Committees on Small Business of the Senate and House of Representatives, to the Committee on Governmental Affairs of the Senate, and to the Committee on Government Operations of the House of Representatives. The views of the Administrator of the Small Business Administration shall be included in the report.

(b) **ANALYSIS OF PROGRAM.**—The report shall include a section prepared by the Administrator of the Small Business Administration specifying the results of the intensive goaling and management program conducted to expand small business participation in agency acquisitions of selected products and services.

(c) **RECOMMENDATIONS.**—To the extent the results of the Program demonstrate sufficiently high small business participation based on unrestricted contract competition in the designated industry groups, the report shall include recommendations (if appropriate) for changes in legislation or modifications of procurement regulations aimed at increasing reliance on unrestricted competition if high rates of small business participation in the Federal procurement market can be maintained.

SEC. 717. DESIGNATED INDUSTRY GROUPS.

(a) **IN GENERAL.**—For the purposes of participation in this Program, the designated industry groups are—

- (1) construction (excluding dredging);
- (2) refuse systems and related services;
- (3) architectural and engineering services (including surveying and mapping); and
- (4) non-nuclear ship repair.

(b) **CONSTRUCTION.**—Construction shall include contract awards assigned one of the standard industrial classification codes that comprise—

- (1) Major Group 15 (Building Construction—General Contractors and Operative Builders),
- (2) Major Group 16 (Construction Other Than Building Construction—General Contractors and Dredging), and

(e) **ALTERNATIVE DATA.**—In the event that standard industrial classification codes are not assigned to individual contract awards reported to the Federal Procurement Data Center by January 1, 1989, the Program may be conducted on the basis of the product and service codes used to report data pertaining to such contract awards, related to the maximum practicable extent to the standard industrial classification code for the service being provided by the contractor.

SEC. 718. DEFINITIONS.

(a) **DESIGNATED INDUSTRY GROUPS.**—“Designated industry groups” means the groups specified in section 717 for participation in the Small Business Competitiveness Demonstration Program.

(b) **EMERGING SMALL BUSINESS CONCERN.**—“Emerging small business concern” means a small business concern whose size is no greater than 50 percent of the numerical size standard applicable to the standard industrial classification code assigned to a contracting opportunity.

(c) **PARTICIPATING AGENCY.**—“Participating agency” shall have the same meaning as the term “executive agency” in section (4)(1) of the Office of Federal Procurement Policy Act (41 U.S.C. 403(1)). The Administrator for Federal Procurement Policy is authorized to specify as part of the Program test plan the list of executive agencies designated to participate in the Program, which shall include:

(e) **STANDARD INDUSTRIAL CLASSIFICATION CODE.**—“Standard industrial classification code” means a four digit code assigned to an industry category in the Standard Industrial Classification Manual

published by the Office of Management and Budget in effect on the date of enactment of this Act.

PART C—ALTERNATIVE PROGRAM FOR CLOTHING AND TEXTILES

15 USC 644 note.

SEC. 721. ALTERNATIVE PROGRAM FOR CLOTHING AND TEXTILES.

(a) **ESTABLISHMENT.**—Subject to the requirements of subsection (b), of the total dollar amount of contracts for each standard industrial classification code for clothing and textiles awarded by the Defense Logistics Agency for each of the fiscal years 1989, 1990, and 1991:

(1) To the maximum extent practicable, 50 percent shall not be restricted by the size status of the competing business concerns.

(2) To the maximum extent practicable, 50 percent shall be made available for award pursuant to—

(A) section 8(a) of the Small Business Act (15 U.S.C. 637(a));

(B) section 1207 of the National Defense Authorization Act for Fiscal Year 1987; and

(C) section 15(a) of the Small Business Act (15 U.S.C. 644(a)), if the criteria for such awards are met pursuant to part 19.5 (Set-Asides for Small Business) of title 48, Code of Federal Regulations, as in effect on September 1, 1988.

(b) **COMPUTATION.**—In order to calculate the percent limitation established pursuant to subsection (a), the Department may establish, after consultation with the Small Business Administration, major groupings of standard industrial classification codes that are closely related and apply such limitations to such groupings.

SEC. 722. EXPANDING SMALL BUSINESS PARTICIPATION IN DREDGING.

(a) **ESTABLISHMENT.**—During fiscal years 1989, 1990, 1991, and 1992, the Secretary of the Army (hereafter in this section referred to as the "Secretary") shall conduct a program to expand the participation of small business concerns and emerging small business concerns in contracting opportunities for dredging.

(b) **ENHANCED GOALS.**—Of the total dollar value of contracts for dredging, the Department of the Army (hereafter in this section referred to as the "Department") shall make every reasonable effort to award to small business concerns:

(1) 20 percent during fiscal year 1989, including 5 percent of the total dollar value of contracts which is reserved for emerging small business concerns;

(2) 25 percent during fiscal year 1990, including 7.5 percent of the total dollar value of contracts which is reserved for emerging small business concerns;

(3) 30 percent during fiscal year 1991, including 10 percent of the total dollar value of contracts which is reserved for emerging small business concerns; and

(4) 30 percent during fiscal year 1992, including 10 percent of the total dollar value of contracts which is reserved for emerging small business concerns.

Subcontract awards may be counted towards the attainment of such goals, provided that there is available a system for the collection of data relating to the award of subcontracts under dredging contracts awarded by the Department.

(c) **CONTRACT AWARD PROCEDURES.**—(1) Except as provided in paragraphs (2) and (3), the Department shall solicit and award contracts for dredging through full and open competition in conformity with section 2304 of title 10, United States Code, section 15 of the Small Business Act (15 U.S.C. 644), and the implementing procurement regulations promulgated in conformity with section 6 of the Office of Federal Procurement Policy Act (41 U.S.C. 405). Nothing herein shall impair the award of contracts pursuant to section 8(a) of the Small Business Act (15 U.S.C. 637(a)) or section 1207 of the National Defense Authorization Act for Fiscal Year 1987.

(2) Contracting opportunities for dredging shall be reserved for competition among emerging small business concerns if their estimated award value is below an amount to be specified by the Administrator for Federal Procurement Policy (hereafter in this section referred to as the "Administrator"), upon the recommendation of the Secretary. Such reserve amount shall be established by the Administrator at the start of the program at a level which can reasonably be expected to result in the Department attaining the applicable participation goal for emerging small business concerns. Such reserve threshold shall be reviewed by the Secretary and adjusted by the Administrator to the extent necessary on a semi-annual basis beginning after the end of the second quarter of fiscal year 1989 on the basis of the aggregate of contract awards for the four fiscal year quarters preceding the date of the review.

(3) The Secretary shall restrict for competition among all eligible small business concerns such additional contracting opportunities for dredging in such numbers and at such estimated award values as can reasonably be expected to result in the Department attaining the applicable participation goal for small business concerns generally.

(d) **ACQUISITION STRATEGIES TO FOSTER SMALL BUSINESS PARTICIPATION.**—(1) In attaining the goals for participation by small business concerns and emerging small business concerns, the Secretary is encouraged to:

(A) specify contract requirements and contractual terms and conditions that are conducive to competition by small business concerns and emerging small business concerns, consistent with the mission or program requirements of the Department;

(B) joint ventures, teaming agreements, and other similar arrangements, which permit small business concerns to effectively compete for contract opportunities for which an individual firm would lack the requisite capacity or capability needed to establish responsibility for the award of a contract; and

(C) subcontracting through plans negotiated and enforced pursuant to section 8(d) of the Small Business Act (15 U.S.C. 637(d)) or solicitation requirements specifying minimum percentages of subcontracting for the purpose of determining the responsiveness of an offer.

(2) During the term of the program, data shall be collected pertaining to the actual size of the firm receiving an award as a small business concern or an emerging small business concern.

(e) **SIZE STANDARD.**—For the purposes of the program established by subsection (a), the size standard pertaining to standard industrial classification code 1629 (Dredging and Surface Cleanup Activities) in effect on October 1, 1988 shall remain in effect until September 30, 1990.

(f) **REPORTS.**—

(1) The Secretary shall furnish a report to the Committees on Small Business of the Senate and House of Representatives, the Administrator of the Small Business Administration, and the Administrator for Federal Procurement Policy within 120 days after September 30, 1992.

(2) Interim reports shall be submitted annually within 90 days after the close of each of the fiscal years 1989, 1990, and 1991. The Secretary may include recommendations regarding adjustments to the Department's participation goals for small business concerns and emerging small business concerns and to the applicable size standard, if the Secretary determines that such goals cannot reasonably be attained from the pool of firms meeting the current size standard.

(3) The Secretary of Defense shall issue reports to the Congress on the operations of the program established pursuant to this section. Such reports shall detail the effects of the program on the mobilization base and on small business concerns and small business concerns owned and controlled by socially and economically disadvantaged individuals. Interim reports shall be submitted every six months during the term of the program to the Committees on Armed Services and Small Business of the House of Representatives and the Senate.
