

Appendix 4C Quarterly Cash Flow Report to 30 June 2024

All figures are stated in Australian dollars and are unaudited

Highlights:

- Adherium closed a successful capital raise of \$8.37m with participation from Directors, Chief Executive Officer (CEO) and major shareholders
- AstraZeneca selected Adherium's Smartinhaler technology to support \$1.1M clinical trial
- Adherium secured landmark partnerships with Valued Relationships Inc. (VRI) and Rimidi

Melbourne, Australia – 30 July 2024: Leading digital health company Adherium Limited (ASX:ADR), a provider of integrated digital health solutions and a world leader in connected respiratory medical devices, presents its Appendix 4C cash flow report for the quarter ended 30 June 2024.

Adherium CEO, Dr. Paul Mastoridis, said: *"I am pleased to share with you the significant progress Adherium has made this Quarter. Our strategic initiatives and partnerships have positioned us strongly in the respiratory health management sector. It is truly exciting to see our ambitions for meaningful collaboration with key industry stakeholders now taking shape, allowing us to test the capabilities of our technology and its impact in clinical practice. With reimbursement in place, this is an important window of time to cement the building blocks of sustainable revenue generation – and we are well on track."*

Allergy Partners & SENTA Remote Patient Monitoring

Adherium has made significant strides in its mission to improve patient outcomes through its innovative adherence and inhaler technique monitoring program. Adherium is delighted to announce the Company has begun enrolling patients from esteemed customers, SENTA and Allergy Partners, into this program.

Adherium is dedicated to empowering patients through monitoring of inhaler usage, training of proper inhaler technique and fostering a positive experience. By ensuring patients take their medications as prescribed, Adherium aims to reduce the frequency of asthma attacks and enhance their overall quality of life.

This initiative is a testament to the Company's commitment to leveraging technology to support better health outcomes. The team is deeply focused on patient education and adherence, to make a meaningful difference in the lives of those managing chronic respiratory conditions.

Strategic Partnership with Valued Relationships Inc. (VRI)

During the Quarter, Adherium announced a strategic partnership with VRI, a leader in remote patient monitoring solutions. VRI is a subsidiary of ModivCare, a technology-enabled healthcare services company. VRI specializes in remote patient monitoring solutions, which includes services like medication management and health monitoring to support patients in their homes. This collaboration will enhance our capabilities by providing comprehensive respiratory care and monitoring, leveraging VRI's extensive network and expertise.

This landmark partnership integrates our Hailie® technology into VRI's member care protocols, enhancing care through personalised feedback and improved respiratory disease management. Hailie digital adherence devices will be incorporated into Tenovi hubs that can transmit data to clinicians without the use of smartphones.

Partnership with Rimidi

A new partnership was signed on 3 April 2024 focusing on integrating Adherium's innovative Hailie Smartinhalers into Rimidi's comprehensive clinical management platform now used by health systems, capitated health plans and physician practices across 17 states in the US. Rimidi's platform is known for its ability to seamlessly integrate into existing Electronic Health Record (EHR) systems supporting quality improvement initiatives, workflow optimisation and patient engagement objectives including Epic and Cerner, two largest EHR systems most widely used by US hospitals and health systems. By combining Adherium's technology with Rimidi's platform, clinicians can make more informed decisions, tailor interventions, improve adherence and proper inhaler technique and personalize care plans to improve patient outcomes.

AstraZeneca's Selection of Adherium Smartinhaler

AstraZeneca has selected Adherium's Smartinhaler technology for its upcoming study.

This agreement is supported by a \$1.1M contract with AstraZeneca to test the capabilities of Adherium's Hailie® Smartinhaler® platform. AstraZeneca's inhaled medication use will be recorded and transferred via Hailie Smartinhaler devices, providing invaluable medication adherence metrics to patients and their care teams.

This selection underscores the reliability and innovation of Adherium's products in improving patient outcomes and adherence to medication.

American Thoracic Society International Conference

The Adherium team had the privilege of attending the American Thoracic Society International Conference in San Diego, California which had 16,007 attendees. The ATS International Conference showcases the latest advances in respiratory science, patient care, and global public health.

This event provided valuable insights and opportunities to showcase the Company's latest advancements in respiratory health technology to a global audience of healthcare professionals.

Placement and Entitlement Offer

Adherium successfully launched a Placement and Entitlement Offer to raise up to \$8.37 million. This funding will be instrumental in accelerating the Company's growth, expanding its product portfolio, and enhancing its market presence.

US FDA Clearance of Hailie® for AstraZeneca Inhalers

Adherium announced on 15 April 2024 that the US FDA has granted clearance for the Hailie® sensor to be used with AstraZeneca's Airsupra® and Breztri® inhalation devices. This clearance is a testament to the Company's commitment to regulatory excellence and innovation in respiratory care.

Adherium is now a global leader in the provision of digital health solutions, with 14 US FDA (510K) cleared inhalation sensors now on market.

Summary of recent announcements up to this date:

- Adherium secures a strategic partnership with VRI
- AstraZeneca selected Adherium Smartinhaler for its study
- Attending American Thoracic Society International Conference
- Placement and Entitlement Offer to raise up to \$8.37 million
