(Montgomery County)

(A) New Montgomery County Detention Center. Provide a grant to the County Executive and County Council of Montgomery County to continue design of a new detention center, subject to the requirement that the grantee provide an equal and matching fund for this purpose 1,897,000

(4) An annual tax is imposed on all assessable property in the State in rate and amount sufficient to pay the principal of and interest on the bonds, as and when due and until paid in full. The principal shall be discharged within 15 years after the date of issue of the bonds.

(5) (a) Prior to the payment of any matching grant funds under the provisions of Section 1(3) Items ZA00 through ZB02 of this Act, grantees shall provide and expend matching funds as specified. No part of a grantee’s matching fund may be provided, either directly or indirectly, from funds of the State, whether appropriated or unappropriated. Except as otherwise provided, no part of the fund may consist of real property, in kind contributions, or funds expended prior to the effective date of this Act. In case of any dispute as to what money or assets may qualify as matching funds, the Board of Public Works shall determine the matter, and the Board’s decision is final. Grantees have until June 1, 2026, to present evidence satisfactory to the Board of Public Works that the matching fund will be provided. If satisfactory evidence is presented, the Board shall certify this fact to the State Treasurer and the proceeds of the loan shall be expended for the purposes provided in this Act. If this evidence is not presented by June 1, 2026, the proceeds of the loan shall be applied to the purposes authorized in § 8–129 of the State Finance and Procurement Article.

(b) It is further provided that when an equal and matching fund is specified in Section 1(3) Items ZA00 through ZB02 of this Act, grantees shall provide a matching fund equal to the lesser of (i) the authorized amount of the State grant or (ii) the amount of the matching fund certified by the Board of Public Works. If satisfactory evidence is presented, the Board shall certify this fact and the amount of the matching fund to the State Treasurer and the proceeds of the loan equal to the amount of the matching fund shall be expended for the purposes provided in this Act. If this evidence is not presented by June 1, 2026, the proceeds of the loan shall be applied to the purposes authorized in § 8–129 of the State Finance and Procurement Article. The proceeds of any amount of the loan in excess of the matching fund certified by the Board of Public Works shall also be applied to the purposes authorized in § 8–129 of the State Finance and Procurement Article.

(6) (a) Prior to approval by the Board of Public Works of an expenditure of bond proceeds authorized under Section 1(3) Items ZA00 through ZB02 of this Act, the grantee shall grant and convey to the Maryland Historical Trust a historic preservation easement on the property where the capital project assisted by the bond proceeds is located if the Director of the Trust determines that the capital project impacts real property that is individually listed in, or eligible for individual listing in, the Maryland Register of Historic Properties, unless the Director of the Trust also determines that the real property:

1 (i) Is a type that is already adequately represented among the
2 Trust's existing easement properties;

3 (ii) Is already subject to adequate protections of historic preservation
4 law or instrument; or

5 (iii) Has conditions peculiar to it that make requiring an easement
6 impractical.

7 (b) If the grantee holds a lease on the property, the Trust may accept an
8 easement on the leasehold interest.

9 (c) The easement must be in form, substance, and duration acceptable to
10 the Director of the Trust.

11 (d) (i) A recipient may administratively appeal to the Maryland
12 Historical Trust Board of Trustees a determination made by the Director of the Trust under
13 subparagraph (a) of this paragraph.

14 (ii) The decision made by the Maryland Historical Trust Board of
15 Trustees on an appeal is final and is not subject to further administrative appeal or judicial
16 review.

17 (7) The proceeds of the loan must be expended or encumbered by the Board of
18 Public Works for the purposes provided in this Act no later than June 1, 2031. If any funds
19 authorized by this Act remain unexpended or unencumbered after June 1, 2031, the amount
20 of the unexpended or unencumbered authorization shall be canceled and be of no further
21 force and effect. If bonds have been issued for the loan, the amount of unexpended or
22 unencumbered bond proceeds shall be disposed of as provided in § 8-129 of the State
23 Finance and Procurement Article.

24 (8) Multiple grants provided to the same organization in this Section are in
25 addition to one another. Unless otherwise provided, any matching fund requirements apply
26 to each individual grant.

27 (9) (a) Subject to subparagraphs (b) ~~and (c)~~ through (e) of this paragraph, the
28 Board of Public Works may approve an appropriation in Section 1(3) Items ZA00 through
29 ZB02 of this Act, notwithstanding ~~technical~~ differences in:

35 and the identity of the grantee can be determined, and when the difference in the description

1 of the project is nonsubstantive and is consistent with the public purpose of the original
2 appropriation, the Department of General Services shall record the correct grantee
3 identification and project description in the grant agreement entered into by the grantee
4 with the State of Maryland and recorded with the Board of Public Works. In all other
5 instances of differences provided in subparagraph (a) of this paragraph, the Department of
6 Budget and Management shall notify the Office of Policy Analysis within the Department
7 of Legislative Services in writing of:

8 (i) The ~~technical~~ differences between an appropriation in Section
9 1(3) Items ZA00 through ZB02 of this Act and the proposed use of the funds; and

10 (ii) The justification that the proposed use of the funds is consistent
11 with the public purpose of the appropriation.

12 (c) (i) The Office of Policy Analysis shall have 45 days to review and
13 comment on the proposed use of the funds.

14 (ii) If the Office of Policy Analysis does not submit written objections
15 within 45 days, the Department of Budget and Management shall provide certification in
16 writing to the Board of Public Works that the proposed use of funds may be approved
17 notwithstanding ~~technical~~ differences in the appropriation in Section 1(3) Items ZA00
18 through ZB02 of this Act.

19 (d) It is the intent of the General Assembly that the provisions of this
20 paragraph:

21 (i) provide an administrative process authorizing the approval of
22 grants by the Board of Public Works, provided that the proposed use of funds is consistent
23 with the public purpose of the original appropriation; and

24 (ii) be applicable to this Act and all prior Maryland Consolidated
25 Capital Bond Loans.

26 (10) Notwithstanding § 8–122.1 of the State Finance and Procurement Article, the
27 principal amount of any loan authorized under this Act shall be reduced by the cash
28 proceeds, excluding any accrued interest, received for the State bonds and allocated by the
29 Comptroller to the loan.

30 (11) Notwithstanding §§ 8–125(e) and 8–132 of the State Finance and Procurement
31 Article, the State Treasurer shall determine the amount of premium from the sale of bonds
32 in fiscal year 2025 to be transferred to the Annuity Bond Fund. Upon each issuance of State
