28
29 December 1, 2023

30
31 Robin Jones, Chief Clerk
32 Colorado House of Representatives
33 Denver, CO 80203

34
35 Dear Chief Clerk Jones,

36
37 Effective December 11, 2023, I will resign my position as State
38 Representative for House District 37. I am profoundly grateful for the
39 honor and privilege of serving my community in the state legislature, and
40 want to extend my thanks to the many people who have helped along the
41 way.

42
43

1 Thank you to everyone who has supported me in serving my community.
 2 I'm also grateful to every constituent who has reached out during my
 3 term, whether it was to give your perspective on our policy work, or to let
 4 me know how the state can better serve you. Your engagement is
 5 invaluable.
 6
 7 While I'm proud of our legislative accomplishments, it has recently
 8 become clear that the sensationalistic & vitriolic nature of the current
 9 political environment is not healthy for me or my family. Despite this, I
 10 am thankful to the many people in the Capitol who have made this past
 11 year so productive, illuminating, and often fun. I am confident that we in
 12 District 37 will continue to benefit from responsive and visionary leaders
 13 in the legislature.
 14
 15 I am so proud to have represented my community in the State House this
 16 past year. It has been the honor of my life. Growing up here as part of a
 17 struggling family, I could never have imagined I'd have the privilege to
 18 represent my own community in such important work. I'm proud of what
 19 we in the legislature have accomplished on behalf of the people of my
 20 district, and for the state of Colorado. While it is bittersweet to leave, I
 21 take solace and pride in the fact that tireless public servants in the House
 22 will continue to work on policies that benefit the people of Colorado.

23
24 Sincerely,

25

40 **RESIGNATION**

41
42 December 18, 2023
43 Robin Jones, Chief Clerk
44 Colorado House of Representatives
45 Denver, CO 80203

46
47 Dear Chief Clerk Jones,

48
49 It is with a heavy heart that I tender my resignation from my position as
50 State Representative in the Colorado State Legislature, effective
51 December 31, 2023. This decision comes after careful consideration of
52 various personal and professional factors.

53
54 The primary reason for my resignation is the financial strain that this
55 position has imposed on my family. The compensation offered for the
56 responsibilities and commitments of this role has not been commensurate

1 with the cost of living and my family's financial needs. Doing this work
2 has taken my focus off other ventures that have sustained me through my
3 time here, and has caused a financial strain that can no longer be endured.
4 This is a common problem for many legislators and creates a prohibitive
5 environment for voices to be heard. Representation is held by those with
6 the means to sustain themselves, and that has quickly become something
7 I can no longer do.

8
9 I am grateful for the opportunities and experiences that this role has
10 afforded me, and I am proud of the initiatives and efforts made during my
11 tenure. I have always strived to represent the best interests of my
12 constituents. This is the most rewarding work I have ever undertaken. I
13 am deeply saddened that I can no longer continue to represent my
14 constituents and their interests at the Capitol.

15
16 In addition to the lack of compensation, the environment has become
17 characterized by vitriol and a lack of collegial behavior. The polarized
18 and contentious atmosphere has hindered constructive dialogue. This has
19 made it increasingly challenging to effectively serve the constituents and
20 fulfill the duties of this esteemed office. I truly hope those that continue
21 on with this work take notice and begin to have more open and honest
22 dialogue about future legislation and decorum in the chamber. This is a
23 place that can generate great results for the people of Colorado. I truly
24 hope that the voices of the marginalized can rise above to effect the
25 change needed.

26
27 I will work diligently to ensure a smooth transition of my responsibilities.
28 I remain committed to supporting and advocating for the betterment of
29 our state, albeit in a different capacity.

30
31 I extend my deepest gratitude to the residents of House District 31 for
32 their trust and support throughout my tenure. I am optimistic about the
33 future and will continue to remain engaged in serving our community.
34 Thank you for your understanding and support during this transition
35 period.

36
37 Sincerely,

38

54

1 Good morning and welcome to the People's House! It's wonderful to see
2 everyone here. And It is my honor to open the Second Regular Session of
3 the 74th General Assembly.

4
5 One of my favorite parts of opening day is seeing everyone's families,
6 and especially all the new additions. Congratulations again to Reps.
7 Daugherty, Jodeh, Andy Kenney with Colorado Public Radio, and soon
8 Representative Luck!

9
10 I'm grateful to be joined here by my family. Thank you to my husband
11 Jamie, and my parents Bob & Etta Strand. Your love, patience and
12 support mean a great deal to me. I am blessed.

13
14 It's great to see the Republican leadership here in one piece after a
15 successful summer on horseback. Everyone seems to be okay. No broken
16 bones! Love to see it. Welcome as well to all our candidates for Congress.
17 My goodness; there are a lot of you running this year!

18
19 For some of you, today will be your last opening day in the House. To
20 Representatives Catlin, deGruy Kennedy, Herod, McLachlan, and
21 Weissman. Congratulations on seven - soon to be eight - successful
22 years of public service. Your dedication and leadership will be a powerful
23 legacy!

24
25 I want to take a moment and ask all of you to join me in thanking all the
26 wonderful people who make this place run. Our sergeants, custodial staff,
27 nonpartisan staff in Legislative Council, Office of Legislative Legal
28 Services, Joint Budget Committee, and our House Clerks. They do so
29 much to make sure we can get our work done. Please join me in a round
30 of applause.

31
32 Members, as we begin this session, I'd like to take a moment to remember
33 someone we lost last year, a True Coloradan. One of the greats.

34
35 My friend and neighbor, John Fielder, showed us the immense beauty of
36 our state and the feelings of wonder that are inherent to living in
37 Colorado. I'm honored that his daughters, Katy and Ashley, son-in-law,
38 Dan, and grandchildren, Savannah, Gigi, and Daniel, are here with us
39 today. Please stand, and give them a warm welcome.

40
41 From our cities and our mountains to our waters, forests, clean air, lakes,
42 and prairies, his photographs remind us that we are always called to
43 protect the state that we love.

44
45 It's important to acknowledge that these beautiful lands as captured
46 through John's lens were first those of the indigenous people who have
47 called Colorado home for generations.

48
49 Last year, the leaders of the Southern Ute and Ute Mountain Ute Tribes
50 addressed the General Assembly for the first time. As they prepare to do
51 so again on Ute Day in March, I urge us all to listen and lend our support
52 to the priorities they present.

53
54 With gratitude to History Colorado, today through the lens of John
55 Fielder, Frank Muramoto, and Robert Wineberg, we will see reflections

1 of our great state and something everyone can recognize as special. A
2 place they've been. A moment that sparks curiosity. The grandeur of the
3 natural world formed so long ago. Through their photographs, which will
4 be displayed before you during my speech, we can see and feel the
5 Colorado Spirit.
6
7 What you'll see in the photos behind me is what binds us together-- the
8 shared capacity to be in awe and to be moved by the Colorado Spirit. We
9 are all people who feel the pressures, challenges and joys of serving our
10 communities in these jobs.
11
12 The people who work here, serve here and visit here all deserve to be
13 treated with dignity and respect at all times. That's the Colorado Way. It
14 is also one of my three big goals for this session.
15
16 It's the Colorado Spirit that binds us together.
17
18 The first goal I want to talk about today is how we can guarantee a fair
19 shake for every member, respect our diversity of lived experiences and
20 identities, and make civility in our discourse a priority.
21
22 Each member represents thousands of Coloradans in just one district,
23 each of us equal in our role as state representative. The House rules are
24 here to guarantee that each member has one vote and one voice, and to
25 ensure that no member's vote or voice is more important than another's.
26
27 A fair shake for every member also means the opportunity to speak to
28 legislation, offer amendments, and engage in the legislative process with
29 the understanding you will be treated with respect. My request is that we
30 take a moment to consider what we say, how we speak to a bill and the
31 words we choose to make our points.
32
33 To quote Ted Lasso who maybe quoted Walt Whitman: Be Curious, Not
34 Judgmental. From Fielder's magnificent landscapes to Muramoto's 100
35 year old photos of Japanese Americans in Pueblo, we can see the curiosity
36 they had for what was in front of their camera, and we can feel that
37 Colorado Spirit ourselves when we look at their art.
38
39 I'd like us to remember that curiosity and spirit in how we approach our
40 conversations to engage in authentic debate with each other. That means
41 raising respectful questions that further our desire to explore the subject
42 at hand.
43
44 It means listening and appreciating members' responses, putting down
45 your phone, getting off of social media and having real conversations
46 with one another.
47
48 We can engage on tough issues without disregarding the humanity and
49 dignity of our colleagues or accusing each other of poor motives.
50
51 To assist in these efforts, House Leadership will develop a consistent
52 rubric to guide our conversations in the well. My thanks to Assistant
53 Majority Leader Bacon, Representative Weissman and Speaker Pro
54 Tempore deGruy Kennedy for getting the work off the ground on this
55 important initiative.

1 Finally, a fair shake means every lawmaker can come to work feeling
2 safe. Let's recommit ourselves to our Workplace Expectations Policy and
3 work together to create a warm, safe, welcoming culture here in this
4 Chamber, our home for the next 120 days.

5
6 After all, this is the people's House. We have and will continue to take all
7 steps necessary to honor the people who come here to share their hopes,
8 dreams and concerns. I appreciate the work of our Chief Clerk and the
9 House Services committee this interim to implement new guidance and
10 training protocols for staff that allow everyone the opportunity to
11 participate in the democratic process.

12
13 We can do all these things because we have done them before. Where we
14 have fallen short in the past, we must redouble our efforts to do better this
15 session.

16
17 One of the hallmarks of our legislature is that we find ways to reach
18 across the aisle on important policies that impact our communities.
19 Experience shows us that we're stronger when we collaborate, so my
20 second big goal for this session is to renew our focus on how we can
21 channel the Colorado Spirit and work together to achieve lasting policy
22 results.

23
24 Last year, we passed important bipartisan legislation to reduce the risk of
25 wildfires, improve student math scores, boost microchip production and
26 create jobs. Working across party lines, we created the Office of School
27 Safety, increased funding for special education, and improved
28 transparency into hospital costs.

29
30 Two years ago, we worked together to allocate federal stimulus dollars to
31 build more housing, expand workforce training, and increase access to
32 behavioral health care. It's exciting to see these grants fund critical efforts
33 all across our state.

34
35 Since we adjourned last May, more than \$118 million from legislation we
36 passed is building or preserving nearly 2,900 affordable housing units in
37 34 developments and 30 counties.

38
39 Buena Vista was awarded \$1.35 million to build 129 units. Alamosa will
40 deploy \$4.2 million to build a community with 406 new affordable units
41 for renters, homeowners and seniors. \$6.2 million is adding 28 units to
42 the Ordway East Duplex Development project in southeast Colorado. \$3
43 million is helping build 175 units at the Hope Springs development in
44 Greeley. And \$4.4 million will go to rehabilitate the Helen Hunt Campus--
45 transitional housing that serves the Pikes Peak region.

46
47 That's just to name a few.

48
49 Additionally, investing in our workforce is an issue that is near and dear
50 to me. Now at over 20 higher education institutions from Otero, Fort
51 Morgan and Pueblo Community Colleges to our area technical colleges
52 and my home institution of Colorado Mountain College, students can now
53 earn a completely free credential for a career in nursing, teaching,
54 firefighting, construction, or law enforcement.

55

1 Opportunity Now grants are directing \$90 million to 46 new career
2 pathways that bring together education institutions and businesses to help
3 workers learn the skills they need to enter high-demand industries.
4
5 For example, the Northeast Colorado BOCES will partner with Haxtun
6 Health, the Colorado Education Initiative and Northeastern Junior
7 College to create pathways to careers to meet workforce needs in
8 northeast Colorado.
9
10 We have a dire need to support the recruitment and retention of teachers,
11 particularly teachers of color. With teachers of color making up 40
12 percent of their graduate students, Relay School of Education will partner
13 with Denver Public Schools and use nearly \$2.5 million to offer four and
14 two year licenses in teaching while participants work full time at partner
15 schools.
16
17 In addition to supporting our workforce, we also allocated millions of
18 dollars in broadband investments to connect thousands of Coloradans to
19 high speed internet in Craig, Hayden, Montrose, Olathe, Ouray,
20 Ridgeway, and Pueblo.
21
22 These are just a handful of the many success stories we share as a body.
23 And it shows me that when we work together, we can make a real
24 difference. While a lot of these grants received little fanfare, they are truly
25 transforming Colorado communities.
26
27 Last year, Democrats had tremendous success working together and
28 collaborating toward common goals shared by the vast majority of
29 Coloradans. We passed a landmark package of reproductive health laws
30 that will protect patients, expand access to abortion and secure the health
31 care people in our state, or those coming here, need.
32
33 Public opinion polls show that Coloradans agree: common sense gun
34 violence prevention laws make our communities safer. We passed five
35 new gun safety measures that will crack down on ghost guns, require a
36 three day waiting period, increase the age to purchase a firearm and allow
37 victims of gun violence to seek justice.
38
39 When we worked together, we passed laws to save people money on
40 health care, prescription drugs and utility bills. We created a right to
41 repair for agriculture equipment!
42
43 I'm so proud of our work to save Coloradans money on electric vehicles,
44 green transit options, and clean energy alternatives that will improve our
45 air, protect our water, and help us meet our climate goals.
46
47 And during our special session, we came together with near unanimous
48 approval from Democrats to deliver urgent property tax relief, rental
49 assistance and significant support for working families.
50
51 It's clear that when we collaborate, we get things done for Colorado.
52
53 As we redouble our efforts to work together, we do so with a clear
54 objective in mind– to deliver the results Coloradans want to see. My third

1 big goal this session is to help us be successful in passing policies that
2 align with our shared values and make the progress Coloradans are
3 looking for.

4
5 From our youngest Coloradans to students pursuing higher education
6 degrees or looking to advance their careers, supporting learners at all
7 stages will be front and center because education is the foundation of our
8 society.

9
10 I am excited that this will be the year, the year, we finally eliminate the
11 budget stabilization factor. This means we will deliver a historic level of
12 funding to Colorado schools that districts can use to increase teacher and
13 educator pay, reduce class sizes, and set our students up to thrive.

14
15 Reaching this overall funding level is a foundational achievement in and
16 of its own, but we cannot stop there. We will drive equity into the school
17 finance formula and bolster the funding that goes to our small rural
18 remote districts and those with more at-risk students, or students in need.

19
20 This session will be transformative for education in our state– a
21 monumental leap forward in our endeavor to offer every student the
22 world class education they deserve.

23
24 And building on our work to improve K-12 education, we will continue
25 to transform how Coloradans can enter the careers of their dreams in
26 high-demand fields.

27
28 Businesses, chambers of commerce, colleges and universities, unions and
29 trade associations are stepping up to create affordable pathways to the
30 jobs of the future. These inspiring efforts are increasing employment and
31 revitalizing communities who need workers. That is why we will continue
32 to partner with these leaders to create an economy-for-all.

33
34 Also this year, we renew our efforts to make our state more affordable so
35 that every Coloradan can live in the communities they call home. This
36 begins with housing. Last year, we did not accomplish everything we'd
37 hoped for, but this year, we will try again and deliver.

38
39 Over the summer, Representative Mabrey asked if I would go with him
40 to Eviction Court. I cannot tell you how much I appreciated this
41 experience. The hardship and economic instability that follows eviction
42 is devastating for families and can lead to cycles of joblessness and
43 homelessness.

44
45 Each and every eviction is heartbreaking, and this year Denver alone
46 reached 13,000 evictions, the most since 2008 when records first started.
47 I know how hard Rep. Mabrey and Majority Leader Duran are working
48 to reduce evictions and help people have a fair chance to stay in their
49 homes. I applaud their work to prohibit evictions except for cause.

50
51 Lawmakers this year will present a meaningful package of bills to build
52 more homes and save people money on housing. This starts with a broad
53 statewide and regional approach to housing assessments and planning. It
54 includes legislation to legalize accessory dwelling units (ADUs) and
55 multifamily housing near transit and incentivizes local governments to
56 preserve housing stock Coloradans can afford.

1 Join me in this goal to deliver these critical policy outcomes that will
2 make our state more affordable and boost the economic security of
3 hardworking families.

4
5 Just as every Coloradan deserves a home they can afford, every
6 Coloradan deserves to live safely in their communities free from gun
7 violence. I am excited for the work this year to improve public safety and
8 reduce gun deaths with common sense policies driven by data and
9 science. We will not let a fringe group's lawsuits against the good work
10 of this body deter us from saving lives.

11
12 Prioritizing the health and safety of Coloradans is a commitment we make
13 and there should be no disagreement that our changing climate is harming
14 communities in our state. Our response must meet the moment.

15
16 We cannot bury our heads in the sand with junk science and climate
17 denialism while our neighbors face chronic health conditions from air
18 pollution, annual wildfire evacuations, agricultural losses, and the erosion
19 of our future.

20
21 Far too often, the impacts of this crisis fall disproportionately on people
22 of color, marginalized communities and vulnerable Coloradans, leading
23 to cycles of poverty and health disparities. It will continue to be a top
24 priority for us to improve our air quality, crack down on harmful
25 emissions, and increase transit options to protect the future of this state.

26
27 Building a brighter future for our state will always be our focus, but while
28 we cannot right the wrongs of the past, we can learn and strive to
29 eliminate the health, education, and economic disparities that continue to
30 harm people of color in our state. This year, we will pass legislation to
31 create a trail blazing investigation proposed and led by the Black Caucus
32 to look into how systems of racism, state actions, and discrimination in
33 housing, health care and education have led to longstanding inequalities
34 for Black Coloradans.

35
36 We come here to serve all Colorado. While our efforts to build more
37 housing, improve education, and protect our environment will boost our
38 entire state, we know that rural Colorado and our agriculture industry are
39 facing unique challenges that demand our attention.

40
41 From agriculture and outdoor recreation to tourism and mining, a mix of
42 economic drivers fuel Colorado's rural economies, which are also facing
43 a range of different pressures from environmental to market forces.

44
45 This session, we intend to reauthorize the bipartisan Rural Economic
46 Development Initiative and Rural Jumpstart Tax Credit, which will create
47 jobs and boost small businesses from our Eastern Plains to our Western
48 Slope.

49
50 Water is intrinsic to the Colorado Spirit, and the lifeblood of our
51 agriculture industry and tourism economies. The recent United States
52 Supreme Court decision about the definition of Waters of the United
53 States leaves many of our waterways in Colorado unprotected. In the
54 wake of this difficult decision, we have an opportunity to take action to
55 reestablish these critical protections.

56

1 Based on the recommendations of the Colorado River Drought Task
2 Force, we will pass legislation to secure our water future for generations
3 to come and protect the majestic and pristine landscapes of our beloved
4 state.

5
6 Like the incredible Colorado landscape we seek to protect, photography
7 is often breathtaking, inspiring and complex. The person behind the
8 camera can choose what to put in their frame, what to bring into focus
9 and what to leave to our imagination. But what the photographers I've
10 featured today captured for us was something deeply truthful, the
11 unadulterated force that is the Colorado spirit.

12
13 What we see at the national level with partisan politics and personal
14 attacks is not what we want to see in Colorado. That's not the Colorado
15 spirit. We can disagree without trying to score points. It is a choice we
16 can make, and I urge us to embody the Colorado spirit in our debates.

17
18 This session is a new opportunity for all of us. Our recent experience
19 shows that when we collaborate and listen to each other, we deliver on
20 our progressive values and move Colorado forward.

21
22 Serving in this chamber is a profound privilege I hope we cherish and use
23 for the good of all. Every one of you deserves a fair shake to do that, and
24 I am committed to making sure that you have it.

25
26 Upholding our promises will require us to work together and hold one
27 another accountable to be our better angels. Join me, join one another in
28 making this commitment today.

29
30 Now it is time to get to work. The members of the House Majority were
31 elected with a clear focus to deliver for Colorado, and my goal is to make
32 sure that happens.

33
34 Thank you Members for your dedication to the people of our state, and it
35 is my honor to open the Second Regular Session of the 74th Colorado
36 General Assembly!

37
38 **Minority Leader Lynch addressed the Members of the House of**
39 **Representatives:**

40
41 Well, here we are again! Why is it exactly that we come back to this
42 room? Is it the prestige of being called Representative or getting to wear
43 a suite everyday? Or maybe the snacks, or the cold pizza dinners? I think
44 NOT. I hope it is because we are true Coloradans that care about our
45 communities, that care about Colorado. A Colorado who's natural beauty
46 in the outdoors has drawn many to vacation here and fall in love with that
47 beauty, enough that they pack up their lives and relocate to live in this
48 incredible environment. That common bond of the love of natural beauty
49 has caused immense diversity in this state. We truly represent a melting
50 pot of race, religion, education, levels, and interests.

51
52 How awesome is it to see this room filled to roof with those people and
53 that diversity here today. We are assembled here today in the people's
54 house. This is not the representatives house, this is the peoples house.

55
56

1 Take a look around at what our society has created to take up the
2 concerns and needs of its citizens. This building and this institution is
3 truly special in America.

4
5 As special as the reason it was built, which is to keep our society stable
6 through the creation of laws. I hope we can embrace that these laws are
7 not to constrain our citizens but instead free them from a tyrannical
8 government, allowing them to be whatever God has blessed them with the
9 ability to become.

10
11 Our initial establishment for this great land is that we come from a
12 heritage of ensuring that the PEOPLE are in charge, NOT US in this
13 chamber, but for us to be responsive to the people and carry the voices of
14 the many thousands that each of us represent, and at the end of the day,
15 our job is to constrain the government from being overbearing in our lives
16 and taking away our freedoms. It is not our job to override the voices of
17 our citizens but to lift them up.

18
19 That all sounds well and good, but the contentious process of getting to
20 these seats clouds our vision of how we conduct ourselves once we get
21 inside the gold dome. We are easily tempted to put party over the people
22 and service takes a second seat to our personal ambitions. I implore you
23 to remember it is not you that sits in those seats, it is the thousands of
24 people who put you there. Most of them you agree with, but some of them
25 you do not. Those voices are important as well! Those voices are the ones
26 the minority represents here today. The voices you may not agree with but
27 are still there to be heard from, in each one of your districts. I ask only
28 one thing of you, please let those voices be heard.

29
30 The voices that continue to believe in limited government, property
31 rights, and school choice. Those Coloradans who understand there is no
32 such thing as government money, but understand it is their money,
33 because government has no way of producing income outside of our
34 citizens free market successes. Those entrepreneurs and business owners
35 who feel they are over-taxed and over-regulated. Those citizens who
36 support multiple energy choices in our state. The people in the
37 agricultural parts of this state that ensure we have food on our table
38 everyday. Parents who go to bed frightened that their child will buy an
39 illegal drug on the internet – and die of a fentanyl overdose. Those who
40 don't want to leave Colorado because they cannot afford the property tax
41 because they are on a fixed income. And, those who do not feel security
42 in their towns and just want safety on our streets.

43
44 The Minority will work everyday to ensure that those concerns are
45 addressed through vigorous debate.

46
47 Today, the Republican minority comes to the floor of the House of
48 Representatives in a small number. However, I can tell you we are
49 bringing those who know how to serve, as almost half of our members
50 have said that they are willing lay down their life for this country through
51 their military service, literally representing every branch of service.

52
53 If my fellow veteran members of both sides of the aisle could please stand
54 and be recognized. Every one of these members has put their name on the
55 line saying they are willing to die for this country.

56

1 These are people who understand a mission and have the experience to
2 accomplish it. We are also bringing a wealth of knowledge through career
3 public servants and business leaders all of whom have very impressive
4 resumes and many years of expertise to bring to our conversations of how
5 to make the lives of Coloradans better. I could not be more honored to
6 work with this very distinguished group of leaders and I am humbled to
7 have the role of leading them in the 74 General Assembly.

8
9 So today, as we start this second session of the 74 General Assembly, may
10 we first never forget we are servants of the people that will create history
11 and records that will be handed down long after we are gone.

12
13 The actions and interactions between us will be judged by those who
14 expect us to remain civil and above the fray of a petty tweet. If you have
15 something to say to or about another member they are only a few steps
16 away in this room.

17
18 May we boldly take those steps and discuss our differences face to face
19 and come to an agreement, even if that agreement is to disagree but walk
20 away from that fellow human with an deeper understanding of the
21 opposing point of view. I will make that commitment right now, I also
22 don't really know how to work twitter!

23
24 But seriously we are not going to agree, we are going to vigorously
25 defend our differing opinions, we are going to be delighted and
26 disappointed from day to day. May we also never forget that we are
27 colleagues and individuals with way more in common as humans and
28 Americans than we have in differences as members of a political party.
29 I am looking forward to the work we have ahead of us, and getting to
30 know each of you as we work for a better Colorado. May God bless
31 Colorado.

**ADDRESS BY THE HONORABLE
Jared Polis**

6

7

8 Welcome.

9

10 Over the last year, I've been thinking a lot about who we want to be when
11 our great State turns 150 years old in two years? As we envision our
12 future together, I'm reminded of President Kennedy's speech at Rice
13 University in 1962. Because it was there that he articulated his bold
14 vision, saying, "We choose to go to the Moon in this decade... not
15 because [it's] easy, but because [it's] hard."

16

17 He took a seemingly impossible goal, something never attempted in
18 human history, and made it a mission. The "moonshot" goal, as it came
19 to be known, set a standard, not just for the United States, but the world,
20 and it ushered in a new era of American innovation. Seven years later,
21 Neil Armstrong spoke those famous words, "One small step for a man,
22 one giant leap for mankind" - turning the moonshot goal into mission
23 accomplished. It wasn't easy. But with a vision to guide them and that
24 famous American work ethic, they got it done.

25

26 Throughout Colorado's history, we've often been the ones leading the
27 change, blazing new trails, turning our dreams into reality. We've literally
28 moved mountains, building roads and tunnels and railroads through the
29 impenetrable Rockies.

30

31 We were the first state in America to pass voting rights for women
32 through a vote of the people - cementing our place as a State that not only
33 cherishes and upholds the rights and freedoms of people, but expands
34 those rights in pursuit of a more perfect state and nation.

35

36 Colorado's Republican Governor Ralph Carr stood virtually alone among
37 high-ranking elected officials in opposing the forced relocation of
38 Japanese-Americans during World War II, and in condemning racial
39 prejudice.

40

41 Over the last five years, we've blazed new trails in Colorado in early
42 childhood education with the creation of free, full-day kindergarten and
43 free universal preschool - saving Colorado families thousands of dollars
44 and giving our children the best possible start in life.

45

46 Colorado was the first state to legalize recreational use of cannabis,
47 setting a standard for innovation, safety, and economic mobility that has
48 been replicated by other states and countries around the world. Now,
49 thanks to our voters, we're once again leading the nation on natural
50 medicine, unfreezing 50 plus years of stifled research.

51

52 We're a hub for the groundbreaking quantum industry - with computing
53 capabilities and job creation that even some of the most futuristic movies
54 and novels couldn't imagine.

55

1 And, at long last, Colorado is the rightful permanent home of U.S. Space
2 Command, ensuring our national security in the increasingly important
3 space domain. All of this work was at one point seen as too hard, even pie
4 in the sky. But we've proven that we can accomplish anything when we
5 work together.

6
7 You know, as I look around this room, I see quite a few of you who have
8 announced campaigns for other offices: Congress, county commissioner,
9 mayor, city council. And I know there's been some buzz about what
10 might be next for me as well. Well, I'm ready to put an end to the
11 speculation - especially with competition gearing up in the next few
12 weeks. Today I'd like to announce that I will be trying out for the
13 Colorado Rockies this spring. Who needs legislation when you can have
14 home runs.

15
16 All kidding aside, together, we must ensure that our state remains THE
17 best place to live, raise a family, and launch a business, while
18 strengthening our dynamic economy, creating jobs and making Colorado
19 safer. And we all know we need to make our state more affordable.

20
21 Together we can create more housing for all Coloradans and increase
22 access to convenient and low cost transit opportunities, improving our
23 quality of life and making the future of our state even brighter. A better
24 environment with cleaner water and air. A better economy. And better
25 public health and transportation.

26
27 The real life situations that families face on rent or a mortgage need no
28 introduction or explanation. They loom large with our friends, our family
29 - it's a matter of statewide concern.

30
31 Simply put, we must create more housing in our state that Coloradans at
32 all income levels can rent or buy in the communities where they want to
33 live and near job opportunities. And by reducing housing costs we will
34 also decrease homelessness in our communities. I want to thank the
35 mayors who are on the front lines of this issue and have joined us here
36 today: Denver Mayor Mike Johnston, Aurora Mayor Mike Coffman,
37 Colorado Springs Mayor Yemi Mobolade, and Fort Collins Mayor Jeni
38 Arndt.

39
40 I've been spending a lot of time listening to Coloradans from Pueblo to
41 Fort Collins, Aurora to Grand Junction. It's no surprise that the top issue
42 everywhere is housing costs. I hear from parents who fear their children
43 will never own their own home here in Colorado. They aren't alone, 83%
44 of Colorado parents worry their children won't be able to afford to live
45 here.

46
47 I also hear from older Coloradans who fear they won't be able to age in
48 the communities they love, or won't be able to downsize because, even
49 though their house has increased in value, high interest rates and property
50 taxes prevent them from affording even a smaller home. That's why we
51 must work during this session to make the Senior Homestead Exemption
52 portable.

53
54 I also hear from young parents who want to raise their children in a home
55 of their own, and frontline workers - teachers, firefighters, police officers,

1 healthcare workers, our exceptional state workforce - many of whom
2 can't live even near the community where they work. I hear from business
3 owners who can't recruit the talent they need, and college students who
4 don't believe home ownership will ever be part of their future.
5
6 There is a real sense of hopelessness and despair in our state around
7 housing that's on par, in many ways, with how people feel about the
8 divisiveness of our national politics. Since the start of 2022, higher
9 interest rates and home values have driven the typical mortgage payment
10 up by 73%, while income has failed to keep pace. To not do anything
11 would be "highly illogical" as Spock would say.
12
13 Last year, we took an important step by banning growth caps that
14 outlawed new housing in our communities thanks to the leadership of
15 Representative Lindstedt and Senator Gonzales. I also signed an
16 Executive Order to remove bureaucratic barriers and cut through red tape,
17 reducing turnaround times for contracts, grants and loans from the
18 Department of Local Affairs' and the Division of Housing to 90 days.
19 The state is putting our skin in the game, and doing our part to solve the
20 housing crisis. And with your partnership, we can build on that progress.
21
22 Together we can create a Colorado where homeowners have the property
23 rights and financial tools they need to build an Accessory Dwelling Unit
24 - also known as a granny flat or casita - for an aging parent, child or long
25 term renter, creating more housing supply that's inherently affordable and
26 filling critical gaps in our communities. According to a survey, more than
27 80% of Coloradans are supportive of allowing ADUs in their
28 communities.
29
30 Today we're joined by Yoseph Assefa, a Coloradan who has directly
31 experienced the benefits of ADUs. Yoseph said that the ability to build
32 an ADU on his property with the Denver Housing Authority has been a
33 game changer for his family, increasing property value and creating
34 another housing option for the family of four he is renting it to. Please
35 join me in welcoming Yoseph, who is here with us today with his family.
36
37 Together we can help more Coloradans like Yoseph make decisions that
38 work best for themselves and their families, and create more housing for
39 others. I look forward to working with the sponsors who are leading the
40 way in this exciting legislative effort.
41
42 This session, I will be supportive of bills that reduce the cost of housing
43 and encourage innovative approaches like new financing strategies,
44 easing parking restrictions, tackling liability costs for multi-family condo
45 construction, reducing the cost of fire insurance - especially in the face of
46 increasing climate-related disasters like the Marshall Fire, which we just
47 observed the second anniversary of - and I will be very skeptical of bills
48 that increase the cost of housing.
49
50 As you might be able to tell, housing policy that creates more affordable
51 choices for Coloradans is my Roman Empire. If you don't get that joke,
52 feel free to ask someone from Gen Z.
53
54 Ending discriminatory occupancy limits that especially hurt renters is
55 another important way that we can break down harmful barriers to

1 housing and create more equity. I want to thank Representative Mabrey
2 and Representative Rutinel, and Senator Gonzales and Senator Exum for
3 taking on this important housing and civil rights issue.
4
5 What it comes down to is creating a Colorado where people from all
6 backgrounds can live in homes they can afford near accessible and
7 reliable transportation options – buses, bikes, and walkable
8 neighborhoods.
9
10 Imagine leaving your home and heading to the train stop or bus station
11 just a few blocks away. Maybe you walk or ride your bike. From there
12 you ride to work in the morning in style, and because the schedule is
13 reliable, you know exactly what time you'll catch the train or bus to come
14 home later that day. You don't have to worry about whether you have
15 enough gas, or if the roads will be icy. And if you do choose to drive a
16 car, there is less traffic. On the weekends you use that same transit stop
17 to head downtown to see me play in a World Series Champion Rockies
18 game or for dinner with your friends. And because you live in a home you
19 can afford and are saving money on gas and car repairs, you can put your
20 money toward other priorities. What a wonderful day in Mr. Rogers'
21 neighborhood... and soon more neighborhoods across our state.
22
23 This is already happening in communities like Olde Town Arvada and
24 downtown Fort Collins, where thriving downtown centers are built
25 around business, transportation, and housing. But we need more shining
26 examples.
27
28 Transit oriented and connected communities can create a better future for
29 our state and drive our prosperity and enjoyment with less traffic, more
30 housing people can afford and better air quality. We want to provide the
31 tools our communities need to make this happen.
32
33 This year, I'm excited about a proposal in my budget that will help local
34 governments build housing infrastructure in more transit-oriented
35 neighborhoods by addressing construction hurdles like access to water;
36 aging sewer and stormwater systems; and by increasing opportunities for
37 walking, biking, busing and all forms of transportation. It's a start, but we
38 need a well-rounded approach – and that includes goals for housing that
39 every community can work toward in their own way.
40
41 These goals must consider jobs, zoning capacity, transit areas, housing
42 density, and factors like regional equity, infrastructure capacity, and
43 water. We also need transit-oriented housing policy that incentivizes
44 communities to meet meaningful goals, provides accountability, and
45 rewards jurisdictions for going above and beyond.
46
47 I'm excited that my budget also expands the State Affordable Housing
48 Tax Credit, providing crucial financial incentives for transit areas that
49 will help increase affordability. I want to thank Representatives Jodeh and
50 Woodrow and Senators Hansen and Winter for their efforts to help more
51 Coloradans live in transit-oriented neighborhoods and achieve this
52 powerful vision of more affordable housing and transit in Colorado. This
53 work is important, but in order to build more housing near reliable transit,
54 we need – you guessed it – transit that actually works.
55

1 The distance the average Coloradan drives per year has increased by more
2 than 20% over the past 40 years, and recent data shows that commuters
3 in Denver were stuck in traffic for an average of 54 hours, more than an
4 entire work week. And time isn't the only thing getting wasted.
5 Coloradans are spending too much money on gas, to the tune of roughly
6 \$1800 per year per driver, not to mention maintenance and depreciation
7 costs.
8

9 Thanks to Senate Bill 260 from 2021, which supercharged transportation
10 funding for the state, and significant Federal funding, roads are finally
11 getting better across the state of Colorado, but we're not done yet. We
12 have the planes, and we have the automobiles, we just need the trains.
13

14 For too long passenger rail has been another "moonshot" - out of reach
15 for too many people in our state. Coloradans love the idea, but many
16 people believe it's not something they'll see in our lifetimes. Yes it's big,
17 and yes it's bold, and I'm here to tell you it's within reach.
18

19 Agatha Christie wrote, "To travel by train is to see nature and human
20 beings...in fact, to see life." We have a vision for Front Range and
21 Mountain Rail that will create access points across the state that connect
22 people to more housing, more businesses, and more jobs. Getting people
23 places quicker and less expensively. And we're going to get it done.
24

25 After years of waiting, the pieces are falling into place. The federal
26 government has approved more than \$66 Billion dollars - billion with a
27 B - to create a world-class rail system for the country. So it's no longer a
28 question of if the United States will see a massive expansion of passenger
29 rail, but it's a question of whether Colorado will seize this opportunity
30 and get our fair share of those federal dollars.
31

32 With existing tracks, now utilized mostly for commercial rail, we have a
33 unique opportunity to extend daily passenger rail service through the
34 Rocky Mountains. We need to take action to ensure that we get train
35 service from Union Station to west Jefferson County, Winter Park,
36 Steamboat Springs, on to Craig and Hayden, alleviating traffic in our
37 mountain corridors, supporting more housing that's affordable for the
38 local workforce, and helping our coal-dependent communities strengthen
39 and diversify their economies.
40

41 Together we must also deliver on the unfulfilled FASTtracks promise of
42 train service from Union Station to Boulder, Longmont and then on to
43 Loveland and Fort Collins. Again, this isn't pie-in-the-sky: we can do this
44 through a joint effort between CDOT, RTD and the Front Range Rail
45 district, and we can start now. The problem of unfinished public transit
46 has gone on far too long, and taxpayers are sick and tired of paying for
47 services they're not getting.
48

49 If we move boldly this session to seize these unprecedented federal
50 investments we can lock in transformational passenger rail opportunities
51 in time for our 150th birthday in 2026. The story of our state's founding
52 and early economic success is intertwined with the historic railroad
53 expansion of the 1800s, just as our dreams for the future will be
54 intertwined with the expansion of passenger rail and transit oriented
55 communities.

1 I am looking forward to partnering with Senate President Fenberg to
2 ensure we take this opportunity to get it done. These efforts must be
3 combined with a more expansive, statewide bus system. Colorado has
4 seen the exciting success of Bustang, Snowstang, and Pegasus, which
5 connected nearly 300,000 Coloradans across the state last year alone. And
6 this is a model that we are continuing to expand. But we must go further
7 to improve convenience for all Coloradans while improving our air
8 quality and reducing traffic.

9
10 This isn't something we can do alone. We need reliable regional transit
11 organizations across our state, including in the metro areas. We can have
12 access to better transportation options that meet the needs of all
13 Coloradans, but it requires us to reimagine what that means. And of
14 course that includes RTD. With state investments like free fares for better
15 air, we are seeing some progress, and enhanced ridership. But there's
16 more we need to do. We must reexamine governance and operational
17 efficiencies, expand local partnerships, build on the work of the RTD
18 Accountability Committee, and give RTD and transit agencies across our
19 state the tools, structure, and financial resources to deliver better service
20 to more people, creating a transportation system that meets the needs of
21 Coloradans while supporting more housing near transportation hubs and
22 improving our air quality. I look forward to working with Senator Winter
23 and Representative Lindstedt on legislation to get us. So let's actually
24 deliver on the housing and transit solutions that Coloradans are
25 demanding. As Yoda would say, "Do or Do Not, there is no try."

26
27 We must do, and we must SHOW Coloradans what it looks like when
28 there is more housing for every budget and more convenient and lower
29 cost mobility statewide for every resident.

30
31 Nothing is more important or fundamental to healthy communities than
32 public safety. I want to take a moment to recognize the men and women
33 in law enforcement and members of the military here with us today.
34 Please rise and let us thank you for your service.

35
36 We all deserve to be safe, which is why our goal is to make Colorado one
37 of the ten safest states in the nation by 2027 and I will be supporting
38 legislation to further that goal and will be very skeptical of any legislation
39 that would make us less safe.

40
41 Over the last few years we've made important investments in effective,
42 locally driven efforts, including training and support for local law
43 enforcement. This has resulted in scholarships for 135 recruits to attend
44 the POST Academy. 194 law enforcement recruitment events across the
45 state, more than 900 training sessions and more than 400 community
46 events.

47
48 Through legislation led by Senator Buckner, former Senator Cooke,
49 Senator Will and Representative Valdez, we funded more than 50
50 initiatives throughout the state that use evidence-based strategies to make
51 our communities safer including crime prevention and violence
52 interrupter efforts, law enforcement community outreach, crisis
53 intervention, mentoring, co-response models, and recovery housing. Early
54 data shows a downward trend in violent crime, which is why this year we
55 want to continue these investments to create safer communities for
56 everyone.

1 Last year, with the leadership of Senator Gardner, Senator Bridges,
2 Senator Zenzinger, Representative Bird, Representative Soper,
3 Representative Titone, and Representative Bockenfeld, we took important
4 steps to crack down on auto-theft. When a car is stolen, it impacts
5 employment, health care visits, child care access, and many aspects of
6 daily life. And we invested in technology to locate and return stolen
7 vehicles, and we strengthened the dedicated auto-theft task force. We
8 provided more support for District Attorneys to successfully prosecute the
9 criminals responsible, and we took action to make criminal penalties for
10 auto theft tougher by eliminating the value of a vehicle from
11 consideration.

12
13 We're starting to move in the right direction! As of September last year,
14 Colorado had seen a 21% year over year reduction in stolen vehicles, in
15 Denver a 27% reduction - including a major reduction of auto theft at
16 Denver International Airport. Ongoing, data-driven investments in
17 reducing auto theft are absolutely critical if we want to continue fighting
18 all the crimes associated with auto theft.

19
20 We are also actively involved in helping victims of crime get back on
21 their feet, providing additional funding to help people get the support and
22 resources they need to recover and heal. I have also called on our
23 Congressional delegation to increase federal funding for victims through
24 a fix to the Victims of Crime Act. I especially appreciate Majority Leader
25 Duran's continued advocacy for this work and look forward to her
26 partnership in the months ahead.

27
28 Sadly, in the last few months, there's been a dramatic increase in horrific
29 acts of hate across the world, including here at home. Between October
30 7 and January 7, the Anti Defamation League recorded a 360 percent
31 increase in antisemitic incidents nationwide. The rise in antisemitism,
32 Islamophobia, and hate in all forms is unacceptable in Colorado.

33
34 Colorado is a state that welcomes everyone – no matter your country,
35 your background, where you worship, or who you love. Every single
36 person has the right to feel safe at home, in their communities, and at their
37 places of worship. So, we called on this body to help protect nonprofit
38 organizations and religious institutions, like temples and mosques, that
39 are facing a heightened risk of targeted violence. I want to thank the Joint
40 Budget Committee for taking swift action to provide additional funding
41 for this work last month. And we've already gotten the money out!

42
43 Today we are joined by educators from Beth Jacob High School of
44 Denver and the Islamic Center of Fort Collins, which both received
45 funding supported by the State of Colorado and are using it to make
46 security improvements and better protect their communities. Please join
47 me in welcoming them here today. But it goes beyond simple funding. It's
48 about coordinating our efforts to root out hate TOGETHER.

49
50 In keeping with our commitment to public safety, Colorado is leading the
51 nation in our efforts to prevent gun violence. Whether it's strengthening
52 our red flag law, establishing waiting periods, requiring safe storage of
53 firearms in homes where kids are present, or banning ghost guns, we are
54 a model for the nation in practical, commonsense solutions to the problem

1 of gun violence, while protecting our cherished Second Amendment
2 rights. I want to thank Senator Tom Sullivan and his fellow legislators for
3 your work to make this possible.

4
5 To build on this work, we are proposing additional investments to prevent
6 convicted felons from illegally purchasing firearms. Each year, thousands
7 of people who are prohibited from purchasing a firearm try to do so
8 illegally. As a state, we need to stand firm and crack down on illegal
9 firearm activity. We are working with US Attorney Cole Finegan,
10 Attorney General Phil Weiser and District Attorneys to get it done, while
11 supporting our rural DA offices. And while all of this work supports safe
12 and thriving communities, helping us reach our goal of becoming one of
13 the ten safest states, we also know that another important element of safe
14 Colorado communities is a strong education system.

15
16 Education is the universal key, opening doors we never even dreamed
17 existed, transporting us to distant lands, exploring the deepest oceans, and
18 catapulting us to the moon. Education opens our eyes to new ideas. It
19 invites us to dream big dreams, and gives us the tools to turn those dreams
20 into reality.

21
22 Education has long been a passion of mine, and I know it's a passion
23 shared by many of you here. With the leadership of Senator Zenzinger,
24 Senator Bridges, Representative Bird, and Representative García,
25 Colorado took urgent action to ensure more than 300,000 Colorado
26 children have healthy meals through Summer EBT. And we are saving
27 families thousands of dollars per year on preschool and kindergarten.

28
29 I've spent a lot of time in classrooms around the state, where I've heard
30 from educators and students about what preschool means to them. It's a
31 special thing to see children and their families access the benefits of early
32 childhood education for the first time, and this work has propelled
33 Colorado from 26th to 8th in the country in preschool access in just one
34 year!

35
36 I want to thank the voters of our state, as well as Representative Sirota,
37 Senator Buckner, and President Fenberg, for their incredible leadership
38 to help bring preschool to life.

39
40 I'm also proud that just a few months ago, Colorado voters passed
41 Proposition II, which dedicates an additional \$23.7 Million to preschool,
42 expanding hours for Colorado children and making preschool even better
43 next year. We are so excited that in its very first year nearly 40,000
44 children are enrolled in preschool, saving each family more than \$6,000
45 per year.

46
47 And I'm proud of our Bright Spot Award winners, schools around the
48 state with major increases in student achievement in areas like math and
49 science, and more. The awards elevate these schools as models that others
50 can follow, and give them the support and funding they need to serve
51 even more students. Join me in welcoming the principals and educators
52 from two Bright Spot Award winners who are here today, Paonia
53 Elementary in Delta County - a science Bright Spot award winner, and
54 Minnequa Elementary in Pueblo - a math Bright Spot award winner.

55
56

1 Last year we also passed bipartisan legislation to help more students and
2 educators access the resources they need to improve math achievement,
3 including more hours focused on strengthening their skills after school,
4 thanks to the leadership of Representatives McLachlan and Pugliese and
5 Senators Marchman and Lundeen. Now we need to expand out of school
6 opportunities to boost science achievement too. I look forward to working
7 with the General Assembly to get that done. But, our work is far from
8 finished.

9
10 This year, thanks to the leadership of the people in this room, after more
11 than a decade we are finally eliminating the Budget Stabilization Factor.
12 This historic investment means an additional \$705 per student on average,
13 or another \$15,500 more for a classroom of 22 kids. This is on top of last
14 year's increase of more than \$1,000 per student, made possible by this
15 legislature.

16
17 It means better teacher pay, expanded learning opportunities for students,
18 professional development for teachers, and better resources in our
19 classrooms. With the budget stabilization buydown, and action from the
20 General Assembly, we will also achieve full mill levy equalization for
21 Charter schools. This has been a long time coming, and we are thrilled to
22 fulfill our commitment to voters and enter a new era of full education
23 funding in Colorado.

24
25 And just as we continue investing in students from preschool through
26 high school, we need to continue investing in their success after
27 graduation and powering our economic growth.

28
29 Right now there are about two job openings for every unemployed
30 Coloradan. We want every person in Colorado to be able to build a good
31 life and a good career on their own terms, and we are creating many
32 different ways to do that - from dual and concurrent enrollment to
33 low-cost credentialing.

34
35 With the leadership of Speaker McCluskie and Representative Pugliese,
36 and Senators Buckner and Senator Will, we've expanded free community
37 and technical college for in-demand careers - which has already served
38 more than 3,500 students - nurses, construction workers, law
39 enforcement. We've also partnered with businesses to develop needed
40 training pathways, and we've created a pilot scholarship to support
41 innovation in education. We are working with higher education
42 institutions to keep tuition low through innovation and greater efficiency.
43 And thanks to Representatives Lukens and Catlin and Senators Roberts
44 and Pelton, we're developing the next generation of farmers and ranchers
45 through the Agricultural Workforce Development Program, to help young
46 people, particularly in rural areas, get real world experience on a working
47 farm or ranch through paid apprenticeships.

48
49 But we want to go even further, increasing the number of state
50 government apprenticeships by 50% and supporting the creation of 100
51 new apprenticeship opportunities in the private sector - both by June 30
52 of this year. These actions translate to more jobs where Coloradans can
53 earn while they learn, more money saved on education or training, more
54 candidates for available jobs, stronger businesses, and a stronger
55 Colorado economy.

56

1 We also want to continue Opportunity Now - which was passed thanks to
2 the work of Speaker McCluskie and Senators Bridges, Senator Rich, and
3 Senator Lundeen - to help “blur the lines” between K-12, higher
4 education, and employers. And grantees are on track to serve 10,000
5 Coloradans in industries like construction, health care, education, and
6 early childhood. But we’re just getting started, and soon, working with
7 Representative Lukens, Representative Soper, and Senator Bridges, we
8 can create more ways for Coloradans to become skilled construction
9 workers, plumbers, pipefitters, electricians and more.

10
11 Colorado is becoming the national leader in this work, and by innovating
12 we will continue to save Coloradans money while strengthening our
13 workforce for a prosperous future.

14
15 We are also continuing to save people money on healthcare - which is,
16 after housing, often the largest cost that Coloradans face.

17
18 Since day one of my Administration, starting with the creation of the
19 Office of Saving People Money on Healthcare, we have been bold in
20 taking on the entrenched special interests and tackling the true cost
21 drivers in healthcare. Our work to save people money on healthcare is led
22 by our incredible and dedicated Lt. Governor Dianne Primavera, please
23 give her a round of applause.

24
25 This has led to historic successes including Reinsurance and the Colorado
26 Option, both of which have been cost-saving game-changers for people
27 accessing healthcare in our state. Since its creation, reinsurance has saved
28 thousands of dollars for families all across our state. A family of four in
29 Grand Junction has saved nearly \$26,000 since 2020 thanks to
30 reinsurance. In Pueblo, families have saved more than \$18,000. That’s
31 real money. I want to thank the bipartisan legislators who worked to make
32 these savings possible. Other states - even the federal government - have
33 taken notice, modeling their own efforts after Colorado’s.

34
35 We’ve also capped the cost of insulin and, last session, thanks to the
36 leadership of Senator Roberts and Representatives Mabrey and
37 Representative Jodeh, epi-pens as well. But we know our work isn’t done.

38
39 Prescription drugs still account for a significant portion of healthcare
40 costs in Colorado and across the country. The simple truth is that
41 Coloradans, and people around the country, are being ripped off on the
42 prices of necessary medications.

43
44 Spending on prescription drugs in the US is double that of any other
45 nation. Nearly 10% of Coloradans were unable to fill a prescription
46 because of cost in 2021. That’s why we continue urging the FDA to
47 approve our application to import lower-cost prescription drugs, and why
48 the Prescription Drug Affordability Board is so vital.

49
50 We also are proposing more support for the individuals who provide
51 home-based care, and helping more Coloradans connect to services
52 through improved technology. And especially as we approach what would
53 have been the 51st anniversary of Roe V. Wade, we appreciate the steps
54 the General Assembly has taken to protect personal reproductive health
55 decisions, including abortion, reminding us all that Coloradans across our
56 great state value the freedom to make our own choices.

1 We also need greater access to behavioral health care, and to build on the
2 success of I Matter, championed by Senator Michaelson Jenet, our budget
3 calls for more support for behavioral health and autism care for youth,
4 expanded care for youth facing acute behavioral health challenges,
5 investment in mental health support for our rural and agricultural
6 communities, and those involved in the criminal justice system.

7
8 At the heart of these conversations are the Coloradans we are expanding
9 access for and helping save money, which is why I made this work a top
10 priority from the very start. It was important then, and it's even more
11 important now, so we must innovate and look for more ways to lower
12 costs and save people money on healthcare.

13
14 Part of a healthy life means a healthy environment, and here in Colorado
15 we are an example to the nation on how to protect the natural world
16 around us and combat the impact of climate change.

17
18 We are already on track to exceed our goal of 80% clean electricity by
19 2030 - just six years from now. We have one of the most ambitious
20 strategies in the country to reduce local air pollution from the oil, gas, and
21 transportation industries, including achieving electric vehicle sales that
22 are six times higher than when I took office. And we look forward to
23 working with the legislature to advance my budget request to further
24 improve air quality, utilizing recommendations from Environmental
25 Justice advocates.

26
27 My administration has delivered on more than 95% of the actions outlined
28 in our first Greenhouse Gas Pollution Reduction roadmap, and will soon
29 be releasing our second Roadmap with more than 40 new actions. We
30 now have federal funding to achieve these goals even faster thanks to the
31 work of the United States Congress and President Biden.

32
33 Now we need to cut red tape that is holding back local investments and
34 unprecedented federal resources in renewable and clean energy, including
35 building transmission lines more quickly, renewable energy development,
36 and storing carbon dioxide pollution underground. We will be supporting
37 legislation, led by President Fenberg and Senator Hansen, to expedite
38 these critical projects.

39
40 Hand in hand with our climate work is our leadership on conserving our
41 wildlife and wild places. We will continue to take bold action to protect
42 our cherished public lands and Colorado is finally factoring in variables
43 that have long been neglected, like tracking the rate of year-to-year
44 biodiversity loss, improving soil health, and focusing on ecosystem
45 resiliency in the face of an ever-changing climate.

46
47 We are strengthening native biodiversity and restoring balance to our
48 ecosystems by bringing back native species like the Canada Lynx, the
49 Black-Footed Ferret, and as of mid-December, we successfully met the
50 voter mandated deadline for reintroduction of Gray Wolves.

51
52 We also need to protect that progress by continuing to invest in non-lethal
53 conflict minimization to help our farmers and ranchers thrive. Colorado
54 Parks and Wildlife, the Department of Natural Resources, and the
55 Department of Agriculture play pivotal roles and we need your help to
56 continue supporting their conflict minimization work.

1 We have also invested nearly \$300 Million into our precious water
2 resources and implementation of the visionary Colorado Water Plan, and
3 remain committed to aggressively defending Colorado's interests and
4 rights in the Colorado River negotiations.

5
6 All of this work - from protecting our environment and wildlife, to
7 housing and transit, education and workforce, to public safety - means a
8 stronger and better Colorado where everyone can get ahead. And in
9 addition to these efforts, we must also continue working to strengthen
10 Colorado's economy and help people hold onto more of their hard-earned
11 money.

12
13 Thanks to Colorado's amazing economic success, we are well on our way
14 towards another year of record TABOR surplus, projected to be between
15 \$1.6 and \$1.8 billion. A healthy TABOR surplus is the sign of a strong
16 economy, but also a signal that the tax rate is too high. Tax relief is the
17 best mechanism to relieve cost of living pressures and spur economic
18 growth for everyone in our state.

19
20 One of the secrets to Colorado's success was that whenever there was a
21 TABOR Surplus, after paying for the Senior Homestead property tax
22 exemption, there was an automatic income tax cut the following year.
23 This happened during the first two years of my administration. Since we
24 have now permanently reduced the rate, this mechanism is no longer
25 active.

26
27 I know some Democrats in the past have been skeptical of reducing our
28 income tax rate, but cutting the income tax rate is the most effective way
29 to further our economic growth. In my 2020 state of the state address I
30 echoed President Kennedy and President Obama's calls for cutting the
31 income tax rate, and the people of our state delivered twice. President
32 Kennedy didn't just launch the moonshot, he delivered one of the largest
33 income tax cuts in history, saying that income taxes, "exerts too heavy a
34 drag on growth [and] reduces the financial incentives for personal effort,
35 investment, and risk-taking." Those cuts helped spur America's
36 astronomic economic growth.

37
38 Of course, cutting the income tax rate isn't a panacea, but to spur
39 continued economic growth, it should be a significant part of progressive
40 reforms to TABOR refunds.

41
42 Likewise, we know that property taxes are a part of what's driving up the
43 cost of living in Colorado. So let me take a moment to commend the
44 General Assembly for your hard work during the special session in
45 November to reduce property tax rates. Thanks to your efforts, we are
46 saving Coloradans money in the short term, and as we work together
47 toward a long term replacement to the Gallagher Amendment to keep
48 property taxes low, I urge you to do as much as you can to reduce
49 property taxes.

50
51 Republicans, who have been rightly supportive of giving an income tax
52 cut through TABOR rebates, have at times supported using TABOR
53 surplus for property tax relief but unfortunately vocally opposed it during
54 the special session. I believe this is shortsighted. We should use every
55 tool we have to reduce property taxes without harming local services like

1 fire protection and schools. This work means more money in Coloradans'
2 pockets, a stronger economy, and a more affordable Colorado.

3
4 As demonstrated by our healthy surplus in Colorado, taxes are simply too
5 high: income taxes, property taxes, and the state sales tax. We ignore that
6 signal at our own peril and I challenge Democrats and Republicans to
7 work together to improve our economic growth and success by not taking
8 taxes we can't keep from people and instead working on a bold, balanced,
9 progressive package, including cutting the income tax rate.

10
11 While we might not agree on everything, I want to talk about something
12 we can all agree on: Coloradans' TABOR refunds must remain free of
13 federal taxes as they have for the last 30 years. We are working closely
14 with the IRS and are steadfast in our commitment to help Coloradans
15 keep more of their hard-earned money.

16
17 When I first ran for Governor, I envisioned a Colorado for All - one
18 where everyone can thrive. And we are guided by that same mission
19 today. No matter who you love, your faith, where you came from, what
20 you look like, regardless of your age or ability status, how long you've
21 been here - whether you've just arrived or if you've been here for
22 generations - you belong.

23
24 And as we get closer to Colorado's sesquicentennial - or 150th birthday
25 - I know we all want to help everyone get ahead in our great state. That
26 means applying Colorado for All to every facet of our lives: healthcare,
27 housing and transportation, education, careers, safety and more.

28
29 It also means continuing to listen to one another and having the tough
30 conversations around the issues that matter most. This is what the
31 Disagree Better initiative is all about. As Vice Chair of the National
32 Governors Association, I've worked alongside the Chair, Utah Governor
33 Spencer Cox on this effort. It's not about agreeing on every issue, for
34 instance Governor Cox and I can't agree on which state has better skiing,
35 even though it's obviously Colorado, but it's about how we can disagree
36 better.

37
38 This is something Colorado is particularly good at, but these skills are
39 often challenged both between and within our own parties, especially as
40 we see and feel the vitriol of national politics. Too often it can feel like
41 our disagreements are what define us, and that the gap is too big to close.
42 As Arthur C. Brooks has written, "almost no one is ever insulted into
43 agreement." As highlighted by our leaders yesterday in their opening day
44 remarks, when we lose that ability to listen to one another we see the
45 cracks in our democracy widen, and we let opportunities pass us by.

46
47 Let me be clear: this isn't just some feel good initiative or hollow
48 exercise. Our very democracy depends on people being able to disagree
49 with one another - passionately, emphatically - and still being able to
50 work together with mutual respect and dignity. When that is no longer
51 possible, when policy arguments become personal attacks, and when
52 people start to paint the other side not as colleagues who disagree, but as
53 enemies, we are entering dangerous territory.

54
55

1 Here in this building we've seen how listening to one another and having
 2 thoughtful conversations can impact our relationships and the policies we
 3 create for our state. We share the same goals for a stronger Colorado, so
 4 let's use these next four months to really work together, to disagree better,
 5 to show the nation how it's done. The Colorado way. This work isn't
 6 easy. If it were, it would've been done already. But here in Colorado, we
 7 dream, we dare and we do.

8
 9 This year we choose once again to tackle what is hard--what truly
 10 challenges us -- not because it's easy, but because it's hard. So as we
 11 prepare for the year ahead, know that the State of our State is strong.
 12 When we work together, and disagree better, nothing is beyond our reach.

13
 14 Thank you. God bless you all, God bless Colorado, God bless the United
 15 States of America.

27 **"SECTION 1. Legislative declaration.** (1) The general
28 assembly finds and declares that:

29 (a) Wage theft, the failure to pay an employee the employee's
30 legally earned wages, is the largest form of theft in the United States, and
31 the Colorado Fiscal Institute estimates that wage theft transfers nearly
32 \$728 million dollars to employers from the pockets of approximately
33 438,260 Colorado workers each year. Minor workers, women, and
34 workers of color are disproportionately impacted by wage theft.

35 (b) Wage theft not only affects Coloradans' ability to pay rent and
36 put food on the table, but it also denies our state and local governments
37 between \$25 million and \$42 million in revenue each year;

38 (c) To combat wage theft, the state must keep up with changes in
39 the marketplace. One of the most significant changes involves the
40 increasing use of labor market intermediaries to directly employ workers.
41 Too often, this fissuring of the labor market is used to outsource an
42 employer's responsibility to workers required by labor and employment
43 laws.

44 (d) Construction is an industry with extraordinary labor market
45 fissuring, with layers upon layers of contractors, subcontractors, labor
46 brokers, staffing agencies, etc. This incentivizes wage theft by favoring
47 inexpensive subcontractors. It also creates barriers to wage recovery
48 because undercapitalized subcontractors can't or won't pay wages.

49 (e) Due in part to these practices, workers in the construction
50 industry are disproportionately likely to experience wage theft. Federal
51 Department of Labor, Wage and Hour Division data show that Colorado's
52 construction industry has double the number of wage theft violations that
53 it should have in proportion to the number of workers in the industry.
54 This is consistent with Colorado Department of Labor and Employment
55 data showing that while only 7% of Colorado workers are in construction,

1 construction workers make up 17% of administrative wage theft
2 complaints that are found valid after a full agency investigation.

3 (f) Federal data also show that in fiscal years 2022 and 2023, the
4 construction industry saw the highest dollar amount of wage theft of any
5 industry, totaling over \$35 million in federal fiscal year 2023 alone. In
6 addition, the construction industry has among the highest number of
7 individual workers who are victims of wage theft.

8 (g) To effectively combat wage theft in the construction industry,
9 the state needs a tailored solution to ensure not only that workers have
10 substantive legal protection against wage theft, but also that the state has
11 the right alignment of business incentives to prevent wage theft before it
12 happens and the right access to capital to ensure that workers can recover
13 stolen wages;

14 (h) Creating general contractor accountability for wage theft
15 committed on their projects by a subcontractor at any tier provides such
16 a tailored solution. Such accountability will enlist general contractors in
17 the fight against wage theft, incentivize engagement with law-abiding
18 subcontractors who pay their workers correctly, and encourage general
19 contractors to root out bad actors who underbid for contracts knowing
20 they will make up the difference by denying their workers the wages they
21 earned.

22 (i) While creating general contractor liability for wage claims, this
23 act will also ensure that general contractors can efficiently seek
24 reimbursement from subcontractor employers for any amounts paid out
25 for wage claims owed to the subcontractors' employees. In this way, the
26 act will ensure that workers get paid, but will not leave general
27 contractors on the hook for a subcontractor's wage debts.

28 (j) This act narrowly focuses on general contractor liability for
29 wage debts owed to the workers on their projects who were engaged by
30 the general contractor's subcontractors at any tier. Such liability does not
31 extend to wage debts owed to the workers of general contractor suppliers
32 or other business partners. Also, liability for debts owed based on a wage
33 claim or investigation does not include liability for a subcontractor's
34 retaliatory acts.

35 (k) This act does not alter the division of labor standards and
36 statistics' existing obligation to treat a notice of citation or a notice of
37 assessment issued to an employer for a violation of wage law as a public
38 record pursuant to section 8-1-115 (1)(b), Colorado Revised Statutes, and
39 does not require the additional publication of a notice of citation or a
40 notice of assessment issued to a general contractor that is not the
41 employer of an employee who is the victim of wage theft;

42 (l) With this act, Colorado hopes not only to ensure that workers
43 get paid their legally earned wages, but also to partner with the many
44 general contractors who are abiding by the law and want to ensure all
45 workers on their job sites are paid in full and on time; and

46 (m) Therefore, the general assembly declares that wage theft is an
47 unacceptable business practice, and the state should use or adopt all
48 available tools to prevent wage theft before it happens and give workers
49 the means to recover stolen wages."

55 "SECTION 1. Legislative declaration. (1) The general
assembly finds and declares that:

1 (a) Cars remain a leading cause of death for children in Colorado;
 2 from 2015 to 2019, 48 children under age eight were killed in passenger
 3 vehicle crashes. The Colorado department of transportation estimates that
 4 59% to nearly 84% of children are improperly restrained while riding in
 5 a vehicle.

6 (b) According to data from the federal centers for disease control
 7 and prevention, American Indian and Alaska Native children and Black
 8 children are more likely to be killed in a crash than white children.
 9 Children in rural areas are also typically at higher risk, as studies indicate
 10 that children in rural areas are more likely to be incorrectly restrained than
 11 children in urban areas.

12 (c) In 2018, the American Academy of Pediatrics updated its child
 13 passenger safety best practice recommendations to optimize safety in
 14 passenger vehicles for children from birth through adolescence.
 15 Colorado's child passenger safety laws related to car seats, booster seats,
 16 and seat belt requirements have not been updated in over a decade and
 17 have fallen behind in ensuring children in Colorado are as safe as possible
 18 if or when a motor vehicle crash occurs.

19 (d) It is critical for families to have timely access to replacement
 20 car seats following an accident and when children have medically
 21 complex needs requiring specialized adaptive car seats; and

22 (e) Twenty-three states, the District of Columbia, and the United
 23 States Virgin Islands require children younger than 2 years old to be in a
 24 rear-facing child safety seat. Research shows that children aged 0 to 4
 25 years are less likely to be injured in a motor vehicle crash if they are
 26 restrained in a rear-facing car seat, as opposed to a forward-facing car
 27 seat.

28 (2) Therefore, the general assembly further declares that it is in
 29 the best interest of the state of Colorado to modernize child passenger
 30 safety laws and provide education and child restraint system distribution
 31 programs to parents and caregivers to ensure children in Colorado are as
 32 safe as possible when traveling in a motor vehicle.

53 "SECTION 1. **Legislative declaration.** (1) The general
54 assembly finds and determines that:
55

1 (a) The department of regulatory agencies (department) has
 2 considered the need for regulating community association managers and
 3 management companies (CAMs) through two sunrise reviews and one
 4 sunset review and has concluded that community association management
 5 companies should be regulated by the state to protect the public;

6 (b) In response to the department's 2012 sunrise report, the general
 7 assembly enacted House Bill 13-1277, which established a regulatory
 8 scheme that required all CAMs to obtain a license through the division of
 9 real estate;

10 (c) In its 2017 sunset review, the department recommended
 11 continuing the regulation in order to gather additional, relevant
 12 information, but proposed legislation to continue the regulatory program
 13 failed in 2018 and 2019, and the regulation of CAMs ceased in 2019; and

14 (d) In 2021, the department conducted another sunrise review and
 15 concluded that "minimal regulatory programs should be enacted to ensure
 16 that CAMs who commit acts such as theft are held accountable through
 17 regulatory oversight ..." and recommended, in part, that the state regulate
 18 community association management companies.

19 (2) To address these concerns, the general assembly therefore
 20 declares that the regulation of community association management
 21 companies:

22 (a) Is important to protect the public and, in particular,
 23 homeowners from financial harm and ensure that business entities
 24 engaged in the practice of community association management have
 25 knowledge of applicable laws and are able to perform community
 26 association management services in a manner that ensures homeowners
 27 are not financially harmed; and

28 (b) Must be accomplished in a manner that is least restrictive to
 29 community association management companies, is efficient, and is
 30 cost-effective in order to avoid significant impacts and minimize burdens
 31 on both businesses and homeowners.

22 "SECTION 1. In Colorado Revised Statutes, **add** 12-20-206 as
23 follows:

24 **12-20-206. Regulators - consideration of criminal records -**
25 **petition process - denials - definition.** (1) AS USED IN THIS SECTION,
26 "DIRECTLY RELATED TO" MEANS THAT THE CRIMINAL OFFENSE FOR WHICH
27 THE APPLICANT HAS BEEN CONVICTED HAS A SPECIFIC ELEMENT THAT IS
28 STILL RELEVANT AT THE TIME OF THE INDIVIDUAL'S APPLICATION FOR A
29 REGISTRATION, CERTIFICATION, OR LICENSE, WHICH WOULD MAKE THE
30 INDIVIDUAL UNABLE TO SUCCESSFULLY PRACTICE THE PROFESSION OR
31 OCCUPATION IN WHICH THE INDIVIDUAL HAS APPLIED OR PETITIONED FOR
32 DETERMINATION OF QUALIFICATION.

33 (2) IF AN APPLICANT HAS A VALID CONVICTION FOR A CRIME, THE
34 REGULATOR MAY ONLY CONSIDER THE APPLICANT'S CONVICTION FOR A
35 THREE-YEAR PERIOD BEGINNING ON THE DATE OF CONVICTION OR THE END
36 OF INCARCERATION, WHICHEVER DATE IS LATER, IF THE APPLICANT HAS
37 NOT BEEN CONVICTED OF ANY OTHER CRIMINAL OFFENSE DURING THE
38 THREE-YEAR PERIOD. AFTER THE THREE-YEAR PERIOD, THE REGULATOR
39 SHALL ONLY CONSIDER THE INDIVIDUAL'S APPLICATION FOR
40 REGISTRATION, CERTIFICATION, OR LICENSURE IN THE SAME MANNER AS
41 AN APPLICANT WHO DOES NOT POSSESS A PRIOR CRIMINAL RECORD;
42 EXCEPT THAT THE REGULATOR MAY CONSIDER A CONVICTION FOR A CRIME
43 THAT IS DIRECTLY RELATED TO THE PROFESSION OR OCCUPATION FOR
44 WHICH THE INDIVIDUAL HAS APPLIED FOR REGISTRATION, CERTIFICATION,
45 OR LICENSURE.

46 (3) (a) IF A REGULATOR IS CONSIDERING AN APPLICANT'S CRIMINAL
47 RECORD DURING THE APPLICATION PROCESS FOR REGISTRATION,
48 CERTIFICATION, OR LICENSURE, A REGULATOR MAY ONLY DENY OR REFUSE
49 TO RENEW THE REGISTRATION, CERTIFICATION, OR LICENSE IF THE
50 REGULATOR DETERMINES THAT THE APPLICANT HAS NOT BEEN
51 REHABILITATED AND IS UNABLE TO PERFORM THE DUTIES AND
52 RESPONSIBILITIES OF THE PROFESSION OR OCCUPATION.

53 (b) AN APPLICANT'S CONVICTION FOR A CRIME DOES NOT, IN AND
54 OF ITSELF, DISQUALIFY THE APPLICANT FROM BEING ISSUED A
55 REGISTRATION, CERTIFICATION, OR LICENSE.
56

1 (4) (a) AN INDIVIDUAL WHOSE CONVICTION MAY AFFECT THE
2 INDIVIDUAL'S APPLICATION FOR REGISTRATION, CERTIFICATION, OR
3 LICENSURE MAY PETITION AT ANY TIME, INCLUDING WHILE INCARCERATED
4 OR BEFORE OBTAINING ANY REQUIRED PERSONAL QUALIFICATIONS, FOR A
5 DECISION FROM A REGULATOR AS TO WHETHER A REGULATOR MAY
6 CONSIDER THE INDIVIDUAL'S CRIMINAL RECORD WHEN REVIEWING THE
7 INDIVIDUAL'S APPLICATION FOR A REGISTRATION, CERTIFICATION, OR
8 LICENSE.

9 (b) AN INDIVIDUAL WHO PETITIONS A REGULATOR SHALL INCLUDE
10 IN THE PETITION:

11 (I) THE INDIVIDUAL'S CRIMINAL RECORD OR AUTHORIZATION FOR
12 THE REGULATOR TO OBTAIN THE INDIVIDUAL'S CRIMINAL RECORD; AND

13 (II) ANY ADDITIONAL INFORMATION ABOUT THE INDIVIDUAL'S
14 CURRENT CIRCUMSTANCES, INCLUDING THE TIME SINCE THE CRIMINAL
15 OFFENSE WAS COMMITTED AND THE SENTENCE WAS COMPLETED, THE
16 PAYMENT OF ANY COURT-ORDERED RESTITUTION, EVIDENCE OF
17 REHABILITATION, TESTIMONIALS, EMPLOYMENT HISTORY, AND
18 EMPLOYMENT ASPIRATIONS.

19 (c) IF A REGULATOR DETERMINES THAT A PETITIONER'S
20 CONVICTION WILL LIKELY BE CONSIDERED, THE REGULATOR SHALL ADVISE
21 THE PETITIONER OF ANY ACTIONS THE PETITIONER MAY TAKE TO REMEDY
22 THE DISQUALIFICATION. IF REMEDIAL ACTION IS ADVISED BY THE
23 REGULATOR, THE PETITIONER MAY SUBMIT A REVISED PETITION ON OR
24 BEFORE A DATE SET BY THE REGULATOR FOR COMPLETION OF THE
25 REMEDIAL ACTIONS.

26 (d) A REGULATOR WHO MAKES AN INITIAL DETERMINATION
27 PURSUANT TO THIS SUBSECTION (4) MAY REQUIRE A NEW DETERMINATION
28 AT THE TIME AN INDIVIDUAL FORMALLY APPLIES FOR REGISTRATION,
29 CERTIFICATION, OR LICENSURE.

30 (5) IN ORDER TO DENY AN APPLICATION FOR REGISTRATION,
31 CERTIFICATION, OR LICENSURE PURSUANT TO THIS SECTION, A REGULATOR
32 BEARS THE BURDEN OF PROOF TO SHOW BY CLEAR AND CONVINCING
33 EVIDENCE THAT THE DENIAL DIRECTLY CONNECTS INFORMATION IN AN
34 APPLICANT'S CRIMINAL RECORD TO POTENTIAL PERFORMANCE IN THE
35 PARTICULAR OCCUPATION OR PROFESSION FOR WHICH THE APPLICANT IS
36 APPLYING FOR REGISTRATION, CERTIFICATION, OR LICENSURE.

37 (6) THIS SECTION DOES NOT:

38 (a) NEGATE ANY PROVISION FOR REGISTRATION, CERTIFICATION,
39 OR LICENSURE IN THIS TITLE 12 THAT REQUIRES AN APPLICANT TO SUBMIT
40 INFORMATION REGARDING THE APPLICANT'S CRIMINAL HISTORY TO A
41 REGULATOR WITH AN APPLICATION;

42 (b) NEGATE ANY OTHER REASON SPECIFIED IN THIS TITLE 12 FOR
43 WHICH A REGULATOR MAY DENY AN APPLICANT REGISTRATION,
44 CERTIFICATION, OR LICENSURE FOR A PROFESSION OR AN OCCUPATION;

45 (c) NEGATE ANY REQUIREMENT UNDER FEDERAL LAW THAT
46 REQUIRES AN INDIVIDUAL TO OBTAIN OR MAINTAIN A REGISTRATION,
47 CERTIFICATION, OR LICENSURE;

48 (d) NEGATE THE LIST OF DETERMINING FACTORS THAT SHALL NOT
49 BE CONSIDERED REGARDING AN APPLICANT'S CRIMINAL RECORD IN
50 SECTION 24-5-101 (2)(b); OR

51 (e) CREATE LIABILITY FOR AN EMPLOYER THAT FAILS TO HIRE AN
52 INDIVIDUAL WHO HAS A REGISTRATION, CERTIFICATION, OR LICENSE
53 PURSUANT TO THIS TITLE 12.

54 **SECTION 2.** In Colorado Revised Statutes, 12-20-202, **amend**
55 (5) as follows:

56

1 **12-20-202. Licenses, certifications, and registrations - renewal**
 2 **- reinstatement - fees - occupational credential portability program**
 3 **- temporary authority for military spouses - exceptions for military**
 4 **personnel - rules - consideration of criminal convictions or driver's**
 5 **history - executive director authority - definitions. (5) Criminal**
 6 **convictions.** Unless there is a specific statutory disqualification that
 7 prohibits an applicant from obtaining licensure, certification, or
 8 registration based on a criminal conviction, if a regulator determines that
 9 an applicant for licensure, certification, or registration has a criminal
 10 record, the regulator is governed by ~~section~~ SECTIONS 12-20-206 AND
 11 24-5-101 for purposes of granting or denying, or placing any conditions
 12 on, licensure, certification, or registration.

13 **SECTION 3.** In Colorado Revised Statutes, 24-5-101, **amend**
 14 (1)(a), (2)(a), (2)(b) introductory portion, (3)(b)(I), (3)(c) introductory
 15 portion, (4) introductory portion, and (7) introductory portion as follows:

16 **24-5-101. Effect of criminal conviction on employment rights**
 17 **- fee - determination.** (1) (a) Except as otherwise provided in subsection
 18 (1)(b) of this section, the fact that a person has been convicted of a felony
 19 or other offense ~~involving moral turpitude~~ shall not, in and of itself,
 20 prevent the person from applying for and obtaining public employment
 21 or from applying for and receiving a license, certification, permit, or
 22 registration required by the laws of this state to follow any business,
 23 occupation, or profession.

24 (2) (a) (I) ~~Whenever any~~ WHEN A state or local agency is required
 25 to make a finding that an applicant for a license, certification, permit, or
 26 registration is a person of good moral character as a condition ~~to the~~
 27 ~~issuance thereof~~ OF ISSUING THE LICENSE, CERTIFICATION, PERMIT, OR
 28 REGISTRATION, or IS REQUIRED TO evaluate the impact of an applicant's
 29 criminal record, the fact that such applicant has, at some time ~~prior~~
 30 ~~thereto~~, been convicted of a felony or other offense, ~~involving moral~~
 31 ~~turpitude~~, and THE STATE OR LOCAL AGENCY SHALL GIVE CONSIDERATION
 32 TO pertinent circumstances connected with ~~such~~ THE conviction ~~shall be~~
 33 ~~given consideration~~ in determining whether ~~in fact~~, the applicant is
 34 qualified. The intent of this section is to expand employment
 35 opportunities for persons who, notwithstanding that fact of conviction of
 36 an offense, have been rehabilitated and are ready to accept the
 37 responsibilities of a law-abiding and productive member of society.

38 (II) A STATE AGENCY MAKING A FINDING PURSUANT TO
 39 SUBSECTION (2)(a)(I) OF THIS SECTION MAY ONLY CONSIDER CONVICTIONS
 40 PURSUANT TO SECTION 12-20-206.

41 (b) In evaluating an applicant, ~~an~~ A LOCAL agency shall comply
 42 with subsection (4) of this section and A STATE OR LOCAL AGENCY shall
 43 not use the determination of the following information as a basis for
 44 denial or taking adverse action against any applicant otherwise qualified:

45 (3) (b) (I) With the exception of the department of corrections and
 46 the department of public safety, the LOCAL agency shall not perform a
 47 background check until the agency determines that an applicant is a
 48 finalist or makes a conditional offer of employment to the applicant.

49 (c) If, after determining that an applicant is a finalist or after
 50 making a conditional offer of employment to an applicant, the LOCAL
 51 agency determines that the applicant has a criminal history, the LOCAL
 52 agency shall comply with subsection (4) of this section and shall not use
 53 the determination of the following information as a basis for not making
 54 an offer of employment or for withdrawing the conditional offer of
 55 employment:
 56

1 (4) Except as provided in subsection (6) of this section, when
 2 considering an applicant for a license, certification, permit, or registration
 3 pursuant to subsection (2) of this section or, if, after determining that an
 4 applicant is a finalist or making a conditional offer of employment to an
 5 applicant, the LOCAL agency determines that the applicant has a
 6 conviction other than as described in subsection (2)(b) or (3)(c) of this
 7 section, the LOCAL agency shall consider the following factors when
 8 determining whether the conviction disqualifies the applicant:

9 (7) Before a ~~state or~~ local agency makes a final determination that
 10 a criminal conviction disqualifies an applicant from receiving a license,
 11 certification, permit, or registration, the agency shall provide the applicant
 12 with written notice that describes:

 17 to section 1 (3) of article V of the state constitution against this act or an
 18 item, section, or part of this act within such period, then the act, item,
 19 section, or part will not take effect unless approved by the people at the

44 After consideration on the merits, the Committee recommends the
 45 following:

46
 47 **HB24-1117** be amended as follows, and as so amended, be referred to
 48 the Committee on Appropriations with favorable
 49 recommendation:

50
 51 Amend printed bill, page 2, after line 1 insert:
 52 **"SECTION 1. Legislative declaration.** (1) The general
 53 assembly finds and declares that:

- 1 (a) Colorado's policy is to protect and enhance biodiversity
2 because biodiversity is necessary for ecosystem health; supports
3 agricultural productivity by aiding pollination, pest control, and soil
4 fertility; and increases ecosystem resilience to drought and extreme
5 weather events;
- 6 (b) Healthy ecosystems underpin delivery of water supplies and
7 water quality and guard against water-related hazards and disasters;
- 8 (c) Studies show that 34% of plant species and 40% of animal
9 species may become extinct and 41% of ecosystems may collapse;
- 10 (d) Invertebrates provide vital ecosystem services, including
11 pollination, pest control, nutrient cycling, and sustenance for wildlife;
- 12 (e) Without conservation, invertebrates will continue to decline,
13 likely having profound effects on the environment, humans, and wildlife;
- 14 (f) Native rare plants are essential to both wildlife and humans,
15 and they contribute to clean air and water, carbon sequestration, food
16 sources, healthy ecosystems, and wildlife habitat;
- 17 (g) The state wildlife action plan identifies 75 invertebrates and
18 117 rare plants as species of greatest conservation need, over half of
19 which are endemic to Colorado;
- 20 (h) Information on habitats, threats, and conservation needs is
21 sorely lacking for Colorado's invertebrate and native rare plant species;
- 22 (i) With a few exceptions, Colorado parks and wildlife does not
23 have statutory authority over invertebrate species, nor does any state
24 agency have oversight of native rare plants;
- 25 (j) Lack of data limits Colorado's ability to assess the status of,
26 threats to, and conservation needs of invertebrates and rare plants;
- 27 (k) Creating programs designed to support conservation of native
28 rare plants and invertebrates can lessen the likelihood that the species will
29 be added to federal threatened or endangered lists;
- 30 (l) Addressing data gaps and creating voluntary conservation
31 programs for native rare plants and invertebrates can affect federal listing
32 decisions, which undercut private land management with regulations; and
- 33 (m) Authorizing surveys and investigations on these species
34 allows the state to fill data gaps; it does not grant the state the authority
35 to regulate the take of these species without further legislation.
- 36 (2) Therefore, the general assembly determines that the parks and
37 wildlife division should study and determine the conservation needs of
38 native rare plants and invertebrates and implement voluntary programs to
39 conserve and protect them."

5 assembly declares that:

6 (a) Workplace violence in health-care settings has emerged as a
7 serious occupational and public health concern in Colorado and across the
8 country;

9 (b) Health-care workers are five times more likely to experience
10 violence in the workplace compared to other workers;

11 (c) Workplace violence presents in various forms, with:

12 (I) Sixty percent of incidents involving verbal aggression;

13 (II) Thirty-six percent of incidents involving threats;

14 (III) Twenty-nine percent of incidents involving physical
15 violence; and

16 (IV) Four percent of incidents involving the use of an object or
17 weapon;

18 (d) There is no single solution to solving workplace violence in
19 health-care settings, and evidence shows that a holistic approach to
20 workplace violence is most effective and has proven to decrease violence
21 in health-care settings;

22 (e) Recommendations from organizations such as the Joint
23 Commission, which align with the evidence that several approaches to
24 combating workplace violence are needed, include:

25 (I) Making significant investment in frontline staff in the
26 assessment, planning, and implementation of a workplace violence
27 program;

28 (II) Training staff on how to prevent workplace violence;

29 (III) Assessing and implementing security protections within
30 health-care units; and

31 (IV) Developing and implementing standardized workplace
32 violence prevention policies and reporting systems;

33 (f) Involving frontline staff in assessing and planning workplace
34 violence interventions is paramount to the effectiveness of the
35 intervention;

36 (g) The Joint Commission stresses that workplace violence
37 prevention training and interventions must go beyond the individual, and
38 the organization's recommendations align with evidence showing that
39 health-care organizations need to change their administrative policies and
40 implement changes within the health-care unit environment to combat
41 workplace violence; and

42 (h) Implementing a holistic approach to workplace violence
43 prevention, mitigation, response, and intervention that focuses on
44 involving frontline workers is paramount to reducing incidents of
45 workplace violence in health-care settings.

51 "SECTION 1. Legislative declaration. (1) The general assembly
52 finds that:

53 (a) Sexual violence is a significant public safety and health
54 concern in Colorado;

55

- 1 (b) Sexual violence has a serious long-term impact on mental and
2 physical health, resulting in trillions of dollars in costs in the United
3 States;
- 4 (c) According to the department of public health and environment,
5 one in three Coloradans has experienced sexual violence and eighty
6 percent of those experiences occur prior to the victim turning twenty-five.
7 Furthermore, the likelihood of experiencing sexual violence increases if
8 the person experienced sexual violence prior to the victim turning
9 eighteen.
- 10 (d) According to the centers for disease control and prevention in
11 the federal department of health and human services, more than one-third
12 of sexual assaults are committed by an intimate partner, leading to a
13 significant crossover of intimate partner violence and sexual violence;
- 14 (e) Sexual crimes are the most unreported crimes due to many
15 factors, including fear of retaliation, feelings of shame, self-blame, fear of
16 blame, fear of disbelief, fear of the criminal justice process, and complex
17 trauma caused by experiencing sexual violence committed by an intimate
18 partner or friend;
- 19 (f) The successful prosecution of sexual offenders is abysmally
20 low due to societal myths about sexual crimes resulting in victim blaming,
21 as well as the high rate of victims opting not to participate in the criminal
22 justice system because of a lack of protection from harassment and
23 humiliation;
- 24 (g) The purpose of section 18-3-407, Colorado Revised Statutes,
25 amended in this act and commonly referred to as the "rape shield statute",
26 is to protect victims and witnesses of sexual crimes from humiliation
27 caused by public disclosure of their intimate lives absent a preliminary
28 showing that evidence will be relevant and that the probative value of the
29 evidence is not substantially outweighed by the presumed prejudicial
30 impact of the evidence on the victim's or witness's privacy and to confuse
31 the issues in the case; and
- 32 (h) Victims and witnesses of sexual crimes should not be subjected
33 to psychological or emotional abuse in the courtroom as a price for their
34 cooperation in the prosecution, and the defendant must be provided due
35 process in defending against the allegations. Unless victims and witnesses
36 are protected from unnecessary and humiliating inquiries into their sexual
37 history, they will continue to remain silent regarding sexual abuse.
- 38 (2) Therefore, the general assembly declares it necessary to protect
39 victims and witnesses from irrelevant, humiliating, and degrading
40 interrogation while simultaneously protecting an accused person's right to
41 present a defense. Accordingly, section 18-3-407, Colorado Revised
42 Statutes, must be strengthened and clarified to address barriers that
43 victims face in reporting and participating in the criminal justice process."

39 recommendation:
40

41 Amend printed bill, strike everything below the enacting clause and
42 substitute:

43 **"SECTION 1. Legislative declaration.** (1) The general
44 assembly finds that:

45 (a) Access to justice is a basic principle of the rule of law, and it
46 ensures that all persons, institutions, and entities, public and private,
47 including the state, are held accountable to laws that are publicly
48 promulgated, equally enforced, and independently adjudicated;

49 (b) In the absence of access to justice, people are unable to have
50 their voices heard, exercise their rights, challenge discrimination, or hold
51 decision-makers accountable;

52 (c) Providing civil legal aid to people in poverty is vital to
53 Colorado in supporting justice for victims of intimate partner violence,
54 ensuring veterans receive their well-earned benefits, protecting against

1 elder abuse, fighting human trafficking, protecting access to necessities
2 such as food and shelter, and other areas;

3 (d) Without access to civil legal representation, many laws and
4 protections remain unenforceable for low-income Coloradans;

5 (e) State-funded legal aid in certain civil matters reinforces the
6 importance of the right to counsel to ensure a fair trial;

7 (f) Equal access to justice would have little effective meaning if
8 an individual could not afford that right on the basis of income;

9 (g) In order to meet the needs of our most vulnerable community
10 members, it is necessary, appropriate, equitable, and in the best interest
11 of all Coloradans to create a special purpose authority to allow
12 low-income Coloradans access to the court system by imposing a fee on
13 a party's first court filing;

14 (h) The fee imposed is for the specific purpose of serving users of
15 Colorado courts, who will pay the fee on all initial pleadings and answers
16 because the fee:

17 (I) Will serve all qualified court users by increasing the efficiency
18 of courts for all court users by reducing slowdowns caused by
19 self-represented parties because providing guidance and legal assistance
20 to unrepresented litigants increases efficiency in courts;

21 (II) Will increase the provision of justice in our courts for all court
22 users, regardless of income, which is an interest shared among all court
23 users;

24 (III) Is collected at a rate reasonably calculated based on the
25 overall costs of the services provided by the authority; and

26 (IV) Is not a tax;

27 (i) Furthering access to Colorado's civil courts is a pillar of our
28 democratic legal systems; and

29 (j) The state of Colorado must endeavor to systematically support
30 the delivery of equal access to legal aid services to all qualified
31 Coloradans.

32 (2) Therefore, the general assembly declares that the lack of
33 access to civil legal justice is a problem that has serious social, legal,
34 economic, and political consequences, and the general assembly enacts
35 this legislation to fund equal access to justice and reaffirm the
36 commitment to equitable access to the civil legal process.

41 "**SECTION 1. Legislative declaration.** (1) The general

42 assembly finds that:

43

44 (a) Indigent defendants deserve legal representation

45 commensurate with the legal representation that nonindigent defendants

46 receive;

47

48 (b) Public defenders have a constitutional, statutory, and ethical

49 duty to provide competent, diligent, and effective representation and legal

50 services to indigent defendants. However, excessive workloads may

51 prevent public defenders from fulfilling these obligations.

52

53 (c) Validated and weighted case measurements are an important
54 tool for public defender agencies, policymakers, and other stakeholders
55 to have to evaluate public defender workloads within their communities.
(2) Therefore, the general assembly declares that workload
standards are critical to the office of the state public defender's ability to
obtain the necessary resources to provide competent, diligent, and
effective legal counsel guaranteed by the federal and state constitutions,

1 the Colorado Rules of Professional Conduct, and the office of the state
2 public defender's mandate to provide legal services that are
3 commensurate with those available to nonindigent individuals.

4 **SECTION 2.** In Colorado Revised Statutes, **add** 21-1-108 as
5 follows:

15 TO:

16 (a) ASSIST THE OFFICE OF THE STATE PUBLIC DEFENDER IN

34 DESCRIBED IN TITLE 18, ARTICLE 2.5 OF TITLE 19, AND TITLE 42, AND ANY
35 OTHER CASE TYPES OR OFFENSES SPECIFIED IN STATE LAW THAT REQUIRE
36 LEGAL ASSISTANCE FROM THE OFFICE OF THE STATE PUBLIC DEFENDER;

45 FAMILY AND MEDICAL LEAVE, EXTENDED SICK LEAVE, SUPERVISOR
46 RESPONSIBILITIES, AND PERFORMING ADMINISTRATIVE TASKS;

47 (e) CONSIDER ANY EXISTING METHODOLOGIES AND DATA USED TO
48 ESTIMATE THE NECESSARY TIME FOR THE CASEWORK OF ATTORNEYS
49 EMPLOYED BY THE OFFICE OF THE STATE PUBLIC DEFENDER WHO

 12 **"SECTION 1. Legislative declaration.** (1) The general
 13 assembly finds and declares that:

14 (a) According to the United States environmental protection
 15 agency:

16 (I) Aircraft that use leaded aviation gasoline are a leading source
 17 of lead emissions in our air;

18 (II) Excessive exposure to lead has many harmful health effects,
 19 which can include adverse effects on the nervous system, kidney function,
 20 the immune system, reproductive and developmental systems, the
 21 cardiovascular system, and the oxygen carrying capacity of blood;

22 (III) Exposure to lead can cause irreversible and life-long harmful
 23 health effects in children and pregnant individuals; and

24 (IV) Elevated lead in the environment can result in decreased
 25 growth and reproduction in plants and animals and negative neurological
 26 effects in vertebrates;

27 (b) According to the United States centers for disease control and
 28 prevention, no level of lead exposure is safe for children, and even low
 29 levels of lead in their blood are associated with developmental delays,
 30 learning difficulties, and behavioral issues;

31 (c) Peer-reviewed research indicates that children who live near
 32 airports with significant general aviation activity have elevated levels of
 33 lead in their blood and that blood lead levels in children under five
 34 increase as levels of atmospheric lead increase;

35 (d) Persistent and loud noise also has harmful health effects,
 36 especially for children; and

37 (e) It is therefore necessary, appropriate, and in the best interest
 38 of all Coloradans for the state to:

39 (I) Provide financial incentives in the form of an income tax credit
 40 and a grant program to reduce the use of leaded aviation gasoline; and

41 (II) Create standards for an airport with significant general
 42 aviation activity in an urban or suburban area to follow to notify the
 43 surrounding community of its voluntary plans and procedures to reduce
 44 the impacts of noise and lead on the community.

45 **SECTION 2.** In Colorado Revised Statutes, **add** 39-22-560 as
 46 follows:

16 **ADDRESS BY CHAIRMAN HART**

17
18 Hello and good morning to Governor Polis and Lt Governor Primavera
19 and the Colorado Legislative Body today. We bring greetings from the
20 UMUT to all the citizens of the State of Colorado. We appreciate the
21 State of Colorado in recognizing today as Ute Day in recognition of all
22 three of the Ute Tribal Nations.

23
24 This morning we had our traditional Ute prayers said to our creator for all
25 of us. Our Ute songs were sung from our Ute singers and the beat of the
26 thunder from our drums, echoed throughout the Capital building here in
27 Denver Colorado.

28
29 Today the State of Colorado, recognize all the Ute people that are here
30 and at home. Today Colorado also recognizes our Ute Tribal Council
31 Members and our Ute Veterans and our Ute Royalty and all of our Ute
32 Tribal members. We are at home here in Denver we are on our aboriginal
33 lands that our ancestors from the past once roamed.

34
35 These Rocky Mountains from here in Denver and across the state of
36 Colorado to Salt Lake city, Utah and on down to Northern NM and NE
37 Arizona is the aboriginal lands of the Mountain people the Utes. We
38 traveled all these mountains and valleys and plateaus and we have and
39 today we bring a rich history from our Ute ancestors.

40
41 It is truly an honor to be here and we come before all of you, to address
42 our concerns from the Ute Mountain Ute Tribe. In 2022 there was
43 legislation passed Senate Bill 22-105 here in Colorado that we may have
44 the opportunity to address the joint general assembly annually.
45 So that the two Ute Tribes, could put on the table our concerns and our
46 issues, so that we may address the State legislative body with our current
47 and future legislation.

48
49 Working through a democratic process with our Colorado Representative
50 and Colorado State Senators to sponsor or co-sponsors Legislative Bills.
51 On behalf of the two Ute Tribes, the Ute Mountain Ute Tribe and the
52 Southern Ute Indian Tribe of Colorado.

53
54 There is also a Third Ute Tribe that also comes from Colorado but not
55 established in Colorado and that is the Uintah and Ouray Tribe of Utah.

1 Today the Critical Race Theory and the history of race and sex has
2 become a challenge in 18 States across the United States and they banned
3 certain historical books about different ethnic groups including the Native
4 Americans. Colorado is not one of them States.
5
6 When there was a partnership formed with the State of Colorado and the
7 two Ute Tribes and other Tribal member within the State, on the Mascot
8 Bill it was a challenge for us. Some of the schools did not understand why
9 they had to change their Mascots. It was a teaching and a learning process
10 for these school administrators and all the schools supporters including
11 the students.
12
13 On derogatory acts of disrespecting these Mascots at the beginning of
14 each of the games or with chants or the hand gestures during the game,
15 including the half time events of wearing war bonnet head dresses. These
16 are disrespectful to Indian Tribes. We have to and we must put into the
17 public school a new curriculum, a true history of the past events. Just like
18 today during our family gatherings we tell our children of their family
19 history. Good and bad so that we may all learn and not make the same
20 mistakes, but make sound decisions and developing a vision for a better
21 future for all of our families.
22
23 Last year we brought this up at this time requesting an educational Native
24 American History curriculum in our Public Schools. I know it is
25 something we have been working on through a draft bill here in Colorado
26 to include a broader and in debt Native American history curriculum.
27 About all Native Americans history including the Ute People of Colorado.
28
29 We as the Ute People have lived here in these Rocky Mountains for
30 thousands of
31 years, within the geographical area, recognized today as the four States
32 of Colorado, Utah, New Mexico and Arizona. We were a nomadic Tribe
33 and we traveled these mountains as the original stewards of these
34 mountains. Today the Utes are the oldest living resident in the State of
35 Colorado.
36
37 There has been some past U.S. legislation that was not been in the best
38 interest of the Ute People including other Tribes across this country. We
39 as the Utes lost a majority of our aboriginal Land that we once roamed in
40 a matter of 40 years, from 1849 to 1890, which started with our first
41 treaty, with the U.S. Government in 1849 in Abique NM.
42
43 There was key legislation that removed the Ute people and other Native
44 Tribes to reservations. Like the Homestead Act, Dawes Act which is the
45 General Allotment Act, the Indian Reorganization Act, the discovery of
46 Gold and Silver and other rich minerals in these rocky mountains. We did
47 not become U.S. citizens until 1924. President Calvin Coolidge sign the
48 Indian Citizenship Act. The American Indians were the first people of
49 this country and are the last to receive citizenship. Today the UMUT is
50 located in the very Southwest corner of Colorado on a tract of land 931
51 square miles.
52
53 We are here today to help and partner with the Colorado State Legislators
54 in creating an education History Curriculum of the Ute Tribes and
55 possible other Native American Tribes.

1 Today across the country the Health disparities is 3 times higher in Tribal
2 Communities than most places across the country.

3
4 Some of our Tribal Nations are covered through the (IHS) Indian Health
5 Service Clinics. Today these clinics are chronically underfunded annually.
6 These clinics and hospitals are based on user population and funding
7 increases are so far behind for services and construction of new health
8 clinics and hospitals. In the 2022 budget close to 7 Billion dollars funded
9 less than half of what patients needed on Tribal Indian reservations across
10 this country.

11
12 Another challenge that we brought up is that, IHS has a lack health care
13 staff. We have 14 health care position vacant in our health clinic in
14 Toawoc. It takes almost one year for an applicant to go through a hiring
15 process, based on the background check of an applicant. By the time an
16 applicant gets to that point of being hired after a year, they have already
17 moved on to other opportunities and jobs. I would recommend reading A
18 Quiet Crisis.

19 From the U.S. Commission on Civil Rights, there was a report put out,
20 that examined six Federal Agencies intended to provide services and
21 assist Native American tribes across the country: U.S. Department of
22 Interior, U.S. Department of Health and Human Services, U.S.
23 Department of Housing and Urban development, U.S. Department of
24 Justice, U.S. Department of Education, U.S. Department of Agriculture.

25
26 In this report the commission assesses the in adequacy of funding
27 provided to programs administered by these six U.S. Departments and the
28 unmet need in Indian country. This study reveals that the federal funding
29 directed to Native American Tribes through these programs with these
30 agencies has not been sufficient to address the basic and very urgent
31 needs of the indigenous people in this country.

32
33 So today I have a request to the Colorado State Legislatures and to
34 Governor Polis. On the UMUT reservation we have a lot of our Tribal
35 members on dialysis or in Stage 1 or Stage 2 of being a diabetic. Through
36 the State of Colorado's Medicaid Program, could there be a program
37 created and developed for the UMUT with an annual budget and to
38 develop some (FTE) Full Time Employees. So that they may do home
39 visits and check vitals and foot exams for our Tribal members that are
40 diabetics.

41
42 We need prevention and education for these clients, before they get into
43 a stage of amputations of their limbs. When a client gets to a point of
44 amputations, then they lose hope on the lack of mobility, to just get
45 around. A majority of them eventually give up, due to their new
46 challenges and their new limited conditions in their life. This is where you
47 put yourself in their shoes and feel what they are facing at home on the
48 Reservation. Some of these challenges that I see today would be going to
49 their medical appointments, shopping for their basic needs, visiting
50 family, safely accessing and taking a bath or shower daily. They would
51 also face staying with in a limited radius on limited travel. It is sad to see
52 this in our families and with our tribal elders.

53
54

1 A question you might ask have you brought it up to your Provider the
2 IHS. The answer is, yes we have brought this same request to the IHS, but
3 it seems to fall on deaf ears and there has been no response back from the
4 IHS. This program if developed, could also include, paying for person to
5 help with home cleaning, cooking, running errands for medicine or
6 groceries and to help in the daily home needs for the client, not full time
7 but with limited hours.

8
9 Our Tribal (KCA) Kwigah Community Academy Charter School is doing
10 great. Today we have 56 Students K- 3rd grade and 25 employees counting
11 full time and part time working for the KCA. We be looking forward to
12 possibly seeing an increase in wages for our teachers from the State of
13 Colorado and for all of our public schools.

14
15 We are also applying for other funding sources to help in creating
16 additional new curriculum for our KCA students. Goals for this year:
17 increase attendance, provide transportation, continue developing our land
18 —based projects that are based on the Ute Culture curriculum, focus on
19 growing our own Ute classroom teachers as well as other teachers.

20
21 We are always looking for Capital funding for our future education
22 quadrant. This is our educational Vision for the UMUT, and that is to
23 look toward building a permanent school building of K-12th grade, a
24 possible partnership on a junior college and a vocational trade's school for
25 the UMUT.

26
27 We as the Umu Tribal council passed a resolution with a design and
28 some infrastructure engineering as a living document to help create this
29 education quadrant for our future. Some of you might know that we are
30 getting close to the 2026 Interim guidelines for the Colorado River Basin.
31 We have been working diligently with the UCRC. The representative for
32 Colorado is Becky Mitchell, she is a fighter and a very strong advocate
33 for the State of Colorado, but also for the justice of the Ute Tribes water
34 rights within the State.

35
36 Each of these representatives are appointed by the Governor of each state.
37 Each of these representatives advocate on the State water rights and
38 future forecast for each of the four States of Colorado, Utah Wyoming
39 and New Mexico, including partnering with the 6 Tribes of the upper
40 basin.

41
42 These Tribes are: The Ute Mountain Ute Tribe and Southern Ute Indian
43 Tribe from Colorado, from New Mexico Jicarilla Apache Tribe and the
44 Navajo Nation, from Utah the Uintah and Ouray Tribe (Ute Tribe) and the
45 Sothern Paiute Tribe. We have been working diligently and strategically
46 with the UCRC.

47
48 We had a project in Durango called (the ALP project) the Animas La
49 Plata project. It is based on a Ute water treaty settlement of 1868, for the
50 two Ute Tribes in Colorado. The original settlement was the 2 Ute Tribes
51 each have around 16 K/ acre Ft of water in Lake Nighthorse. If we
52 included our other water partners in the Southwest, we have a full
53 reservoir of 54 K/ acre Ft.

54
55

1 The original legislation include a delivery system to each of the two Ute
2 Tribal reservations. That never came to fruition during the debate on
3 funding for the ALP Settlement. The delivery system was taken out for
4 the two Ute Tribes. But the Navajo Gallup Pipeline continues to get
5 funding for their delivery system. Our water Resource committee have
6 been discussing this issue on how does the UMUT get our share of the
7 water of 16K/ acre Ft from Lake Nighthorse?

8
9 We could go back to the U.S. Congress in Wash DC and request them for
10 more funding for a delivery system which would amount to around 500
11 million dollars that is just for the UMUT. That would also looking at
12 applying for a request from the infrastructure Bill that was passed by
13 congress.

14
15 We have also been talking about approaching both the State of Colorado
16 and New Mexico. If we requested a release, for our UMUT water right of
17 16K/ acre ft of water out of Lake Nighthorse into the Animas River and
18 down into New Mexico into the San Juan River it would eventually come
19 back into Colorado at the very Southwest corner. Back into the UMUT
20 reservation. But due to the 2 states of Colorado and NM and their State
21 water compacts that is not possible.

22
23 The concern is the tracking and measurement of the amount of water in
24 the system and the evaporation and transit loss that has to be factored in
25 also. In this day and age through science and hydrology projections and
26 including legal water Interpretation. There must be a process through
27 legislation for issues on our water right like we have currently. Especially
28 for the UMUT which has a water right in the three States of Colorado,
29 NM and Utah. We also have an inherent right to use the water for our
30 future needs of a growing Ute Mountain Ute Tribe.

31
32 We cannot change the past wrongs that happened. But we can learn from
33 them today and we can understand what changes are needed and advocate
34 for new amendments that need to be brought forward. We must and we
35 should have a common vision and goals in all the important areas for all
36 of our future here in Colorado.

37
38 In closing we want to thank all of you for giving us this opportunity to
39 address the Senate and the House in a joint General Assembly, these days
40 are historical for all of us.

41
42 To hear from a Tribal Government to a State Government as the
43 sovereigns that we are. In advocating and working in a true partnership
44 toward the future of all of the Colorado citizens including the two Ute
45 Tribes and for the future of all of our children and grandchildren.

46
47 Thank You.

51 **ADDRESS BY CHAIRMAN BAKER**

52
53 Maykh! Members of the Colorado House of Representatives and the
54 Colorado Senate, staff and guests. Thank you for the opportunity to
55 address you today. My name is Melvin J. Baker. I am the Chairman of the
56 Southern Ute Indian Tribe.

1 Our Tribe has a strong government-to-government relationship with the
2 State of Colorado. State and Tribal relations vary significantly across the
3 Country and are often strained. Colorado serves as a model for state-tribal
4 relations. It is a relationship that we are continually working on and
5 improving.

6
7 But the relationship we have today has not always existed. Colorado, like
8 many states, has had a turbulent history with Tribal governments. Which
9 includes broken promises and ignored treaties. Colorado, the Southern
10 Ute Indian Tribe, and the Ute Mountain Ute Tribe have worked hard over
11 the past decades to overcome that difficult history so that we may respect
12 each other's sovereignty and work together for the benefit of all
13 Coloradans.

14
15 But I am here today to tell you that we are in danger of damaging that
16 relationship because of the actions of a few individuals who would rather
17 dishonor our longstanding commitments for short-term gain. To provide
18 context concerning this danger, I would like to start with an introduction
19 to the Southern Ute Indian Tribe.

20
21 The Utes are the oldest continuous inhabitants of what is now the State
22 of Colorado. We do not have a migration story. According to our Creation
23 story, we were placed in the Rocky Mountains by Sinwaw who promised
24 "The Utes, even though they are few in number, will be the mightiest and
25 most valiant of heart."

26
27 The Ute people are resilient. We are still here, fighting and advocating
28 every day for our people and the lands we inhabit.

29
30 The lands of the Southern Ute Indian Tribe were at one time much larger.
31 In 1849, we first entered into a Treaty with the United States government
32 establishing a boundary between the Ute Nation and the United States.
33 But as mining companies identified minerals on the Ute lands, that Treaty
34 and successive Treaties with the Utes were repeatedly broken. In the
35 1870's, Felix Brunot, through deception, convinced the Ute bands to,
36 once again, give up more land to benefit mining companies who wanted
37 access to the minerals in the San Juan mountains. Although the evidence
38 of fraud in the negotiations was evident, Congress confirmed the Brunot
39 Agreement in 1874. Once again, the commitments of the United States to
40 the Ute Tribes were disregarded for the economic benefit of a few.

41
42 Those mining companies are, of course, gone, having plundered the
43 mountains and left. Today, the Southern Ute Indian Tribe is located in
44 southwest Colorado. We have close to 1500 Tribal Members, about 1000
45 of whom live on the Reservation. Our Reservation is 110 miles long and
46 75 miles wide. It is checkerboarded with Tribal trust lands, Indian
47 allotments, homestead fee tracts, Tribal-owned or Native-owned fee land,
48 and Bureau of Reclamation and National Forest land. As a result, the
49 Tribe must navigate jurisdictional and governance complexities. Despite
50 these complexities, our Reservation is our home and we intend to
51 preserve it and protect our sovereignty.

52
53 Despite the loss of substantial resources through the violation of our
54 Treaty rights, we have utilized those natural and economic resources that
55 remain on our lands to provide a future for our people and to benefit the
56 broader community. Through foresight, financial planning, and technical

1 expertise, the Southern Ute Indian Tribe is a leader across Indian country.
2 As a developer of energy resources, real estate, construction, and private
3 equity: our Tribe is the largest employer in La Plata County with over
4 1000 employees. We are well respected for our financial integrity. Earlier
5 this month, we were honored to have our Triple A credit rating
6 reaffirmed, a rating that is higher than that of the federal government.
7 This reflects the Tribe's ability to meet financial commitments and
8 uphold a robust financial profile, even in the face of national and global
9 economic challenges. Our Tribe was the first in the nation to receive this
10 rating in 2001 and we have maintained this status since.

11
12 The Tribe is a unique and critical partner for the State. Let me be
13 perfectly clear. The Tribe pays taxes. We have longstanding tax compacts
14 with the State and our adjoining Counties. We have paid tens of millions
15 of dollars in taxes to support community services. We honor our compacts
16 with the State, just like the State should honor its compacts with and
17 promises to us. In addition, businesses located on the Reservation provide
18 substantial revenue to state and local governments.

19
20 But what is unique is that we provide services to residents of Colorado
21 who are not members of our Tribe. Our Reservation is home to over
22 10,000 Native and Non-Native Colorado residents and families. And
23 when it comes to services, those are often provided by the Tribe at no cost
24 to the State.

25
26 Here are some examples: We provide health care for over 2100 patients,
27 and almost 40,000 patient visits annually through a Tribal Member health
28 benefit plan. We spend millions providing social services, law
29 enforcement, detention and judicial services for all of the Native
30 population within the Reservation boundaries. We provide elementary
31 education for children, including non-Tribal member children, through
32 our Montessori Academy.

33 We regulate air quality under the Clean Air Act on the Reservation and
34 maintain water quality standards exceeding those of the state and federal
35 government. We maintain the Pine River Indian Irrigation project which
36 brings water to tribal and non-tribal farmers on the Reservation. This
37 system is a federal project and we have absorbed the costs associated with
38 maintenance for the benefit of these farmers and ranchers for decades.
39 We are engaged in an \$80 million dollar initiative to bring broadband to
40 the Reservation communities, servicing both tribal and non-tribal
41 members alike.

42
43 There is a hospital in La Plata County – because the Tribe provided the
44 land for it and donated millions for the medical care it provides. We are
45 utilizing Tribal resources to bring affordable housing to the community
46 so that necessary employees, including educators, health care workers,
47 and first responders have affordable housing.

48
49 We provide these services typically at the Tribe's expense, in some cases
50 despite the State's commitment to provide funding - that has not
51 materialized – for Colorado residents to enhance the community we share.

52
53 As we look ahead, I implore you to please remember these principles
54 which serve as the foundation of our relationship and are essential to our
55 shared progress:

56

1 First, mutual recognition and respect of each other's sovereignty. As
2 self-governing entities, we each have our own laws, codes, and processes.
3 As we move forward together in this legislative session and beyond, I
4 encourage you to please remember your neighbors: the Southern Ute
5 Indian Tribe and the Ute Mountain Ute Tribe. Please consider what
6 effects or impacts legislation may have on our Tribes and our Tribal
7 Members. This recognition of sovereignty necessitates meaningful
8 consultation.

9
10 Second, Consultation. I look forward to developing and strengthening our
11 relationship in the years to come. Consultation is a critical component,
12 especially on legislation or policy that may affect one or both parties.

13
14 This consultation should be an open exchange of information and
15 perspectives, ensuring Tribal voices are heard and considered. To be
16 meaningful, this consultation must take place early in the legislative
17 process, not at the last minute or as an afterthought.

18
19 By working together, we can identify potential impacts of legislation on
20 Tribal communities and explore solutions that benefit all parties. I
21 commend Secretary of State, Jena Griswold, for her efforts to codify
22 Tribal consultation with her office to ensure the protection of Tribal
23 voting rights and voting access.

24 Finally, Cooperation. Unity in diversity and a commitment to cooperation
25 is key to our success. Our social and economic well-being are heavily
26 intertwined. This applies to everything from social programs and
27 education to infrastructure to civic participation, economic growth, and
28 environmental and resource protection.

29
30 This cooperative spirit, even in the face of disagreement, is the
31 cornerstone of a strong and resilient relationship. It allows us to leverage
32 the diverse strengths and perspectives of our citizens, fostering innovation
33 and tackling complex challenges more effectively.

34 By working together, we can bridge divides, build trust, and create a
35 sense of shared purpose.

36 Ultimately, this cooperation is the fuel that propels us forward, enabling
37 us to progress not just as individuals, but as united Coloradans.

38 I encourage all members of this body to join me in upholding these
39 principles of mutual recognition, consultation, and cooperation. As I
40 indicated in my opening remarks, these principles are in jeopardy today.

41 While assimilation and eradication policies are long gone there are new
42 proposals and actions promoted by a handful of individuals that risk
43 filling these shoes and are designed to encourage the State to disregard
44 the solemn commitments it made to the Tribes for their individual
45 economic benefit. I want to highlight three critical areas this morning:

46
47 Our first area is Gaming: We have had a gaming compact with the State
48 for almost 30 years. We have always honored our commitments under
49 that Compact which was approved by this body and the Secretary of
50 Interior. The language of that compact could not be more clear. When
51 Colorado approves any gaming, the Tribe can engage in exactly the same
52 gaming. And it is not subject to any tax or fee. Why? Because under
53 federal law, we can only use the money for the public welfare – to
54 provide all of those services that we provide the residents of Colorado.

55
56

1 When this body and the voters of Colorado approved sports betting four
2 years ago, everyone knew that this permitted the Tribe to also engage in
3 sports betting.

4
5 But the Colorado Department of Gaming has prevented my Tribe and our
6 Sister Tribe, the Ute Mountain Utes, from engaging in sports betting,
7 refusing to honor our Compact. Various gaming interests from New York,
8 Massachusetts, New Jersey, Nevada, and other states will try to encourage
9 you not to honor the State's agreement for their economic benefit. Today,
10 despite the legislation you passed and the Compact you entered into with
11 the Tribes, not a single Native Casino or Native owned business is
12 operating sports betting in Colorado.

13
14 Outside gaming companies will tell you that they want a level playing
15 field – that the Tribe should have to pay the same tax they do. They know
16 better. There will never be a level playing field. There has been a four
17 year delay in the Tribes entering this market. It is already saturated. With
18 their monopoly, we simply cannot reasonably break into the sports betting
19 market. And they are not paying tens of millions of dollars every year as
20 a governmental entity to benefit the residents of Colorado like we are.

21
22 When I addressed this body last year, I made one request. That the State
23 resolve this issue. We met with the Governor. He assured us that under
24 the new Director of CODOG, that one of the priorities would be to visit
25 the Tribe and resolve this issue. This individual has been in office since
26 August, and we have never heard from him.

27
28 Senator Rodriguez is prepared to introduce legislation on behalf of the
29 Tribes to bring this matter to a conclusion. The out of state gaming
30 interests are opposing it. *Enough is enough*. We are tired of broken
31 promises. We thank Sen. Rodriguez for his support and we ask that you
32 pass Senator Rodriguez's legislation this session.

33
34 Next, I would like to discuss Annexation: The last two centuries have
35 been plagued by unceasing efforts and policies to remove our ancestral
36 homelands and identity from our people. One would think that the days
37 of taking land from Tribes is over. But it continues today.

38
39 A brief look at history shows a pattern of promises made, promises
40 broken, and Tribal land removed from Tribal control. In 1868, the Utes
41 entered a treaty with the United States Government to create the original
42 Reservation which allocated approximately 15 million acres on the
43 Western Slope “for the absolute and undisturbed use and occupation of
44 the” Ute people. Five years later, in 1873, the Brunot Agreement carved
45 out an additional 3.7 million acres of land.

46
47 Still, these large land cessions were not enough. In 1880, Congress
48 removed the Southern Utes to “unoccupied agricultural lands on the La
49 Plata River.” This removal followed the Meeker Incident, which erupted
50 when our ancestors resisted assimilation, and the US responded by
51 withholding treaty-guaranteed food and supplies. In the aftermath, the
52 Utes agreed to open the remainder of the 1868 Reservation to non-Native
53 settlement.

54
55

1 In 1895, Congress passed the Allotment Act, which further breached
2 treaty promises and forever altered the Ute's relationship to the land.
3 Following this, the US deemed the Reservation complete and opened the
4 remainder of the land to homesteading. By 1934, more than one-half of
5 our Reservation was occupied by non-Native homesteaders. This history
6 has cast a long shadow.

7
8 Today, our Reservation is comprised of a fragment of the lands originally
9 promised to us.

10 The Tribe has worked hard over the years to establish cooperative
11 relationships with the State, particularly with La Plata County, to address
12 these complexities.

13
14 Unfortunately, we are confronted once more with official efforts to
15 encroach on our lands.

16 A neighboring city seeks to annex lands within the Reservation's exterior
17 boundaries, which would result in more jurisdictional complexity. If
18 successful, this could lead to Tribal lands being subjected to annexation
19 by outside governments and would severely infringe on our sovereignty.

20
21 We have lost enough land. Tribal lands must remain tribal lands unless
22 the Tribe consents to their release. I strongly urge the State to act swiftly
23 to protect our home, land, and sovereign interests, and to pass legislation
24 immediately to prohibit the annexation of Tribal lands without the Tribe's
25 consent.

26
27 I commend and thank Senator Jessie Danielson, Senator Cleve Simpson,
28 House Majority Leader Representative Monica Duran, and House
29 Minority Leader Rose Pugliese for their sponsorship of a bill addressing
30 the annexation of Reservation land in Colorado, and President Fenberg
31 and leadership for approval of a late bill.

32
33 Finally, We will protect our Tribal Water. Water is critical to our way of
34 life. We are taught to respect the water and we use it in our prayers and
35 ceremonies.

36
37 We are protecting the water for our current needs, and we are protecting
38 the water for our future generations. Conservation of natural resources is
39 fundamental to our Ute identity.

40 The Tribe has worked long and hard to settle its water rights. Congress
41 affirmed our 1986 settlement, which resulted in a quantified water right
42 and an authorization of the Animas-La Plata Project. The Settlement Act
43 was later amended in 2000. Nevertheless, we are constantly working to
44 ensure that others do not take the Tribe's water rights.

45
46 The Tribe has two water projects: First, the Animas-La Plata Project
47 which was authorized by the 1988 Settlement Act. The primary objective
48 of this Project was to supply agricultural, municipal, and industrial water
49 to Southern Ute and Ute Mountain Ute. However, the 2000 Amendments
50 eliminated the agricultural component.

51
52 As a result, the water can only be used for municipal and industrial uses.
53 The Tribe has not found a feasible use for the water yet, due to two
54 hurdles: limited infrastructure and the high costs of managing the water

1 once it is accessed. However, we are exploring options to utilize this
2 water to benefit our Tribal members and the community now and into the
3 future.

4
5 Second, the Pine River Indian Irrigation Project (PRIIP), was designed to
6 force farming on the Utes by the Bureau of Indian Affairs. The
7 construction of ditches began in the late 1800's and the last major
8 improvement was in the 1960's. The Bureau of Indian Affairs owns the
9 PRIIP and has the responsibility of operating and maintaining the system.
10 This project runs 175 miles with 2,100 individual structures but only 15%
11 is in good operable condition.

12
13 The lack of funding remains a critical issue especially as we have
14 approximately 400 water users, including non-Tribal farmers and ranchers
15 who depend on this project and pay the costly fees from already thin
16 margins.

17
18 With respect to the Colorado River, Tribes have been left out of key
19 conversations for too long. As a result, my Tribe has been focused on
20 gaining inclusion in the current discussions occurring within the Colorado
21 River Basin.

22
23 We want a seat at the table, to be heard, and to be part of the
24 decision-making circle so that we can protect our water rights and not be
25 overlooked. We want the Basin Tribes to commit to protecting Tribal
26 water rights. In addition, we want a commitment that there will be no caps
27 placed on the future development of our water resources. We appreciate
28 the State of Colorado's effort in including and amplifying tribal voices in
29 water
30 conversations.

31 For example, Commissioner Rebecca Mitchell has been vocal in
32 supporting Tribal inclusion in Colorado River Basin discussions.
33 Additionally, the Colorado River Drought Task Force and the Sub-Task
34 Force had a seat for a representative from both Ute Tribes.

35
36 We thank the Colorado Legislature for drafting a Joint Memorial to make
37 a request to Congress to fully allocate the Water Infrastructure
38 Improvements for the Nation Act Fund, and particularly Senators Roberts,
39 Simpson and Danielson, Speaker McCluskie and Representatives
40 McLachlan and Catlin for sponsoring the memorial. We appreciate your
41 support to secure funding for the PRIIP.

42
43 We would also like to thank Attorney General Phil Weiser for his
44 vigilance in supporting the interests of the State of Colorado in protecting
45 the State's and Tribe's water rights and ensuring the Tribe has a seat at
46 the table in all negotiations.

47
48 The Southern Ute Indian Tribe and the State of Colorado have a unique
49 relationship. We need to continue it. We must preserve and protect it. We
50 may disagree. But we always find a way to move forward, through
51 working relationships formalized by Compacts and memoranda of
52 agreements. Let us continue to honor the promises we make to each other
53 to ensure a sustainable and secured future. The strength of our
54 relationship allows for even difficult issues to be addressed through

1 mutual accountability. Let us not allow special interests to destroy what
 2 makes Colorado so special. In recognition of the groundwork laid by our
 3 ancestors, past Tribal leaders, and past Legislators, let us commit
 4 ourselves to carrying on their legacy to build a better tomorrow for us all.

5
 6 Toghoyaqh!

7
 8
 9 The Joint Committee escorted the Tribal Representatives from the Ute
 10 Mountain Ute Tribe Tribal Council and the Southern Ute Indian Tribe
 11 Tribal Council from the Chamber.

12
 13
 14 On motion of House Majority Leader Duran, the messages from
 15 Chairman Hart and Chairman Baker was ordered printed in the House
 16 Journal.

17
 18
 19 On motion of Senate Majority Leader Rodriguez, the Joint Session was
 20 dissolved.

21
 22
 23 House reconvened.
