# **Statement of Responsibility**

For the year ended 31 December 2023

The Board accepts responsibility for the preparation of the annual consolidated financial statements and the judgements used in these consolidated financial statements.

The management (including the principal and others as directed by the Board) accepts responsibility for establishing and maintaining a system of internal controls designed to provide reasonable assurance as to the integrity and reliability of the group's financial reporting.

It is the opinion of the Board and management that the consolidated annual financial statements for the financial year ended 31 December 2023 fairly reflects the financial position and operations of the group.

The Group's 2023 consolidated financial statements are authorised for issue by the Board.

The Consolidated Statement of Cash Flows records only those cash flows directly within the control of the School. This means centrally funded teachers' salaries, use of land and buildings grant and expense and other notional items have been excluded.

The above Consolidated Statement of Cash Flows should be read in conjunction with the accompanying notes which form part of these financial statements.

# Kiwi Park School Notes to the Group Financial Statements For the year ended 31 December 2023

# 1. Statement of Accounting Policies

Note - The accounting policies in the model financial statements have been developed with reference to the accounting standards, but these policies need to be reviewed for each school so they reflect the school's policies. Therefore exclude policies where they are not relevant to your school.

For example, a school with no inventory recorded at balance date should exclude the inventory policy. We also acknowledge that you may need to add line items, policies and notes for material balances not considered by this model. Omissions or misstatements of items are material if they could, individually or collectively, influence the decisions or assessments of users made on the basis of the financial statements. If a school wants to deviate from the standard policy for a particular balance, they should discuss it with their accounting service provider or Finance Adviser.

## a) Reporting Entity

Kiwi Park School is a Crown entity as specified in the Crown Entities Act 2004 and a school as described in the Education and Training Act 2020. The Kiwi Park School (the 'Group') consists of Kiwi Park School and its subsidiary trust. The subsidiary is a School Trust ('Trust') which supports the school by raising funds and making donations for the school.

The School's subsidiary is incorporated and domiciled in New Zealand.

## b) Basis of Preparation

## Reporting Period

The consolidated financial statements have been prepared for the period 1 January 2023 to 31 December 2023 and in accordance with the requirements of the Education and Training Act 2020.

#### Basis of Preparation

The consolidated financial statements have been prepared on a going concern basis, and the accounting policies have been consistently applied throughout the period.

# **Basis of Consolidation**

The consolidated financial statements are prepared by adding together like items of assets, liabilities, equity, revenue, expenses, and cash flows of entities in the group on a line-by-line basis. All intra-group balances, transactions, revenue, and expenses are eliminated on consolidation.

#### **Subsidiaries**

Subsidiaries are entities controlled by the Group. The Group 'controls' an entity when it is exposed, or has rights, to variable benefits from its involvement with the other entity and has the ability to affect the nature or amount of those benefits through its power over the other entity. The financial statements of subsidiaries are included in the consolidated financial statements from the date on which control commences until the date on which control ceases.

Changes in the Group's interest in a subsidiary that do not result in a loss of control are accounted for as transactions with owners in their capacity as owners.

When the Group loses control over a subsidiary, it derecognises the assets and liabilities of the subsidiary, and any related non-controlling interests and other components of equity. Any resulting gain or loss is recognised in surplus or deficit. Any interest retained in the former subsidiary is measured at fair value when control is lost.

# Financial Reporting Standards Applied

The Education and Training Act 2020 requires the School, as a Crown entity, to prepare financial statements in accordance with generally accepted accounting practice. The consolidated financial statements have been prepared in accordance with generally accepted accounting practice in New Zealand, applying Public Sector Public Benefit Entity (PBE) Standards Reduced Disclosure Regime as appropriate to public benefit entities that qualify for Tier 2 reporting. The Group is considered a Public Benefit Entity as it meets the criteria specified as 'having a primary objective to provide goods and/or services for community or social benefit and where any equity has been provided with a view to supporting that primary objective rather than for financial return to equity holders'.

## PBE Accounting Standards Reduced Disclosure Regime

The Group qualifies for Tier 2 as the group is not publicly accountable and is not considered large as it falls below the expenditure threshold of \$30 million per year. All relevant reduced disclosure concessions have been taken.

#### Measurement Base

The consolidated financial statements are prepared on the historical cost basis unless otherwise noted in a specific accounting policy.

# **Presentation Currency**

These consolidated financial statements are presented in New Zealand dollars, rounded to the nearest dollar.

# Specific Accounting Policies

The accounting policies used in the preparation of these consolidated financial statements are set out below.

#### Critical Accounting Estimates And Assumptions

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, revenue and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

Note - The following disclosures are examples of critical accounting estimates. The school should consider disclosing information about key assumptions concerning the future and other key sources of estimation uncertainty at reporting date, that have a **significant risk** of causing material adjustment to the carrying amounts of assets and liabilities within the next financial year. Information should be disclosed that helps users of the financial statements understand the judgments management makes about the future and about other key sources of estimation uncertainty.

Examples of the types of disclosures made are:

- The nature of the assumption and other estimation uncertainty
- The sensitivity of carrying amounts to the methods, assumptions, and estimates underlying their calculation, including the reasons for the sensitivity:
- The expected resolution of an uncertainty and the range of reasonably possible outcomes within the next financial year in respect of the carrying amounts of the assets and liabilities affected; and
- An explanation of changes made to past assumptions concerning those assets and liabilities, if the uncertainty remains unresolved.

The following disclosures are examples of critical accounting estimates:

#### Cyclical maintenance

A school recognises its obligation to maintain the Ministry's buildings in a good state of repair as a provision for cyclical maintenance. This provision relates mainly to the painting of the school buildings. TThe estimate is based on the school's best estimate of the cost of painting the school and when the school is required to be painted, based on an assessment of the school's condition During the year, the Board assesses the reasonableness of its painting maintenance plan on which the provision is based. Cyclical maintenance is disclosed at note 18.

# Useful lives of property, plant and equipment

The Group reviews the estimated useful lives of property, plant and equipment at the end of each reporting date. The Group believes that the estimated useful lives of the property, plant and equipment as disclosed in the significant accounting policies are appropriate to the nature of the property, plant and equipment at reporting date. Property, plant and equipment is disclosed at note 13.

# Critical Judgements in applying accounting policies

Management has exercised the following critical judgements in applying accounting policies:

#### Classification of leases

Determining whether a lease is a finance lease or an operating lease requires judgement as to whether the lease transfers substantially all the risks and rewards of ownership to the school. A lease is classified as a finance lease if it transfers substantially all risks and rewards incidental to ownership of an underlying asset to the lessee. In contrast, an operating lease is a lease that does not transfer substantially all the risks and rewards incidental to ownership of an asset to the lessee.

Judgement is required on various aspects that include, but are not limited to, the fair value of the leased asset, the economic life of the leased asset, whether or not to include renewal options in the lease term, and determining an appropriate discount rate to calculate the present value of the minimum lease payments. Classification as a finance lease means the asset is recognised in the statement of financial position as property, plant, and equipment, whereas for an operating lease no such asset is recognised. Finance lease liability disclosures are contained in note 20. Future operating lease commitments are disclosed in note 28.

# Recognition of grants

The School reviews the grants monies received at the end of each reporting period and whether any require a provision to carry forward amounts unspent. The School believes all grants received have been appropriately recognised as a liability if required. Government grants are disclosed at note 2.

#### Consolidation of entities

The Group consolidates entities based on whether the School has established control of the subsidiary. The subsidiaries which are controlled are disclosed at Note 31.

# c) Revenue Recognition

#### **Government Grants**

The Group receives funding from the Ministry of Education. The following are the main types of funding that the School receives.

Operational grants are recorded as revenue when the Group has the rights to the funding, which is in the year that the funding is received.

Teachers salaries grants are recorded as revenue when the Group has the rights to the funding in the salary period they relate to. The grants are not received in cash by the Group and are paid directly to teachers by the Ministry of Education.

Other Ministry Grants for directly funded programs are recorded as revenue when the School has the rights to the funding in the period they relate to. The grants are not received in cash by the School and are paid directly by the Ministry of Education.

The property from which the School operates is owned by the Crown and managed by the Ministry of Education on behalf of the Crown. These are not received in cash by the School as they equate to the deemed expense for using the land and buildings which are owned by the Crown. The School's use of the land and buildings as occupant is based on a property occupancy document as gazetted by the Ministry. The expense is based on an assumed market rental yield on the value of land and buildings as used for rating purposes.

This is a non-cash revenue that is offset by a non-cash expense. The use of land and buildings grants and associated expenditure are recorded in the period the School uses the land and buildings.

#### For Integrated Groups, this note should instead include the following:

The property from which the School operates is owned by the Proprietor. Grants for the use of land and buildings are also not received in cash by the school however they equate to the deemed expense for using the land and buildings. This expense is based on an assumed market rental yield on the land and buildings as used for rating purposes.

This is a non-cash revenue that is offset by a non-cash expense. The use of land and buildings grants and associated expenditure are recorded in the period the School uses the land and buildings.

#### Other Grants where conditions exist

Other grants are recorded as revenue when the Group has the rights to the funding, unless there are unfulfilled conditions attached to the grant, in which case the amount relating to the unfulfilled conditions is recognised as a liability and released to revenue as the conditions are fulfilled.

#### Donations, Gifts and Bequests

Donations, gifts and bequests are recognised as an asset and revenue when the right to receive funding or the asset has been established unless there is an obligation to return funds if conditions are not met. If conditions are not met funding is recognised as revenue in advance and recognised as revenue when conditions are satisfied.

## Interest Revenue

Interest Revenue earned on cash and cash equivalents and investments is recorded as revenue in the period it is earned. Interest revenue is accrued using the effective interest method.

#### d) Operating Lease Payments

Payments made under operating leases are recognised in the Consolidated Statement of Comprehensive Revenue and Expense on a straight line basis over the term of the lease.

# e) Finance Lease Payments

Finance lease payments are apportioned between the finance charge and the reduction of the outstanding liability. The finance charge is allocated to each period during the lease term on an effective interest basis.

#### f) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, bank balances, deposits held at call with banks, and other short term highly liquid investments with original maturities of 90 days or less, and bank overdrafts. The carrying amount of cash and cash equivalents represent fair value.

# g) Accounts Receivable

Short-term receivables are recorded at the amount due, less an allowance for expected credit losses (uncollectable debts). The schools receivables are largely made up of funding from the Ministry of Education, therefore the level of uncollectable debts is not considered to be material. However, short-term receivables are written off when there is no reasonable expectation of recovery.

# h) Inventories

Inventories are consumable items held for sale and are comprised of stationery and school uniforms. They are stated at the lower of cost and net realisable value. Cost is determined on a first in, first out basis. Net realisable value is the estimated selling price in the ordinary course of activities less the estimated costs necessary to make the sale. Any write down from cost to net realisable value is recorded as an expense in the Consolidated Statement of Comprehensive Revenue and Expense in the period of the write down.

# i) Investments

Bank term deposits are initially measured at the amount invested. Interest is subsequently accrued and added to the investment balance. A loss allowance for expected credit losses is recognised if the estimated loss allowance is material.

Equity investments are designated at initial recognition at fair value through other comprehensive revenue and expense because they are investments that the group intends to hold for long term strategic purposes. They are initially measured at fair value plus transaction costs. They are subsequently measured at their fair value with gains and losses recognised in other comprehensive revenue and expense. When sold, the cumulative gain or loss previously recognised in other comprehensive revenue and expense is transferred within equity to accumulated surplus/(deficit).

The Group has met the requirements of Section 154 (2)(b)(ii) of the Education and Training Act 2020 in relation to the acquisition of investment securities.

# j) Property, Plant and Equipment

Land and buildings owned by the Crown are excluded from these consolidated financial statements. The Board's use of the land and buildings as 'occupant' is based on a property occupancy document.

Improvements (funded by the Board) to buildings owned by the Crown are recorded at cost, less accumulated depreciation and impairment losses.

Property, plant and equipment are recorded at cost or, in the case of donated assets, fair value at the date of receipt, less accumulated depreciation and impairment losses. Cost or fair value, as the case may be, includes those costs that relate directly to bringing the asset to the location where it will be used and making sure it is in the appropriate condition for its intended use.

Gains and losses on disposals (i.e. sold or given away) are determined by comparing the proceeds received with the carrying amounts (i.e. the book value). The gain or loss arising from the disposal of an item of property, plant and equipment is recognised in the Consolidated Statement of Comprehensive Revenue and Expense.

For Integrated Groups, change "Crown" to "Proprietor" or name the legal entity that owns the land and buildings.

#### Finance Leases

A finance lease transfers to the lessee substantially all the risks and rewards incidental to ownership of an asset, whether or not title is eventually transferred. At the start of the lease term, finance leases are recognised as assets and liabilities in the statement of financial position at the lower of the fair value of the leased asset or the present value of the minimum lease payments. The finance charge is charged to the surplus or deficit over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability. The amount recognised as an asset is depreciated over its useful life. If there is no reasonable certainty whether the school will obtain ownership at the end of the lease term, the asset is fully depreciated over the shorter of the lease term and its useful life.

#### Depreciation

Property, plant and equipment except for library resources are depreciated over their estimated useful lives on a straight line basis. Library resources are depreciated on a diminishing value basis. Depreciation of all assets is reported in the Consolidated Statement of Comprehensive Revenue and Expense.

The estimated useful lives of the assets are:

Building improvements
Board Owned Buildings
Furniture and equipment
Information and communication technology
Motor vehicles
Textbooks
Leased assets held under a Finance Lease
Library resources

10–75 years 10–75 years 10–15 years 4–5 years 5 years 3 years Term of Lease

12.5% Diminishing value

#### k) Intangible Assets

Software costs

Computer software acquired by the Group are capitalised on the basis of the costs incurred to acquire and bring to use the specific software. Costs associated with subsequent maintenance and research expenditure are recognised as an expense in the Consolidated Statement of Comprehensive Revenue and Expense when incurred.

Fees to access the supplier's application software in a SaaS arrangement:

Where the Software as a Service (SaaS) contract only gives the school the right to receive access to the supplier's application software, costs associated with the licence would be expensed when incurred due to a lack of control over an identified asset. When the Group receives rights beyond right of access, this could indicate that the Group has an intangible asset, if the definition and recognition criteria under PBE IPSAS 31 are satisfied.

The carrying value of software is amortised on a straight line basis over its useful life. The useful life of software is estimated as three years. The amortisation charge for each period and any impairment loss is recorded in the Consolidated Statement of Comprehensive Revenue and Expense.

# I) Impairment of property, plant, and equipment and intangible assets

The Group does not hold any cash generating assets. Assets are considered cash generating where their primary objective is to generate a commercial return.

# Non cash generating assets

Property, plant, and equipment and intangible assets held at cost that have a finite useful life are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. If such indication exists, the Group estimates the asset's recoverable service amount. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable service amount. The recoverable service amount is the higher of an asset's fair value less costs to sell and value in use.

Value in use is determined using an approach based on either a depreciated replacement cost approach, restoration cost approach, or a service units approach. The most appropriate approach used to measure value in use depends on the nature of the impairment and availability of information.

In determining fair value less costs to sell, the Group engages an independent valuer to assess market value based on the best available information. The valuation is based on [details of the valuer's approach to determining market value (i.e. what valuation techniques have been employed, comparison to recent market transaction etc.)].

If an asset's carrying amount exceeds its recoverable service amount, the asset is regarded as impaired and the carrying amount is written down to the recoverable amount. The total impairment loss is recognised in the surplus or deficit.

The reversal of an impairment loss is recognised in the surplus or deficit. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable service amount since the last impairment loss was recognised.

## m) Accounts Payable

Accounts Payable represents liabilities for goods and services provided to the Group prior to the end of the financial year which are unpaid. Accounts Payable are recorded at the amount of cash required to settle those liabilities. The amounts are unsecured and are usually paid within 30 days of recognition.

## n) Employee Entitlements

# Short-term employee entitlements

Employee benefits that are due to be settled within 12 months after the end of the period in which the employee renders the related service are measured based on accrued entitlements at current rates of pay. These include salaries and wages accrued up to balance date and annual leave earned, by non teaching staff, but not yet taken at balance date.

# Long-term employee entitlements

Employee benefits that are not expected to be settled wholly before 12 months after the end of the reporting period in which the employee provides the related service, such as retirement and long service leave, have been calculated on an actuarial basis.

The calculations are based on the likely future entitlements accruing to employees, based on years of service, years to entitlement, the likelihood that employees will reach the point of entitlement, and contractual entitlement information, and the present value of the estimated future cash flows. Remeasurements are recognised in surplus or deficit in the period in which they arise.

#### o) Revenue Received in Advance

Revenue received in advance relates to fees received from [international and hostel students] and grants received [Resource Teacher: Learning and Behaviour] (delete as appropriate) where there are unfulfilled obligations for the Group to provide services in the future. The fees or grants are recorded as revenue as the obligations are fulfilled and the fees or grants are earned.

The Group holds sufficient funds to enable the refund of unearned fees in relation to international students, should the Group be unable to provide the services to which they relate. (If this statement is incorrect, please delete)

# p) Funds Held in Trust

Funds are held in trust where they have been received by the Group for a specified purpose, or are being held on behalf of a third party and these transactions are not recorded in the Consolidated Statement of Comprehensive Revenue and Expense.

The Group holds sufficient funds to enable the funds to be used for their intended purpose at any time. (If this statement is incorrect, please delete)

## q) Funds held for Capital works

The School directly receives funding from the Ministry of Education for capital works projects that are included in the School five year capital works agreement. These funds are held on behalf and for a specified purpose. As such these transactions are not recorded in the Consolidated Statement of Comprehensive Revenue and Expense.

The School holds sufficient funds to enable the funds to be used for their intended purpose at any time.

# r) Shared Funds

Shared Funds are held on behalf of a cluster of participating schools as agreed with the Ministry of Education. In instances where funds are outside of the Group's control, these amounts are not recorded in the Consolidated Statement of Comprehensive Revenue and Expense. The Group holds sufficient funds to enable the funds to be used for their intended purpose.

## s) Provision for Cyclical Maintenance

The property from which the School operates is owned by the Crown, and is vested in the Ministry. The Ministry has gazetted a property occupancy document that sets out the Board's property maintenance responsibilities. The Board is responsible for maintaining the land, buildings and other facilities on the Group sites in a state of good order and repair.

Cyclical maintenance, which involves painting the interior and exterior of the School, makes up the most significant part of the Board's responsibilities outside day-to-day maintenance. The provision is a reasonable estimate, the School's best estimate of the cost of painting the school and when the school is required to be painted, based on an assessment of the school's condition.

The School carries out painting maintenance of the whole school over a 7 to 10 year period. The economic outflow of this is dependent on the plan established by the School to meet this obligation and is detailed in the notes and disclosures of these accounts.

For Integrated Schools, use the following:

The property from which the School operates is owned by the Proprietor. The Board is responsible for maintaining the land, building and other facilities on the School sites in a state of good order and repair.

# t) Financial Instruments

The Group's financial assets comprise cash and cash equivalents, accounts receivable, and investments. All of these financial assets, except for investments that are shares, are initially recognised at fair value and subsequently measured at amortised cost, using the effective interest method.

Investments that are shares are categorised as 'financial assets at fair value through other comprehensive revenue and expense' for accounting purposes in accordance with financial reporting standards. On initial recognition of an equity investment that is not held for trading, the group may irrevocably elect to present subsequent changes in the investment's fair value in other comprehensive revenue and expense. This election has been made for investments that are shares. Subsequent to initial recognition, these assets are measured at fair value. Dividends are recognised as income in surplus or deficit unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in other comprehensive revenue and expense and are never reclassified to surplus or deficit.

The Group's financial liabilities comprise accounts payable, borrowings, finance lease liability, and painting contract liability. Financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and any gain or loss on derecognition are recognised in surplus or deficit.

## u) Borrowings

Borrowings on normal commercial terms are initially recognised at the amount borrowed plus transaction costs. Interest due on the borrowings is subsequently accrued and added to the borrowings balance. Borrowings are classified as current liabilities unless the school has an unconditional right to defer settlement of the liability for at least 12 months after balance date.

## v) Goods and Services Tax (GST)

The consolidated financial statements have been prepared on a GST exclusive basis, with the exception of accounts receivable and accounts payable which are stated as GST inclusive.

The net amount of GST paid to, or received from, the IRD, including the GST relating to investing and financing activities, is classified as a net operating cash flow in the consolidated statements of cash flows.

Commitments and contingencies are disclosed exclusive of GST.

# w) Budget Figures

The budget figures are extracted from the Group budget that was approved by the Board.

# x) Services received in-kind

From time to time the Group receives services in-kind, including the time of volunteers. The Group has elected not to recognise services received in kind in the Consolidated Statement of Comprehensive Revenue and Expense.

If there is any Overseas Travel incurred in the current period which is material to the School (including significant travel expenses for professional development), this should be shown separately. You will need to add another line. Please also include disclosure in the note outlining the nature of the trip, who went on the trip, the reason for the expense being incurred (including the educational outcomes).

Refer to Overseas travel guidance link (right) for further guidance on the matter.

The use of land and buildings figure represents 5% of the School's total property value. This is used as a 'proxy' for the market rental of the property. Property values are established as part of the nation-wide revaluation exercise that is conducted every 30 June for the Ministry of Education's year-end reporting purposes.

The carrying value of short-term deposits with maturity dates of 90 days or less approximates their fair value.

# The following notes should be used where applicable:

Of the \$252,341 Cash and Cash Equivalents, \$10,000 is held by the Group on behalf of the Ministry of Education. These funds have been provided for the Ministry as part of the school's 5 Year Agreement funding for upgrades to the school's buildings. The funds are required to be spent in 2024 on Crown owned Group buildings.

Of the \$252,341 Cash and Cash Equivalents, \$100,000 of unspent grant funding is held by the Group. This funding is subject to conditions which specify how the grant is required to be spent. If these conditions are not met, the funds will need to be returned.

Of the \$252,341 Cash and Cash Equivalents, \$2,000 is held by the School on behalf of the XX cluster. See note x for details of how the funding received for the cluster has been spent in the year.

# Other restrictions on cash that may require disclosure include funds held in trust and international student and hostel fees as disclosed in note 17.

In 2022, the School Board signed an agreement with Scheduled Maintenance Services Ltd (the contractor) for an agreed programme of work covering an eight year period. The programme provides for an interior and exterior repaint of the Ministry owned buildings in 2022, with regular maintenance in subsequent years. The liability is the best estimate of the actual amount of work performed by the contractor for which the contractor has not been paid at balance sheet date. The liability has not been adjusted for inflation and the effect of the time value of money.

#### 20. Finance Lease Liability

The Group has entered into a number of finance lease agreements for computers and other ICT equipment. Minimum lease payments payable:

#### 23. Funds Held for Teen Parent Unit

The School's Teen Parent Unit is a separate business unit of the school in accordance with the agreement with the Ministry of Education. The revenue and expenditure is included in the Consolidated Statement of Comprehensive Revenue and Expense. During the year, the funds were spent on employee benefit expenses, administration and property management expenses.

#### 24. Related Party Transactions

The Group is a controlled entity of the Crown, and the Crown provides the major source of revenue to the Group. The Group enters into transactions with other entities also controlled by the Crown, such as government departments, state-owned enterprises and other Crown entities. Transactions with these entities are not disclosed as they occur on terms and conditions no more or less favourable than those that it is reasonable to expect the Group would have adopted if dealing with that entity at arm's length.

Related party disclosures have not been made for transactions with related parties that are within a normal supplier or client/recipient relationship on terms and condition no more or less favourable than those that it is reasonable to expect the Group would have adopted in dealing with the party at arm's length in the same circumstances. Further, transactions with other government agencies (for example, Government departments and Crown entities) are not disclosed as related party transactions when they are consistent with the normal operating arrangements between government agencies and undertaken on the normal terms and conditions for such transactions.

The Proprietor of the School (name of proprietor) is a related party of the School Board because the proprietor appoints representatives to the Board, giving the proprietor significant influence over the Board. Any services or contributions between the Board and Proprietor have been disclosed appropriately. If the proprietor collects fund on behalf of the school (or vice versa), the amounts are disclosed

The Proprietor provides land and buildings free of charge for use by the School Board as noted in Note 1(c). The estimated value of this use during the current period is included in the Statement of Comprehensive Revenue and Expense as "Use of land and buildings".

Under an agency agreement, the School collects funds on behalf of the Proprietor [or vice versa]. These include attendance dues, building levy and special character donations payable to the Proprietor [update as appropriate]. The amounts collected in total were \$652,568 (2022: \$500,568). These do not represent revenue in the financial statements of the school. Any balance not transferred at the year end is treated as a liability. The total funds held by the school on behalf of the proprietor are \$10,440, (2022: \$5,367).

In addition, the School has entered into a Service Level Agreement with the Proprietor for the provision of services, including administration and payroll, for the amount of \$50,000.

The Proprietor provides hostel services that are used by some of the school's students in accordance with a contract between the School Board and Proprietor.

If there is a non arms length transaction you can use the following example wording as a basis for the disclosure:

Nicholas Reid is a trustee of the Board and also owns PC Services Limited. During the year the Group contracted PC Services Limited to maintain and service the Group's computer hardware and software for a discounted rate. The total value of all transactions for the year was \$1,950 (2022: \$1,100) and no amount is outstanding as at balance date (Prior period: nil). Because this amount is less than \$25,000 including GST for the year the contract does not require Ministry approval under Schedule 23 Clause 10 of the Education and Training Act 2020.

Where a Group controls another entity, further disclosures are required in this note.

#### 25. Remuneration

Key management personnel compensation (School)

Key management personnel of the Group include all School Board members, Principal, Deputy Principals and Heads of Departments.

| Board Members                               | Actual<br>\$ | Actual<br>\$ |

2023

2022

The disclosure for 'Other Employees' does not include remuneration of the Principal.

#### 26. Compensation and Other Benefits Upon Leaving

The total value of compensation or other benefits paid or payable to persons who ceased to be board members, committee members, or employees during the financial year in relation to that cessation and number of persons to whom all or part of that total was payable was as follows:

|                  | 2023    | 2022   |
|------------------|---------|--------|
| School           | Actual  | Actual |
| Total            | \$5,000 | -      |
| Number of People | 1       | -      |

#### 27. Contingencies

There are no contingent liabilities (except as noted below) and no contingent assets as at 31 December 2023 (Contingent liabilities and assets at 31 December 2022: nil).

The School Board was notified of a claim of \$10,000 alleging a breach of contract. The Board has not recognised this matter in the consolidated financial statements because the likelihood of the claim surfacing is not probable as there is no substance to the matter.

#### Holidays Act Compliance – schools payroll

The Ministry of Education performs payroll processing and payments on behalf of school boards, through payroll service provider Education Payroll Limited.

The Ministry continues to review the schools sector payroll to ensure compliance with the Holidays Act 2003. An initial remediation payment has been made to some current school employees. The Ministry is continuing to perform detailed analysis to finalise calculations and the potential impacts of specific individuals, as such this is expected to resolve the liability for school boards.

#### 28. Commitments

#### (a) Capital Commitments

## At 31 December 2023, the Board had capital commitments of \$26,455 (2022:\$229,946) as a result of entering the following contracts
