April 12, 1974

The Honorable Alec G. Olson  
President of the Senate

Sir:

I am returning S. F. No. 3352, a bill relating to the fire service in the City of Richfield, without my signature.

This bill allows the City of Richfield to remain eligible for state aid without maintaining both the positions of fire chief and assistant fire chief.

I have no quarrel with the basic purpose of this bill; I believe it is legitimate.

Nevertheless, respected persons in the fire service profession are genuinely concerned that S. F. No. 3352, if enacted into law, would bring long-term harm to those responsible for fire protection in Minnesota.

Therefore, I believe that any decision on my part must balance the authors' purpose with the deep anxiety of the fire service profession.

In light of the profession's concern, I firmly believe that the issue inherent in this legislation must be given careful and thorough reevaluation by the next Legislature. If, after further study and consultation with members of the fire service profession, the Legislature believes S. F. No. 3352 will contribute to better community fire protection, then I will be happy to reconsider the bill.

Sincerely,  
Wendell R. Anderson, Governor
