Growing Skillset!*

The Work Study Advantage:

Through AFB's Digital Inclusion Work Study program, embark on an enhanced learning experience designed to help amplify your growth potential and elevate your impact on digital inclusivity.

- ● ● **Extended Learning:** Enhance your commitment to digital inclusivity by diving deeper into accessibility standards and how to integrate accessibility seamlessly into the product lifecycle.
- ● ● **Hands-on Experience:** Elevate your skills through job shadowing and participation in authentic accessibility projects.
- ● ● **Competitive Compensation:** Receive an hourly compensation of \$18 as a part-time AFB employee as you continue to develop your skills and contribute to meaningful projects.
- ● ● **Flexible Environment:** Balance your studies by tailoring your schedule, allowing you to thrive with both your academic and career development pursuits.

Get Paid to Learn

Support your accessibility skill development during the school year as a part-time employee with AFB.

Job Shadowing

Immerse yourself in the industry by shadowing experienced professionals in day-to-day operations and strategies.

Career Development

Stand out to employers by gaining practical accessibility experience that sets you apart in the tech industry.

Networking Opportunities

Connect with professionals, mentors, and like-minded peers who share your passion for inclusive technology.

Your Commitments:

Dedicate approximately **10-15 hours per week** (Mon.-Fri.) during the **Fall and Spring** academic semesters.

Access to a reliable internet connection and a computer for a seamless remote learning experience.

Adherence to AFB's employment policies and ethical standards.

Note: The Work Study program is a **highly competitive** experience with **limited seats** available. Priority will be given to applicants residing in the following geographic areas: DC Metro (VA/MD/DC); WV area (WV/KY); NY Metro (NY/NJ); Pennsylvania; Florida.

Apply Now
