To access full text of a document from the metadata screen –

Option one: Click the **Download** button
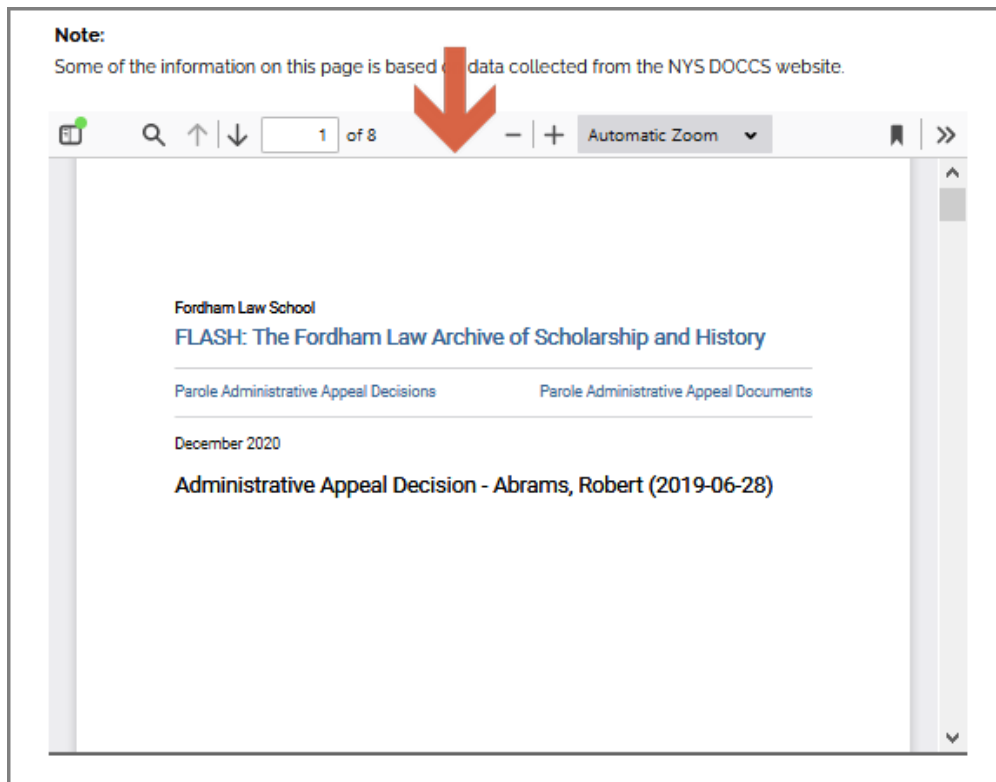

Option Two: Scroll down to the bottom of the page

to view the embedded PDF

To navigate back, click the desired breadcrumb at the top of the page
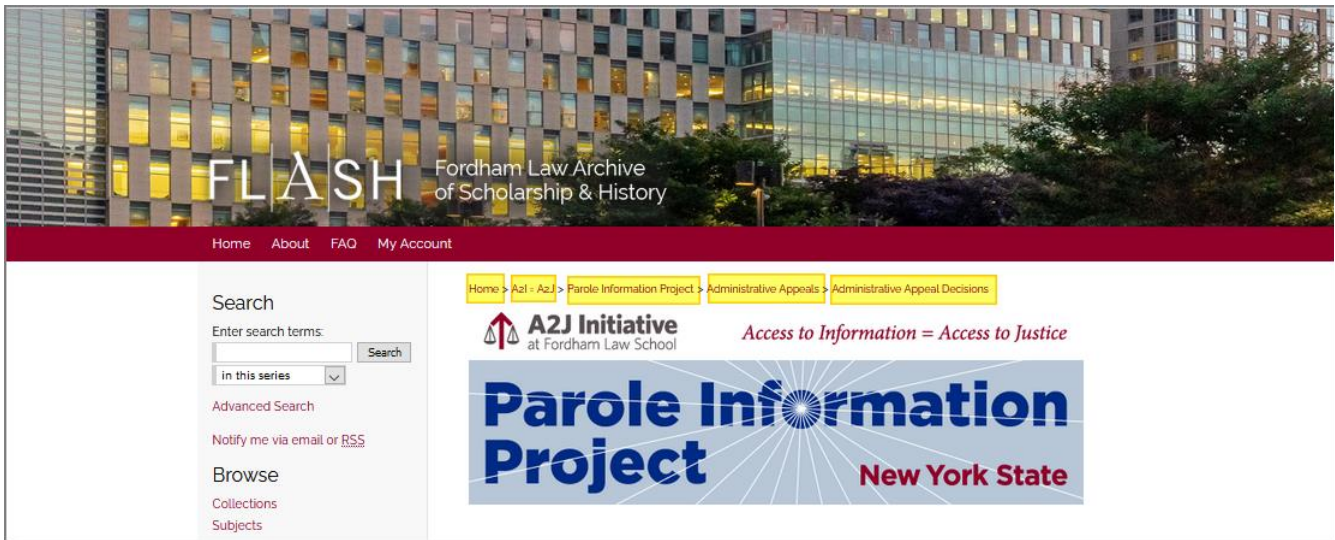

Searching the Collection

Searching from a collection page: Enter your search term in the search box. From the drop-down menu below, select the scope of your search: this collection; this repository [FLASH]; or across all [Digital Commons] repositories. Click **Search.**
Boolean operators **AND**, **OR**, **NOT** (in upper case) are supported.
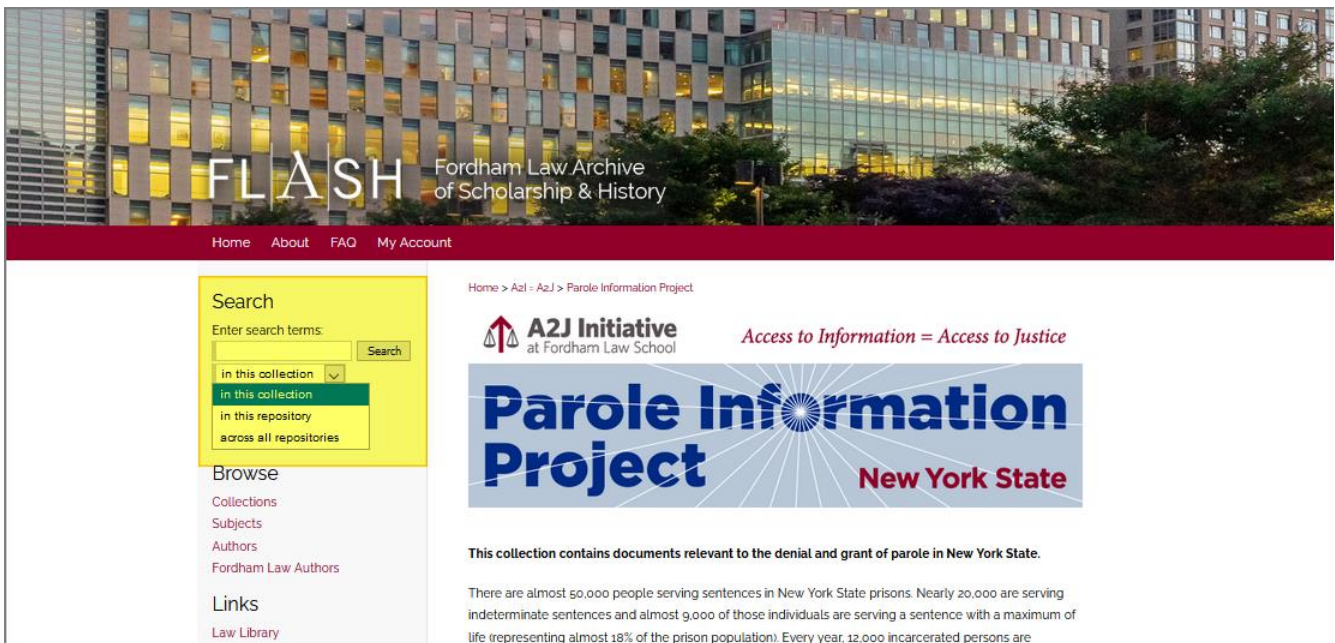

Note that when searching from one of the project's sub-collections (e.g., Administrative Appeal Decisions), the first scope option will change from "collection" to "series".
This means that your search will be limited to that sub-collection/series.
