

VOTING RECORD YOUR LEGISLATORS' VOTING RECORD ON SMALL BUSINESS ISSUES 2016 EDITION

Floor votes by your state legislators on key small business issues are listed inside. The Voting Record does not reflect all elements considered by a lawmaker when voting, nor does it represent a complete profile of a legislator, but it can be a guide in evaluating a legislator's attitude toward small business. Many issues affecting small business are decided in committees and never make it to the floor of the House or Senate. Please thank those legislators who supported small business, and continue to work with those who have fallen short.

- 1. 2015 House Tax Bill (HF848): Final passage vote on significant tax reform/reduction legislation that passed the House. The bill conformed the Minnesota estate tax exemption to the federal, phased out the state general tax on business property and made many other positive changes. A "YES" vote supports the **NFIB position.** Passed the House 74–58 (2015)
- 2. 2015 Senate Tax Bill/Senator Gazelka **Amendment (HF848):** A vote on an amendment by Senator Paul Gazelka (Nisswa) that would have removed an increase in the tax rate on commercial property contained in the bill. Ironically, while the bill would have raised taxes on business property through that provision, it also would have reduced the state general tax on business property by \$51 million dollars. A "YES" vote supports the NFIB position. The amendment failed 31-35 but the tax rate increase on business property never occurred. (2015)
- 3. 2015 House Transportation Bill (HF4): Final passage vote on the House transportation bill that spends approximately \$7 billion over the next 10 years to meet transportation needs without raising the gas tax or sales taxes. A "YES" vote supports the NFIB position. Passed the House 73-59, failed in conference committee. (2015)
- 2015 Senate Transportation Bill (HF4): Final passage vote on the controversial Senate transportation bill that would have raised gas and sales taxes by approximately \$11 billion dollars over 10 years. Most controversial was a provision that would have extended the sales tax to gas at the wholesale level, significantly raising the price at the pump despite the low gas prices at the time. A "NO" vote supports the NFIB position. Passed the Senate 36-27, failed in conference committee. (2015)

- 5. **House Employment Economic Develop**ment and Energy Bill (HF843): Final passage vote on a bill that contained many positive provisions for employers, including a provision that would have pre-empted local units of government from imposing new higher minimum wages or other mandated benefits, and would have enacted a desperately needed lower minimum wage for tipped employees, and many other positive changes. A "YES" vote supports the NFIB position. Passed the House 73-56, failed in conference committee. (2015)
- 6. **Health Insurance/Stop-Loss Coverage** (HF294): Final passage vote on legislation making it easier for small employers to self-insure for health insurance through the use of stop-loss policies. A "YES" vote supports the NFIB position. Passed the House 91-38; the Senate did not act on this legislation. (2015)
- 7. Workers' Compensation Reform Legislation (HF2193): Final passage vote in both houses on legislation that reduced healthcare costs for inpatient treatments within the Workers' Compensation system. The legislation also gave the commissioner of Labor and Industry the authority to make the same changes for outpatient treatments and procedures. A "YES" vote supports the NFIB position. Passed the Senate 60-0; passed the House 126-1; signed into law by Governor Dayton. (2015)
- 8. Continuation of Claim/Senator Jensen Amendment (SF1374): An amendment by Senator Vicki Jensen (Owatonna) to remove a provision that would allow pain and suffering claims to be added to wrongful death claims. Under current law, the deceased cannot collect pain and suffering awards, which can be large. A "YES" vote supports the **NFIB position.** Passed the Senate 34–32; the House did not act on this legislation. (2015)

- 9. Paid Family Leave Mandate (HF3931): Final passage vote on the first 2016 Senate tax bill that contained a controversial new paid family leave mandate and a potentially large tax increase on many employers and employees to pay for it. Small businesses with 21 or fewer employees were completely exempted. A "NO" vote supports the NFIB position. Passed the Senate 37–30; was not voted on in the House. (2016)
- 10. Unemployment Insurance Tax Credit (SF2891): Final vote in both houses on legislation that provided employers a one-time \$258 million dollar unemployment insurance tax credit. Most businesses will receive a 27 to 29 percent reduction from what they paid in 2015, assuming there are no changes in payroll. A "YES" vote supports the NFIB position. Passed the Senate 60–0; passed the House 129–1; signed into law by Governor Dayton. (2016)
- 11. Lawsuit Abuse of Public Accommodation Law/Smith Amendment (HF2955): An amendment by Rep. Dennis Smith (Maple Grove) that strengthened a bill to protect small businesses from public accommodation/ADA-type lawsuits. The Smith amendment would have provided a small business the right to cure the problem with the building or the accommodations before it could be sued by a person with a disability. A "YES" vote supports the NFIB position. Passed the House 74–52. (2016)
- 12. 2016 Tax Bill (HF848): Final vote in both houses on the compromise 2016 tax bill that significantly reduced business property taxes for smaller businesses. The legislation provided a \$700 to \$900 property tax reduction for most businesses and overall provided \$544 million in various tax relief provisions to tax payers. A "YES" vote supports the NFIB position. Passed the Senate 55–12; passed the House 123–10; vetoed by Governor Dayton.
