GENERAL NOTES

For the purposes of the product specific rules set out in this Annex:

- (a) the following definitions apply:

chapter means a chapter of the Harmonized System;

heading means the first four digits in the tariff classification number under the Harmonized System; and

subheading means the first six digits in the tariff classification number under the Harmonized System;

- (b) the product specific rule, or specific set of rules, that applies to a particular chapter, heading or subheading is set out immediately adjacent to the chapter, heading or subheading;
- (c) where the specific set of rules provides for more than one rule to be selectively applied, the order of the description of the rules does not indicate priority of application; and

For the purposes of this rule, a chemical reaction is a process (including a biochemical process) which results in a molecule with a new structure by breaking intramolecular bonds and by forming new intramolecular bonds, or by altering the spatial arrangement of atoms in a molecule. The following are not chemical reactions:
