Session Summaries

Recommendations

- CAW8-REC1
 - providers of reprocessed/improved coastal altimetry data in NRT should make available also the non-spatially filtered version of the data.
- CAW8-REC2
 - support R&D in development of more accurate tidal models in the coast (including merging regional models with global ones)

EOS Report

Send in your posters!

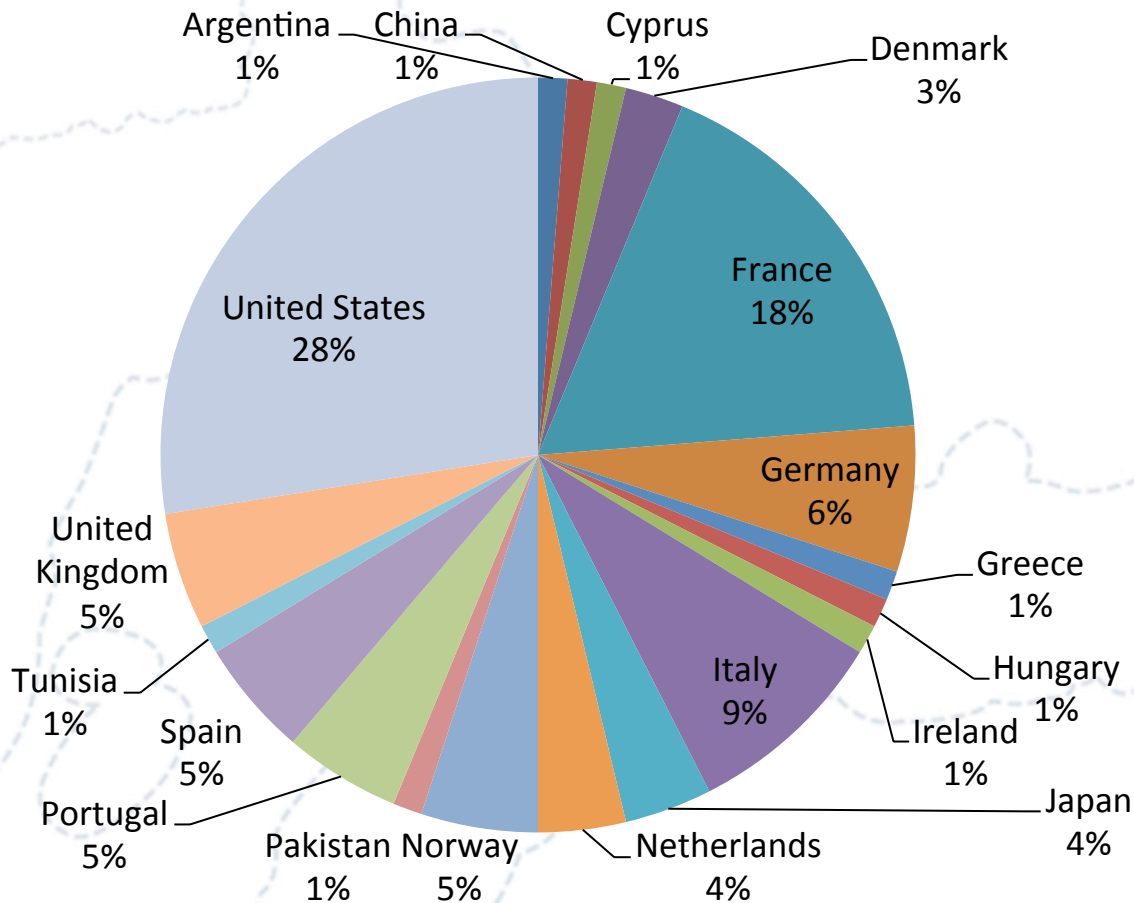

- Presentations go online
 - send us posters too
- www.coastalt.eu/community
 - tell us if you want to be on COASTALT-SWT mailing list and your are not yet
- Come again next year (probably in the US?)
