Development and validation of prognostic nomograms for large hepatocellular carcinoma after HAIC. Ther Adv Med Oncol. *Open Access*

The screenshot shows the RightsLink interface for a Sage Publications article. At the top left is the CCC RightsLink logo. At the top right is a 'Sign In/Register' button and a help icon. The main content area is divided into two sections. The first section, titled 'Development and validation of prognostic nomograms for large hepatocellular carcinoma after HAIC', includes the Sage logo, author information (Wang Yao, Ran Wei, Jia Jia, Wang Li, et al.), publication details (Therapeutic Advances in Medical Oncology, SAGE Publications), and the date (2023-01-01). The second section, titled 'Welcome to RightsLink', provides information about the Creative Commons CC-BY-NC license and offers options for reusing the content. It includes a dropdown menu for selecting a license option and an important notice regarding content reuse.
