EXERCISE 1: TRUST BINGO:

Get the young people to draw a table of nine squares in a 1x3 grid.

Then they will choose nine sources from the list on page 2 and place one in each square.

Example table:

The President of the United States	Head teacher	Zoella
Cristiano Ronaldo	Prime Minister	Instagram
BBC News	Twitter	Wikipedia

You should then randomly select a different statement from the list on page 3 and read it out. These statements need an independent source to verify them.

If a young person has a name on their card that would be a good source for the statement being read, they should write the number of that statement underneath the name on their card.

Continue to read out statements. When a young person has a statement attached to all their sources, they should shout "BINGO!".

This could be expanded by shouting "LINE!" if a student has three in a row.

The teacher then runs through each of the sources and statements to see if everyone agrees.

List of sources:

- BBC News
- Sky News
- Zoella
- YouTube
- Your head teacher
- Your local MP
- A doctor
- A farmer
- Cristiano Ronaldo
- Your best friend
- The Prime Minister
- The President of the United States
- The school receptionist
- The weatherman
- Your parents
- Your dentist
- Wikipedia
- Twitter
- Instagram
- A music journalist
- Logan Paul
- Jessica Ennis
- Gary Linekar
- Moeen Ali

Story statements:
