Prayer

Our Father, we open our hearts to Thee, and pray that Thy spirit may dwell within each one of us, giving us poise and power. We believe in Thee, O God; give us the faith to believe what Thou hast said. We trust in Thee; Give us the faith to trust Thee for guidance in the decisions which we must make. Introduced by Lester Harsh, 38th District.

WHEREAS, numerous agencies, departments, and institutions
of Nebraska state government now have regional offices or per-

WHEREAS, numerous state owned or rented facilities already
exist, are being developed, or are planned for development at
widely scattered locations without any comprehensive state de-

WHEREAS, regional centers for state personnel would provide convenient information centers for citizens on state government; and

WHEREAS, if Nebraska state government is to have regional service facilities, it could receive many economies through such means as consolidated communication facilities, interagency service efforts, central motor pool facilities, purchasing procedures, shared maintenance and janitorial services, lower rental payments, lower personnel and freight costs, and other means, by concentrating its personnel and facilities on specified sites.

ONE HUNDRED-SIXTH DAY

Legislative Chamber, Lincoln, Nebraska
Wednesday, June 11, 1969

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Everroad presiding.

Prayer was offered by the Chaplain.

Prayer

Almighty Father, we realize that laws which are formed depend to a great degree upon the character and qualities of law makers. Wilt Thou, therefore, fill this assembly with creative and ever open minds; with understanding, sufficient to realize the clamor in their own constituency, but objectivity to see the need of all the people of this State. Endow them with the quality of introspection which helps them to understand themselves, but also selflessness, enabling them to sacrifice themselves for the greater good. As the scientists do not understand this world until they study the stars, may our lawmakers have diligence in studying the situations of our state, to have better perspective in this place, for the good of all. Amen.

The roll was called and all members were present except Mr. Batchelder, excused until 9:30 a.m., Messrs. Schreurs and Simpson, excused until 10:30 a.m., Mr. Bloom, excused until 11:00 a.m., Mr. Adamson and Mrs. Craft, who were excused.

LEGISLATIVE JOURNAL—EIGHTIETH SESSION

ONE HUNDRED-SEVENTH DAY

Legislative Chamber, Lincoln, Nebraska
Thursday, June 12, 1969

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Everroad presiding.

Prayer was offered by the Chaplain.

Prayer

Eternal Father of our souls, grant to the members and officers of this body a sacred moment of quiet ere they take up the duties of the day. Turn their thoughts to Thee, and open their hearts to Thy spirit, that they may have wisdom in their decisions, understanding in their thinking, love in their attitudes, and mercy in their judgments. Let them not think, when this prayer is said, that their dependence upon Thee is over, and forget Thy counsels for the rest of the day. Rather, from these moments of heart-searching may there come such a sweetness of disposition that all may know Thou art in this place. From this holy interlude may there flow light and joy and power that will remain with them until night shall bring Thy whispered benediction, "Well done, good and faithful servant." So help us all this day, through Jesus Christ our Lord. Amen.

The roll was called and all members were present except Miss Reynolds, excused until 10:30 a.m., and Messrs. Holmquist, Knight and Proud, who were excused.

Messages from the Governor

June 11, 1969

Mr. Speaker, Mr. President
and Members of the Legislature
State Capitol
Lincoln, Nebraska

Gentlemen:

This will inform your honorable body that on June 9, 1969, I appointed Roger Larson of Lincoln to the Nebraska Educational Television Commission, replacing Gordon "Bud" Pentz of Beatrice, who resigned. Mr. Larson's term will expire November 18, 1971.

This appointment requires legislative confirmation.

Respectfully,

(Signed) Norbert T. Tiemann, Governor

June 11, 1969

The President, the Speaker and
Members of the Legislature
State Capitol
Lincoln, Nebraska

Senators of the Eightieth Session:

I have had a chance to review portions of the appropriations bill, LB 1421, and I have the following comments about Sections 1 through 23 of that Act. As soon as I can prepare my comments on the additional sections, I will give them to you.

In the first 23 sections, there are four agencies which I think were substantially damaged by the reductions that the Budget Committee has made from my recommendations.

Let me emphasize that all of my budget recommendations were very conservative recommendations and were recommendations that I do not feel contained excess amounts. I would ask for the restoration of all reductions, but I recognize that priorities must be established.

Governor's Office—Agency No. 7, Section 5

I was sincere in requesting a third position for the Governor's office and I would urge you to provide me with that position in this budget. The complexities of operating a Governor's office have grown with time and such operation cannot be carried on efficiently without at least three assistants. As many of you have pointed out, we need to have greater liason between the executive and legislative branches. I must have more assistance in my office to provide that liason.

There is an additional small matter which is embarrassing to the State of Nebraska. This is the dues to the National Governors' Conference, an item which the Budget Committee reduced by \$8,000. This \$8,000 is the amount of back dues owed by the State of Nebraska to the Governors' Conference.

I would urge your restoration of these two items in the Governor's Office budget.

Department of Health—Agency No. 20, Section 18

I would like to comment specifically on Program No. 621 on page 21 of LB 1421 in the Department of Health. I had recommended approximately \$2 million under that program for mental retardation day care centers, a concept of care and treatment for mentally retarded persons at regional centers throughout the state. This approach to the treatment of mentally retarded is the modern approach as opposed to the previous approach that treated mentally retarded persons in large institutions located away from their home town. It has worked well in other countries and in other states and we wanted to initiate that program in Nebraska.

The Budget Committee apparently disagreed with our support of this kind of treatment. I would urge you to reconsider this action and to restore the program so that we can provide the best tools that we know of to our mentally retarded citizens.

Fire Marshall's Office—Agency No. 21, Section 19

The development of the Fire Marshall's Office, which is found on page 22 of LB 1421, has been stifled by the reduction made by the Budget Committee. This office has been a sorely neglected office throughout its history in Nebraska government. In the past, it has occasionally even been used as a repository for persons receiving political patronage. We have tried to upgrade that office and to staff it with professionals.

The beneficial effect of this approach can be seen simply by the fact that our Fire Marshall's Office has a conviction rate of approximately 30% on cases of suspected arsonists, a rate that is ten

times greater than the national conviction rate of 3%. Volunteer firemen throughout the state are solidly behind the Fire Marshall's Office and are convinced that they are receiving better service than ever before from the state.

Forty-four years of neglect cannot be remedied by adding one or two men a biennium. We asked for an additional seven men for this office during the first year of the upcoming biennium and thirteen during the next year. This would permit that office to meet its statutory obligations and would eliminate the excessive work load that the employees in that department have been carrying at no overtime compensation for the past two years. Those employees averaged about 65 hours per week during 1968. They received no overtime pay and because there was so much work to be done, could not receive compensatory time off. Even with this heavy work schedule per man, the department is not able to fulfill its statutory obligations.

I rank the protection of people and property against fire as high as the protection of people and property against other forms of violence, both natural and man-made. The ability of the Fire Marshall's Office to meet its duties is as important to me as the ability of the other uniformed services—the Military and the State Patrol—to meet theirs. It is essential that the Fire Marshall's Office be given additional men so that it can adequately protect all of the citizens of the state from destruction by fire.

\$245,000 will have to be restored to the Fire Marshall's Office in Program 193 on Line 2 of Section 19 to provide these services.

Department of Public Institutions—Agency No. 25, Section 23

The Department of Public Institutions has excellent professionals now as Directors of the Department, the Division of Medical Services and the Division of Corrections. Given the tools to work with, these men can solve our medical and correctional problems.

The most serious damage done by the reductions the Budget Committee made from my recommendations in the Department of Public Institutions was that which was done in Program 548 on page 29, the Nebraska Psychiatric Institute. The Nebraska Psychiatric Institute is both a treatment and teaching institute, one in which psychiatrically disturbed persons will not only get psychiatric care but in addition, prospective psychiatrists are taught the complexities of the profession. Without the Nebraska Psychiatric Institute, it will be almost impossible to continue to have psychiatric care available at our mental hospitals in Nebraska. The Institute is used in part to train residents of Nebraska because we feel strongly that those psychiatrists trained in other states will not

come to Nebraska to practice their profession, whereas those trained in Nebraska will stay.

The reductions, which totaled \$752,000 in general funds, eliminated a number of positions which are already staffed. In other words, the recommendations of the Budget Committee in LB 1421 will require a cutback in already existing personnel, let alone an elimination of any on-going program progress.

There are other problems created by the reductions in our state hospitals, but they do not rise to the same serious level as do the reductions in NPI.

Let me comment on these three points, points which are small but which I do think should not be overlooked and might be if I did not make brief comments on them.

At Geneva, Program No. 371 on page 27, the Budget Committee has eliminated the position of principal of the high school. This probably will remove the accreditation from that school and will make educational rehabilitation impossible at our Girls' Training School. It will take approximately \$40,000 to restore that position for the biennium. Likewise, the Committee reduced the Foster Care Program in Program 33 on page 25 by \$17,000. This is one of our most successful programs and I would urge you to restore that amount to the budget. Finally, I would urge you to restore the \$13,000 I recommended for the Governor's Committee on Mental Retardation.

As I previously mentioned, I am reviewing the remainder of the budget at the present time, and I will give you my comments on those about which I feel most concerned as soon as possible. I recognize the time frame in which you are working and I will expedite my review.

Very truly yours,

(Signed) Norbert T. Tiemann, Governor

Message from the Governor

June 13, 1969

The President, the Speaker and
Members of the Legislature
State Capitol
Lincoln, Nebraska

Senators of the Eightieth Session

I have now completed my review of Sections 24 through 62 of LB 1421. I have these comments concerning those agencies and services which I feel most drastically harmed by the level of appropriations recommended by LB 1421.

Department of Public Welfare—Agency No. 26, Section 24

A real difference of opinion exists between the Budget Committee and the Department of Public Welfare with respect to projected numbers of recipients in the state for the upcoming biennium in both the medical assistance programs (Medicaid) and the Aid to Dependent Children program. If the Budget Committee is correct on the number of recipients which must be served by law under these two programs then we probably will not have a substantial budget problem in these two programs. If the Department is correct, we will run out of money and be unable to meet obligations imposed upon us by past Legislatures and by the Congress of the United States by April of 1971.

In the Aid to Dependent Children program, the Budget Committee has calculated that we will have an average number of

recipients over the next two years of 25,600 a month. The Department of Public Welfare calculates that we will have an average number of recipients for the same time period of 29,600. One indication that the Department is correct is that the April, 1969 recipient count under this program is already at 26,500, an amount greater than what the Budget Committee has calculated will be the average for the next two years.

We see no sign that the number of recipients will be decreasing. If they do not decrease, then the Department will be short of funds.

In the Medicaid program, the Budget Committee apparently has calculated their recommendations based on an average number of recipients of 21,333 per month. The Department has calculated its recommendation on an average recipient count of 24,000 a month. Once again, the current recipient count in April, 1969 is higher than the amount calculated by the Budget Committee for the next two years. Already in April of this year there were 23,780 recipients under the Medicaid program.

The amount of the additional budget appropriation required should the Department's figures be correct will be approximately \$2,600,000 in the ADC program (\$826,000 of which will be general fund money) and \$2,450,000 in the Medicaid program (\$447,000 of which will be general fund money).

In both cases, the Department based their recommendations on fully utilizing all cost saving ideas that they know of. Many of these ideas will not be able to be used because the Budget Committee has not funded the positions which would implement the ideas. For example, the Department wanted to initiate a program designed to work with potential recipients of welfare payments **before** they were on the welfare roles to keep them off its roles. Likewise, the Department wanted to use the same approach with respect to former recipients to prevent them from returning to the welfare roles. The staff to implement both of these programs was requested by the Department but was not granted by the Committee. The result will be that more potential and former recipients will be on the welfare roles than would have been had the program been initiated.

The estimates made by the Department of potential recipients, particularly viewed in light of the number of recipients who are already being serviced, leads me to conclude that the Department's estimates are correct and that we need the additional funds in the welfare program. I urge you to restore the reductions the Budget Committee has made,

**Nebraska State Colleges—Agencies No. 49, 50-1, 50-2, 50-3 and 50-4
Sections 44, 45, 46, 47 and 48**

I will attempt to give you my comments on the state colleges as a group where possible.

In my budget recommendations I eliminated the office of Coordinator. I did this on the assumption that a Higher Education Coordinating Council would be created during this legislative session and that that Council would assume the coordinating duties of the state colleges. If that Coordinating Council is not created, however, I believe it essential to retain the office of Coordinator of the State Colleges. Likewise, the Secretary's staff should remain as now unless the Coordinating Council is created and adequately staffed.

With respect to the colleges themselves, the Budget Committee based its recommendations on a 650 credit hour production for each faculty member at the state colleges, except Peru where the basis was 675 credit hours. It is my understanding that this differs substantially from a 525 credit hour production which serves as the basis for their recommendations with respect to the University of Nebraska. In my recommendations, I had attempted to equate the credit hour production for faculty members at the colleges and the University in those cases where the faculty members provided the same kind of academic services. In other words, while I did not attempt to equate graduate and research faculty at the University with undergraduate teaching faculty at the colleges, I did attempt to move toward equality with credit hours production between undergraduate faculty in the teachers college at the University and faculty members at the state colleges. This would mean a credit hour production at the state colleges of approximately 600 credit hours per faculty member.

Another serious problem with the recommendations of LB 1421 are the limits provided for personal services for each year of the biennium for Instruction and Research. This restriction means that larger enrollments than predicted in the colleges could not be accommodated by increasing the staff, even though cash funds would be greater than anticipated. Probably, enrollment would have to be limited.

State Patrol—Agency No. 64, Section 59.

Under Program No. 195, approximately \$340,000 has been cut from my budget recommendations in the area of personal services. The result of this cut is that there will be only token pay increases for most people in the department for the next two years. No one in the department will receive a meaningful pay increase unless he either is promoted in rank, something which does not occur very

frequently, or he receives a longevity salary increase, again, a matter that does not occur very often. We had recommended that the existing pay plan itself be increased 5% each year, thereby insuring meaningful salary increases for everyone in the department.

Additional salary increases beyond our recommended 5% could only be obtained by an individual who received a promotion in rank. In his new rank, he would necessarily have more responsibility and greater duties so should be entitled to a larger pay increase.

I would urge the restoration of these reductions in the State Patrol budget.

Department of Administrative Services—Agency No. 65, Section 60

There are a number of programs in this agency which currently have a smaller appropriation than the amount I recommended. I understand, however, that the Budget Committee has not yet decided what amounts will be allocated for Program No. 173, Telecommunications System, and Program 605, Personnel Administration. I therefore make no comments on those programs at this time.

Let me urge you as strongly as possible, however, to reconsider the reduction that the Budget Committee has made in Program No. 509, Budget Administration. The Budget Committee has reduced my recommendation by approximately \$118,000 for the biennium. There is no way that the Executive Branch can provide on-going management analysis, prepare budgets for the consideration of the Legislature, carefully review the expenditures of state agencies, analyze budgetary trends and expenditure developments, etc., without additional staff in the Budget Division. I asked for three additional men in the Budget Division. Not only were these additional positions not granted by the Committee, but one position was eliminated from our current authorized numbers. This is the beginning of a crippling process that will eliminate realistic day-to-day control and direction of expenditures.

The Budget Division of D.A.S. is the central agency for executive control of expenditures. This is the agency that the Governor can use to make sure that the citizens of the state get a dollar's worth of service for every dollar spent throughout state government. I urge you to provide me this ability by restoring the \$118,000 to Program 509.

I also must suggest that you review closely the reduction in Program No. 49, Departmental Administration. A position of General Services Administrator was asked for in that program and was rejected by the Budget Committee. I would hope that you see the

need to have a Deputy Director in a department as large as the Department of Administrative Services. There are many departments smaller than D.A.S. that justifiably have deputies. To fail to have one in D.A.S. would be an example of poor management practices.

Equal Employment Opportunity Commission—Agency No. 67, Section 62

We all believe that there should be equal employment opportunity provided in Nebraska for everyone regardless of their race, their nationality, or their sex. It is important that we translate this belief into practice by adequately funding the agency which enforces the law designed to implement our beliefs.

The Budget Committee recommendations run directly contrary to these beliefs. Their recommendations would provide for no salary increases for the whole biennium for any employees in the department, and in addition would leave almost nothing for operating expenses. They have recommended a reduction in the **current** biennium budget of this agency of approximately \$14,000. They have recommended a reduction from my recommendations for the upcoming biennium of almost \$122,000. This is a back-door way to destroy the Commission and our beliefs of fairness and equality.

Since many of our cases are in Omaha, we eliminated some expenses in my recommendations by providing for two field men in Omaha rather than having them in Lincoln and driving back and forth to Omaha. Likewise, we asked for an additional two men for the remainder of the state since the case load is increasing in the agency.

If we truly believe in our statutes in the area of civil rights, I urge you to restore the \$122,000 that the Budget Committee has cut from my recommendations in the budget of the Equal Employment Opportunity Commission.

I will complete my review of the final agencies in the budget as quickly as possible and submit to you my comments on those and other budgetary matters.

Very truly yours,

(Signed) Norbert T. Tiemann, Governor

Deliver us, our Father, from futile hopes and from clinging to lost causes, that we may move into ever growing calm and ever widening horizons. UNANIMOUS CONSENT—Print in Journal

Speaker Warner asked unanimous consent to have the following letter printed in the Journal. No objections. So ordered.

June 13, 1969

Honorable Jerome Warner
State Senator
State Capitol Building
Lincoln, Nebraska 68509

Dear Senator Warner:

In accordance with your request the following is the status of the move by the Department of Insurance to 1335 "L" Street in Lincoln. Following the approval of the move by the Legislature as contained on page 2275 of the Legislative Journal, the Department completed the negotiations for the space including specifications for additional partitions. These partitions will be built at the cost of the building. The Department's only cost will be for the actual move. Department personnel and prison labor will do the moving. The miscellaneous arrangements for the actual move have been accomplished including phone service.

The lease, which is identical in form to the lease entered into by the Tax Commissioner when some of their offices were previously located in this building, has not been signed. It was to have been signed this week, however due to your inquiry we will refrain from signing the lease until the situation is stabilized. It is my understanding that the contractor has been hired to put in the partitions and has started on this project.

It is also my understanding that the building may not be sold by July 1, 1969, the date we are scheduled to move. In such an instance the property will be placed in trust with the National Bank of Commerce and all negotiations and rent payments will be with the bank until the sale is consummated.

The funds for the rent will come from the statutory fees charged all domestic and foreign insurance companies by the Department. No tax money is involved.

The Department desires to move into the new State Office Building if permitted. The lease will permit the Department to move upon the completion of the State Office Building.

I hope this adequately explains the present status of our move.

Respectfully,

(Signed) Benjamin C. Neff, Jr.
Director of Insurance

Message from the Governor

June 16, 1969

The President, the Speaker and
Members of the Legislature
State Capitol
Lincoln, Nebraska

Senators of the Eightieth Session:

I have now completed my review of LB 1421 and have the following comments in addition to those which I have earlier made.

Department of Economic Development—Agency No. 72, Section 66.

The Department of Economic Development had one of the largest percentage reductions from my recommendations of any agency. This is unfortunate since I and all persons in Nebraska who have dealt with the department are convinced that it has done an outstanding job in its first two years of operations. Miracles cannot be expected from an agency only two years old, and, yet, the progress that this agency has made in those two years could almost be described as miraculous.

Serious consideration should be given by this Legislature to restoring all the money to the General Fund that has been cut from my recommendations by the Budget Committee. Without meaning to downgrade any of the programs, let me emphasize the damage done in two of the programs.

In Program 593 on Page 65, I had recommended approximately \$512,000 and LB-1421 recommends approximately \$131,000. The amount recommended by LB-1421 is less than the amount necessary to continue currently operating programs. This reduction of \$381,000 will effectively eliminate our community improvement program (a program in which Nebraska had more participating communities than any state in the country last year) and will mean no new local 701 comprehensive planning projects assisted by the department. We had planned in addition in Program 593 to receive \$212,000 in 100% federal money for water and sewer planning in 74 Nebraska counties. We are now not able to get those federal funds because the personal services restrictions will not permit us to hire an FHA planner. In addition, we had planned to help more communities who had applied for 701 planning programs, to open regional offices in four areas of the state for community development and planning services, and to assist communities and counties in implementing their comprehensive development plans, implemen-

tation which is a prerequisite for loans and grants from the Housing and Urban Development Department of the federal government for low rent housing and other construction programs.

In Program 594, \$403,000 was cut from my recommendations by the Budget Committee. Restoration of this amount will permit the department to establish offices both in western and eastern Nebraska to provide service for existing industry and local development groups. Likewise, we would be able to add an additional industrial consultant to increase our ability to promote Nebraska with new industry. We are quite proud of the work that the Industrial Promotion Division of the Department has made over its first two years and are convinced that with additional funds it can achieve its full potential.

I urge restoration of the amounts cut from my budget recommendations by LB-1421.

Programs Currently Consolidated Under Program No. 591—State Planning—In the Department of Economic Development

There are four programs for which I had submitted separate budgets which are now consolidated under one program in the Department of Economic Development. Those programs are the State Planning Office, the Governor's Commission on Law Enforcement and Criminal Justice (Crime Commission), the Highway Safety Program, and the Comprehensive Health Planning Program.

I do not object to the consolidation of these agencies into one program, and, in fact, I have outlined that possibility in LB-1398, the bill, introduced at my request, which establishes the State Planning Office as a separate agency. These agencies should not be, however, in the Department of Economic Development. They should be located as described in LB-1398. Preferably, the Crime Commission should be kept separate, since it is a functional planning agency, not simply a co-ordinating agency, but that can best be discussed when LB-1398 is debated.

In addition to the location of these agencies in the budget, I am deeply concerned about the size of their appropriations. I am convinced that if the General Fund appropriation for these agencies is left at the level recommended by LB-1421, Nebraska will be unable to participate fully with the rest of the nation in the mammoth war against crime that is being funded so generously at the federal level for those states who are willing to commit their own resources to battle. Likewise, I do not believe that we will be able to take full advantage of the Highway Safety Program, a program that has as its purpose the creation of safer driving conditions for all of us on our streets and highways.

Both of these programs have received overwhelming support throughout the State of Nebraska from its citizens, and both of these programs have already produced great co-operation between public and private offices at both the state and local level. To fail to fully fund them would disappoint and distress countless citizens throughout Nebraska.

Similarly, the federal government is bending every effort to require careful planning in our health services, planning that will eliminate duplicate expenses and provide greater services at minimum cost. This planning would be co-ordinated by the Comprehensive Health Planning Office. But at the funding level provided by LB-1421's recommendations, we would not be able to utilize fully the assistance the federal government is willing to provide.

Finally, the whole concept of co-ordinated planning between all agencies in the state, a concept which is fully outlined in LB-1398 and which is vital to the efficient operation of state government, is crippled by this budget recommendation. The budget recommended for the State Planning Office by the Budget Committee would provide only for a Director's post and would give him no assistants. Co-ordination of state planning cannot be accomplished by one man. The recommendations which I made in this agency were extremely conservative. I recommended that there be a Director and one assistant for each of four major functional areas—namely, social services, natural resources, transportation, and general governmental affairs. This is an absolute minimum staffing pattern for any co-ordination of state planning in the state.

The budget I recommended for the Governor's Crime Commission was for \$530,000 general funds and that amount has been reduced by the Budget Committee to \$165,160. I recommended approximately \$25,000 general funds for the Highway Safety program and that has been reduced to \$12,500. I recommended \$139,000 general funds for state planning and that has been reduced to \$33,791. Finally, I asked for \$43,000 general funds for Comprehensive Health Planning and that has been reduced to \$15,000.

I urge restoration of all of the General Fund reductions made in the programs for Crime Control, Highway Safety, Comprehensive Health Planning, and the State Planning Office. Likewise, I urge their transfer from the Department of Economic Development to the State Planning Office.

University of Nebraska—Agency 51, Section 70

By and large, I feel that the Budget Committee has recognized, as I did, the need for adequately funding the University of Nebraska. Investment in higher education for students attending the

University is the best investment possible for our tax dollars. I was pleased to see that the Budget Committee shared my feeling about this agency.

I do have one reservation about the funding levels provided by LB-1421. I believe that Program 732 on Page 70, the Omaha Campus of the University, has been inadequately funded to promote the development that campus should achieve. I would like to see restoration of funds made in that program sufficient to reduce the faculty credit hour production from the 650 hours used by the Budget Committee as their basis to approximately 600 hours, the amount I have urged be the base amount for faculty members at our state colleges.

These are all the comments I have on specific agencies. I have a few general comments which I will make as soon as possible.

Very truly yours,

(Signed) Norbert T. Tiemann, Governor

LEGISLATIVE JOURNAL — EIGHTIETH SESSION

ONE HUNDRED-TENTH DAY

Legislative Chamber, Lincoln, Nebraska
Tuesday, June 17, 1969

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Everroad presiding.

Prayer was offered by the Chaplain.

Prayer

Our Father in heaven, be gracious unto Thy servants, the Legislators of this State. Give them strength for the tasks of this day and guide them in their labors. When they are tempted to wonder whether their high goals are possible of attainment, remind them that Thou art not senile, or asleep, or defeated. "A different world cannot be built by indifferent people." Let us never give up hope of the possibility of change. When we feel the pressure of crisis, remind us that Thou hast plenty of time. We have to remember that Thou are never in a hurry and wilt not be rushed by the deadlines of impatient men or by the pressures of the selfish. So give us the determination to seek and do Thy will. Amen.

TRUST AGREEMENT

This agreement has been entered into on this _____ day of May, 1969, between Frank Higgins of Schuyler, Nebraska, hereinafter called the Settlor, and the First National Bank & Trust Company of Lincoln, Nebraska, hereinafter called the Trustee, and is based upon the following recital of facts:

1. Frank Higgins is the father and guardian of Jean Higgins.
2. On September 8, 1966, Jean Higgins received serious physical and mental injuries which have caused her to become permanently and totally disabled.
3. Frank Higgins has filed a claim against the State of Nebraska, to recover damages for said injuries and disabilities sustained by Jean Higgins.
4. The Salary and Claims Committee of the Nebraska State Legislature has approved the claim filed by Frank Higgins in

the amount of \$294,834.33 and has referred the matter to the Nebraska State Legislature for further action.

5. It is believed that the Legislature may desire that a portion of the amount to be paid to or in behalf of Jean Higgins by the State of Nebraska be placed in a trust which provides that upon Jean Higgins death any balance remaining in the trust will revert to the State of Nebraska general fund.

6. The parties hereto have entered into this agreement for the purpose of providing a trust to receive such portion of said claim as the Legislature shall determine should be subject to this Trust Agreement.

W I T N E S S E T H:

On this date the Settlor has paid to the Trustee of this trust the sum of One Hundred and No/100 Dollars (\$100.00) for the purpose of causing this trust to come into existence and to be available for allocation of funds by the State of Nebraska in connection with the allowance of the claim filed against the State in behalf of Jean Higgins. The Trustee agrees to hold all monies deposited to this trust including any proceeds received from the State of Nebraska, and to manage, invest, reinvest and distribute said assets for the exclusive use and benefit of Jean Higgins during her lifetime on the following terms and conditions.

ARTICLE I

1. As long as Jean Higgins is living the Trustee shall expend the net income and, if necessary, all or such part of the principal as the Trustee determines to be advisable for the care, support and education of Jean Higgins in order to permit her to engage in such activities as her physical condition will permit and in order to obtain some enjoyment and comfort during the balance of her life. Any balance remaining in the trust after Jean Higgins' death shall be paid by the Trustee to the State of Nebraska General Fund and this trust shall then terminate. The principal purpose of creating this trust is to provide some means of compensating Jean Higgins for the damages which she has suffered and it is expected that the trust funds will be used for that purpose at such times and in such amounts as the Trustee in its sole discretion determines to be advisable.

2. The Trustee shall have and possess all of the powers possessed by trustees generally in the State of Nebraska, including, but without limiting the generality of the foregoing, the power to invest and reinvest the trust assets in such investments as are legal for trustees under the laws of Nebraska.

3. Neither the principal nor the income of this trust shall be liable for the debts of Jean Higgins, nor shall the same be subject to seizure by any creditor of Jean Higgins under any writ or proceeding at law or in equity and Jean Higgins shall not have any power to sell, assign, transfer, encumber or in any other manner anticipate or dispose of her interest in the trust or the income produced thereby.

4. The Trustee shall have the right to resign at any time by giving notice in writing to Jean Higgins or her guardian at least thirty days in advance of the effective date of said resignation. In such event a corporate trustee qualified to do business in the State of Nebraska, with it's principal place of business in the State of Nebraska, to be designated by Jean Higgins or her guardian shall be appointed as successor trustee and shall have all of the powers herein provided with reference to the trustee originally named.

5. No bond shall be required of the Trustee herein named since the Settlor has full confidence in the integrity and solvency of the Trustee and desires to save the cost of an annual bond for the benefit of Jean Higgins.

IN WITNESS WHEREOF the Settlor has hereunto set his hand and the Trustee has signed and caused it's corporate name and seal to be affixed to this agreement the day and year first above written.

ONE HUNDRED-ELEVENTH DAY

Legislative Chamber, Lincoln, Nebraska
Wednesday, June 18, 1969

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Everroad presiding.

Prayer was offered by the Chaplain.

Prayer

O God, our heavenly Father, as we resume our duties, restore our faith in the ultimate triumph of Thy plan for the world thou hast made. In spite of present difficulties, our disappointments and our fears, reassure us that thou art still in control. When we become frustrated and give up, remind us that thou art still holding things together, waiting and working and watching. When we make mistakes, help us to remember that Thou dost not give up on us. Forbid it, Lord, that we should give up on Thee and forget that all things work together for good to them that love Thee. Through Jesus Christ our Lord. Amen.

UNANIMOUS CONSENT—Print in Journal

Mr. Carpenter asked unanimous consent to have the following printed in the Journal:

STATEMENT OF PURPOSE

L. B. 514

The portions of this bill which require additional expenditures of General Fund money are mandatory under the 1967 amendments to the Federal Social Security Act. These amendments were enacted by the Congress and therefore do not involve discretionary rules and regulations of a federal administrative agency. The bill, as amended, does the following:

1. Section 1 amends the ADC law, section 43-504, R. R. S. 1943. The definition of foster care is expanded so as to take full advantage of federal funds made available to states under the 1967 amendments. It will enable Nebraska to claim federal funds for a limited number of children whose care is now being paid for entirely from state and county money. Though this number of children is not large, there is no reason why the state and county should continue to pay full cost of care when federal funds are available. Federal funds are already available for most of these children,

2. One of the Congressional amendments makes it mandatory that certain earned income must be disregarded by a state when computing the amount of ADC payments. The Social Security Act, Title IV, section 402(a)(8), provides as follows:

“In making the determination under clause (7), the State agency—

(A) shall with respect to any month disregard—

(i) all of the earned income of each dependent child receiving aid to families with dependent children who is (as determined by the State in accordance with standards prescribed by the Secretary) a full-time student or part-time student who is not a full-time employee attending a school, college, or university, or a course of vocational or technical training designed to fit him for gainful employment, and

(ii) in the case of earned income of a dependent child not included under clause (i), a relative receiving such aid, and any other individual (living in the same home as such relative and child) whose needs are taken into account in making such determination, the first \$30 of the total of such earned income for such month plus one-third of the remainder of such income for such month * * *.”

3. The state is required to adopt a program for establishment of paternity and collection of child support. The Social Security Act, section 402(a)(17), provides as follows:

“(A) for the development and implementation of a program under which the State agency will undertake—

(i) in the case of a child born out of wedlock who is receiving aid to families with dependent children, to establish the paternity of such child and secure support for him, and

(ii) in the case of any child receiving such aid who has been deserted or abandoned by his parent, to secure support for such child from such parent (or from any other person legally liable for such support), utilizing any reciprocal arrangements adopted with other States to obtain or enforce court orders for support, and

(B) for the establishment of a single organizational unit in the State agency or local agency administering the State plan in each political subdivision which will be responsible for the administration of the program referred to in clause (A).”

4. The state is required, on a reciprocal basis, to have an

absent parent location plan. The Social Security Act, section 402 (a)(22), provides as follows:

“that the State agency will, in accordance with standards prescribed by the Secretary, cooperate with the State agency administering or supervising the administration of the plan of another State under this part—

(A) in locating a parent residing in such State (whether or not permanently) against whom a petition has been filed in a court of competent jurisdiction of such other State for the support and maintenance of a child or children of such parent with respect to whom aid is being provided under the plan of such other State, and

(B) in securing compliance or good faith partial compliance by a parent residing in such State (whether or not permanently) with an order issued by a court of competent jurisdiction against such parent for the support and maintenance of a child or children of such parent with respect to whom aid is being provided under the plan of such other State.”

5. Each state is required to establish a work incentive program no later than July 1, 1969. The federal mandatory provision appears as section 430 of the Social Security Act.

6. Under the recent widely publicized U. S. Supreme Court decision, each state is prohibited from enforcing any durational residence requirements with regard to applicants for public assistance.

These mandatory federal requirements will cost approximately \$550,000 per year from state general funds, a total of \$1,100,000 for the biennium. Failure to comply with the federal requirements will jeopardize the continued receipt of all federal funds required to administer the state's ADC program.

LEGISLATIVE JOURNAL—EIGHTIETH SESSION

ONE HUNDRED-TWELFTH DAY

Legislative Chamber, Lincoln, Nebraska
Thursday, June 19, 1969

Pursuant to adjournment, the Legislature met at 9:00 a.m., Speaker Warner presiding.

Prayer was offered by the Chaplain.

Prayer

As we come together in prayer, O God, we know that there is nothing in our hearts, in our minds, or in our past that we can hide from Thee, for our lives are all of one piece in Thy Sight—not partitions as we like to think. Therefore, deliver us from the error of seeking and expecting Thy guidance in our public lives when we close the door to Thee in our private living. Help us to be good men, that we may become good leaders. For this day, before we reach any decisions, make us willing to ask, "What would our Lord do?" Then give us the courage and the grace so to do. We ask it in Jesus' name. Amen.

The roll was called and all members were present except Messrs. Schmit, Stull and Waldron, who were excused.

JULY 1, 1969 DEADLINE

L. B. 514

The 1967 amendments enacted by the Congress require each state to implement mandatory programs no later than *July 1, 1969*. If L. B. 514 is not passed by that date, Nebraska will be out of conformity with the requirements of the Social Security Act.

Purpose of the work incentive provisions of L. B. 514 is to train members of ADC families so that they can become self-supporting. There is a limited training program of this type in effect in the state under the provisions of Title V of the Economic Opportunity Act. Title V is federally funded without the requirement of financial participation by the state. Title V expires on June 30.

If L. B. 514 is not passed prior to June 30, persons now being retrained for employment will have their training interrupted.

Message from the Governor

June 19, 1969

The President, the Speaker and
Members of the Legislature
State Capitol
Lincoln, Nebraska

Senators of the Eightieth Session:

This is my fourth letter on the recommendations of the Budget Committee as outlined in LB-1421. I have tried in these letters to outline my positions on those recommendations and to point out those agencies who would be most drastically harmed by the reductions LB-1421 has made in my budget recommendations.

The comments in this letter are directed to overall matters in the budget and not to specific agency recommendations.

1. *Insurance Program for State Employees*

LB-1421 has removed the insurance program I recommended for all state employees. This is a modest 50-50 contributory program with minimum benefits. We compete with industries throughout the state, region, and in some positions the nation as a whole as well as the federal government and local governments for our employees. Almost all these competitors have fringe benefits substantially greater than this modest insurance program. It is one of the very few fringe benefits that state employees would have and I urge restoration of the insurance program.

Let me comment further that I do not feel the payments for this program can be taken out of the salary increases. The 5% salary adjustments were basically cost-of-living adjustments and should the contribution for insurance be taken from that 5%, we are being extremely unrealistic and unfair to our dedicated state employees.

2. *Personal Service Restrictions in Departmental Administration*

By statute the Governor is given the authority to set the salary for directors of all code departments. As has been discussed many times in the past and as recently as earlier in this legislative session, this authority is needed to permit realistic recruiting.

The Budget Committee has eliminated the flexibility the statutes have given me as Governor by restricting personal services in departmental administration programs in the code departments. I cannot effectively operate with those restrictions. I urge the elimination of all personal service restrictions on all programs from which the salaries of department directors and division chiefs are paid.

3. *All Personal Service Restrictions*

I am as interested as the Budget Committee in preventing unnecessary escalation of personal service expenses over the biennium, and I sympathize with the goal they are trying to reach in restricting personal service expenditures. I would differ with the Committee, however, on the means to reach this goal.

The determination of the flexibility needed to develop any program to its fullest extent can only be made by the person responsible for day-to-day administration of that program.

This is particularly true when we are operating both on a biennial budget and on appropriations by program rather than by agency. If we appropriated on an agency basis rather than by programs within each agency, the administrators would be given some chance of making programs effective as time changed the circumstances. Likewise, if the agencies were only required to predict for one year, the need for flexibility would be less since the chance of mistakes would be fewer.

We do appropriate by program, however, and we do appropriate over a two-year period. It is essential, therefore, that I be given the opportunity to make changes and additions with overall program budgets over the two years of the biennium.

The unfortunate alternatives which we may face if these personal service restrictions are kept in the appropriations are easily catalogued:

1. We may have to reduce already existing services in order to adequately staff other already existing services.
2. We may lose several dedicated employees who find themselves unable to retain staff or obtain the raises that are being obtained in comparable jobs in the area.
3. We may be forced to refuse participation in new programs that are conceived either by state employees or by the federal government.
4. We may be unable to hire employees to meet increased service demands occasioned not by any new laws but simply by more persons taking advantage of already existing laws or programs.

There are other examples but these should be sufficient.

In conclusion let me say that I appreciate the hard work that the Budget Committee had to go through to prepare LB-1421. Budget preparation and budget analysis is a time-consuming, fatiguing job, one in which I participated for weeks last fall and early winter after the Budget Division had prepared an analysis of

the agencies' requests. To determine accurately what amounts of money are needed to effectively run state agencies for a two-year period is extremely difficult.

I am sure that every Senator in the Eightieth Session recognizes the importance of the budget, the effort of the Budget Committee, the effort of the Executive Branch, and the need for his personal decision with respect to the items in the budget about which the Budget Committee and I disagree. You face many difficult tasks as State Senators. Not the least of these tasks is an analysis and adoption of a budget to operate the agencies which provide the services demanded by Nebraska citizens.

These letters have been an attempt by me to explain in some detail the weaknesses created by the reductions the Budget Committee has made in my recommendations. I sincerely hope that you study them with some care.

Very truly yours,

(Signed) Norbert T. Tiemann, Governor
State of Nebraska

LEGISLATIVE JOURNAL — EIGHTIETH SESSION

ONE HUNDRED-THIRTEENTH DAY

Legislative Chamber, Lincoln, Nebraska
Friday, June 20, 1969

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Everroad presiding.

Prayer was offered by the Chaplain.

Prayer

We thank Thee, O Lord, that this land is still governed by the people's representatives. Let democratic processes be seen at their best in this time of testing. As these chosen men and women discharge their duties, guide them, O God, in the decisions they must make today. Give them the grace of humility, and shed now Thy guiding light into every mind. Break down every will that is stubborn against Thine or that has ignored Thee. May what is done be so clearly right that it needs no incendiary justification. Sooth our still smoldering hearts and minds with the spirit of forgiveness. Let us be swayed not by emotion or ambition but by calm conviction. This we ask in Jesus' name. Amen.

The roll was called and all members were present except Messrs. Hasebroock, Keyes, Klaver, Mahoney, Stull and Waldron, who were excused.

LEGISLATIVE JOURNAL—EIGHTIETH SESSION

ONE HUNDRED-FOURTEENTH DAY

Legislative Chamber, Lincoln, Nebraska
Monday, June 23, 1969

Pursuant to adjournment, the Legislature met at 9:05 a.m., President Everroad presiding.

Prayer was offered by the Chaplain.

Prayer

O God our Father, in whom is our trust, Thou alone dost know the end and the beginning, and we, Thy children, seek to walk by faith. We are anxious about the consequences of what we do. May that concern restrain us in our private lives as it does in our public duty. In our troubled minds there is confusion and honest perplexity. But we know there is no confusion with Thee. Wilt Thou guide us, that we may do what is right; and if we suffer for it, we shall be blest. This we ask in Christ's name, who was crucified, having done nothing amiss. Amen.

The roll was called and all members were present except Mrs. Orme, excused until 9:30 a.m. and Messrs. Bloom, Clark, Duis, Harsh, Johnson, Keyes, Kokes, Mahoney, Moylan, Nore, Schreurs, Simpson, Wallwey, Wenzlaff, Wiltse and Ziebarth, who were excused.

LEGISLATIVE JOURNAL—EIGHTIETH SESSION

ONE HUNDRED-FIFTEENTH DAY

Legislative Chamber, Lincoln, Nebraska
Tuesday, June 24, 1969

Pursuant to adjournment, the Legislature met at 9:00 a.m., Speaker Warner presiding.

Prayer was offered by the Chaplain.

Prayer

O God, who hast given us life and made our earth so fair, reveal to us this day Thy heart of infinite tenderness yearning for our love. Help us to feel Thy spirit brooding over us, longing to help us in our decisions, to save us from the pressures that drive us and the tensions that break us down. How strange it is that Thou who art love, who dost give love to human hearts, should Thy self often be the great unloved. Give us therefore love to love Thee for Thy love, and to love Him who first loved us and gave himself for us. Loving Thee, we shall love one another, and loving one another, we shall do Thy will, and doing Thy will, we shall always do right. We pray in the lovely name of Jesus. Amen.

The roll was called and all members were present except Messrs. Pedersen and Wiltse, who were excused.

Explanation of Vote

Explanation of my reasons for voting against LB 672:

I have every reason to believe that state lands, when sold to the general public, require that such lands be sold to the highest bidder. If such lands are sold to a subdivision of government, the bidding does not apply.

4 of the State of Nebraska for approval the following
5 amendment to Article VIII, section 11 of the Constitu-
6 tion of Nebraska, which is hereby proposed by the
7 Legislature:

8 "Sec. 11. Every public corporation and political
9 subdivision organized primarily to provide electricity
10 or irrigation and electricity shall annually make the
11 same payments in lieu of taxes as it made in 1957, which
12 payments shall be allocated in the same proportion to
13 the same public bodies or their successors as they were
14 in 1957.

15 The legislature may require each such public
corporation to pay to the treasurer of any county in

16 which may be located any incorporated city or village,
 17 within the limits of which such public corporation sells
 18 electricity at retail, a sum equivalent to five (5) per
 19 cent of the annual gross revenue of such public corpora-

 34 corporation in lieu of taxes in 1957 shall be distributed
 35 in each year to the city or village, the school districts
 36 located in such city or village, the county in which
 37 such city or village is located, and the State of Ne-
 38 braska, in the proportion that their respective property

 42 or public corporations, political subdivisions, public

47 The Legislature may require each such supplier
 48 of gas or electricity, or both, to pay to the treasurer
 49 of any county within the limits of which such supplier
 50 sells gas or electricity, or both, at retail a sum
 51 equivalent to seven and one half per cent of the annual

1. Insert 2 new sections to be known as sections 1 and 2 and to read as follows:

“Section 1. That section 60-305.04, Reissue
2 Revised Statutes of Nebraska, 1943, be amended to read
3 as follows:
4 60-305.04. A nonresident may, if he applies
5 within ninety days from his original registration date
6 and surrenders the registration certificate and license
7 plates which were assigned to him, receive from the
8 county treasurer, or the *Department of Motor Vehicles*

10 refund in the amount of fifty per cent of the original
11 license fee, except no refunds shall be made on any
12 license purchased after October 1 of the current licens-
13 ing year.

Sec. 2. That section 60-305.09, Reissue Revised
2 Statutes of Nebraska, 1943, be amended to read as follows:
3 60-305.09. (1) Any owner engaged in operating
4 a fleet of three or more commercial vehicles, of which
5 at least two are powered, in this state in interstate
6 commerce may, in lieu of registration of such vehicles
7 under the general provisions of sections 60-301 to 60-344,
8 register and license such fleet for operation in this
9 state by filing a sworn statement with the Department
10 of Motor Vehicles, which shall be in such form and con-
11 tain such information as the department shall require,
12 declaring the total mileage operated by such vehicles
13 in all states and in this state during the preceding
14 year and describing and identifying each such vehicle
15 to be operated in this state during the ensuing license
16 year. Upon receipt of such statement, the department
17 shall determine the total fee payment which shall be
18 equal to the amount obtained by applying the proportion
19 of in-state fleet miles to total fleet miles, as re-
20 ported in said states, to the fees which would other-
21 wise be required for total fleet registration in this
22 state, and shall notify the applicant of the amount so

23 determined. The applicant shall then proceed to reg-
24 ister a proportion of his fleet in Nebraska, as provided
25 in sections ~~60-202~~ and ~~60-202~~ *this section*, so that the
26 total fees paid for such vehicle registration shall be

28 due by the department. At the time of applying for reg-
29 istration, the applicant shall present the determination
30 of the department of the amount of fees due to the county
31 treasurer from which he seeks registration of his vehi-
32 cles, and the county treasurer, upon completion of such
33 registration, shall notify the department of such reg-
34 istration and the total amount of registration fees paid
35 by such applicant.

36 Upon receipt of reports of county treasurers that
37 the applicant has registered a sufficient number of vehi-
38 cles in Nebraska so that the aggregate fees paid are
39 equal to or greater than the amount of fees determined
40 to be due *the appropriate fees and taxes*, the department
41 shall issue to the applicant a sufficient number of dis-
42 tinctive registration certificates, or number plates, or
43 *stickers or tags and such other evidence of registration*
44 *for display on the vehicle as the department determines*
45 *appropriate* for each of the motor vehicles of his fleet,
46 identifying it as a part of an interstate fleet propor-
47 tionally registered.

48 The vehicles so registered shall be exempt from
49 all further registration and license fees under sections

LEGISLATIVE JOURNAL—EIGHTIETH SESSION

ONE HUNDRED-SIXTEENTH DAY

Legislative Chamber, Lincoln, Nebraska
Wednesday, June 25, 1969

Pursuant to adjournment, the Legislature met at 9:00 a.m., Speaker Warner presiding.

Prayer was offered by the Chaplain.

Prayer

Our Father, we turn to Thee because we are greatly vexed with our own thoughts. Our minds plague us with questionings we cannot answer, and history confronts us with responsibilities we cannot evade. Who among us is sufficient for these things? We are humbled by our experience of conflicting statements, and driven by pressure to act before we are sure what Thou wouldst have us do. Thou knowest our deadlines as Thou knowest our need. We cannot push Thee, for Thou would not be hurried. But only Thou canst keep us from being pushed. Give us, therefore, the unhurried mind and the untroubled heart, by the mercies of Christ our Lord. Amen.

The roll was called and all members were present except Messrs. Schreurs and Wiltse, who were excused.

LEGISLATIVE JOURNAL — EIGHTIETH SESSION

ONE HUNDRED-EIGHTEENTH DAY

Legislative Chamber, Lincoln, Nebraska
Friday, June 27, 1969

Pursuant to adjournment, the Legislature met at 9:00 a.m.,
Speaker Warner presiding.

Prayer was offered by the Chaplain.

Prayer

Our Father, help us to understand that when we try to live without Thee, we are unable to live with ourselves; and when we say no to Thee we are denying our own best interest. Whatever other rewards or punishments Thou has ordained, we are finding out that we cannot do wrong and feel right, for there is a law within Thy universe that acts around us and in us. Give to each one of us, we pray, that intelligent self-interest that shall persuade us to do Thy will. Teach us that obeying Thee and Thy will is a forced option—like eating. We do not have to eat, but if we do not we cannot live. We are not forced to obey Thee, but if we do not, we hurt ourselves. Convince us of the folly of walking against Thy lights, that we may live longer and better. By the mercy and grace of Jesus Christ, our Lord. Amen.

The roll was called and all members were present except Messrs. Klaver and Wiltse, who were excused.

Corrections for the Journal

LEGISLATIVE JOURNAL—EIGHTIETH SESSION

ONE HUNDRED-NINETEENTH DAY

Legislative Chamber, Lincoln, Nebraska
Monday, July 7, 1969

Pursuant to adjournment, the Legislature met at 9:05 a.m., Speaker Warner presiding.

Prayer was offered by the Chaplain.

Prayer

O God, we turn to Thee in the faith that Thou dost understand and art very merciful. Some of us are not sure concerning Thee; not sure how Thou dost reveal Thy will to us; not sure that it is possible for us to know, in every decision, just what Thou desirest Thy servants to do. But if we could say, "This is what God wants us to do," none would vote against it, and how much time and temper and money would be saved. Make each one of us willing to yield himself to Thee in prayer and obedience. Come and deliver us, O Holy Spirit, and lead us into Thy truth. Amen.

The roll was called and all members were present except Messrs. Harsh, Knight, Pedersen, Ziebarth, Danner and Marvel, who were excused; Mr. Bloom excused until 9:45 and Mr. Carpenter excused until 11:30.

Speaker Warner directed the following opinion be printed in the Journal.

June 25, 1969

SUBJECT: Constitutional Amendments; Requirements for Special Elections Thereon.

REQUESTED BY: Mr. Vincent D. Brown, Assistant Clerk of the Legislature, Capitol Building, Lincoln, Nebraska.

OPINION BY: Clarence A. H. Meyer, Attorney General, Calvin E. Robinson, Assistant Attorney General.

QUESTION: Does the number of Legislators approving a proposed amendment to the Constitution of Nebraska determine the election at which the amendment shall be submitted to the electorate?

CONCLUSION: No.

ANALYSIS

Prior to its amendment in 1968, Article XVI, Sec. 1, Constitution of Nebraska, provided as follows:

"The Legislature may propose amendments to this Constitution. If the same be agreed to by three-fifths of the members elected to the Legislature, such proposed amendments shall be entered on the journal, with yeas and nays, and published once each week for three consecutive weeks, in at least one newspaper in each county, where a newspaper is published, immediately preceding the next election of members of the Legislature. * * *"

At the general election of 1968, this section was amended by adding to the last quoted sentence, the following:

"* * * or a special election called by the vote of four-fifths of the members elected to the Legislature for the purpose of submitting such proposed amendments to the electors * * *"

In the second sentence of the section appears the word "same," which clearly refers to the word "amendments" in the first sentence. Thus, prior to 1968, only if a proposed amendment were agreed to by three-fifths of the members of the Legislature, could the proposed amendment be submitted to the electorate. Indeed, even the second sentence does not literally provide for an election. It provides that

when the proposed amendment has met the condition of legislative agreement, it shall be spread on the journal and then published. Such publication, prior to the 1968 amendment, was to occur prior to the succeeding election of members of the Legislature.

The 1968 amendment begins with the conjunction "or," which can only be intended to connect the word "election," as used in the 1968 amendment, with the word "election," as used in the pre-1968 section. Thus, the legislatively approved amendment shall now be published prior to either a general election or a special election.

Under the above analysis, it will be seen that the clear intent of the 1968 amendment was intended to provide only for the calling of a special election on constitutional amendments, and not to provide an alternative to the three-fifths requirement for the approval of proposed amendments. We consider the above construction to follow the clear language used in the subject constitutional amendment and the clear language of the Constitution must ordinarily be followed. Example, *Ramsey v. Gage County*, 153 Neb. 24, 43 N. W. 2d 593; and *State ex rel. Caldwell v. Peterson*, 153 Neb. 402, 45 N. W. 2d 122.

We would consider the above to be consistent with public policy. If a relatively unimportant amendment were approved by a unanimous Legislature, it would be absurd to interpret Article XVI, Sec. 1, automatically to require that the public be required to bear the expense and inconvenience of a special election. This contingency could even force members of the Legislature to vote against the approval of the proposed amendment, or to abstain from voting at all, merely to avoid the necessity of a special election. Conversely to the above, if a controversial proposed amendment received a bare three-fifths vote of legislative approval, a legislator who opposed the approval might still deem its submission at a special election to be desirable. To permit him this flexibility would seem the better public policy. The Constitution cannot be construed, against its clear language, to lead to a result which would cause undue violence to established principles and to public policy. See, e.g., *State ex rel. School District of Scottsbluff*, 168 Neb. 166, 95 N. W. 2d 538.

It may also be noted that the 1968 amendment refers to an election "called by * * * the Legislature." This clearly contemplates that the Legislature must expressly call for a special election. Had the constitutional intent been automatically to require a special election whenever four-fifths of the Legislature agreed to a proposed constitutional amendment, this could easily have been provided in unambiguous language.

Under the above analysis, it is our opinion that when a proposed constitutional amendment is approved by at least three-fifths of the

members of the Legislature, that approval, by itself neither requires nor precludes the submission of the amendment at a special election, regardless of the fractional part of the members who so agree to the measure. Specifically, if at least three-fifths, but less than four-fifths, of the members agree to the measure, four-fifths of the members may still call a special election for the purpose of submitting the proposed amendment to the electorate. Conversely, if four-fifths of the members agree to a proposed constitutional amendment, no special election would be required unless the bill approving the proposed amendment specifically called a special election, or unless a separate bill called a special election at which the proposed amendment could be submitted.

Yours very truly,

ONE HUNDRED-TWENTIETH DAY

Legislative Chamber, Lincoln, Nebraska
Tuesday, July 8, 1969

Pursuant to adjournment, the Legislature met at 9:00 a.m., Speaker Warner, presiding.

Prayer was offered by the Chaplain.

Prayer

Our Father, we know that we, by ourselves are not sufficient for these days and for problems greater than the measure of our best wisdom. May we here be aware of the unseen Presence. May Thy spirit move among us, that there may be concession without coercion, and conciliation without compromise. May these senators, who represent us, represent Thee, and, in Thy spirit be courageous enough to begin anew, fearless enough to make mistakes, and loving enough to forgive others. May we have the courage to apply what we applaud. To the end that we may help to establish Thy way of life for the people of this state. So may all of us do the best we can, by Thy help, and be willing to leave the issue in Thy hands, through Christ our Lord. Amen.

LEGISLATIVE JOURNAL—EIGHTIETH SESSION

ONE HUNDRED TWENTY-SECOND DAY

Legislative Chamber, Lincoln, Nebraska
Thursday, July 10, 1969

Pursuant to adjournment, the Legislature met at 9:00 a.m.,
President Everroad presiding.

Prayer was offered by the Chaplain.

Prayer

Our Father in heaven, as we unite in prayer for Thy blessings upon the members of this body, we know that Thou art lovingly concerned about the way we live and how we wear ourselves out, taking less care of ourselves than we do of our cars. Bless Thy servants, the senators, with good health and good sense to preserve it. Bless the members of their families. May they commit them all to Thy care, that no anxiety shall keep any man from doing his best work. We feel that we have to do so many things that we would rather not do, as we plea that we have no time to do some things we know very well we should do. Help us to make wise choices and proper use of our time. We wait upon Thee for the continual answer to our prayers. In the name of Christ, Thy Son. Amen.

The roll was called and all members were present except Messrs. Knight, Mahoney, Pedersen and Schmit, who were excused.

Legislative Chamber, Lincoln, Nebraska
Friday, July 11, 1969

Pursuant to adjournment, the Legislature met at 8:35 a.m., President Everroad presiding.

Prayer was offered by the Chaplain.

Prayer

O God, show us the way to go that we cannot find alone. Help us to see how our colleagues and constituents look to Thee, and put out of our mind how they may seem to us at times. Keep us on the right track; Let us never feel so sorry for ourselves that we lose our way. We want more than anything to keep our relationship with people direct, warm, and steady. We know that we cannot always do this; we know we have not always done it. But help us this day to know what is right, give us the spirit of love for those with whom we work and for whom we are responsible, and then give us the power to do the right as we see it by Thy Spirit. Amen.

LEGISLATIVE JOURNAL—EIGHTIETH SESSION

ONE HUNDRED TWENTY-FOURTH DAY

Legislative Chamber, Lincoln, Nebraska
Monday, July 14, 1969

Pursuant to adjournment, the Legislature met at 9:00 a.m., Mr. Wylie presiding.

Prayer was offered by the Chaplain.

Prayer

Lord Jesus, we need Thy power, obtained through prayer, to solve problems, decide issues, and to do Thy will. But let us not imagine that this formal prayer can take the place of private petition. May there arise from every desk the silent prayer that seeks to know Thy will. We long for such guidance that when a thing is right, we shall all know it; and when it is wrong, it will not be proposed. We would not run away from truth, but find a refuge in it. We would not avoid the discipline of hard thinking, but deliver us, O Lord, from wrong thinking that leads to wrong conclusions. Guide us, therefore, this day, for Thy mercies sake. Amen.

The roll was called and all members were present except Messrs. Keyes, Knight, Kremer, Moulton and Wenzlaff, who were excused; Mr. Bloom was excused until 9:35 and Mr. Schmit was excused until 9:15.

UNANIMOUS CONSENT—Print in Journal

Mr. Syas asked unanimous consent to print the following Attorney General's opinion on LB 566. No objections. So ordered.

July 10, 1969

Senator George Syas
Nebraska State Legislature
State Capitol
Lincoln, Nebraska

Dear Senator Syas:

You have requested our opinion whether L.B. 566, Nebraska Legislature, Eightieth Session (1969), is constitutional. The said bill involves a factual classification. That classification is primarily a matter of legislative competence. It is our opinion that if the Legislature has resolved the factual issues on logical bases, the subject bill would not be unconstitutional. The bill provides as follows:

“Any school district in this state wherein one or more of the children of parents employed by and required by the employer to be residing on tax-exempt land owned or controlled by the Game and Parks Commission or by the State Board of Education attend school shall be entitled to charge as tuition for each of such pupils, for the time such pupil is enrolled, an amount to be that district's per pupil cost for the current year, if such child is enrolled in the grade school of such district, and the regular non-resident high school tuition rate if such child is enrolled in any high school of such district. Such tuition shall be paid by the Game and Parks Commission or by the State Board of Education from appropriations for such purpose.”

Under the provisions of this bill, an employer can require his employees to reside on lands owned by one of two state agencies, in which case, the agency involved would pay for the cost of the education of the children of such employee. In the event that employers require employees to reside on lands owned by other agencies of the state, such agencies are not required to pay for the education of such children.

First, we should be careful to note the contents of this bill. The bill does not, as it did in its original draft, provide that the terms of the bill should apply only where the "department" was the employer. It applies where any employer requires his employees to reside on lands owned or controlled by either of the two named agencies. For example, if a concession licensee on lands owned or controlled by the Game and Parks Commission required his employee to reside on lands owned or controlled by said commission, the latter would be liable for the cost of education of the children of the employee.

The above distinction is significant, in that a state agency has some control in employing persons to reside on lands owned or controlled by it. The agency has no such control over employees of other persons having the right to assign such employees to residences on lands owned or controlled by such agency.

You have suggested, in essence, that the subject bill might be challenged in that it applies to lands owned or controlled by only two state agencies. Thus, you question whether the bill violates Article III, Section 18, Constitution of Nebraska, which provides as follows:

"The Legislature shall not pass local or special laws in any of the following cases, that is to say:

"* * * * *"

"Providing for the management of Public Schools.

"* * * * *"

"* * *. In all other cases where a general law can be made applicable, no special law shall be enacted."

It is true that the Legislature may not arbitrarily establish classes of political subdivisions, where the members of the class are indistinguishable from other entities which are excluded from the class. See, for example, *Galloway v. Wolfe*, 117 Neb. 824, 223 N. W. 1. At the same time, the propriety of a given classification, and the wisdom of the legislation itself, are primarily for the Legislature, rather than the courts, to determine.

In the present matter, the Legislature has defined a class of school districts as those districts including lands owned or controlled

by specified state agencies, but not including school districts which include lands owned by other state agencies. Presumably, this classification is based upon a legislative determination that the members of the class are distinguishable from other school districts including state owned lands with children of employees resident thereon. If such legislative determination has been made, and is reasonable then the subject bill would not violate Article III, Section 18, Constitution of Nebraska. If, however, there is no logical distinction in fact between school districts including lands owned or controlled by the named agencies, on the one hand, and lands owned or controlled by other state agencies on the other hand, then the constitutionality of the subject bill would be more difficult to establish.

On the basis of the above analysis, we cannot say that the subject bill is unconstitutional. The question depends upon a legislative determination that the factual circumstances involved logically permit the said classification to be made. We have no facts before us which would enable us to assist the Legislature in making this determination.

Yours very truly,

CLARENCE A. H. MEYER
Attorney General

UNANIMOUS CONSENT—Print in Journal

Mr. Carstens asked unanimous consent to have his proposed amendments to LB 950 printed in the Journal. No objections. So ordered.

1. In section 2, insert after the period in line 14, the following: "At the time of making such determination, such judge or judges shall also fix the salary of the public defender, and make a determination whether the office shall be full time or part time. For succeeding terms the district judge or judges shall fix the salary of the public defender at least sixty days prior to the closing of filings for the primary election for such office. All salary determinations shall be filed with the clerk of the district court of each county in the district and shall be available for public inspection. Where it is deemed desirable to have the same public defender for more than one judicial district, the same may be accomplished by having the district judges concerned jointly make the determinations provided for in this act."

2. In Standing Committee amendment 1, section 3, strike lines 3 and 4 and to the period in line 5.

3. In Standing Committee amendment 2, strike lines 3 to 5 and insert the following: "employ, with the approval of the appropriate district judge or judges, necessary assistant public defenders and other employees, at salaries which are to be approved by the judge or judges. Such judge or judges shall also determine whether assistant public defenders and other employees are to be part time or full time. Public defenders may employ law students authorized by the Supreme Court to engage in a limited form of the practice of law, and may enter into agreements with law schools to provide clinical training for their students under the provisions of the Higher Education Act of 1965 and other similar federal programs."

4. In Standing Committee amendment 3, strike sections 7 and 8 and insert the following:

"Sec. 7. The persons hereinafter described who
 2 are financially unable to obtain counsel shall be en-

 6 appeals from convictions for a felony.

7 (2) A person pursuing a post-conviction proceeding
 8 under the provisions of Chapter 29, article 30, Revised
 9 Statutes Supplement, 1967, after conviction of a felony,
 10 where the public defender after investigation concludes
 11 that there may be merit to such a proceeding, or where
 12 the court in which such proceeding is pending directs

13 the public defender to represent the prisoner.

14 (3) A minor brought before the juvenile court,
15 where neither the minor nor his parent or guardian is
16 able to afford counsel.

17 (4) A person who shall be complained against
18 before the county board of mental health.

Sec. 8. Any person described in section 7 of
2 this act or any other person entitled by law to representa-
3 tion by counsel, may at any time request the court in
4 which the matter is pending, or the court in which he was
5 convicted, to appoint the public defender to represent
6 him. Upon a request for the appointment of counsel, the
7 court or magistrate shall proceed to make appropriate in-
8 quiry into the financial circumstances of the applicant,
9 who shall submit, unless waived in whole or in part by
10 the court, a financial statement under oath or affirmation
11 setting forth his assets and liabilities, source or
12 sources of income, and such other information as may be
13 required by the court or magistrate. The information con-
14 tained in such a statement shall be confidential and for
15 the exclusive use of the court or magistrate, unless it
16 shall be made to appear to the satisfaction of the court
17 or magistrate that such statement may contain false, mis-
18 leading, or incomplete information, in which event the
19 person making the statement shall be punished as for con-
20 tempt if it be established after a hearing that such state-
21 ment was in whole or in part false, misleading, or incom-
22 plete. A refusal to execute a financial statement as
23 provided herein shall constitute a waiver of the right
24 to the appointment of the public defender.

Sec. 9. Any county in a judicial district in
2 which a determination is made that a public defender
3 should be named in accordance with the provisions of
4 section 2 of this act shall no longer be subject to the
5 provisions of sections 29-1804 and 29-1805, Revised Stat-

11 provisions of sections 2 and 3, Legislative Bill 312,
12 Eightieth Session, Nebraska State Legislature, 1969.

Sec. 10. Nothing in this act shall prevent a
2 court from appointing counsel other than the public
3 defender to represent indigent defendants or other per-
4 son, by law entitled to legal representation, but appoint-

5 ments of counsel other than the public defender shall be
 6 limited to situations in which there are multiple de-
 7 fendants requiring separate representation, or where

“Sec. 3. That section 60-305.09, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

60-305.09 (1) Any owner engaged in operating a fleet of three or more commercial vehicles, of which at least two are powered, in this state in interstate commerce may, in lieu of registration of such vehicles under the general provisions of sections 60-301 to 60-344, register and license such fleet for operation in this state by filing a sworn statement with the Department of Motor Vehicles, which shall be in such form and contain such information as the department shall require, declaring the total mileage operated by such vehicles in all states

and in this state during the preceding year and describing and identifying each such vehicle to be operated in this state during the ensuing license year. Upon receipt of such statement, the department shall determine the total fee payment which shall be equal to the amount obtained by applying the proportion of in-state fleet miles to total fleet miles, as reported in said states, to the fees which would otherwise be required for total fleet registration in this state, and shall notify the applicant of the amount so determined. *Mileage operated in noncontracting reciprocity states by vehicles based in Nebraska shall be applied to the portion of the formula for determining the Nebraska in-state fleet miles.* The applicant shall then proceed to register a proportion of his fleet in Nebraska, as provided in sections 60-302 and 60-303, so that the total fees paid for such vehicle registration shall be at least equal to the amount of fees determined to be due by the department. At the time of applying for registration, the applicant shall present the determination of the department of the amount of fees due to the county treasurer from which he seeks registration of his vehicles, and the county treasurer, upon completion of such registration, shall notify the department of such registration and the total amount of registration fees paid by such applicant.

Upon receipt of reports of county treasurers that the applicant has registered a sufficient number of vehicles in Nebraska so that the aggregate fees paid are equal to or greater than the amount of fees determined to be due, the department shall issue to the applicant a sufficient number of distinctive registration certificates, or number plates, or stickers or tags for each of the motor vehicles of his fleet, identifying it as a part of an interstate fleet proportionally registered.

The vehicles so registered shall be exempt from all further registration and license fees under sections 60-301 to 60-344 for movement or operation in the State of Nebraska. The proportional registration and licensing provision of this section shall apply to vehicles added to said fleets and operated in this state during the license year.

The right of applicants to proportional registration hereunder shall be subject to the terms and conditions of any reciprocity agreement, contract or consent made by the Department of Motor Vehicles.

When a nonresident fleet owner has registered his vehicles on an apportionment basis, his vehicles shall be considered as fully registered for both interstate and intrastate commerce. Each vehicle of a fleet registered by a resident of Nebraska on an apportionment basis shall be considered as fully registered for both interstate and intrastate commerce.

(2) Mileage proportions for interstate fleets not operated in this state during the preceding year shall be determined by the department upon the sworn application of the applicant on forms to be supplied by the department which shall show the operations of the preceding year in other states and estimated operations in Nebraska, or if no operations were conducted the previous year, a full statement of the proposed method of operation.

(3) Any owner complying with and being granted proportional registration shall preserve the records on which the application is made for a period of four years following the year upon which said application is based. Upon request of the department, the owner shall make such records available to the department at its office for audit as to accuracy of computation and payments, or pay the costs of an audit at the home office of the owner by a duly appointed representative of the department. The department may enter into agreements with agencies of other states administering motor vehicle registration laws for joint audits of any such owner. All payments received to cover the costs of an audit shall be paid by the department into the state treasury and the State Treasurer shall credit the same to the state General Fund.

(4) If it is determined by the Department of Motor Vehicles that the owner should have paid a greater amount of fee under the provisions of this act than was paid the department shall deny the owner the right to further registration for a fleet license until such additional amount of fee is paid.

(5) In those cases where it is necessary to secure a title to a vehicle to be registered under the provisions of this act, the application for such title shall be made to the department, and the department is authorized to issue such title upon the payment of the fee prescribed by law.

(6) This section shall become operative with respect to fees due and payable without regard to this

section on and after January 1, 1960, but this shall not prevent the department from taking such administrative action prior to such operative date as will facilitate the operation of this section.

(7) (6) Every applicant who shall license any vehicles under the provisions of this act which by law are subject to assessment for taxation in this state shall exhibit proof by tax receipt or otherwise as provided by section 60-303.

3. Renumber original section 3 as section 5, and amend Committee amendment number 2 to provide that the new section therein shall be section 6.

ONE HUNDRED TWENTY-SEVENTH DAY

Legislative Chamber, Lincoln, Nebraska
Thursday, July 17, 1969

Pursuant to adjournment, the Legislature met at 9:00 a.m., Mr. Wylie presiding.

Prayer was offered by the Chaplain.

Prayer

O God, who hast set before us so many and such great choices, Thou knowest that we are divided often in our own hearts and we do not know which way to go. There seems to be some good in so many of the bills before us, yet how can we be expected to understand all the implications of each measure? Help us therefore to remember that there are some things that are wrong and some things that are right and that the responsibility for what we do ultimately rests upon ourselves—our wills, our mind, and our hearts. So give us that awareness of right and wrong which shall enable us to do a good work for the people. In Thy name. Amen.

LEGISLATIVE JOURNAL — EIGHTIETH SESSION

ONE HUNDRED TWENTY-EIGHTH DAY

Legislative Chamber, Lincoln, Nebraska
Friday, July 18, 1969

Pursuant to adjournment, the Legislature met at 9:00 a.m., Speaker Warner presiding.

Prayer was offered by the Chaplain.

Prayer

Stop us, O God, for a minute of prayer. Stop our anxious minds from wandering, and our weary spirits from desiring anything but to know Thy will. Let us stand at attention before Thee, and hear what Thou has to say to us. We believe Thou canst tell us not only what to do, but also how to do it. If it needs making up our minds, Thou who didst make our minds can show us how to make them up. If it needs changing our minds, Thou canst work that miracle too. Speak, O Lord, and make us hear, for Jesus' sake. Amen.

The roll was called and all members were present except Messrs. Knight and Waldron, who were excused until 10:00 a.m.; and Messrs. Burbach, Carpenter, Carstens, Clark, Danner, Duis, Keyes, Klaver, Mahoney, Moulton, Nore, Robinson, Simpson, Swanson, Whitney, and Wylie, who were excused.

LEGISLATIVE JOURNAL—EIGHTIETH SESSION

ONE HUNDRED TWENTY-NINTH DAY

Legislative Chamber, Lincoln, Nebraska
Monday, July 21, 1969

Pursuant to adjournment, the Legislature met at 9:00 a.m., Speaker Warner presiding.

Prayer was offered by Rev. Edward L. Jeambey.

Prayer

Eternal God our Heavenly Father: At the beginning of this new week following the most significant and interesting day in the history of human experience in the field of physical sciences, we would momentarily pause and marvel at the magnitude of the universe and the insignificance of ourselves.

We feel today like singing with David the Psalmist of old "O Lord, our God, how excellent is Thy name in all the earth! Who hast set Thy glory above the heavens, the work of Thy fingers, the moon and the stars which Thou hast ordained, what is man that Thou art mindful of him? and the son of man that Thou visitest him? Thou madest him to have dominion over the works of Thy hands; Thou hast put all things under his feet . . ." (Psalm 8)

We also feel today that the predictions of the Prophet Daniel of 2500 years ago, are being fulfilled before our very eyes. For was it not Daniel who said that toward the end of the age: "Many shall run to and fro and knowledge shall be increased." (Daniel 12:4)? We have lived to see that day when the increase of knowledge has harnessed the elements, conquered time and space, and placed a man on a planet other than that on which he was born.

Help us, O God, while we are in the conquering business, to conquer ourselves, and while we are conquering the problems of science, physics and chemistry, help us to solve our economic, social and racial problems. So we pray for wisdom to discover the answers to the questions that constantly perplex us.

Thou who are all wise, all powerful, and universally present, and who art able to do exceedingly abundantly above all that we ask or think, bless us today in our deliberations and conclusions and may our labors rebound to the glory of God and the blessing of man.

Not for ourselves alone would we pray this day, but with patriotic fervor, and from the depths of sincere hearts, pray: "God bless our men at home and abroad, bless them on land and sea and in the air, bless them in outer space and on the moon, and may Thy will be done on earth, as it is done in heaven, and we will give Thee the praise through Christ our Lord, in whose name we pray." Amen.

The roll was called and all members were present except Mr. Bloom who was excused until 9:15 a.m.; Mr. Schmit who was excused until 9:40; and Messrs. Carpenter, Carstens, Duis, Kremer, Luedtke, Moulton, Proud, Swanson, Wallwey, and Whitney, who were excused.

LEGISLATIVE JOURNAL—EIGHTIETH SESSION

ONE HUNDRED THIRTIETH DAY

Legislative Chamber, Lincoln, Nebraska
Tuesday, July 22, 1969

Pursuant to adjournment, the Legislature met at 9:00 a.m., Speaker Warner presiding.

Prayer was offered by Rev. Edward L. Jeambey.

Prayer

Eternal God our Heavenly Father: We humbly come into Thy presence this morning, for we realize that Thou alone hath immortality, and dwelleth in the light which no man can approach unto. (I Tim. 6:15) Thou truly are the blessed and only Potentate, the King of Kings, and the Lord of Lords. We recognize Thee this day as the motivating power behind the machinery of the universe. Truly, we can say that—in Thee we live and move and have our being (Acts 17:28).

We realize that what we need more than anything else is wisdom, and happy are we to know that Thou hast promised to give us wisdom when we need it if we will only ask for it. As James, a pillar in the early church, said: "If any man lack wisdom let him ask of God who giveth liberally." (James 1:5).

Let us also remember that both the wise man, Solomon, and David the Psalmist said: "The fear of the Lord is the beginning of wisdom; and understanding have all they that do his commandments." (Psalm 111:10, Proverbs 9:10). We would reverence Thee this day and seek Thy blessing, and ask for a double portion of that which we are most in need of.

Being conscious of Thy greatness and realizing how insignificant we are, we would be inclined to think that our efforts are in vane, but how encouraged we are when we hear our Divine Master saying to His followers: "Verily I say unto you, if ye have faith as a grain of mustard seed, ye shall say to this mountain, 'remove hence to yonder place' and it shall remove, and nothing shall be impossible unto you". (Matthew 17:20). Therefore, dear Lord, in-

crease our faith, enlarge our vision, and give us greater determination to struggle for the right.

Today we would definitely pray for the safe return of our men from the moon as a means of promoting friendly relations among the nations and contributing to peace on earth.

And now unto the King eternal, immortal, invisible, the only wise and true God, be honor and glory and majesty, forever and ever (I Tim. 1:17). Amen.

The roll was called and all members were present except Mr. Bloom who was excused until 9:30 a.m.; and Messrs. Carpenter, Carstens, Johnson, Kremer, Luedtke, Swanson and Whitney, who were excused.

RESOLUTIONS

LEGISLATIVE RESOLUTION 73. Re: Schools of Nursing

Introduced by E. Thome Johnson, 15th District.

WHEREAS, the Department of Public Institutions and other health facilities are dependent upon graduate professional nurses coming from private hospital schools of nursing conducted throughout Nebraska; and

WHEREAS, the health care of citizens of the State of Nebraska is greatly enhanced by having professional nurses in their communities; and

WHEREAS, two of Nebraska's largest private hospital schools of nursing, because of the financial burden of operating a diploma school, have recently announced an early phaseout of their operations, an action that other existing Nebraska hospital schools of nursing may soon be forced to follow; and

WHEREAS, the Department of Public Institutions proposes to levy and collect an enrollment fee of seventy-five dollars per affiliate student enrolled for psychiatric training at the Hastings State Hospital effective July 1, 1969, and increasing to a fee of one hundred fifty dollars per affiliate student nurse by July 1, 1972, further complicating the financial burden for five of Nebraska's remaining private schools of nursing.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN EIGHTIETH SESSION ASSEMBLED:

1. That the Department of Public Institutions defer levying the proposed enrollment fee for affiliate students enrolled for psychiatric training at the Hastings State Hospital.

2. That a committee be appointed by the Executive Board of the Legislative Council to make an interim study of Nebraska's ongoing nursing education programs, and that mechanisms be suggested which will increase the number of properly trained and educated nurses and patient care personnel in Nebraska; the interim study to be completed and a report of findings be made to the next regular session of the Legislature and for the Department of Public Institutions, who can use the committee's report to direct the division of medical services within the Department of Public Institutions regarding its role and obligation to maintain affiliate psychiatric training programs at the Hastings State Hospital for student nurses enrolled in Nebraska's diploma schools of nursing.

Referred to the Executive Board of the Legislative Council.

LEGISLATIVE RESOLUTION 74. Re: Doctors in Rural Nebraska

Introduced by Henry F. Pedersen, Jr., 4th District; J. James Waldron, 42nd District; Robert L. Clark, 47th District; Rudolph Kokes, 41st District; and Richard Marvel, 33rd District.

WHEREAS, thirty per cent of America's population live in rural areas; yet only twelve per cent of our physicians and eighteen per cent of our nurses practice in rural areas; and

WHEREAS, Nebraska reflects the national picture with a ratio of doctors to population outside of the two urban areas of one to fifteen hundred ninety-two; and

WHEREAS, thirteen counties in the state of Nebraska are without a physician in residence and health personnel are tending increasingly to settle in urban areas; and

WHEREAS, rural people have only about one half the access per person to doctors, nurses, dentists, hospital beds and other health resources when compared to urban people; and

WHEREAS, Nebraska must depend on physicians trained primarily in the University of Nebraska Medical Center for health care, as it has not been successful in importing such personnel; and

WHEREAS, health problems in rural areas are compounded by higher accident rates, special environmental hazards and a greater risk of chronic disabling diseases because of an older population.

NOW, THEREFORE, IT BE RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN EIGHTIETH SESSION ASSEMBLED:

1. The Legislative Council appoint a committee to
 - 2 make an interim study of rural health problems in Nebraska,
 - 3 focusing on manpower and facilities and relating modern
 - 4 means of transportation and communication to the growing
 - 5 disparity in health care between rural and urban areas.
2. That the committee make a report with its
 - 2 recommendations to the next regular session of the Leg-
 - 3 islature.

Referred to the Executive Board of the Legislative Council.

LEGISLATIVE JOURNAL—EIGHTIETH SESSION

ONE HUNDRED THIRTY-FIRST DAY

Legislative Chamber, Lincoln, Nebraska
Wednesday, July 23, 1969

Pursuant to adjournment, the Legislature met at 9:00 a.m., Speaker Warner presiding.

Prayer was offered by Rev. Edward L. Jeambey.

Prayer

Eternal God, our Heavenly Father: Thou hast so enlightened us with the greater values of life we pray that Thou will give us grace to make our investments in the true values and to know there is no profit in gaining the whole world if we lose our souls.

Because Thou hast so generously showered us with so many blessings, we come to realize that possession spells responsibility; and because we have much, much is expected from us. Help us to specialize in the better things of life. We learn from Thy word that some things are the better things and more valuable for man to possess. Did not Samuel say: "Obedience is better than sacrifice?" (I Sam. 15:22). Did not Solomon say: "Wisdom is better than gold and understanding better than silver?" (Prov. 16:16).

Help us with Mary to "choose the better part", and not be like Martha "who was careful and troubled about many of the lesser important things". (Luke 10:41-42).

May we practice the quip of our childhood days: "Good, better, best; Never let it rest, Until the good is better, and the better best."

Help us to realize that to be true servants of humanity that there is no room for pride, prejudice or partiality. Let us show no favoritism in the administration of righteousness and justice, and to have no malice in our hearts, but ever imitate the divine being who is "no respecter of persons". (Prov. 24:23, 28:21, Acts 10:34, I Peter 1:17).

Give us a sacrificial spirit in order to gain the finer ends, the better results, and the more valuable conclusions. We have been

admonished to “turn the other cheek” (Matt. 5:39) and to “go the second mile” (Matt. 5:41) so give us the necessary grace to practice these greater qualities of life.

May we ever be faithful as good stewards of our responsibilities, and we will give Thee the praise through Christ our Lord. Amen.

The roll was called and all members were present except Mr. Bloom who was excused until 9:30 a.m.; Mr. Schreurs who was excused until 11:05 a.m.; Messrs. Carpenter, Carstens, Kremer, Luedtke, Swanson and Whitney, who were excused.

Page 3077, line 21, correct spelling of “procedure”.

The Journal for the One Hundred-thirtieth Day was approved as corrected.

UNANIMOUS CONSENT—Order of the Day

Mr. Holmquist asked unanimous consent to delay Final Readings and continue with the highway bills on Select File. No objections. So ordered.

MOTION—Unbracket Bills

Mr. Wylie moved to unbracket all bills on General File and take all bills in order. If introducer or co-introducer isn't present, the bill automatically goes to bottom of General File. If introducer wishes to pass over the bill it automatically goes to the bottom of General File.

UNANIMOUS CONSENT—Print in Journal

Mr. Carpenter asked unanimous consent to have the following statement on LB 686 printed in the Journal. No objections. So ordered.

STATEMENT ON LB 686

PURPOSE: The purpose of LB 686 is to clarify what types of railroad property should be centrally assessed by the State Board of Equalization (and the resulting value spread among 68 counties on a mileage basis) and what property should be locally assessed (the value thereof to be retained solely by the county where the property is located.)

The present statutes are somewhat inconsistent, and have caused some problems of interpretation. To remove this inconsistency LB 686 was introduced. LB 686 simply says that the counties may tax whatever railroad property is not reported to and assessed by

the State Board of Equalization under 77-602 (which sets out in detail what property is to be reported to the State Board by railroads).

The Tax Commissioner feels that legislative clarification of this problem would be desirable.

NECESSITY: The C. B. & Q. has been placed in a precarious situation. The C. B. & Q. has reported some 3.5 million dollars of actual value of property to the State Board of Equalization, which Lancaster County contends should be reported and taxed only by Lancaster County. The State Board of Equalization has assessed this property for the past several years—and the C. B. & Q. has paid the taxes accordingly.

What Happens if LB 686 Does Not Pass?

This conflict is presently in the courts for the years 1968 and 1969 in an effort by the C. B. & Q. to avoid having to pay taxes on the same property twice.

If 686 passes, then hopefully the problem will not present itself in future years. However, if 686 does not pass, and Lancaster County is successful in court, then 67 counties (other than Lancaster) will lose their right to share in 3.5 million dollars of value. The loss of value in some of these counties could be substantial.

A list of the counties and their loss of value is attached. This value is not only lost to the counties but to school districts as well. (Cities do not share in this distribution since they tax railroad facilities separately.)

LEGISLATIVE JOURNAL — EIGHTIETH SESSION

ONE HUNDRED THIRTY-SECOND DAY

Legislative Chamber, Lincoln, Nebraska
Thursday, July 24, 1969

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Everroad presiding.

Prayer was offered by the Chaplain.

Prayer

O Lord, deliver us from the foolishness of impatience. Let us not be in such a hurry as to run on without Thee. We know that it takes a lifetime to make a tree; we know that fruit does not ripen in an afternoon; Thou Thyself didst take a week to make the universe. May we remember that it takes time to build the State that can truly be called God's own country. It takes time to find out what we should do; what is right and what is best. Slow us down, O Lord, that we may take time to think, time to pray, and time to find Thy will. Then give us the sense and the courage to do Thy will, for the good of the State and the glory of Thy name. Amen.

The roll was called and all members were present except Messrs. Carstens, Kremer, Luedtke, Schmit, Swanson, and Whitney, who were excused.

June 12, 1969

Senator William M. Wylie
Nebraska State Legislature
State Capitol
Lincoln, Nebraska

Dear Senator Wylie:

This letter is in response to your inquiry regarding the authority of the Legislature under L. B. 979 to completely do away with a system of vocational technical schools heretofore established and where taxes have been levied for the specific purpose of providing vocational and technical education programs of instruction.

If enacted into operative law, L. B. 979 would divide the State of Nebraska into eight (8) community college areas, each of which would be governed by a community college board. Title to all interest in real estate, choses in action and all other assets, including but not limited to assignable contracts, cash, deposits in county funds, equipment, buildings, facilities, and appurtenances thereto held by or for a local school district or an area vocational-technical school and obtained identifiably with federal, state or local funds appropriated for junior college purposes or post-high school vocational technical education purposes are to vest in or be assigned to the appropriate community college board. However, the ultimate decision and approval with respect to the allocation and disposition of

the assets under this section is to be made by the Governor and his decision may be appealed to the courts. See, renumbered section 12 of L. B. 979.

It is, of course, common knowledge that all parts of the State of Nebraska are not included in a junior college district. It is also common knowledge that all parts of the State of Nebraska are not included in the territory of an area vocational technical school. It is therefore patent that L. B. 979 does not operate uniformly on those persons presently within either a junior college district or the territory of an area vocational technical school, or both, and those persons who are not presently within either a junior college district or the territory of an area vocational technical school. Simply put, L. B. 979 does not operate alike upon all parts of the State of Nebraska since some parts of the State would be forced to surrender the assets of their junior college district or vocational technical school, or both, to a community college area whereas other parts of the State are not required to surrender any existing assets whatsoever to a community college area. It would therefore appear, and it is our opinion, that L. B. 979 is invalid class legislation. See, section 18 of Article VII of the Constitution of Nebraska; *Steinacher v. Swanson*, 131 Neb. 439, 269 N. W. 317; *United States Cold Storage Corp. v. Stolinski*, 168 Neb. 513, 96 N. W. 2d 408. The fact that L. B. 979 also provides that the ultimate decision and approval with respect to the allocation and disposition of the assets is to be made by the Governor and his decision may be appealed to the courts does not, in our opinion, cure the defect of invalid class legislation but adds another constitutional dimension to the act. Simply put, the same violates the separation of powers guaranteed by the Constitution.

There are several collateral constitutional issues. Neb. Rev. Stat. § 79-1445.29 (Supp. 1967) permits the governing board of an area vocational technical school to borrow money and issue bonds of indebtedness. These bonds are protected by the full faith and credit provisions of the Constitution of Nebraska and the Constitution of the United States. Neb. Rev. Stat. § 79-1438.01 (Reissue 1966) authorizes the State Board of Vocational Education to issue revenue bonds for the purpose of constructing dormitories at the Nebraska Vocational Technical School at Milford and it has done so. These revenue bonds are also protected by the full faith and credit provisions of the Constitution of Nebraska and the Constitution of the United States. To the extent that the security of these two types of bondholders would be impaired by the enactment of L. B. 979, serious constitutional questions would arise and quite possibly the bondholders would be entitled to an injunction or monetary damages, or both.

In summary, we are of the opinion that the constitutionality of

L. B. 979 would be very difficult to defend. If we may be of any further assistance to you in this matter, you need only to advise.

Very truly yours,

LEGISLATIVE JOURNAL — EIGHTIETH SESSION

ONE HUNDRED THIRTY-THIRD DAY

Legislative Chamber, Lincoln, Nebraska
Friday, July 25, 1969

Pursuant to adjournment, the Legislature met at 9:00 a.m., Speaker Warner presiding.

Prayer was offered by the Chaplain.

Prayer

In this, the day that the Lord hath made, help us to appreciate its beauty and to use aright its opportunities.

Deliver us from the tyranny of trifles during these closing days of the legislature. May we give our best thought and attention to what is important, that we may continue to accomplish those things which are worthwhile. Teach us how to listen to the prompting of Thy spirit, and thus save us from floundering in indecision that wastes time, subtracts from our peace, divides our efficiency, and multiplies our troubles. In the name of Christ. Amen.

LEGISLATIVE JOURNAL—EIGHTIETH SESSION

ONE HUNDRED THIRTY-FOURTH DAY

Legislative Chamber, Lincoln, Nebraska
Monday, July 28, 1969

Pursuant to adjournment, the Legislature met at 9:05 a.m., President Everroad presiding.

Prayer was offered by the Chaplain.

Prayer

Our Father, be gracious to Thy servants here, the legislators of this state. Give them strength for the tasks of this day and guide them in their labors. When they are tempted to wonder whether their high goals are possible of attainment, remind them that Thou art not senile, or asleep, or defeated. Yet, a different world cannot be built by indifferent people. So let us never give up hope for the possibility of change. When we feel the pressure of crisis, remind us that Thou hast plenty of time. We have to remember that Thou art never in a hurry and will not be rushed by the deadlines of impatient men or by the pressures of the selfish. So give us the determination to seek and to do Thy will. Amen.

The roll was called and all members were present except Mr. Batchelder who was excused until 10:45 a.m.; Mr. Nore who was excused until 9:50 a.m.; and Messrs. Bloom, Budd, Burbach, Hasebroock, Holmquist, Mahoney, Marvel, Robinson, Swanson, Waldron, Whitney, and Mrs. Orme, who were excused.

Dear Hugo:

I am enclosing for your information a copy of the reply I have just received from the U.S. Department of Agriculture, Agricultural Stabilization and Conservation Service in regard to Legislative Resolution #54 which I had sent to them earlier.

Kindest regards.

Honorable Glenn Cunningham
House of Representatives

Dear Mr. Cunningham:

This is in further reply to your June 3 letter regarding changes in the Farm Storage and Drying Equipment Loan Program. Your letter supplied a copy of a resolution by the Nebraska Legislature on this subject.

The changes in the regulations announced on May 27 make these loans less attractive, and help with expenditure and inflation control. The program will operate at about the normal level which prevailed before the highly inflated loan activity of 1967-68.

In reviewing the farm programs, we noted that activity under the Farm Storage and Drying Equipment Loan Program had accelerated at a tremendous pace during calendar year 1968. In fact, \$106.4 million or approximately 25 percent of the total funds loaned since the inception of the program in 1949 were disbursed in 1968. This amount was substantially above the normal rate of expenditures under the program and from that standpoint represented an excessive draw on the federal budget.

The Department recognizes the importance of on farm storage and drying facilities to individual producers. Loans under the new terms will not be as attractive as they have been for the past two years. We realize that fewer loans may result and a lesser portion of the total bin and drying equipment business may be financed under the program. However, it should be emphasized that loans are still available to eligible producers who do not have basic storage and drying facilities for storing one year's production. We believe that the changes will permit annual loan activity at about the \$15 million level, the average prior to the 1967-68 period.

Thank you for your interest in this matter, and for this opportunity to explain the Department's viewpoint.

Sincerely,

(Signed) Carroll G. Brunthauer
Acting Administrator

July 28, 1969

Honorable John Everroad
Lieutenant Governor
Capitol Building
Lincoln, Nebraska

Dear Governor Everroad:

You have written to this office requesting our opinion on the number of votes needed to pass an appropriation bill for capital improvement. The bill you have in mind was a separate appropriation bill which was passed on final reading with a majority of twenty-six votes. You refer to Article IV, Section 7 of the Constitution of Nebraska which insofar as applicable reads as follows:

“* * *. Within thirty days after the commencement of each regular session he shall present, by message, a complete itemized budget of the financial requirements of all departments, institutions and agencies of the state for the ensuing biennium. Said budget shall be prepared with such expert assistance and under such regulations as may be provided by law. No appropriations shall be made in excess of the recommendation contained in such budget unless by two-thirds vote of the Legislature, and such excess so approved shall not be subject to veto by the Governor.”

This amendment was essentially adopted in 1920 and amended again in 1964. The amendment adopted in 1964 changed the vote required to approve an increase in the Governor's recommendation in any specific item of appropriation to two-thirds rather than three-fifths. Other language was amended in 1964 but does not appear material to the questions you have presented.

The Constitutional Convention of 1919-1920 prepared a synopsis of the amendments proposed by that Convention. At page 2843 of the proceedings of said Convention, insofar as applicable, their statement reads as follows:

“* * * *”

“Under the proposed amendment, the Legislature may reduce, but not increase items, except by a three-fifths vote. The proposal does not increase the powers of the governor. Under the present Constitution, the Governor may veto any item. It requires the same vote to overcome a veto as is required under the proposal to raise a budget item. The difference is that under the budget the Governor must announce his position before the Legislature acts, while under the present Constitution, the Governor may veto after the Legislature acts.

“* * * *”

After the adoption of the amendment in 1920 the court did consider this provision of the Constitution in the case of *Elmen v. State Board of Equalization and Assessment*, 120 Neb. 141, 231 N. W. 772. In that situation the appropriation bill was adopted by a three-fifths vote of both houses but no separate three-fifths vote was had on each increased item in the appropriation bill. The court there held that since the final vote was sufficient to meet the constitutional provision that this was proper. In the present situation the final vote was insufficient but it does not appear from your letter whether or not each individual increase was approved by the requisite majority. If not, it seems clear that these items were not increased in accordance with this constitutional provision. If the official Legislative Journal shows conclusively that such items were increased by the requisite two-thirds majority then it would seem that these items were properly adopted and the final vote would not invalidate that which was properly done during the course of consideration of amendments to the bill.

This office has advised the Legislature previously in this respect by two opinions issued in 1931. Photocopies of these opinions are attached hereto. The first was written to the Honorable George F. Frush, a member of the Senate, and was incorporated into the Nebraska Senate Journal, 47th and 48th Sessions, 1931, at page 1141 of the Journal of the 47th Session. The second was written to the State Senate and appears in the same volume at page 83 of the Senate Journal for the 48th Special Session. We think a review of these two opinions advising the Legislature in 1931 involves the same problems and answers the questions that you have presented. If, after consideration of these two opinions, you are still in

doubt as to the effect of the Legislature's action in the present situation, we would appreciate hearing from you further as to the precise point involved.

You should be further advised that the failure to approve L. B. 1425 with the emergency clause may raise some serious legal problems. L. B. 1421 of the current session passed with the emergency clause and has been approved. Section 73 of that bill lapsed all unexpended funds, not otherwise appropriated or reappropriated, to the general fund. Federal funds were reappropriated by Section 74 of that act. We are aware that there may be construction in progress which was started pursuant to a valid appropriation, but which construction was not completed prior to the lapsing of funds on the effective date of L. B. 1421. Under Article III, Section 27, Constitution of Nebraska, no act can become effective until three months after adjournment unless otherwise directed and approved. There is thus no apparent appropriation for this construction during this interim period from the time of the lapsing of these funds until the new bill becomes effective. We should also note that approval of the bill with the emergency clause with the requisite number of votes would also provide the requisite number of votes to meet the requirements of Article IV, Section 7 for approval of items of excess appropriation.

Yours very truly,
CLARENCE A. H. MEYER
Attorney General

UNANIMOUS CONSENT—Print in Journal

Mr. Wenzlaff asked unanimous consent to have the Attorney General's opinion on LB 6 printed in the Journal. No objections. So ordered.

July 29, 1969

Senator Theodore C. Wenzlaff
Nebraska State Legislature
State House
Lincoln, Nebraska

Dear Senator:

This is in reply to your question concerning L. B. 6, which in its present form would amend section 71-1325. You inquire as to constitutionality, but we find it impossible to get to that question because in our opinion if it is passed in its present form it will not accomplish any change whatever in the existing law. A "Jewish funeral chapel" as defined in subsection (3) of the amendment would still fall within the definition contained in subsection (2). Also, establishments defined in subsection (2) would come within subsection (3), unless there are unusual factual circumstances present.

We have only hearsay information on the purpose of the present amendment to L. B. 6, and based on that information we would have to say that amendments to other sections would be required to accomplish the purpose. If such amendments are prepared, we would be glad to check them to give an opinion as to whether they would be a legally acceptable exception to the chapter dealing with funeral directors and undertakers, which presumably was enacted under the legislative power to provide for the public health and welfare.

Very truly yours,

(Signed) Clarence A. H. Meyer
Attorney General

LEGISLATIVE JOURNAL—EIGHTIETH SESSION

ONE HUNDRED THIRTY-SIXTH DAY

Legislative Chamber, Lincoln, Nebraska
Wednesday, July 30, 1969

Pursuant to adjournment, the Legislature met at 9:05 a.m., President Everroad presiding.

Prayer was offered by the Chaplain.

Prayer

Our Father, before we become involved in the routine of the day, we pause to seek Thy help. Experienced in the ways of men, we know all too little of the ways of God. But Thou knowest us, each one of us, by name and by our needs. Turn our wayward minds and hearts to Thee. Forgive the faults and failures of the past and set us free from them. Forgive our failure to apply to ourselves the standards of conduct we demand of others. Forgive our slowness to see the good in our fellows and to see the evil in ourselves. In our differences may we be kind; in our agreements may we be humble, that Thy will may be done in us and through us in our beloved state. For Jesus' sake. Amen.

The roll was called and all members were present except Mr. Bloom who was excused until 9:45 a.m.; Miss Reynolds who was excused until 10:00 a.m.; Mr. Whitney, who was excused until 9:15 a.m.; and Messrs. RESOLUTIONS

LEGISLATIVE RESOLUTION 78. Re: Oil Imports

Introduced by Robert L. Clark, 47th District; Lester Harsh, 38th District; Leslie A. Stull, 49th District; Leslie Robinson, 36th District and Terry Carpenter, 48th District

Whereas, petroleum production is an exceedingly important part of the economy of the State of Nebraska, and

Whereas, the oil industry spends nearly \$22,000,000 annually on production supplies and equipment in Nebraska, or 75% of the total investment for this purpose by all mineral industries in the state, and

Whereas, there is an annual average capital expenditure for exploration and production in Nebraska of about \$9 million, and

Whereas, the annual payrolls for exploration and production in Nebraska are about \$4 million, and

Whereas, the oil severance tax in Nebraska amounts to about \$750,000 per year, and

Whereas, there has been no recent large discoveries of oil in Nebraska although there has been considerable exploration, and

Whereas, it is necessary for Nebraska to have a continuous flow of capital for the purposes of exploration, and

Whereas, there is great need for building up oil reserves, and

Whereas, any reduction in the present oil import policy would certainly discourage continued drilling, exploration and leasing in Nebraska,

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN EIGHTIETH SESSION ASSEMBLED:

1. That we as members of the Nebraska Legislature are highly concerned about the future of the oil production industry in Nebraska.

2. That we believe that the present oil import policy of the United States should be continued,

3. That copies of this resolution be sent by the Clerk of the Legislature to Mr. Phillip Areeda, Executive Director, Cabinet Task Force on Oil Import Control, 726 Jackson Place, N.W. Washington, D.C. 20526 and to the members of the Nebraska Congressional Delegation.

LEGISLATIVE RESOLUTION 79. Re: Proposed Constitutional Amendment

Introduced by Roland A. Luedtke, 28th District; Fred W. Carstens, 30th District; Don Elrod, 35th District; Loran Schmit, 23rd District; Wayne Ziebarth, 37th District and Henry F. Pedersen, Jr., 4th District

WHEREAS, this Eightieth Session of the Legislature has enacted Legislative Bill 476, submitting to the voters a proposed amendment to the Constitution; and

WHEREAS, the amendment proposed by Legislative Bill 476 would enable the Legislature to establish county court districts, and to establish such courts of limited jurisdiction as are necessary for the prompt and efficient administration of justice; and

WHEREAS, the amendment proposed by Legislative Bill 476 would vest in the Supreme Court the general administrative control over all courts.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN EIGHTIETH SESSION ASSEMBLED:

1. That the Executive Board of the Legislative Council appoint a committee to make a complete study of the needs for, and types of, courts of limited jurisdiction, and of the statutes which would need revision if the amendment proposed by Legislative Bill 476 is adopted.

2. That the committee report its findings and recommendations to the Legislative Council and the next regular session of the Legislature.

Referred to the Executive Board of the Legislative Council.

MOTION—Return Bills

Mr. Kennedy moved to return LB 1066 to General File for the following amendment:

ONE HUNDRED THIRTY-EIGHTH DAY

Legislative Chamber, Lincoln, Nebraska
Friday, August 1, 1969

Pursuant to adjournment, the Legislature met at 9:00 a.m., Speaker Warner presiding.

Prayer was offered by the Chaplain.

Prayer

Lord Jesus, who didst fill three short years with a revelation of all eternity, in life, precept, and promise, that we have not yet learned and can never forget, help us to make every minute count, making time our servant and not our master. Thou didst never ask for time to prepare Thine answers but always had the word of truth for every occasion. Reveal to us now Thy word for this day.

Help us to understand that every bit as important as a good beginning is a good ending; so may we run with patience the race that is set before us, looking unto Thee, the author and finisher of our faith. Amen.

The roll was called and all members were present except Messrs. Batchelder, Carpenter, Klaver, Pedersen, Syas, and Waldron, who were excused; Mr. Bloom was excused until 9:15 a.m.

LEGISLATIVE JOURNAL — EIGHTIETH SESSION

ONE HUNDRED THIRTY-NINTH DAY

Legislative Chamber, Lincoln, Nebraska
Monday, August 4, 1969

Pursuant to adjournment, the Legislature met at 9:00 a.m.,
Speaker Warner presiding.

Prayer was offered by the Chaplain.

Prayer

O God, prepare our hearts and minds for the business of this day that we may throughout behave with genuine courtesy and honor before our colleagues. Help us to be just and honest in all our dealings. May we listen to those who have something to say but never lose our own capacity to discriminate between right and wrong. Save us from the fallacy of depending upon our personality or ingenuity to solve our problems, and make us more willing to do the hard work that is necessary to be well informed. Since we believe Thou art the source of truth, may we listen to Thee at the beginning of this day so that at the end we may hear Thy blessing, "Well done, Thou good and faithful servant." Amen.

The roll was called and all members were present except Mr. Bloom who was excused until 9:25 a.m.; and Messrs. Batchelder, Danner, Skarda, Waldo and Waldron, who were excused.

79 a duly appointed representative of the department. The

Communication

August 4, 1969

Lt. Gov. John Everroad
Capitol Building
Lincoln, Nebraska

Dear Governor Everroad:

You call our attention to Article III, Section 22, Constitution of Nebraska, and L. B. 1279. L. B. 1279 is a bill appropriating addi-

tional funds to aid in state financial support of junior college districts which was passed with an emergency clause by more than a two-thirds vote. You also call our attention to the specific language of the constitutional provision that a deficiency appropriation "shall not exceed the amount of revenue authorized by law to be raised in such time."

To us, the question you pose is more of a factual question than a legal question. We are not in a position to make a determination whether or not the appropriation authorized by this bill would be in excess of the revenue raised during the biennium. We cannot say that L. B. 1279 is invalid under this reading of this constitutional provision.

Yours very truly,

CLARENCE A. H. MEYER
Attorney General

ONE HUNDRED FORTY-FIRST DAY

Legislative Chamber, Lincoln, Nebraska
Wednesday, August 6, 1969

Pursuant to adjournment, the Legislature met at 9:00 a.m., Speaker Warner presiding.

Prayer was offered by the Chaplain.

Prayer

Our Father, in this life where serving as a representative of the people requires so much of a human being, we ask for basic things: for the capacity to read between the lines, for the ability to hear the overtones of truth midst all the noise of falsehood, for the power to see through sham, for the determination to see it through when confronted by obstacles, for the grasp of feeling which binds us to people in need, for the mental of character which gives stability in every storm, and for the courage of our convictions which shall enable us to maintain and further some of those high ideals which first led us to believe we might serve the common good of all; in the name of Christ. Amen.

The roll was called and all members were present except Messrs. Batchelder, Harsh, Knight, and Waldron, who were excused; Mr. Bloom who was excused until 10:00 a.m.; and Mr. Schreurs who was excused until 9:15 a.m.

RESOLUTIONS

LEGISLATIVE RESOLUTION 81. Re: Highway Safety Act

Introduced by Eugene T. Mahoney, 5th District; Claire W. Holmquist, 16th District; and William H. Hasebroock, 18th District

WHEREAS, the Congress of the United States adopted the Highway Safety Act of 1966, which requires all states to have a traffic safety program approved by the Secretary of Transportation; and

WHEREAS, the Secretary of Transportation directed in 1967 that approved traffic safety programs should include periodic inspection of motor vehicles, and indicated that states which did not have such programs could lose ten per cent of their federal funds for highway construction; and

WHEREAS, the Seventy-seventh Session of the Legislature adopted Legislative Bill 806, now Chapter 60, article 17, Reissue Revised Statutes of Nebraska, 1943, requiring annual inspections of motor vehicles, in response to the directives of the Secretary of Transportation; and

WHEREAS, there have been numerous and frequent complaints about the operation of the motor vehicle inspection program, the inspection stations complaining that the fees are not high enough to cover costs, and vehicle owners complaining about inconsistencies in inspections and excessive costs; and

WHEREAS, the Secretary of Transportation has not enforced sanctions against states which have not adopted inspection programs.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN EIGHTIETH SESSION ASSEMBLED:

1. That the Executive Board of the Legislative Council appoint a committee to study the motor vehicle inspection program in this state.
2. Sec. 2. Any such contractor receiving such loan disbursements and any funds of the borrower in addition to such loan disbursements shall be deemed to have consented to comply with the requirements of Section I of this act as to the application of such proceeds, and shall be deemed to be the agent of the borrower for so much of said proceeds as are necessary for the payment of such lawful claims for labor and material; provided, however, that the foregoing provisions shall not apply where the contractor and the borrower are one and the same person. Nothing herein contained shall be construed to require the contractor to keep said proceeds in a separate account or accounts or to prorate payment of said proceeds to such lawful claims for labor and materials.

Sec. 3. Nothing in this act shall in any way affect the validity of the mortgage rights of the lender as provided for in Section 76-238.1, Reissue Revised Statutes of Nebraska, 1943, or the lien rights of such lender.

Sec. 4. In any prosecution under this act of the person, firm or corporation so receiving such proceeds, when it shall be shown in evidence that the contractor had knowledge of lawful

claims for labor and material existing at the time of receipt of loans proceeds and that such person, firm or corporation has not paid such lawful claims for labor and material to the extent of the funds received by him, the fact of acceptance of such proceeds without having paid the lawful claims or obtained a lien waiver within thirty days after receipt of such proceeds shall be prima facie evidence of intent to deprive or defraud on the part of the person, firm or corporation so receiving payment.

Sec. 5. Any person, firm or corporation, the members of any firm, or the officers of any corporation, violating the provisions of Section 2 of this act shall be guilty of a misdemeanor, and shall, upon conviction thereof, be punished by a fine of not less than one hundred dollars nor more than one thousand dollars, or by imprisonment in the county jail for not more than six months or by both such fine and imprisonment.

LEGISLATIVE JOURNAL—EIGHTIETH SESSION

ONE HUNDRED FORTY-SECOND DAY

Legislative Chamber, Lincoln, Nebraska
Thursday, August 7, 1969

Pursuant to adjournment, the Legislature met at 9:05 a.m., President Everroad presiding.

Prayer was offered by the Chaplain.

Prayer

Whenever we are downcast, O Lord, help us to remember the people we have enjoyed and loved. Beset here by pressures and deadlines, problems to be solved and people to be placated, help us to remember those whom we represent, those who believed we had a contribution to make in this place. May we never forget them when we are separated from them, nor take them for granted while we are with them. Those who have meant so much to us, may we mean increasingly more to them. Bind us together, O Lord, in such a way that our lives may share the glory and the pain that comes to each of us, and grant that as we walk in the strength of the ones who are stronger than us, we may also suffer for the sake of those who are weaker than us, gladly accepting our role as servant. In the name of Christ who served. Amen.

The roll was called and all members were present except Messrs. Batchelder, Bloom, Knight, Waldron, and Wylie, who were excused.

ONE HUNDRED FORTY-FOURTH DAY

Legislative Chamber, Lincoln, Nebraska
Monday, August 11, 1969

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Everroad presiding.

Prayer was offered by the Chaplain.

Prayer

O God, save us from ever feeling fatally resigned to things as they are. Where need exists, goad us on to doing goodness which requires our actions. Where we see the possibility of a better society, lead us to those actions which bring about that society. Where we hold convictions, stir us to stand up for them. Where we hold to faith, quicken us to live by it in the presence of our colleagues. Save us from merely hoping for a better society and move us to make this a better place to live, by our thinking, by our talking, by our voting, and by our praying, in the name of Christ. Amen.

RESOLUTIONS

LEGISLATIVE RESOLUTION 84. Re: Sanitary Inspections

Introduced by Fern Hubbard Orme, 29th District.

WHEREAS, throughout the country much emphasis is being placed on consumer protection problems and programs, including the guaranteeing of sanitary conditions in public eating establishments and other places of public accommodation; and

WHEREAS, while this is a public health problem and function, so recognized and administered in the other states, it is the responsibility of the Department of Agriculture in Nebraska; and

WHEREAS, a study committee of the Legislative Council strongly recommended nearly ten years ago that all sanitary inspection functions be transferred to the Department of Health, a recommendation then, as now, strongly supported by public health officials and the medical profession; and

WHEREAS, inspections of eating establishments and other places of public accommodations serve two basic needs, the conduct of on-going public health educational programs and the protection of the consuming public; and

WHEREAS, adequate sanitary standards and guidelines need to be formulated for the benefit of and assistance to the operators of establishments serving the public which can only be formulated by persons trained in public health work, standards and guidelines which the industry itself would welcome; and

WHEREAS, inspection programs are not intended to be punitive or negative, but should be aimed at providing positive and beneficial services to both the industry and the public; and

WHEREAS, there is an urgent need for the gathering of more specific and detailed information concerning sanitary inspections in Nebraska.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN EIGHTIETH SESSION ASSEMBLED:

1. That the Executive Board of the Legislative Council appoint a committee to undertake a thorough study of all aspects of sanitary inspections of eating establishments and other places of public accommodation.

2. That the study include the creation and administration of inspection programs, what they should contain in order to afford the best possible protection to the public, the training of personnel to perform these functions, and the results to be expected therefrom,

3. That the committee include in its study other aspects of consumer protection programs and problems which are brought to its attention during the course of its inquiry.

4. That the committee report its findings, together with any recommended legislation, to the Legislative Council and the next regular session of the Legislature.

Referred to the Executive Board of the Legislative Council.

UNANIMOUS CONSENT—Print in Journal

Mr. Pedersen asked unanimous consent to print the following in the Journal. No objections. So ordered.

August 7, 1969

Honorable Norbert T. Tiemann, Governor
State House
Lincoln, Nebraska

Dear Sir:

I recently defended a criminal case here in Douglas County in which my client, George Best, was charged with the crime of manslaughter. This charge which, of course, placed my client in legal jeopardy, arose out of the tragic death of James Jensen by gunfire. The circumstances were such that the shooting occurred unintentionally while Mr. Best was in the defense of his person. The trial of the case resulted in a prompt verdict of acquittal.

I am mindful of the enactment of L.B. 925, which provides for the reimbursement of persons in my client's position for "loss of time, legal fees, court costs, or other expenses involved in his defense." The Act further provides that the indemnity shall be paid by "The State of Nebraska."

L.B. 925 became effective on June 5, 1969, and this case was tried in July. I am somewhat at a loss as to exactly whom to look to for reimbursement; whether it is the State, or the County of Douglas, which initiated the prosecution on behalf of the State. In any event, I have filed a Motion in the case in which Mr. Best was acquitted, since "The State of Nebraska" was a party. Mr. Best's claim under L.B. 925 is as follows:

Reimbursement for attorney fees	\$2500.00
Reimbursement for expenses:	
Bond Premium - \$100.00	
Photographs - 50.49	

	150.49
Loss of earnings - 7 days at \$25.00	175.00
	<u>\$2825.49</u>

A copy of my Motion is enclosed, and an additional copy is being sent to the Attorney General.

Respectfully yours,

IN THE DISTRICT COURT OF DOUGLAS COUNTY, NEBRASKA

DOC. 77

NO. 602

Plaintiff,

vs.

GEORGE T. BEST,

MOTION

Defendant.

Comes now the defendant in the above entitled cause, and moves the Court for an Order reimbursing him for his loss of time, legal fees, and other expenses involved in the defense of the above entitled case, and in support thereof shows to the Court as follows:

1) That on the 17th day of November, 1968, your defendant herein unintentionally and without malice took the life of one James Jensen.

2) That at the time of said incident your defendant was in the act of protecting himself.

3) That thereafter, the defendant was charged in the Municipal Court with the crime of manslaughter, bound over to the District Court for trial and, on the 30th day of July, 1969, found to be not guilty, presumably by reason of the successful presentation of an issue of self-defense.

4) The Legislature of the State of Nebraska enacted L.B. 925 over the veto of the Governor, and the same became effective on June 5, 1969, with an emergency clause.

5) That your defendant was put to considerable expense in defending himself, and should be reimbursed by the State of Nebraska, under the provisions of L.B. 925.

6) That your defendant's claim is as follows:

Reimbursement for attorney fees	\$2500.00
Reimbursement for expenses:	
Bond Premium - \$100.00	
Photographs 50.49	
	<hr/>
	150.49
Loss of earnings - 7 days at \$25.00	175.00
	<hr/>
	\$2825.49

WHEREFORE, your defendant prays that he be reimbursed for his loss of time, legal fees and other expenses as set forth above, occasioned by the successful defense of the above entitled case.

GENERAL FILE

LEGISLATIVE BILL 1425. Reading waived. Explained.

Standing Committee amendments found in this Day's Journal were offered.

Mr. Carpenter asked unanimous consent to have the following printed in the Journal. No objections. So ordered.

The University of Nebraska
Office of the Chancellor
Lincoln, Nebraska
August 4, 1969

Senator Richard D. Marvel
Chairman, Budget Committee
Nebraska Legislature
State Capitol
Lincoln, Nebraska

Dear Senator Marvel:

This will reply to your request for University of Nebraska priorities on floor amendments to LB 1425 and for suggestions from the University as to how the projects listed in those amendments might be reduced.

As you will recall, the Board of Regents submitted to the Governor and the Legislature an original budget request for capital im-

provement funds totaling \$24.2 million for the current biennium. Priorities were established for each campus at this level of funding. The request, in our opinion, was based on realistic needs and reflected the long-range planning of staff, as well as policy guidance from the Regents.

Floor amendments to LB 1425 added highly significant projects. With one exception, all were a part of the Regents' original request. The single exception is the item for land acquisition at the University of Nebraska at Omaha. At the time the budget was prepared 16 months ago, the crises in land needs for that campus were not apparent, but the enrollment pressures now so obvious have created crucial needs for immediate parking and building sites and for long-range development of that campus.

Attached is a listing of priorities for each of the projects contained in the floor amendments to LB 1425, as per your request, together with a brief discussion of needs and possible alternatives for reducing funding of some of the projects.

Sincerely,

(Signed) Merk Hobson
Acting Chancellor

cc: Members of the Budget Committee
Members of the Board of Regents

1. Land acquisition—Medical Center, Omaha \$1,000,000

The State of Nebraska has a unique opportunity to acquire a significant tract of land for immediate and long-range development of the Medical Center. The land, consisting of 8.674 acres, together with buildings, has been offered to the University for \$1 million. The appraised value, not including buildings, is in excess of that figure. The asking price is \$2.64 per square foot compared to an average of \$3.09 per square foot in that area. The property is known as the Home of the Good Shepherd and is located at 40th and Jones Streets.

Since the offer to sell is a firm figure of \$1 million and since it is appraised well in excess of that figure, it would be impossible to consummate the purchase without the full appropriation suggested in the amendment.

2. Land acquisition—University of Nebraska at Omaha \$1,350,000

Shortly after merger, the University of Nebraska at Omaha engaged the firm of Taylor, Lieberfeld & Heldman to study program needs as a basis for long-range campus development at

planning levels of 10, 15, and 20 thousand students. The consultants' report received recently recommends a total campus of approximately 176 acres at the higher planning level. Enrollment increases realized in the fall of 1968 and the projected increases for each year of the current biennium emphasize the critical need to expand the present 52-acre campus at the earliest possible date. The immediate problem is to alleviate the parking crisis for a commuter student campus which will, in turn, create additional building sites on the existing campus.

If, through the cooperation of the citizens of Omaha, the 20 acres of land immediately east of the campus become available, best current estimates indicate that the land purchase will involve \$400,000 to \$600,000 and the necessary improvements to drain and improve the area for usage will cost \$500,000 to \$750,000.

With reasonable provision for contingency, the inclusion of \$1,350,000 for campus land acquisition and improvement will solve the most pressing immediate problems.

3. Love Library Addition—City Campus, Lincoln \$4,850,000

The original request for the Library project was \$6,500,000. Plans and specifications have been developed. Love Library was built in 1942 when there were 5,288 students on the Lincoln campuses. With nearly 19,000 students on the Lincoln campuses now, and with greatly increased graduate work coupled with the knowledge explosion and the need for a greater volume of books and periodicals, the present facility cannot adequately serve the needs of the University and the State. There will be only 3,100 reader stations in the library system this fall, compared to 6,250 stations recommended by the American Library Association.

The proposed \$4,850,000 in the amendment will obviously reduce the recommended size of the project, but it will provide the equivalent of a building with three floors consisting of 148,000 gross square feet and will alleviate the current shortage of library facilities.

Plans for the Library will be redrawn to meet the reduced funding, but will not delay the project unnecessarily.

4. Campus planning—University of Nebraska at Omaha \$60,000

With the assistance of Taylor, Lieberfeld & Heldman, the University of Nebraska at Omaha has developed a comprehensive study of program needs at various levels of student enrollment. The next step in long-range campus planning is the translation of program needs into a professionally developed campus physical plan to systematically and intelligently meet the University's

needs. Professional studies of this type can save many times their initial cost by an orderly process of physical and academic growth.

The \$60,000 included in the amended LB 1425 is the minimum figure which will reasonably insure the necessary planning.

5. Fine Arts Building—University of Nebraska at Omaha \$1,925,000

Great emphasis has been placed on the need for a Fine Arts Building at the University of Nebraska at Omaha. The Fine Arts areas consist of the Departments of Music, Speech, and Radio-Television. The work is offered in at least four buildings on the campus; two of these structures are metal and of a temporary nature. Dramatic products presently must be staged in the assembly room of the administration building which was constructed in the 1930's and does not meet modern needs. Music recitals and productions are given in the Student Activities Building which was not designed for this purpose. Existing facilities are woefully inadequate for these purposes. The proposed complex calls for 80,000 gross square feet of space and is designed to bring the three disciplines together for efficiency and continuity of the programs.

It might be possible, but not desirable under ideal conditions, to allocate \$1 million to the project to alleviate a portion of the immediate problems.

6. Land acquisition—University of Nebraska at Omaha \$1,150,000

The urgent need for land acquisition at the University of Nebraska at Omaha has been discussed under Priority No. 2. A longer range program of land acquisition is essential to meet projected needs. This project will provide funds for this purpose.

Legislative Chamber, Lincoln, Nebraska
Tuesday, August 12, 1969

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Everroad presiding.

Prayer was offered by the Chaplain.

Prayer

Our gracious Father, we have been discovering that troubles are like cannibals—the big ones eat up the little ones. But may it not be so with the duties and responsibilities. Help our Senators to keep a sane perspective, lest the big issues over-shadow the lesser ones, and we fail to do Thy will with them. In all things, big and little, reveal to us Thy wisdom and Thy love, that we may give careful attention to those things remaining before us. Through Christ our Lord. Amen.

The roll was called and all members were present except Messrs. Batchelder, Luedtke, Proud, Schmit, Wiltse and Wylie who were excused; Mr. Nore was excused until 9:20 a.m.; and Messrs. Knight and Warner who were excused until 10:00 a.m.

LEGISLATIVE JOURNAL — EIGHTIETH SESSION

ONE HUNDRED FORTY-SIXTH DAY

Legislative Chamber, Lincoln, Nebraska
Wednesday, August 13, 1969

Pursuant to adjournment, the Legislature met at 8:35 a.m., Speaker Warner presiding.

Prayer was offered by the Chaplain.

Prayer

O Lord, give us open minds, minds that are ready to receive and to welcome such new light of knowledge as is Thy will to reveal. Let not the past ever be so dear to us as to set a limit to the future. Give us the courage to change our minds when it is necessary. Let us be tolerant of the ideas of others for we never know in what voice Thou wilt speak. Wilt Thou keep our ears open to Thy voice and make us a little more deaf to the whispers of men who would persuade us from our highest duty. For we know in our hearts that only in Thy will is our peace. We pray in Jesus' name. Amen.

The roll was called and all members were present except Messrs. Batchelder, Bloom, Luedtke, Pedersen, Proud, Skarda, and Wiltse, who were excused; and Mr. Wylie who was excused until 10:50 a.m.

Member Excused

ONE HUNDRED FORTY-SEVENTH DAY

Legislative Chamber, Lincoln, Nebraska
Thursday, August 14, 1969

Pursuant to adjournment, the Legislature met at 8:37 a.m., Speaker Warner presiding.

Prayer was offered by the Chaplain.

Prayer

O God, we turn to Thee in the faith that Thou dost understand and art merciful. Some of us are not sure concerning Thee; not sure how Thou dost reveal Thy will to us; not sure that it is possible to us to know, in every decision, just what Thou desirest us to do. But if we can say, "This is what God wants us to do," none would vote against it, and how much time and temper and money would be saved. Make each one of us willing to yield himself to Thee in prayer and obedience. Come and deliver us therefore, as we wait upon Thee for help. Amen.

RESOLUTIONS

LEGISLATIVE RESOLUTION 86. Re: Legislative Interim Programs

Introduced by William F. Swanson, 27th District.

WHEREAS, the State Legislature has the responsibility of developing the basic public policies for the state, and of appropriating the funds necessary to implement these policies; and

WHEREAS, each session of the Legislature sees the Legislature faced with increased demands for services and programs, and with problems growing in complexity; and

WHEREAS, as the costs of state government continue to rise it becomes ever more important to consider the impact on the private sector, and to make careful and informed choices among the many competing demands for state services and funds; and

WHEREAS, just as important as the making of public policies is the enforcement and administration of them so that they are

carried out in the manner and for the purposes which the Legislature intends; and

WHEREAS, the Legislature has a vested interest in determining if its major policy decisions are administered as intended and as financed, and also to determine if these programs are accomplishing what was desired.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN EIGHTIETH SESSION ASSEMBLED:

1. That the Executive Board of the Legislative Council appoint a committee to oversee and scrutinize the enforcement and administration of the programs which the Legislature has established and financed during the coming interim period.

2. That the committee consider not only the ways in which these programs are being administered, but also determine if the results or benefits of such programs are what was intended. The committee should also seek to learn if there are problems attendant to the enforcement of various programs which would require legislative correction.

3. That the committee make a report of its findings, together with any recommendations, to the Legislative Council and the 1971 Nebraska Legislature.

Referred to the Executive Board of the Legislative Council.

MOTION—Deadline for Resolutions

Mr. Holmquist moved that August 20 be set as the deadline for introduction of resolutions requiring an interim study committee.

LEGISLATIVE JOURNAL — EIGHTIETH SESSION

ONE HUNDRED FORTY-EIGHTH DAY

Legislative Chamber, Lincoln, Nebraska
Friday, August 15, 1969

Pursuant to adjournment, the Legislature met at 8:30 a.m., President Everroad presiding.

Prayer was offered by the Chaplain.

Prayer

Lord, make me a channel of Thy peace: that where there is hatred I may bring love. That where there is wrong I may bring the spirit of forgiveness. That where there is discord I may bring harmony. That where there is error, I may bring truth. That where there is doubt I may bring faith. That where there is despair I may bring hope. That where there are shadows I may bring light. That where there is sadness I may bring joy. Lord, grant that I may seek rather to comfort than to be comforted. To understand than to be understood. To love than to be loved. For it is by giving that one receives, it is by forgetting that one finds, by forgiving that one is forgiven. It is by dying that one awakens to eternal life. Amen.

The roll was called and all members were present except Messrs. Batchelder, Burbach, Klaver, Luedtke, Pedersen, Proud, and Wiltse, who were excused.
