

The Interpretation of Dreams  
Sigmund Freud

## The Interpretation of Dreams

Sigmund Freud

A neat book on dream analysis by the founding father of psychoanalysis. This book is about the inner theater and the workings of the mind in the dreaming state. Covering lots of topics, the Austrian psychoanalyst's work on dreams is worth reading for anyone who would get up with a question mark face, trying to remember the dream they had just moments before and trying to understand what message their dream was conveying, if at all it was.

Total running time 23:29:25
