NEW Kanopy BASE Streaming Video

Lyrasis is pleased to introduce a new streaming video database from Kanopy: Kanopy BASE (Bundled Academic Subscription for Education). This database is now available for subscriptions through Lyrasis (custom flyer with details).

- Kanopy BASE's annual subscription model provides users at academic institutions unlimited access to nearly 10,000 film titles for one flat price. Around 55% of the titles are exclusive to Kanopy, and around 50% of the titles come with public performance rights. View the KBASE title list for details. This resource is multidisciplinary, supporting the arts and humanities as well as STEM.
- Lyrasis has negotiated a 10% net discount off list price for new subscribers that are Lyrasis members. There is no deadline to take advantage of this offer. Kanopy does not offer discounts for libraries ordering KBASE outside of consortia like Lyrasis.

Next steps for libraries interested in this offer:

- View the recorded webinar. Lyrasis hosted a 30-minute webinar introducing Kanopy BASE on Thursday, December 1, 2022. Kanopy and Lyrasis staff discussed content, platform, and pricing.
- View the recording.
- Request a quote any time using the form on this page or contact michael.rodriguez@lyrasis.org to learn more.

Social Explorer Special Offer and Webinar

- Social Explorer is a user-friendly, web-based data visualization program enabling users to create interactive charts and maps from a wide range of data sources.
- Lyrasis members (if they are not current subscribers) receive:
 - Unlimited free trial through June 2023
 - Additional 5% off the standard LYRASIS discount (totaling 15% off list price) if the library commits to a one-year subscription by April 15, 2023.
- Request a trial or quote by filling out the form at the bottom of the Social Explorer product page. In the Comment field, please indicate that your library attended the 10/27 webinar.

(** Members Only Special Pricing)
