J.R.H. 19.

Joint resolution supporting the administration's efforts to examine and provide recommendations for improving and increasing the effectiveness of Vermont's state and municipal environmental protection process.

Reported favorably with recommendation of proposal of amendment by Senator Lyons for the Committee on Natural Resources and Energy.

The Committee recommends that the Senate propose to the House to amend the joint resolution by striking out all after the title and inserting in lieu thereof the following:

Whereas, our environment is the sum of everything around us, our beautiful mountains and valleys, our streams and lakes, the air we breathe and the winter's snow and summer's green grass, and

Whereas, to date, Vermont has managed to preserve many aspects of the state's environment, but this protective process could be administered more effectively and with greater certainty and transparency, and

Whereas, since 1970, Vermont's system of state and municipal environmental and land use regulation has grown and changed, resulting in overlapping laws and programs under the administrative jurisdiction of multiple state offices that do not always share the same regulatory objectives or coordinate in an optimal fashion, and

Whereas, the state of Vermont and local municipalities should be encouraging appropriate development at specific locations, and

Whereas, for example, attempts to effectively enforce water quality standards in Lake Champlain, promote a settlement pattern of compact urban and village centers surrounded by a rural, working landscape, and reduce greenhouse gas emissions have not resulted in achieving compliance with statutory goals and not infrequently have resulted in contentious disputes and litigation, and

Whereas, project developers and citizens concerned about projects often voice complaints expressing confusion about the specific permits required for a given project and objecting that the regulatory process can be expensive, daunting, and time-consuming and that it needs to be predictable, and

Whereas, Vermont must ensure that its permitting process appropriately utilizes the benefits of new technology to improve efficiency while simultaneously achieving protection of the natural environment, and

Whereas, Governor Shumlin has directed the chair of the natural resources board and the secretary of natural resources to review Vermont's

environmental and land use permitting system and to provide recommendations for improving the system and increasing its effectiveness, and

Whereas, the General Assembly continues to propose policies that improve environmental permitting and ensure that development protects Vermont's working landscape and natural environment, now therefore be it

Resolved by the Senate and House of Representatives:

That the General Assembly supports the administration's efforts to examine and provide recommendations for improving and increasing the effectiveness of Vermont's environmental protection process, and be it further

Resolved: That the General Assembly requests that the chair of the natural resources board and the secretary of natural resources, in consultation with other state permitting officials including representatives of the agencies of agriculture, food and markets, commerce and community development, transportation, and the environmental division of superior court, and municipal permitting officials, and invite public input through public meetings, the use of the Internet, and other forms of outreach, and be it further

Resolved: That the General Assembly requests that the chair of the natural resources board and the secretary of natural resources regularly meet and consult with the chairs of the House and Senate Committees on Natural Resources and Energy and the House Committee on Fish, Wildlife and Water Resources during this review process, and be it further

Resolved: That the General Assembly requests that the chair of the natural resources board and the secretary of natural resources develop recommendations intended to maintain standards assuring the environmental quality so important to Vermonters while making Vermont's land use and environmental permit process more efficient, more effective, more user-friendly, more open, more predictable, better coordinated, and quicker for applicants and citizens, and be it further

Resolved: That the General Assembly requests the chair of the natural resources board and the secretary of natural resources to report to the chairs of the House and Senate Committees on Natural Resources and Energy and the House Committee on Fish, Wildlife and Water Resources by January 15, 2012 with recommendations to meet the intent of this resolution, and be it further

Resolved: That the Secretary of State be directed to send a copy of this resolution to the chair of the natural resources board and the secretary of natural resources.

House Proposal of Amendment

S. 36

An act relating to the surplus lines insurance multi-state compliance compact.

The House proposes to the Senate to amend the bill by striking all after the enacting clause and inserting in lieu thereof the following:

*** * * Surplus Lines Insurance Multi-state Compliance Compact * * ***

Sec. 1. 8 V.S.A. chapter 138A is added to read:

CHAPTER 138A. SURPLUS LINES INSURANCE MULTI-STATE COMPLIANCE COMPACT

§ 5050. FINDINGS

The general assembly makes the following findings of fact:

(1) The Dodd-Frank Wall Street Reform and Consumer Protection Act, Pub.L. 111-203, was signed into law on July 21, 2010. Title V, Subtitle B of that act is known as the Non-Admitted and Reinsurance Reform Act of 2010 (NRRA). NRRA states that:

(A) the placement of non-admitted insurance shall be subject to the statutory and regulatory requirements solely of the insured's home state; and

(B) any law, regulation, provision, or action of any state that applies or purports to apply to non-admitted insurance sold to, solicited by, or negotiated with an insured whose home state is another state shall be preempted with respect to such application; except that any state law, rule, or regulation that restricts the placement of workers' compensation insurance or excess insurance for self-funded workers' compensation plans with a non-admitted insurer shall not be preempted.

(2) In compliance with NRRA, no state other than the home state of an insured may require any premium tax payment for non-admitted insurance; and no state other than an insured's home state may require a surplus lines broker to be licensed in order to sell, solicit, or negotiate non-admitted insurance with respect to such insured.

(3) NRRA intends that the states may enter into a compact or otherwise establish procedures to allocate among the states the premium taxes paid to an insured's home state; and that each state adopt nationwide uniform requirements, forms, and procedures, such as an interstate compact, that provides for the reporting, payment, collection, and allocation of premium taxes for non-admitted insurance.

(4) After the expiration of the two-year period beginning on the date of the enactment of NRRA, a state may not collect any fees relating to licensing of an individual or entity as a surplus lines licensee in the state unless the state has in effect at such time laws or regulations that provide for participation by the state in the national insurance producer database of the National Association of Insurance Commissioners (NAIC), or any other equivalent uniform national database, for the licensure of surplus lines licensees and the renewal of such licenses.

(5) A need exists for a system of regulation that will provide for surplus lines insurance to be placed with reputable and financially sound non-admitted insurers, and that will permit orderly access to surplus lines insurance in this state and encourage insurers to make new and innovative types of insurance available to consumers in this state.

(6) Protecting the revenue of this state and other compacting states may be accomplished by facilitating the payment and collection of premium tax on non-admitted insurance and providing for allocation of premium tax for non-admitted insurance of multi-state risks among the states in accordance with uniform allocation formulas.

(7) The efficiency of the surplus lines market may be improved by eliminating duplicative and inconsistent tax and regulatory requirements among the states, and by promoting and protecting the interests of surplus lines licensees who assist such insureds and non-admitted insurers, thereby ensuring the continued availability of non-admitted insurance to consumers.

(8) Regulatory compliance with respect to non-admitted insurance placements may be streamlined by providing for exclusive single-state regulatory compliance for non-admitted insurance of multi-state risks, thereby providing certainty regarding such compliance to all persons who have an interest in such transactions, including insureds, regulators, surplus lines licensees, other insurance producers, and surplus lines insurers.

(9) Coordination of regulatory resources and expertise between state insurance departments and other state agencies, as well as state surplus lines stamping offices, with respect to non-admitted insurance will be improved under the surplus lines insurance multi-state compliance compact.

(10) By July 21, 2011, if Vermont does not enter into a compact or other reciprocal agreement with other states for the purpose of collecting, allocating, and disbursing premium taxes and fees attributable to multi-state risks, the state could lose up to 20 percent of its surplus lines premium tax collected annually. In fiscal year 2010, Vermont's surplus lines premium tax was $938,636.54. A revenue loss of 20 percent would be $187,727.31.

§ 5051. INTENT; AUTHORITY TO ENTER OTHER AGREEMENT

(a) It is the intent of the general assembly to enact the surplus lines insurance multi-state compliance compact as provided under this chapter, and also to authorize the commissioner of banking, insurance, securities, and health care administration to enter into another agreement pursuant to subsections (b) and (c) of this section if the compact does not take effect.

(b) During the interim of the 2011–2012 legislative biennium and subject to subsection (c) of this section, if the surplus lines insurance multi-state compliance compact does not take effect under section5065 of this title then, in accordance with NRRA, the commissioner of banking, insurance, securities, and health care administration may enter into a cooperative agreement, reciprocal agreement, or multi-state agreement with another state or states to provide for the reporting, payment, collection, and allocation of premium fees and taxes imposed on non-admitted insurance. The commissioner may also enter into other cooperative agreements with surplus lines stamping offices and other similar entities located in other states related to the capturing and processing of insurance premium and tax data. The commissioner is further authorized to participate in any clearinghouse established under any such agreement or agreements for the purpose of collecting and disbursing to reciprocal states any funds collected and applicable to properties, risks, or exposures located or to be performed outside of this state. To the extent that other states where portions of the insured properties, risks, or exposures are located have failed to enter into a compact or reciprocal allocation procedure with Vermont, the net premium tax collected shall be retained by Vermont.

(c) Prior to entering into a cooperative agreement, reciprocal agreement, or multi-state agreement with another state or states pursuant to subsection (b) of this section, the commissioner shall:

(1) Determine that the agreement is in Vermont's financial best interest; does not create an undue administrative burden on the state; and is consistent with the requirements of NRRA.

(2) Obtain the prior approval of the joint fiscal committee, in consultation with the chairs of the senate committee on finance and the house committees on ways and means and on commerce and economic development.

(d) By July 21, 2011, if a clearinghouse is not established or otherwise in operation in order to implement NRRA, all payments and taxes that otherwise would be payable to such a clearinghouse shall be submitted to the commissioner or with a voluntary domestic organization of surplus lines brokers with which the commissioner has contracted for the purpose of collecting and allocating all payments and taxes.

(e) The commissioner may adopt rules deemed necessary to carry out the purposes of this section.

(3) streamline and improve the efficiency of the surplus lines market by eliminating duplicative and inconsistent tax and regulatory requirements among the states; and promote and protect the interest of surplus lines licensees who assist such insureds and surplus lines insurers, thereby ensuring the continued availability of surplus lines insurance to consumers;

(ii) votes taken during such meeting;

(E) establishing the titles, duties, and authority and reasonable procedures for the election of the officers of the commission;

(G) adopting a code of ethics to address permissible and prohibited activities of commission members and employees;

(H) providing a mechanism for winding up the operations of the commission and the equitable disposition of any surplus funds that may exist after the termination of the compact after the payment and reserving of all of its debts and obligations;

(c)(1) Operations committee. An operations committee shall be established. All actions of the operations committee are subject to the review and oversight of the commission and the executive committee and must be approved by the commission. The executive committee will accept the determinations and recommendations of the operations committee unless good cause is shown why such determinations and recommendations should not be approved. Any disputes as to whether good cause exists to reject any determination or recommendation of the operations committee shall be resolved by the majority vote of the commission.

(2) The operations committee shall have no more than 15 representatives or one for each state if there are less than 15 compacting states, who shall serve for a term and shall be established as set forth in the bylaws.

(3) The operations committee shall have responsibility for:

(D) such other duties and responsibilities as are delegated to it by the bylaws, the executive committee, or the commission.

(4) All representatives of the operations committee shall be individuals who have extensive experience or employment in the surplus lines insurance business, including executives and attorneys employed by surplus line insurers, surplus line licensees, law firms, state insurance departments, or state stamping offices. Nothing in this subdivision shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful or wanton misconduct of that person.

(2) The commission shall defend any member, officer, executive director, employee, or representative of the commission, the executive committee, or any other committee of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, provided that the actual or alleged act error or omission did not result from that person's intentional or willful or wanton misconduct. Nothing herein shall be construed to prohibit that person from retaining his or her own counsel.

(3) The commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the commission,

executive committee, or any other committee of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, provided that the actual or alleged act, error or omission did not result from the intentional or willful or wanton misconduct of that person.

§ 5058. MEETINGS AND ACTS OF THE COMMISSION

(a) The commission shall meet and take such actions as are consistent with the provisions of this compact and the bylaws.

(b) Each member of the commission shall have the right and power to cast a vote to which that compacting state is entitled and to participate in the business and affairs of the commission. A member shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for members' participation in meetings by telephone or other means of communication.

(c) The commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the bylaws.

(2) disclose matters specifically exempted from disclosure by federal and state statute;

(3) disclose trade secrets or commercial or financial information which is privileged or confidential;

(4) involve accusing a person of a crime, or formally censuring a person;

(6) disclose investigative records compiled for law enforcement purposes; or

(7) specifically relate to the commission's issuance of a subpoena, or its participation in a civil action or other legal proceeding.

(g) For a meeting, or a portion of a meeting, closed pursuant to this provision, the commission's legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exemptive provision. The commission shall keep minutes which shall fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefore, including a description of the views expressed and the record of a roll call vote. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the commission.

§ 5059. RULES AND OPERATING PROCEDURES; RULEMAKING FUNCTIONS OF THE COMMISSION

Notwithstanding the foregoing, in the event the commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of this compact, or the powers granted hereunder, then such an action by the commission shall be invalid and have no force or effect.

(b) Rulemaking procedure. Rules shall be made pursuant to a rulemaking process that substantially conforms to the Model State Administrative Procedure Act of 1981 Act, Uniform Laws Annotated, Vol. 15, p.1 (2000) as amended, as may be appropriate to the operations of the commission.

(c) Effective date. All rules and amendments, thereto, shall become effective as of the date specified in each rule, operating procedure, or amendment.

(d) Not later than 30 days after a rule is adoptd, any person may file a petition for judicial review of the rule, provided that the filing of such a petition shall not stay or otherwise prevent the rule from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the commission consistent with applicable law and shall not find the rule to be unlawful if the rule represents a reasonable exercise of the commission's authority.

§ 5060. COMMISSION RECORDS; ENFORCEMENT

(a) The commission shall adopt rules establishing conditions and procedures for public inspection and copying of its information and official

records, except such information and records involving the privacy of individuals, insurers, insureds, or surplus lines licensee trade secrets. State transaction documentation and clearinghouse transaction data collected by the clearinghouse shall be used for only those purposes expressed in or reasonably implied under the provisions of this compact and the commission shall afford this data the broadest protections as permitted by any applicable law for proprietary information, trade secrets, or personal data. The commission may adopt additional rules under which it may make available to federal and state agencies, including law enforcement agencies, records and information otherwise exempt from disclosure, and may enter into agreements with such agencies to receive or exchange information or records subject to nondisclosure and confidentiality provisions.

(b) Except as to privileged records, data, and information, the laws of any compacting state pertaining to confidentiality or nondisclosure shall not relieve any compacting state member of the duty to disclose any relevant records, data, or information to the commission, provided that disclosure to the commission shall not be deemed to waive or otherwise affect any confidentiality requirement, and further provided that, except as otherwise expressly provided in this compact, the commission shall not be subject to the compacting state's laws pertaining to confidentiality and nondisclosure with respect to records, data, and information in its possession. Confidential information of the commission shall remain confidential after such information is provided to any member, and the commission shall maintain the confidentiality of any information provided by a member that is confidential under that member's state law.

(c) The commission shall monitor compacting states for compliance with duly adopted bylaws and rules. The commission shall notify any noncomplying compacting state in writing of its noncompliance with commission bylaws or rules. If a noncomplying compacting state fails to remedy its noncompliance within the time specified in the notice of noncompliance, the compacting state shall be deemed to be in default as set forth in section 5065 of this chapter.

§ 5061. DISPUTE RESOLUTION

(a) Before a member may bring an action in a court of competent jurisdiction for violation of any provision, standard, or requirement of the compact, the commission shall attempt, upon the request of a member, to resolve any disputes or other issues that are subject to this compact and which may arise between two or more compacting states, contracting states or noncompacting states, and the commission shall adopt a rule providing alternative dispute resolution procedures for such disputes.

(b) The commission shall also provide alternative dispute resolution procedures to resolve any disputes between insureds or surplus lines licensees concerning a tax calculation or allocation or related issues which are the subject of this compact.

(c) Any alternative dispute resolution procedures shall be used in circumstances where a dispute arises as to which state constitutes the home state.

§ 5062. REVIEW OF COMMISSION DECISIONS

(a) Except as necessary for adopting rules to fulfill the purposes of this compact, the commission shall not have authority to otherwise regulate insurance in the compacting states.

(b) Not later than 30 days after the commission has given notice of any rule or allocation formula, any third party filer or compacting state may appeal the determination to a review panel appointed by the commission. The commission shall adopt rules to establish procedures for appointing such review panels and provide for notice and hearing. An allegation that the commission, in making compliance or tax determinations acted arbitrarily, capriciously, or in a manner that is an abuse of discretion or otherwise not in accordance with the law, is subject to judicial review in accordance with subsection 5054(f) of this chapter.

(c) The commission shall have authority to monitor, review and reconsider commission decisions upon a finding that the determinations or allocations do not meet the relevant rule. Where appropriate, the commission may withdraw or modify its determination or allocation after proper notice and hearing, subject to the appeal process in subsection (b) of this section.

§ 5063. FINANCE

(a) The commission shall pay or provide for the payment of the reasonable expenses of its establishment and organization. To fund the cost of its initial operations the commission may accept contributions, grants, and other forms of funding from the state stamping offices, compacting states, and other sources.

(b) The commission shall collect a fee payable by the insured directly or through a surplus lines licensee on each transaction processed through the compact clearinghouse, to cover the cost of the operations and activities of the commission and its staff in a total amount sufficient to cover the commission's annual budget.

(c) The commission's budget for a fiscal year shall not be approved until it has been subject to notice and comment as set forth in section 5059 of this chapter.

(d) The commission shall be regarded as performing essential governmental functions in exercising such powers and functions and in carrying out the provisions of this compact and of any law relating thereto, and shall not be required to pay any taxes or assessments of any character, levied by any state or political subdivision thereof, upon any of the property used by it for such purposes, or any income or revenue therefrom, including any profit from a sale or exchange.

(e) The commission shall keep complete and accurate accounts of all its internal receipts, including grants and donations, and disbursements for all funds under its control. The internal financial accounts of the commission shall be subject to the accounting procedures established under its bylaws. The financial accounts and reports including the system of internal controls and procedures of the commission shall be audited annually by an independent certified public accountant. Upon the determination of the commission, but not less frequently than every three years, the review of the independent auditor shall include a management and performance audit of the commission. The commission shall make an annual report to the governor and legislature of the compacting states, which shall include a report of the independent audit. The commission's internal accounts shall not be confidential and such materials may be shared with the commissioner, the controller, or the stamping office of any compacting state upon request provided, however, that any work papers related to any internal or independent audit and any information regarding the privacy of individuals, and licensees' and insurers' proprietary information, including trade secrets, shall remain confidential.

(f) No compacting state shall have any claim to or ownership of any property held by or vested in the commission or to any commission funds held pursuant to the provisions of this compact.

(g) The commission shall not make any political contributions to candidates for elected office, elected officials, political parties, nor political action committees. The commission shall not engage in lobbying except with respect to changes to this compact.

§ 5064. COMPACTING STATES, EFFECTIVE DATE AND AMENDMENT

(a) Any state is eligible to become a compacting state.

(b) The compact shall become effective and binding upon legislative enactment of the compact into law by two compacting states, provided the commission shall become effective for purposes of adopting rules, and creating the clearinghouse when there are a total of 10 compacting states and contracting states or, alternatively, when there are compacting states and contracting states representing greater than 40 percent of the surplus lines

insurance premium volume based on records of the percentage of surplus lines insurance premium set forth in section 5069 of this chapter. Thereafter, it shall become effective and binding as to any other compacting state upon enactment of the compact into law by that state. Notwithstanding the foregoing, the clearinghouse operations and the duty to report clearinghouse transaction data shall begin on the first January 1 or July 1 following the first anniversary of the commission effective date. For states which join the compact subsequent to the effective date, a start date for reporting clearinghouse transaction data shall be set by the commission provided surplus lines licensees and all other interested parties receive not less than 90 days advance notice.

(c) Amendments to the compact may be proposed by the commission for enactment by the compacting states. No amendment shall become effective and binding upon the commission and the compacting states unless and until all compacting states enact the amendment into law.

§ 5065. WITHDRAWAL; DEFAULT; TERMINATION

(a)(1) Withdrawal. Once effective, the compact shall continue in force and remain binding upon each and every compacting state, provided that a compacting state may withdraw from the compact by enacting a statute specifically repealing the statute which enacted the compact into law.

(2) The effective date of withdrawal is the effective date of the repealing statute. However, the withdrawal shall not apply to any tax or compliance determinations approved on the date the repealing statute becomes effective, except by mutual agreement of the commission and the withdrawing state unless the approval is rescinded by the commission.

(3) The member of the withdrawing state shall immediately notify the executive committee of the commission in writing upon the introduction of legislation repealing this compact in the withdrawing state.

(4) The commission shall notify the other compacting states of the introduction of such legislation within 10 days after its receipt of notice thereof.

(5) The withdrawing state is responsible for all obligations, duties, and liabilities incurred through the effective date of withdrawal, including any obligations, the performance of which extend beyond the effective date of withdrawal. To the extent those obligations may have been released or relinquished by mutual agreement of the commission and the withdrawing state, the commission's determinations prior to the effective date of withdrawal shall continue to be effective and be given full force and effect in the withdrawing state, unless formally rescinded by the commission.

(6) Reinstatement following withdrawal of any compacting state shall occur upon the effective date of the withdrawing state reenacting the compact.

(b)(1) Default. If the commission determines that any compacting state has at any time defaulted in the performance of any of its obligations or responsibilities under this compact, the bylaws, or duly adoptd rules then after notice and hearing as set forth in the bylaws, all rights, privileges, and benefits conferred by this compact on the defaulting state shall be suspended from the effective date of default as fixed by the commission. The grounds for default include failure of a compacting state to perform its obligations or responsibilities, and any other grounds designated in commission rules. The commission shall immediately notify the defaulting state in writing of the defaulting state's suspension pending a cure of the default. The commission shall stipulate the conditions and the time period within which the defaulting state must cure its default. If the defaulting state fails to cure the default within the time period specified by the commission, the defaulting state shall be terminated from the compact and all rights, privileges, and benefits conferred by this compact shall be terminated from the effective date of termination.

(2) Decisions of the commission that are issued on the effective date of termination shall remain in force in the defaulting state in the same manner as if the defaulting state had withdrawn voluntarily pursuant to subdivision (1) of this subsection.

(3) Reinstatement following termination of any compacting state requires a reenactment of the compact.

(c)(1) Dissolution of compact. The compact dissolves effective upon the date of the withdrawal or default of the compacting state which reduces membership in the compact to one compacting state.

(2) Upon the dissolution of this compact, the compact becomes null and void and shall have no further force or effect, and the business and affairs of the commission shall be wound up and any surplus funds shall be distributed in accordance with the rules and bylaws.

§ 5066. SEVERABILITY AND CONSTRUCTION

(a) The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision is deemed unenforceable, the remaining provisions of the compact shall be enforceable.

(b) The provisions of this compact shall be liberally construed to effectuate its purposes.

(c) Throughout this compact the use of the singular shall include the plural and vice-versa.

(d) The headings and captions of articles, sections, and subsections used in this compact are for convenience only and shall be ignored in construing the substantive provisions of this compact.

§ 5067. BINDING EFFECT OF COMPACT AND OTHER LAWS

(a)(1) Other laws. Nothing herein prevents the enforcement of any other law of a compacting state except as provided in subdivision (2) of this subsection.

(2) Decisions of the commission, and any rules, and any other requirements of the commission shall constitute the exclusive rule or determination applicable to the compacting states. Any law or regulation regarding non-admitted insurance of multi-state risks that is contrary to rules of the commission is preempted with respect to the following:

(A) clearinghouse transaction data reporting requirements;

(B) the allocation formula;

(C) clearinghouse transaction data collection requirements;

(D) premium tax payment time frames and rules concerning dissemination of data among the compacting states for non-admitted insurance of multi-state risks and single-state risks;

(G) uniform foreign insurers eligibility requirements;

(H) uniform policyholder notice; and

(I) uniform treatment of purchasing groups procuring non-admitted insurance.

(3) Except as stated in subdivision (2) of this subsection, any rule, uniform standard, or other requirement of the commission shall constitute the exclusive provision that a commissioner may apply to compliance or tax determinations. Notwithstanding the foregoing, no action taken by the commission shall abrogate or restrict:

(A) the access of any person to state courts;

(B) the availability of alternative dispute resolution under section 5061 of this chapter;

(C) the remedies available under state law related to breach of contract, tort, or other laws not specifically directed to compliance or tax determinations;

(D) state law relating to the construction of insurance contracts; or

(E) the authority of the attorney general of the state, including but not limited to maintaining any actions or proceedings, as authorized by law.

(b)(1) Binding effect of this compact. All lawful actions of the commission, including all rules adoptd by the commission, are binding upon the compacting states, except as provided herein.

(2) All agreements between the commission and the compacting states are binding in accordance with their terms.

(3) Upon the request of a party to a conflict over the meaning or interpretation of commission actions, and upon a majority vote of the compacting states, the commission may issue advisory opinions regarding the meaning or interpretation in dispute. This provision may be implemented by rule at the discretion of the commission.

(4) In the event any provision of this compact exceeds the constitutional limits imposed on the legislature of any compacting state, the obligations, duties, powers, or jurisdiction sought to be conferred by that provision upon the commission shall be ineffective as to that state and those obligations duties, powers, or jurisdiction shall remain in the compacting state and shall be exercised by the agency thereof to which those obligations, duties, powers, or jurisdiction are delegated by law in effect at the time this compact becomes effective.

(1) the surplus lines broker procuring or placing the surplus lines insurance has disclosed to the exempt commercial purchaser that such insurance may be available from an admitted insurer and may provide greater protection with more regulatory oversight; and

(2) the exempt commercial purchaser has subsequently requested in writing the surplus lines broker to procure or place such insurance from a nonadmitted insurer.

Sec. 4. 8 V.S.A. § 5025 is amended to read:

§ 5025. EXCEPTIONS CONCERNING PLACEMENT OF INSURANCE WITH NONADMITTED INSURERS; RECORDS

Sec. 5. 8 V.S.A. § 5026 is amended to read:

§ 5026. SOLVENT INSURERS REQUIRED

(a) ~~Surplus~~ Where Vermont is the home state of the insured, surplus lines brokers shall not knowingly place or continue surplus lines insurance with nonadmitted insurers who are insolvent or unsound financially, and in no event shall any surplus lines broker place any insurance with a nonadmitted insurer unless such insurer:

(1) ~~has paid to the commissioner an initial fee of $100.00 and an annual listing fee of $300.00, payable before March 1 of each year;~~

~~(2) has furnished the commissioner with a certified copy of its current annual statement; and~~

~~(3)~~ has and maintains capital~~, surplus or both to policyholders in an amount not less than $10,000,000.00;~~ and surplus or its equivalent under the laws of its domiciliary jurisdiction which equals the greater of:

(A) the minimum capital and surplus requirements under the law of this state; or

(B) $15,000,000.00; and

~~(4)~~(2) if an alien insurer, ~~in addition to the requirements of subdivisions (1), (2), and (3) of this subsection, has established a trust fund in a minimum amount of $2,500,000.00 within the United States maintained in and administered by a bank that is a member of the Federal Reserve System and held for the benefit of all of its insurer's policyholders and beneficiaries in the United States. In the case of an association of insurers, which association includes unincorporated individual insurers, they shall maintain in a bank that is a member of the Federal Reserve System assets held in trust for all their policyholders and beneficiaries in the United States of not less than $50,000,000.00 in lieu of the foregoing trust fund requirement. These trust funds or assets held in trust shall consist of investments of substantially the same character and quality as those which are eligible investments for the capital and statutory reserves of admitted insurers authorized to write like kinds of insurance~~ is listed on the quarterly listing of alien insurers maintained by the NAIC international insurers department.

(b) Notwithstanding the capital and surplus requirements of this section, a non-admitted insurer may receive approval upon an affirmative finding of acceptability by the commissioner. The finding shall be based upon such factors as quality of management, capital and surplus of any parent company, company underwriting profit and investment-income trends, market availability, and company record and reputation within the industry. In no event, however, shall the commissioner make an affirmative finding of acceptability when the surplus lines insurer's capital and surplus is less than $4,500,000.00.

(c) The commissioner may from time to time publish a list of all nonadmitted insurers deemed by him or her to be currently eligible surplus lines insurers under the provisions of this section, and shall mail a copy of such list to each surplus lines broker. ~~The commissioner may satisfy this subsection by adopting the list of approved surplus lines insurers published by the Nonadmitted Insurers Information Office of the National Association of Insurance Commissioners.~~ This subsection shall not be deemed to cast upon the commissioner the duty of determining the actual financial condition or claims practices of any nonadmitted insurer; and the status of eligibility, if granted by the commissioner, shall indicate only that the insurer appears to be sound financially and to have satisfactory claims practices, and that the commissioner has no credible evidence to the contrary. While any such list is in effect, the surplus lines broker shall restrict to the insurers so listed all surplus lines insurance business placed by him or her. However, upon the request of a surplus lines broker or an insured, the commissioner may deem a nonadmitted insurer to be an eligible surplus lines insurer for purposes of this subsection prior to publication of the name of such surplus lines insurer on the list.

Sec. 6. 8 V.S.A. § 5027(a) is amended to read:

(a) ~~Upon~~ Where Vermont is the home state of the insured, the surplus lines broker, upon placing a domestic risk with a surplus lines insurer, ~~the surplus lines broker~~ shall promptly deliver to the insured the policy issued by the surplus lines insurer, or if such policy is not then available, a certificate, cover note, or other confirmation of insurance, showing the description and location of the subject of the insurance, coverage, conditions and term of the insurance, the premium and rate charged and taxes collected from the insured, and the name and address of the insured and surplus lines insurer. If the risk is assumed by more than one insurer, the document or documents shall state the name and address and proportion of the entire risk assumed by each insurer.

Sec. 7. 8 V.S.A. § 5028 is amended to read:

§ 5028. INFORMATION REQUIRED ON CONTRACT

~~Each~~ Where Vermont is the home state of the insured, each surplus lines broker through whom a surplus lines insurance coverage is procured shall endorse on the outside of the policy and on any confirmation of the insurance, his or her name, address and license number, and the name and address of the producer, if any, through whom the business originated. Where such coverage is placed with an eligible surplus lines insurer there shall be stamped or written conspicuously in no smaller than 10 point boldface type of a contrasting color upon the first page of the policy and the confirmation of insurance if any, "The company issuing this policy has not been licensed by the state of Vermont and the rates charged have not been approved by the commissioner of insurance.

The tax on any portion of the premium unearned at termination of insurance shall be returned to the policyholder by the surplus lines broker. Nothing contained in this section will preclude a surplus lines broker from charging a fee to the purchaser of the contract sufficient to recover the amount of this tax. House Proposal of Amendment

S. 77

An act relating to water testing of private wells.

The House proposes to the Senate to amend the bill by striking all after the enacting clause and inserting in lieu thereof the following:

Sec. 1. FINDINGS

The general assembly finds and declares that:

(1) The U.S. Environmental Protection Agency and the Vermont department of health estimate that 40 percent of Vermont residents obtain drinking water from groundwater sources.

(2) Property owners currently are not required to test groundwater sources that are a potable water supply serving one single-family residence.

(3) In adults and especially in children, consumption of contaminated groundwater can cause serious health effects, such as digestive problems, kidney problems, blue baby syndrome, and brain damage.

(4) The state lacks a comprehensive database or map identifying where groundwater contamination is prevalent in the state.

(5) To help mitigate the potential health effects of consumption of contaminated groundwater, the state should require testing of all newly developed groundwater sources and should conduct education and outreach

regarding the need for property owners to test the water quality of groundwater used in potable water supplies.

(6) The state should utilize tests of groundwater sources to construct a database and map of groundwater contamination in the state so that the department of health can recommend treatment options to property owners in certain parts of the state.

Sec. 2. 10 V.S.A. § 1981 is added to read:

§ 1981. TESTING OF NEW GROUNDWATER SOURCES

(a) As used in this section, "groundwater source" means that portion of a potable water supply that draws water from the ground, including a drilled well, shallow well, driven well point, or spring.

(b) Prior to use of a new groundwater source as a potable water supply, where testing is not otherwise required, the person who owns or controls the groundwater source shall test the groundwater source for the parameters set forth in subsection (c) of this section.

(c) A water sample collected under this section shall be analyzed for, at a minimum: arsenic; lead; uranium; gross alpha radiation; total coliform bacteria, total nitrate and nitrite, fluoride, manganese, and any other parameters required by the agency by rule.

(d) The secretary, after consultation with the department of health, the wastewater and potable water supply technical advisory committee, the Vermont association of realtors, the Vermont home inspectors' association, private laboratories, and other interested parties, shall adopt by rule requirements regarding:

(1) when, prior to use of a new groundwater source, the test required under subsection (b) of this section shall be conducted;

(2) who shall be authorized to sample the source for the test required under subsection (b) of this section, provided that the rule shall include the person who owns or controls the groundwater source and licensed well drillers among those authorized to conduct the test;

(3) how a water sample shall be collected in order to comply with the requirements of the analyses to be performed; and

(4) any other requirements necessary to implement this section.

Sec. 3. 18 V.S.A. § 501b is amended to read:

§ 501b. CERTIFICATION OF LABORATORIES

(a) The commissioner may certify a laboratory to perform the testing and monitoring required under 10 V.S.A. chapter 56, 10 V.S.A. § 1981, and the

federal Safe Drinking Water Act if such laboratory meets the standards currently in effect of the National Environmental Laboratory Accreditation Conference and is accredited by an approved National Environmental Laboratory Accreditation Program accrediting authority or its equivalent.

(b)(1) The commissioner may by order suspend or revoke a certificate granted under this section, after notice and opportunity to be heard, if the commissioner finds that the certificate holder has:

(A) submitted materially false or materially inaccurate information; or

(B) violated any material requirement, restriction or condition of the certificate; or

(C) violated any statute, rule or order relating to this title.

(2) The order shall set forth what steps, if any, may be taken by the certificate holder to relieve the holder of the suspension or enable the certificate holder to reapply for certification if a previous certificate has been revoked.

(c) A person may appeal the suspension or revocation of the certificate to the board under section 128 of this title.

* * *

(f) In accrediting a laboratory to conduct testing under 10 V.S.A. § 1981, the commissioner shall require a laboratory accredited under this section to submit in an electronic format the results of groundwater analyses conducted pursuant to 10 V.S.A. § 1981 to the department of health and the agency of natural resources.

Sec. 4. 27 V.S.A. § 616 is added to read:

§ 616. GROUNDWATER SOURCE TESTING; DISCLOSURE OF EDUCATIONAL MATERIAL

(a) For purchase and sales agreements executed on or after January 1, 2012, the seller shall, within 72 hours of the execution of a purchase and sales agreement for a property with a potable water supply, as that term is defined 10 V.S.A. § 1972(6), that is not served by a public water system, as that term is defined in 10 V.S.A. § 1671(5), provide the buyer with informational materials developed by the department of health regarding:

(1) the potential health effects of the consumption of untreated groundwater; and

(2) the buyer's opportunity under the agreement to test the potable water supply.

(b) If a purchase and sales agreement for a property lacks a property inspection and contingency clause that allows for testing of a potable water supply, the buyer of the property may test a potable water supply on that property within 20 days of receipt of the informational materials required under subsection (a) of this section. If a test taken pursuant to this section reveals the presence of contamination in excess of acceptable limits set by the agency of natural resources for one of the parameters listed in 10 V.S.A. § 1981(c), the buyer, within 20 days of receipt of the informational materials required under subsection (a) of this section, shall have the option to render the purchase and sales agreement unenforceable.

(c) Non compliance with the requirements of subsection (a) of this section shall not affect the marketability of title.

Sec. 5. DEPARTMENT OF HEALTH; EDUCATION AND OUTREACH ON SAFE DRINKING WATER

The department of health, after consultation with the agency of natural resources, shall revise and update its education and outreach materials regarding the potential health effects of contaminants in groundwater sources of drinking water in order to improve citizen access to such materials and to increase awareness of the need to conduct testing of groundwater sources. In revising and updating its education and outreach materials, the department shall update the online safe water resource guide by incorporating the most current information on the health effects of contaminants, treatment of contaminants, and causes of contamination and by directly linking users to the department of health contaminant fact sheets.

Sec. 6. EFFECTIVE DATES

(a) This section and Secs. 1 (findings), 3 (certification of laboratories), and 5 (department of health; education and outreach) of this act shall take effect upon passage.

(b) Sec. 2 (testing of new groundwater sources) of this act shall take effect upon passage, except that 10 V.S.A. § 1981(b) (the requirement to test new groundwater sources) shall take effect on January 1, 2013.

(c) Sec. 4 (disclosure of educational material) of this act shall take effect on January 1, 2012.

An act relating to the management of fish and wildlife.

To the Senate and House of Representatives:

The Committee of Conference to which were referred the disagreeing votes of the two Houses upon House Bill entitled:

H. 91. An act relating to the management of fish and wildlife.

Respectfully reports that it has met and considered the same and recommends that the House accede to the Senate proposal of amendment, and that the bill be further amended as follows:

First: By striking Sec. 11 in its entirety

Second: By striking Secs. 13 and 14 in their entirety and inserting in lieu thereof the following:

* * * Deer Doing Damage to Forestland; Working Group * * *

Sec. 13. FINDINGS

The general assembly finds and declares:

(1) The forests of Vermont are integral to the economy, culture, beauty, and appeal of the state.

(2) Each 1,000 acres of forestland in Vermont supports 1.4 forest-based manufacturing, forestry, and logging jobs and 1.4 forest-related tourism and recreation jobs.

(3) Vermont landowners received estimated stumpage revenue in 2005 of $31.5 million.

(4) The sale of Christmas trees, wreaths, and maple syrup contributed approximately $22 million in 2005.

(5) White-tailed deer in Vermont are also important socially, culturally, ecologically, and economically.

(6) Under 10 V.S.A. § 4081, an abundant, healthy deer herd is a primary goal of fish and wildlife management in Vermont.

(7) Activities related to white-tailed deer such as hunting, photographing, and viewing generate in excess of $157 million annually in Vermont, and the revenue generated from deer hunting is dispersed throughout the state's rural communities in the form of food, gasoline, and lodging expenditures.

(8) In parts of Vermont, however, the state's distinct interests in forestland and the deer herd are in conflict where deer populations have damaged existing woodlots and destroyed efforts to reseed or regenerate saplings.

(9) The existing authority to take deer doing damage to crops has been interpreted by the department of fish and wildlife as applying to trees or plantations cultivated for an annual or perennial crop and not to land managed for the production of other marketable forest products.

(10) An abundant, healthy deer herd is a primary goal of fish and wildlife management, but the deer herd should be managed in balance with other forest species, forest uses, and forest health.

(11) The general assembly should clarify the authority of a land owner to take deer doing damage to land managed for the production of marketable

forest products in order to mitigate the existing conflicts between management of forestland and the management of the deer herd.

Sec. 13a. 10 V.S.A. § 4826 is amended to read:

§ 4826. TAKING DEER DAMAGING CROPS

(a) A person, including an authorized member of the person's family, an authorized regular on-premises employee, or an agent who holds a valid Vermont hunting license and who is designated by the person, may take, with the approval of a game warden, on land owned or ~~occupied~~ leased by the person, up to four deer per calendar year which the person can prove were doing damage to the following:

(1) a tree which is being grown in a plantation, being grown for the production of a commercial sawlog, or being grown or cultivated for the purpose of harvesting an annual or perennial crop or producing any marketable item; or

(2) a crop-bearing plant; or

(3) a crop, except grass.

* * *

* * *(f)(1) "Person" includes all people who jointly own or ~~occupy~~ lease the land. ~~Therefore, if two or more people jointly own or occupy land, they may jointly take or authorize the taking of only up to four deer.~~

(2) "Post" means any signage that would lead a reasonable person to believe that hunting is prohibited on the land, except for signs erected pursuant to section 4710 of this title.

(g) The commissioner may issue a permit to a person to take more than four deer under this section if:

(1) the land owned by the person is not posted against hunting;

(2) the person ~~can prove~~ proves that the property is sustaining additional and ongoing damage; and

(3) the person has taken reasonable measures to prevent the deer from continuing to damage the crop or to damage trees on land managed for the production of marketable forest products.

* * *

Sec. 13b. DEPARTMENT OF FISH AND WILDLIFE WORKING GROUP ON DEER DOING DAMAGE TO LAND MANAGED FOR THE PRODUCTION OF MARKETABLE FOREST PRODUCTS

(a) The commissioner of fish and wildlife shall convene a working group to review and recommend methods for addressing or limiting damage by deer to trees, saplings, and seedlings on land managed for the production of marketable forest products and to assess land access issues related to wildlife management. The working group shall consist of the commissioner or his or her designee and the following members to be appointed by the commissioner:

(1) two qualified foresters;

(2) two owners of land managed for the production of marketable forest products;

(3) two members of the fish and wildlife board;

(4) two wildlife biologists with knowledge of the state deer herd or of the impact of deer on forestland; and

(5) two persons who hold a valid Vermont hunting license.

(b) On or before January 15, 2012, the commissioner shall report to the house committee on fish, wildlife and water resources and the senate committee on natural resources and energy with the recommendations of the working group.
