## SECTION 1. ELIGIBILITY, ENROLLMENT AND EFFECTIVE DATE

Subscribers and Dependents who meet the following criteria are eligible for coverage under this EOC.

### 1.1 Who Is Eligible

(a) **Subscriber.** An individual who is (i) a United States citizen or national or lawfully present in the United States, (ii) not incarcerated, other than incarceration pending disposition of charges, and (iii) a resident of the State of Nevada is eligible for guaranteed availability of Coverage.

For catastrophic plans, eligibility is limited to individuals who have not attained the age of 30 before the beginning of the plan year or individuals with appropriate certification of their exemption from the shared responsibility mandate by reason of lack of affordable coverage or hardship.

(b) **Dependent.** To be eligible to enroll as a Dependent, an individual must meet the Dependent eligibility requirements as defined below;

Eligible Dependents, at the time of enrollment and throughout the term of Coverage hereunder include:

- A Subscriber's legal spouse or a legal spouse for whom a court has ordered coverage.
- A Subscriber's Domestic Partner, as defined by Nevada law who is a legal resident in the United States.
- A Subscriber's child by birth. Adopted child. Stepchild. Minor child for whom a court has ordered coverage. Child being Placed for Adoption with the Subscriber. A child for whom a court has appointed the Subscriber or the Subscriber's spouse or Domestic Partner the legal guardian. Children, by birth or adoption, of the Subscriber's Domestic Partner.

The definition of Dependent is subject to the following conditions and limitations:

- A Dependent includes any child listed above under the limiting age of 26.
- A Dependent includes a Dependent child who is incapable of self-sustaining employment due to mental or physical handicap, chiefly dependent upon the Subscriber for economic support and maintenance, and who has satisfied all of the requirements of (a) or (b) below:

(a) The child must be covered as a Dependent under this Plan before reaching the limiting age, and proof of incapacity and dependency must be given to the CO-OP by the Subscriber within thirty-one (31) days of the child reaching the limiting age; or

(b) The handicap started before the child reached the limiting age, but the Subscriber was covered by another health insurance carrier that covered the child as a handicapped Dependent prior to the Subscriber applying for coverage with the CO-OP.

The CO-OP may require proof of continuing incapacity and dependency, but not more often than once a year after the first two (2) years beyond the date when the child reaches the limiting age. The CO-OP's determination of eligibility is final. Evidence of any court order needed to prove eligibility must be given to the CO-OP.

Tax Treatment. By law, unless a Domestic Partner qualifies as a dependent of a Subscriber for purposes of tax-free health coverage under the Internal Revenue Code, the value of coverage provided to the Domestic Partner and any of the Domestic Partner's covered Dependent children for whom the Subscriber is not the legal parent or guardian, less any contributions paid by the Subscriber, are required to be treated as imputed income to the Subscriber for federal income tax purposes.

## **1.2 Who Is Not Eligible**

An Eligible Dependent does not include:

- A child placed in the Subscriber's home other than for adoption.
- A grandchild.
- Any other person not defined in Section 1.1.

## **1.3 Effective Dates for Eligibility Determinations**

- The initial open enrollment period begins November 15, 2014 and extends through February 15, 2015. From November 15, 2014 (the beginning of open enrollment) until December 15, 2014, the effective date of coverage is January 1, 2015. From December 16, 2014 until February 15, 2015 (the end of open enrollment):
  - if the enrollment occurs between the 1st and 15th of the month, the enrollment is effective the 1st of the next month.
  - if the enrollment occurs between the 16th and end of the month, the enrollment is effective the 1st of the second following month.
- Certain special enrollment situations may result in a mid-plan-year eligibility redetermination that varies from the above open enrollment periods. See the Special Enrollments Period section for more details.

## **1.4 Verification**

To determine your eligibility for enrollment in the Plan as well as eligibility for advance payments of the premium tax credit, cost sharing reductions, Medicaid, CHIP, and other programs, the Marketplace will ask you certain questions to verify your identity. If there is not

enough information on file to generate questions to verify your identity, you may be asked to provide documents establishing your identity. It is your responsibility to provide the required proof as required by the federal government.

## **1.5 Enrollment**

A Subscriber may enroll in this Plan through the Marketplace. When you apply for coverage in the Marketplace, you'll get an eligibility notice that explains what you qualify for.

If you enroll in this plan through the Marketplace, you may be eligible for tax credits to help pay for your cost of coverage. Advance Payments of the Premium Tax Credit (APTC) are payments made monthly on your behalf by the federal government directly to a selected insurance carrier thereby decreasing your monthly premium payment. You will need to reconcile these credits when you file your taxes with the IRS at the end of the year. You are generally eligible for the APTC if you:

- Enroll in this plan through the Marketplace;
- Expect to have a household income below 400% of the Federal Poverty Level (FPL) during the plan year;
- Are not eligible for Medicare Part A, Medicaid or other minimum essential coverage; and
- Attest that, for the plan year:
  - You will file an income tax return;
  - You will file a joint tax return (only applies if you are married);
  - No other taxpayer will be able to claim you as a tax dependent; and
  - You will claim a personal exemption deduction on your tax return for the members of your family, including you and your spouse.

1. **Open Enrollment.** NEVADA HEALTH LINK provides annual open enrollment periods during which you may enroll in the Plan or change to a different QHP, if eligible. You are only permitted to change QHPs during the annual open enrollment period, or a special enrollment period for which you have been found eligible.

2. **Special Enrollment.** Outside of the annual open enrollment periods, a Subscriber may encounter a qualifying life event that makes the Subscriber or his or her Dependents newly eligible for another plan, ineligible for him or her current plan, or entitles you to add or delete from coverage a member of his or her household. These qualifying life events trigger a special enrollment period, in which a Member is permitted to change plan selection. The Member has sixty (60) days from the date of a triggering event to complete a plan selection. "Plan selection" includes selecting a plan and providing the required documentation and payment, if applicable. Unless otherwise indicated below, Coverage is effective:

- For a plan selection completed on the 1st through the 15th of a month, the following month; and
- For a plan selection completed on the 16th through the last day of a month, the second following month.

There are other complicated cases that may allow a Subscriber to qualify for a special enrollment period. Examples include: exceptional circumstances, such as facing an unexpected hospitalization or a natural disaster; misinformation or misrepresentation by a non-Marketplace enrollment assister (like an insurance company, navigator, certified application counselor, or agent or broker) that resulted in you not getting enrolled in a plan, being enrolled in the wrong plan or not getting the APTC or CSR that you were eligible for; a technical enrollment error between the Marketplace and the CO-OP or another issuer; system errors related to immigration status; plan data display errors on the Marketplace; invalid Medicaid/Marketplace transfers; or application error messages. If you think you qualify for a special enrollment period, contact the Marketplace Call Center at 1-800-318-2596.

## **1.6 Special Eligibility and Enrollment Rule for Native Americans**

If you are an American Indian or an Alaska Native you may have new health insurance benefits and protections in the Marketplace. Some benefits are available to members of federally recognized tribes. Others are available to people of Indian descent or who are otherwise eligible for services from the Indian Health Service, a tribal program, or an urban Indian health program.

If you are a verified American Indian or Alaskan Native, you are permitted to change your QHP selection a maximum of once every thirty (30) days. Applicants may need to provide documentation of U. S. citizenship. For monthly special enrollment periods and no out-of-pocket costs in the Marketplace, members of federally recognized tribes who are eligible to enroll in a health plan offered through the Marketplace will need to provide documentation showing membership in a federally recognized tribe.

Please note that if you change your plan selection, all of your plan accumulators such as deductibles and out of pocket maximums will be reset under the new plan.

Additionally, if you are an American Indian or Alaskan Native, you may be eligible for no cost sharing (100% AV) plan; you will not pay deductibles, Coinsurance, Copayments or out of pocket maximums. To qualify for these special cost sharing reductions:

- You must be eligible for Advance Payments of the Premium Tax Credit (APTC);
- Your household income must be no more than 300 percent of the Federal Poverty Level (FPL); and
- You must be enrolled in a plan in the individual market through the Marketplace.

Further, the Affordable Care Act directs a QHP issuer to eliminate cost sharing for an Indian, regardless of household income, for items or services furnished directly by the Indian Health Service, an Indian Tribe, Tribal Organization, or Urban Indian Organization or through referral under contract health services, and prohibits the QHP issuer from reducing payments to any such entity for such items or services.

### **1.7 Changes In Eligibility Status & Redetermination During a Plan Year**

It is the Subscriber's responsibility to give the CO-OP written notice within thirty-one (31) days of changes which affect his eligibility or that of his enrolled Dependents. Changes include, but are not limited to:

- reaching the limiting age.
- ceasing to satisfy the mental or physical handicap requirements.
- death.
- divorce.
- transfer of residence outside Nevada.
- any other event which affects a Dependent's eligibility.

Coverage for ineligible Members will terminate in accordance with the termination provisions described in this EOC.

In addition, you must report to the Marketplace certain life changes that occur during the plan year that may affect your eligibility. This information may change the coverage and savings that you are eligible to receive. You must report a change if you:

- get married or divorced;
- have a child, adopt a child, or place a child for adoption;
- have a change in income;
- get health coverage through a job or a program like Medicare or Medicaid;
- change your place of residence;
- have a change in disability status;
- gain or lose a Dependent;
- become pregnant; or
- experience other changes that may affect your income and household size, such as a change in tax filing status; change of citizenship or immigration status; incarceration

or release from incarceration; change in status as an American Indian/Alaska Native or tribal status; correction to name, date of birth, or Social Security number.

You should report these changes to the Marketplace as soon as possible. If these changes qualify you for a special enrollment period to change plans, in most cases you have 60 days from the life event to enroll in new coverage. If the changes qualify you for more or less savings, it's important to make adjustments as soon as possible.

**Important:** Do not report these changes by mail. You can report these changes either online by logging into your Marketplace account or by phone. Contact the Marketplace Call Center at 1-800-318-2596 (TTY: 1-855-889-4325) or visit <https://www.healthcare.gov/how-do-i-report-life-changes-to-the-marketplace/>.

After you report changes to the Marketplace, you'll get a new eligibility notice that will explain:

- whether you qualify for a special enrollment period that allows you to change plans
- whether you're eligible for lower costs based on your new income, household size, or other changed information. You may become eligible for the first time, for a different amount of savings, or for coverage through Medicaid or the Children's Health Insurance Program (CHIP). You also could become ineligible for savings--if your income has gone up, for example.

If you're eligible for a special enrollment period, you will be able to shop for a different plan in the Marketplace. You usually have up to 60 days from the date of the qualifying event to enroll in a new plan.

If you have a special enrollment period, you can change plans either online by logging into your Marketplace account or by phone. Contact the Marketplace Call Center at 1-800-318-2596 (TTY: 1-855-889-4325).

If you're not eligible for a special enrollment period but the tax credit you qualify for has changed, then you can not change plans, but you can choose to adjust the amount of the APTC to apply to your monthly premiums.

If you take the APTC, it's important to report any changes in your income or family size to the Marketplace throughout the year. Reporting these changes, will help you get the proper type and amount of financial assistance so you can avoid getting too much or too little in advance.

Please note that the amount you receive in APTC will be reconciled when you file your taxes and you could incur a large liability if you do not report income changes in a timely manner. The government makes advance payments of the credit based on an estimate of the credit that you will claim on your tax return when you file in 2015. If you report changes in your income or family size to the Marketplace when they happen in 2014, the advance payments will more closely match the credit amount on your 2014 federal tax return. This will help you avoid getting a smaller refund than you expected or even owing money that you did not expect to owe

## 1.8

### Effective Date of Coverage

Before coverage can become effective, A Subscriber must provide all required documentation and payment, if applicable.

1. Unless otherwise indicated below, coverage is effective:
  - a. For a plan selection completed on the 1st through the 15th of a month, the following month; and
  - b. For a plan selection completed on the 16th through the last day of a month, the second following month.

2. For a Subscriber's new spouse or Domestic Partner, Coverage shall commence on the first day of the month following the marriage or Domestic Partnership certification provided evidence of the marriage or Domestic Partnership and any additional payment is timely submitted.

3. Subscriber's newborn natural child is covered for the first thirty-one (31) days from birth. Coverage continues beyond the thirty-one (31) day period only if the Subscriber enrolls the child as a Dependent and pays the required premium or fees within sixty (60) days after the date of birth.

In addition, Subscriber must give the CO-OP a copy of the certified birth certificate for coverage to continue after thirty-one (31) days for newborn children.

4. Subscriber's newborn adopted child is covered for the first thirty-one (31) days from birth only if the adoption has been legally completed before the child's birth. A child Placed for Adoption at any other age is covered for the first thirty-one (31) days after the Placement for Adoption. In either case, coverage continues beyond the thirty-one (31) day period only if the Subscriber enrolls the child as a Dependent and pays the required premium or fees within sixty (60) days after the placement of the child in the Subscriber's home.

In addition, Subscriber must give the CO-OP a copy of the decree of adoption, or certificate of Placement for Adoption for coverage to continue after thirty-one (31) days for adopted children.

However, in the event adoption proceedings are terminated, coverage of a child Placed for Adoption ends on the date the adoption proceedings are terminated.

5. If a court has ordered Subscriber to cover his or her legal spouse or unmarried minor child, that person will be covered for the first thirty-one (31) days following the date of the court order. Coverage continues after thirty-one (31) days if the Subscriber enrolls the Dependent and pays any Dependent's premium. A copy of the court order must be provided.

## **SECTION 2. TERMINATION**

This section tells you under what conditions your coverage under this Plan will terminate and the date that the coverage will end. In the event a Member's coverage is terminated pursuant to Sections 2.1 and 2.2 below, the coverage of his Dependents will also be terminated.

### **2.1 Termination by the CO-OP**

The CO-OP may terminate coverage under this Plan at the times shown for any one or more of the following reasons:

- If premium payments for the Subscriber and enrolled Dependents are not received by the CO-OP within the Grace Period defined in this EOC, Coverage shall automatically terminate without further notice to Subscriber. A Grace Period of ten (10) days will be granted for the payment of each premium due after the first premium, during which the EOC will continue in force. The date of termination will be the last day of the month for which premium payments have been received and accepted by the CO-OP.
  - For any Subscriber or enrolled Dependents who are receiving APTCs, a Grace Period of three (3) consecutive months will be granted for the payment of each premium due after the first premium and the CO-OP will provide the Subscriber with notice of the payment delinquency fifteen (15) days after the date such premium is due. The date of termination will be the last day of the first month of the Grace Period.

The CO-OP will pay appropriate claims for the first month of the Grace Period and may pend claims in second and third months of the Grace Period. Subscriber shall not be permitted to unilaterally reinstate Coverage through the submission of premium after the date on which this EOC was terminated pursuant to this provision. Premium payments received by the CO-OP following expiration of the Grace Period shall be returned to Subscriber and Subscriber shall not be entitled to further Coverage hereunder.

- If a Member performs an act or practice that constitutes fraud, or makes any intentional misrepresentation of material fact, as prohibited by the terms of coverage, the CO-OP has the right to rescind coverage and declare coverage under the Plan null and void as of the date of the occurrence of the fraud or intentional misrepresentation of material fact, or, if later, the original Effective Date of Coverage, and refund any applicable premium after deducting any costs incurred by the CO-OP as a result of the fraud or intentional misrepresentation. Acts of fraud or misrepresentation include the Member allowing his or any other Member's CO-OP ID Card to be used by any other person, or using another person's CO-OP ID Card, and knowingly furnishing incorrect or incomplete information to the CO-OP in order to obtain benefits for the Subscriber, enrolled Dependents, or a non-enrolled individual. The Member will be liable to the CO-OP for all costs incurred as a result of the fraud, misrepresentation or misuse of the CO-OP ID Card. Thirty (30) days written notice shall be provided to the Member prior to any rescission of coverage. A Member has the right to appeal any such rescission.

- If a Member is no longer eligible for coverage through the Plan for any reason, including, without limitation, the Member's loss of residency in the State of Nevada, the date of termination will be the last day of the month following the month in which the notice is sent by the Marketplace or the CO-OP unless the Member requests an earlier termination effective date.
- If the CO-OP discontinues coverage for this particular Health Plan in the State of Nevada, Coverage under this Evidence of Coverage will terminate. A 180 day written notice of termination will be provided by the CO-OP and mailed to the Subscriber's address of record. Subscriber, and his enrolled Dependents, will have the option of purchasing other health insurance offered by the CO-OP in the individual market.
- If the CO-OP ceases to offer coverage in the individual market in the State of Nevada, Coverage under this Evidence of Coverage will terminate. A 180 day written notice of termination will be provided by the CO-OP and mailed to the Subscriber's address of record.
- If a Subscriber changes from this Plan to another through open/special enrollment, the last day of coverage in the Plan will be the day before the effective date of coverage in his or her new plan.
- If a Member commits acts of physical or verbal abuse that pose a threat to our staff.

## **2.2 Termination by the Subscriber**

Subscriber has the right to terminate his coverage under this Plan. You can cancel coverage you bought through the Marketplace online by logging into your account.

Important: If you cancel coverage without replacing it, you may have to pay a fee for the months you're not covered. You'll also have to pay all of your medical expenses.

Such termination is effective on the termination date specified by the Subscriber, if the Subscriber provides fourteen (14) days' prior written notice or fourteen (14) day after the termination is requested by the Subscriber if the Subscriber does not provide reasonable notice. If the Subscriber requests an earlier termination date, the Plan may agree to terminate coverage in fewer than fourteen (14) days after the request.

If the Subscriber changes to another qualified health plan during an annual open enrollment or special enrollment period, the last day of coverage is the day before the new qualified health plan coverage begins. If the Subscriber is newly eligible for Medicaid or CHIP, the last day of coverage is the day before such Medicaid or CHIP coverage begins.

Cancellation of Subscriber's membership will also terminate Coverage for Subscriber's enrolled Dependents.

There are no pro-rated refunds given for terminating coverage in the middle of the month, and all coverage begins at the beginning of the month according to the policies and guidelines outlined in this Evidence of Coverage. All premiums are paid before the month of coverage, and once paid, are non-refundable.

### **2.3 Reinstatement**

If any renewal premium is not paid within the time granted the Subscriber for payment, a subsequent acceptance of premium by the CO-OP or by any agent duly authorized by the CO-OP to accept such premium, without requiring in connection therewith an application for reinstatement, shall reinstate the EOC; provided, however, that if the CO-OP or such agent requires an application for reinstatement and issues a conditional receipt for the premium tendered, the EOC will be reinstated upon approval of such application by the CO-OP or, lacking such approval, upon the forty-fifth (45<sup>th</sup>) day following the date of such conditional receipt unless the CO-OP has previously notified the Subscriber in writing of its disapproval of such application. The reinstated EOC shall cover only loss resulting from such accidental Injury as may be sustained after the date of reinstatement and loss due to such sickness as may begin more than ten (10) days after such date. In all other respects the CO-OP and Subscriber shall have the same rights thereunder as they had under the EOC immediately before the due date of the defaulted premium, subject to any provisions endorsed herein or attached hereto in connection with the reinstatement. Any premium accepted in connection with a reinstatement shall be applied to a period for which premium has not been previously paid, but not to any period more than sixty (60) days prior to the date of reinstatement.

### **2.4 Rescission**

As set forth in Section 2.1 above, if a Member performs an act or practice that constitutes fraud or makes any intentional material misrepresentation of fact or material omission to the CO-OP, it shall be cause for termination and rescission of the Coverage of the Member about whom the material misrepresentation of fact or material omission pertains. The CO-OP will timely notify Subscriber regarding such rescission and the CO-OP will refund any premium amounts paid by Subscriber minus any claims paid to providers on behalf of Subscriber, or Subscriber's enrolled Dependents. The CO-OP will seek reimbursement from the Subscriber for any amounts paid that exceed the premiums received. The CO-OP will not provide Coverage following the date of rescission and will not be responsible for any charges incurred on or after the date of rescission. Misrepresentations of fact include, but are not limited to the following:

1. any failure to disclose to the CO-OP the Member's tobacco use prior to the effective date of Coverage hereunder;
2. any misrepresentation of a Member's age; and
3. any material false statements or omissions in any part of the Enrollment Application.

The individual whose signature appears on the Enrollment Application is responsible for the accuracy and completeness of the Enrollment Application, including any information regarding or known by any other person who is listed on the Enrollment Application. Coverage for the adult primary Subscriber shall be terminated if the adult primary subscriber has committed an act of fraud or has made an intentional misrepresentation of material fact by submitting an application that contains material misstatement or commission. If Coverage is rescinded or terminated under this provision, Dependents listed on the Enrollment Application

for whom there was no misrepresentation of fact, except as stated above, will remain in force on the Evidence of Coverage.

## **2.5 Effect of Termination**

No benefits will be paid under this Plan by the CO-OP for services provided after termination of a Member's coverage under this Plan. The Member will be responsible for payment of medical services and supplies incurred after the Effective Date of the termination.

## **SECTION 3. CARE MANAGEMENT PROGRAM**

This section tells you about the CO-OP's Care Management Program.

### **3.1 Care Management Program**

The CO-OP's Care Management Program, using the services of professional medical peer review committees, utilization review committees, and/or the Medical Director, determines whether services and supplies are Medically Necessary. The CO-OP's Care Management Program helps direct care to the most appropriate setting to provide healthcare in a cost-effective manner.

### **3.2 Care Management Program Requirements**

The CO-OP's Care Management Program requires the Member, Plan Providers and the CO-OP to work together.

- All Plan Providers have agreed to participate in the CO-OP's Care Management Program. Plan Providers have agreed to accept the CO-OP's Reimbursement Schedule amount as payment in full for Covered Services, less the Member's payment of any applicable Copayment, Deductible or Coinsurance amount, whereas Non-Plan Providers have not. In no event will the CO-OP pay more than the maximum payment allowance established in the CO-OP Reimbursement Schedule.
- It is the Member's responsibility to verify that the Provider selected is a Plan Provider before receiving any non-Emergency Services and to comply with all other rules of the CO-OP's Care Management Program.

When required, compliance by the Member with the CO-OP's Care Management Program is mandatory. Failure to comply with the rules of the CO-OP's Care Management Program means the Member will be responsible for costs of services received.

### **3.3 Care Management Program Process**

The Care Management Program's medical professionals may review proposed services and supplies to be received by a Member to determine:

- If the services are Medically Necessary and/or appropriate.
- The appropriateness of the proposed setting.

- The required duration of treatment or admission.

Following review, the CO-OP will complete the Prior Authorization form and send a copy to the Provider and the Member. The Prior Authorization form will specify approved Covered Services and supplies. **Prior Authorization is not a guarantee of payment for Covered Services.**

The final decision as to whether or not any care should be received is between the Member and the Provider. If the CO-OP denies a request by a Member and/or Provider for Prior Authorization of a service or supply, the Member or Provider may appeal the denial to the CO-OP's Advocacy Department (see the Appeals Procedures Section herein).

### **3.4 Services Requiring Prior Authorization**

Certain Covered Services require Prior Authorization and review through the CO-OP's Care Management Program. The Attachment A Benefit Schedule shows which Covered Services may require Prior Authorization. Such list is subject to change and approval of some Covered Services may require participation in the CO-OP's medical management programs.

You do not need prior authorization in order to obtain access to OB/GYN care from a Provider who specializes in obstetrics or gynecology. The Provider, however, may be required to comply with certain procedures, including obtaining Prior Authorization for certain services, following a preapproved treatment plan or procedures for making referrals. For a list of current Plan Providers call (702) 823-2667 or (855) 606-2667 or view the list online at [www.nevadahealthcoop.org](http://www.nevadahealthcoop.org).

For medical care that requires Prior Authorization, you may notify us as follows:

- Have the Physician call us at (855) 897-0316;
- Call us directly at (702) 823-2667 or (855) 606-2667;
- Have an authorized representative call the CO-OP on your behalf, if it is not possible for you or your Provider to call the CO-OP.

### **3.5 Emergency Admission Notification**

The Member must report all emergency admissions to the CO-OP Care Department within 24 hours of admission or as soon as reasonably possible to authorize continued care at (702) 823-2667 or (855) 606-2667.

Members requiring Emergency Services will not be required to obtain Prior Authorization from the CO-OP prior to receiving an initial medical screening examination and any immediate treatments or services necessary to stabilize a condition. This applies to both Plan Providers and non-Plan Providers. **If you are faced with a medical emergency, call 911 or go to the nearest emergency room.**

All emergency admissions are reviewed Retrospectively to determine if the treatment received was Medically Necessary and appropriate and was for Emergency Services as defined in this EOC.

Primary care physicians are general practice, family practice and internal medicine Physicians. The Hospitalist Program does not include Physician care by specialists such as cardiologists, dermatologists, oncologists or anesthesiologists. For purposes of the Hospitalist Program only, OB/GYN and pediatric Physicians are considered specialists, not primary care physicians.

For inpatient Physician primary care under the Hospitalist Program, the Plan will pay the full Allowable Expense including any copays, Coinsurance and Deductibles. The Member will not have any out of pocket expenses for covered services by Hospitalist Program physicians. Care by specialists will continue to be covered and paid as normal under the Plan's Rules.

(b) If the Member refuses care from the Hospitalist Program physician and instead accepts inpatient Hospital care from his own primary care physician (not including OB/GYN and pediatric Physicians) or any other non-specialist Hospital based Physician outside of the Hospitalist Program, the Plan will pay nothing for such care and the Member will be solely responsible for all amounts billed by such primary care physician.

(c) A Member who has been admitted and is receiving care from a Hospitalist Program physician also may accept care from his pre-established primary care physician who has been actively involved in the Member's ongoing primary care. However, his pre-established primary care physician providing care to an admitted Member will be reimbursed by the Plan for a consultation only and will not be the manager of the Member's inpatient care.

### **3.7 Independent Medical Review; Appeals Rights**

The CO-OP may require a Member to have an Independent Medical Review prior to issuing Prior Authorization for any medical benefits. In that case, only a Physician or Chiropractor who is certified to practice in the same field of practice as the primary treating Physician or Chiropractor or who is formally educated in that field will conduct the review.

The Independent Medical Review will include a physical exam of the Member and a personal review of all x-rays and reports made by the primary treating Physician or Chiropractor. A certified copy of all reports of findings will be sent to the primary treating Physician or Chiropractor and the Member within ten (10) business days after the review.

If the Member disagrees with the findings of the review, he must submit an appeal for binding arbitration to the CO-OP within thirty (30) days after he receives the report. Please refer to the Appeals Procedures Section in this EOC for more information.

### **3.8 Appeals Rights**

All decisions of the CO-OP's Care Management Program may be appealed by the Member through the Appeals Procedures as described in Section 10. If an imminent and serious threat to the health of the Member exists, the appeal will be directed to the CO-OP's Medical Director.

### **4.3 Incentive Program**

The CO-OP may develop a program designed to help Members understand their health status and support them in making positive lifestyle and behavior changes. Participation in the program would require the completion of specified activities. If the CO-OP develops an incentive program, participation in and/or completion of the identified activities will be voluntary and will not be required for participation in or coverage by this Plan. If and when such program is developed, you will be provided with the details in a separate communication.

Incentives may include reduced Coinsurance or Copayment levels or other financial incentives. Incentives would be based upon completion of required health actions and not the outcome of those actions. If any Member was required to complete personal health actions in order to receive an incentive but was unable to do so, that Member and/or the Member's Physician would be allowed to request a reasonable alternative or waiver by contacting the CO-OP Care Department at (702) 823-2667 or (855) 606-2667.

documented failure of weight loss. Significant clinical evidence that weight is affecting overall health and is a threat to life will also be required.

The CO-OP requires that an initial psychological/ psychiatric evaluation resulting in a recommendation for Gastric Restrictive Surgical Services is performed prior to review consideration by the CO-OP's Care Management Program. The CO-OP may also require participation in a post-operative group therapy program.

### **5.25 Genetic Disease Testing Services**

Covered Services include Prior Authorized Medically Necessary Genetic Disease Testing, when:

- such testing is prescribed following the Member's history, physical examination and pedigree analysis, genetic counseling, and completion of conventional diagnostic studies, and a definitive diagnosis remains uncertain and a genetic disease diagnosis is suspected, and;
- the Member displays clinical features, or is at direct risk of inheriting the mutation in question (pre-symptomatic); and
- the result of the test will directly impact the treatment being delivered to the Member.

### **5.26 Clinical Trial or Study**

Covered Services include coverage for medical treatment received as part of a clinical trial or study if the following provisions apply:

- The clinical trial or study is conducted in the state of Nevada;
- The medical treatment is provided in a Phase I, Phase II, Phase III or Phase IV clinical trial or study for the treatment of cancer or Phase II, Phase III, or Phase IV clinical trial or study for chronic fatigue syndrome;
- The clinical trial or study is approved by:
  1. An agency of the National Institutes of Health as set forth in 42 U.S.C. § 281(b) or other federal agency;
  2. A cooperative group;
  3. The Food and Drug Administration (FDA) as an application for a new investigational drug;
  4. The U.S. Department of Veterans Affairs; or
  5. The U.S. Department of Defense.

- The medical treatment is provided by a duly licensed Provider of healthcare and the facility and personnel have the experience and training to provide the medical treatment in a capable manner;
- There is no medical treatment available which is considered a more appropriate alternative than the medical treatment provided in the clinical trial or study;
- There is a reasonable expectation based on clinical data that the medical treatment provided in the clinical trial or study will be at least as effective as any other medical treatment; and
- The Member has signed a statement of consent before his participation in the clinical trial or study indicating that he has been informed of:
  1. The procedure to be undertaken;
  2. Alternative methods of treatment; and
  3. The risks associated with participation in the clinical trial or study.

Benefit coverage for medical treatment received during a clinical trial or study is limited to the following Covered Services:

- The initial consultation to determine whether or not the Member is eligible to participate in the clinical trial or study;
- Any drug or device that is approved for sale by the FDA without regard to whether the approved drug or device has been approved for use in the medical treatment of the Member, if the drug or device is not paid for by the manufacturer, distributor, or Provider;
- Services normally covered under this Plan that are required as a result of the medical treatment or related complications provided in the clinical trial or study;
- Routine health care services that would otherwise be covered for the Member;
- Services required for the clinically appropriate monitoring of the Member during the clinical trial or study when not provided by the sponsor of the clinical trial or study, and, for a Phase I study, when such services are not directly related to such study.

Benefit coverage for medical treatment received during a clinical trial or study does not include:

- Any costs for the management of research relating to the clinical trial or study.

Benefits for Covered Services in connection with a clinical trial or study are payable under this Plan to the same extent as any other Illness or Injury. Since there are no allowables for clinical trials, the CO-OP medical team will determine allowable rates based on the closest reasonable allowable for similar services. However, the coverage described above is not required to be covered if any such medical treatment is provided by the sponsor of the clinical trial or study free of charge to the Member. Covered Services available for the clinical trial or study will be provided by a Plan Provider. If the Member must utilize a Non-Plan Provider, then the Non-Plan Provider shall be reimbursed at the same rate authorized to Plan Providers of similar services and the Non-Plan Provider shall accept the CO-OP's rate of reimbursement as payment in full.

The CO-OP will require a copy of the clinical trial or study certification approval, the Member's signed statement of consent, and any other materials related to the scope of the clinical trial or study relevant to the coverage of medical treatment.

In addition, if a Member participates in an approved clinical trial with respect to the treatment of cancer or another life-threatening disease or condition, the CO-OP will not deny (or limit or impose additional conditions on) the coverage of routine patient costs for items and services furnished in connection with participation in the trial and will not discriminate against the Member on the basis of the individual's participation in the trial. An "approved clinical trial" means a phase I, II, III or IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition, and is either (i) a federally funded or approved study or investigation, (ii) a study or investigation conducted under an investigational new drug application reviewed by the Food and Drug Administration, or (iii) a study or investigation that is a drug trial exempt from having such an investigational new drug application.

A Member is eligible to participate in an approved clinical trial according to the trial protocol with respect to the treatment of cancer or another life-threatening disease or condition; if either: (1) the referring health care professional is a Plan Provider and has concluded that the individual's participation in such trial would be appropriate; or (2) the Member provides medical and scientific information establishing that the individual's participation in such trial would be appropriate.

For questions about the coverage for clinical trials provision, including complaints regarding compliance with the statutory provision by health insurance issuers, contact the

- Natural disaster.

## **SECTION 8. COORDINATION OF BENEFITS (COB)**

This section tells you how other health insurance you may have affects your coverage under this Plan.

### **8.1 The Purpose of COB**

Coordination of Benefits (COB) is intended to help contain the cost of providing healthcare coverage. If, with respect to a Member covered under this policy, benefits for an allowable expense incurred during a claim determination period under this policy, together with benefits for allowable expense during such period under all other valid coverage (without giving effect to this provision or to any “coordination of benefits provision” applying to such other valid coverage), exceed the total of such individual’s allowable expense during such period, the CO-OP is liable only for such proportionate amount of the benefits for allowable expense under this policy during such period as (a) the total allowable expense during such period bears to (b) the total amount of benefits payable during such period for such expense under this policy and all other valid coverage (without giving effect to this provision or to any “coordination of benefits provision” applying to such other valid coverage) less in both (a) and (b) any amount of benefits for allowable expense payable under other valid coverage which does not contain a “coordination of benefits provision.”

In no event shall this section operate to increase the amount of benefits for allowable expense payable under this EOC with respect to a Member above the amount which would have been paid in the absence of this section.

### **8.2 Benefits Subject to COB**

All of the healthcare benefits provided under this EOC are subject to this Section. The Member agrees to permit the CO-OP to coordinate its obligations under this EOC with payments under any other valid coverage.

### **8.3 Definitions**

Some words in this Section have a special meaning to meet the needs of this Section. These words and their meaning when used are:

(a) “**Allowable Expense**” means 100 percent of any necessary, reasonable and customary item of expense which is covered, in whole or in part, as a hospital, surgical, medical or major medical expense under this policy or under any other valid coverage.

(b) “**Claim Determination Period**” means the each Contract Year during which allowable expense covered under this policy is incurred on account of such person.

(c) “**Coordination of benefits provision**” means this provision and any other provision which may reduce an insurer’s liability because of the existence of benefits under other valid coverage.

(d) “**Other valid coverage**” includes hospital, surgical, medical or major medical benefits provided by individual, group or family-type coverage, government programs or workers’ compensation. Other valid coverage does not include automobile medical payments or third-party liability coverage.

#### **8.4 When COB Applies**

COB applies when a Member covered under this Plan is also entitled to receive payment for or provision of some or all of the same Covered Services from another source of valid coverage.

#### **8.5 Right to Receive and Release Information**

In order to decide if this coordination of benefits provision applies to a claim, the CO-OP (without the consent of or notice to any person) has the right to the following:

(a) Release to any person, insurance company or organization, the necessary claim information.

(b) Receive from any person, insurance company or organization, the necessary claim information.

(c) require any person claiming benefits under this Plan to give the CO-OP any information needed by the CO-OP to coordinate those benefits.

#### **8.6 Facility of Payment**

If another insurer makes a payment that should have been made by the CO-OP, then the CO-OP has the right to pay the other insurer any amount necessary to satisfy the CO-OP’s obligation. Any amount paid shall be deemed to be benefits paid under this Plan, and to the extent of such payments, the CO-OP shall be fully discharged from liability under this Plan.

If by application of any of the coordination of benefits provision, the CO-OP effects a material reduction of benefits otherwise payable under the EOC, the insurer shall refund to the Member any unearned premium by reason of such reduction of coverage during the policy year current and that next preceding at the time the loss commenced. No such reduction of benefits or refund will be made unless the unearned premium amounts to \$5 or more.

## **8.7 Right to Recover Payment**

If the amount of benefit payment exceeds the amount needed to satisfy the CO-OP's obligation under this section, the CO-OP has the right to recover the excess amount from the Member or the assignee or beneficiary of the Member. The amount of other valid coverage which is on a provision of service basis shall be computed as the amount the services rendered would have cost in the absence of such coverage.

## **8.8 Medicare**

This provision describes how the CO-OP coordinates and pays benefits when a Member is also enrolled in Medicare and duplication of Coverage occurs. If a Member is not enrolled in Medicare or receiving benefits, there is no duplication of Coverage and the CO-OP does not have to coordinate with Medicare.

The benefits under this Evidence of Coverage are not intended to duplicate any benefits to which Members are entitled under Medicare. All sums payable under such programs for services provided shall be payable to and retained by the CO-OP. Each Member shall complete and submit to the CO-OP such consents, releases, assignments and other documents as may be requested by the CO-OP in order to obtain or assure reimbursement under Medicare or any other government program for which Members are eligible. In cases where Medicare or another government program has primary responsibility, Medicare benefits will be taken into account for any Member who is enrolled for Medicare. This will be done before the benefits under this Health Plan are calculated.

Charges for services used to satisfy a Member's Medicare Part B deductible will be applied in the order received by the CO-OP. Two or more charges for services received at the same time will be applied starting with the largest first.

Any rules for coordination of benefits will be applied after the CO-OP's benefits have been calculated under the rules in this provision. Allowable Expenses will be reduced by any Medicare benefits available for those expenses.

This provision will apply to the maximum extent permitted by federal or state law. The CO-OP will not reduce the benefits due any Member because of a Member's eligibility for Medicare where federal law requires that the CO-OP determine its benefits for that Member without regard to the benefits available under Medicare.

## **8.9 Workers' compensation**

The benefits which a Member is entitled to receive under this Evidence of Coverage are not designed to duplicate any benefits to which the Member is entitled under workers' compensation law. The CO-OP is entitled to reimbursement for any services that have been reimbursed under a workers' compensation claim.

1. Member is required to file for workers' compensation when an employment related accident, illness or injury occurs.

2. If Member's workers' compensation carrier denies a claim, Member may submit the claim to the CO-OP with a copy of the denial for consideration under this Evidence of Coverage. All plan provisions of this Evidence of Coverage will apply in the consideration process for payment under this plan.

3. Workers' compensation claims that are not a benefit under this Evidence of Coverage are not payable by the CO-OP.

4. Any benefits payable are subject to all provisions of this Evidence of Coverage, including but not limited to the Precertification requirements.

## **SECTION 9. GENERAL PROVISIONS**

### **9.1 Relationship of Parties**

The relationship between the CO-OP and Plan Providers is an independent contractor relationship. Plan Providers are not agents or employees of the CO-OP; nor is the CO-OP, or any employee of the CO-OP, an employee or agent of a Plan Provider. The CO-OP is not liable for any claim or demand on account of damages as a result of, or in any manner connected with, any Injury suffered by a Member while receiving care from any Plan Provider or in any Plan Provider's facility. The CO-OP is not bound by statements or promises made by its Plan Providers.

### **9.2 Entire Agreement**

This EOC, including Attachment A Benefit Schedule and any other Attachments, Endorsements, Riders or Amendments to it, the Member's Enrollment Form, health statements, Member Identification Card, and all other applications received by the CO-OP constitutes the entire agreement between the Member and the CO-OP and as of its Effective Date, replaces all other agreements between the parties.

### **9.3 Nondiscrimination**

The CO-OP will not refuse to insure, refuse to enroll, refuse to continue insurance, refuse to renew insurance, cancel insurance, or limit the amount, duration or scope of Coverage or benefits available to an individual in a manner arbitrarily discriminating on the basis of race, color, national origin, disability, age, sex, sexual orientation, gender identity, diagnosis or medical condition. This EOC provides Coverage for all Essential Health Benefits deemed Medically Necessary for a Member, without arbitrary discrimination on the basis of race, color, national origin, disability, age, sex, sexual orientation, gender identity, diagnosis or medical condition. If you believe the CO-OP has discriminated against you on the basis of any of these factors, you may file a complaint with the Office of Civil Rights at the Department of Health and Human Services. For more information, see the Office of Civil Rights website at <http://www.hhs.gov/ocr/civilrights/complaints/index.html>.

#### **9.4 Contestability**

Any and all statements made to the CO-OP by any Subscriber or Dependent, will, in the absence of fraud, be considered representations and not warranties. Also, no statement, unless it is contained in a written application for coverage, shall be used in defense to a claim under this Plan.

No agent or employee of the CO-OP is authorized to change the form or content of this Plan or waive any of its provisions. Such changes can be made only through an amendment authorized and signed by an officer of the CO-OP.

After three (3) years from the date of issue of this policy no misstatements, except fraudulent misstatements, made by the applicant in the application for such policy shall be used to void the policy or to deny a claim for loss incurred after the expiration of such three (3)-year period.

#### **9.5 Identification Card**

Cards issued by the CO-OP to Members are for identification only. Possession of a CO-OP identification card does not give the holder any right to services or other benefits under this Plan.

To be entitled to such services or benefits, the holder of the card must in fact be a Member and all applicable premiums must actually have been paid. Any person not entitled to receive services or other benefits will be liable for the actual cost of such services or benefits.

#### **9.6 Notice**

Any notice under this Plan may be given by United States mail, first class, postage prepaid, addressed as follows:

Nevada Health CO-OP  
3900 Meadows Lane, Suite 214  
Las Vegas, Nevada 89107

Notice to a Member will be sent to the Member's last known address.

#### **9.7 Interpretation of the EOC**

The laws of Nevada shall be applied to interpretation of this EOC except to the extent federal law preempts such State laws.

#### **9.8 Assignment**

All rights of Members hereunder are personal to each Member and are not assignable or otherwise transferable except that a Member may assign his or her rights to benefits to a Provider who provided Covered Services. The CO-OP shall pay all or part of the benefits assigned by the

Member to the person designated by the Member and such payment discharges the CO-OP's obligation to pay those benefits to the Member. Neither the Agreement nor any right hereunder shall be assigned, transferred or otherwise conveyed by the CO-OP without the approval of the CO-OP. If a Member desires to assign any rights hereunder, such request shall be evidenced in writing signed by the Member and will be granted or denied at the CO-OP's sole discretion. Nothing herein shall be construed to prohibit the CO-OP from engaging in a corporate reorganization or merger without the consent of the Member.

### **9.9 Modifications**

The Plan is subject to amendment, modification or termination with sixty (60) days written notice without the consent or concurrence of the Members. By electing medical coverage with the CO-OP or accepting benefits under this Plan, all Members legally capable of contracting, and the legal representatives of all Members incapable of contracting, agree to all terms and provisions.

### **9.10 Clerical Error**

Clerical error in keeping any record pertaining to the coverage will not invalidate coverage in force or continue coverage terminated.

### **9.11 Policies and Procedures**

The CO-OP may adopt reasonable policies, procedures, rules and interpretations to promote the orderly and efficient administration of this Plan with which Members shall comply. These policies and procedures are maintained by the CO-OP at its offices. Such policies and procedures may have bearing on whether a medical service and/or supply is covered.

### **9.12 New Technology**

The CO-OP periodically reviews new procedures, medications, treatments, and devices and new ways to use current procedures, medications, treatments, and devices to determine whether or not to update Covered Services to reflect new technology. Providers and Members may ask the CO-OP to cover new technology by submitting a written request to the CO-OP's New Technology Committee. When the CO-OP receives such a request, the CO-OP's New Technology Committee conducts a thorough investigation of the procedure, medication, treatment, or device. The CO-OP's New Technology Committee will research current related medical literature and medical practice and thoroughly discuss the findings in order to make a decision on the coverage request.

### **9.13 Overpayments**

The CO-OP has the right to correct and/or collect benefit payments for healthcare services made in error. Hospitals, Physicians, Providers, and/or Members have the responsibility to return any overpayments or incorrect payments to the CO-OP. The CO-OP has the right to offset any such overpayment against any future payments.

#### **9.14 Cost Containment Features**

This Plan contains at least the following cost containment provisions including, but not limited to:

- (a) Preventive healthcare benefits.
- (b) The Care Management Program.
- (c) Benefit limitations on certain services.
- (d) Member Copayments, Deductibles and Coinsurance.

#### **9.15 Release of Records**

Each Member authorizes the Physician, Hospital, Skilled Nursing Facility or any other Provider of healthcare to permit the examination and copying of the Member's medical records, as requested by the CO-OP.

Information from medical records and information received from Physicians or Hospitals incident to the Physician/Patient relationship or Hospital/Patient relationship shall be kept confidential and except for use in connection with government requirements established by law or the administration of this Plan, records may not be disclosed to any unrelated third party without the Member's consent.

#### **9.16 Reimbursement for Claims**

Non-Plan Providers may require immediate payment for their services and supplies. If the Member receives a bill for Covered Services from a Non-Plan Provider, the Member may request that the CO-OP pay the Provider directly by sending the bill, with copies of all medical records and a signed completed Non-Plan Provider Claim Form, to the CO-OP Claims Department. Non-Plan Provider Claim Forms can be obtained by contacting the CO-OP Care Department at (702) 823-2667 or (855) 606-2667.

The CO-OP shall approve or deny a claim within thirty (30) days after receipt of the claim. If the claim is approved, the claim shall be paid within thirty (30) days from the date it was approved. If the approved claim is not paid within that thirty (30) day period, the CO-OP shall pay interest on the claim at the rate set forth by applicable Nevada law. The interest will be calculated from thirty (30) days after the date on which the claim is approved until the date upon which the claim is paid.

The CO-OP may request additional information to determine whether to approve or deny the claim. The CO-OP shall notify the Provider of its request for additional information within twenty (20) days after receipt of the claim. The CO-OP will notify the Provider of the healthcare services of all the specific reasons for the delay in approving or denying the claim. The CO-OP shall approve or deny the claim within thirty (30) days after receiving the additional information. If the claim is approved, the CO-OP shall pay the claim within thirty (30) days after it receives

the additional information. If the approved claim is not paid within that time period, the CO-OP shall pay interest on the claim in the manner set forth above.

If the CO-OP denies the claim, notice to the Member will include the reasons for the rejection and the Members right to file a written complaint as set forth in the Appeals Procedures Section herein.

#### **9.17 Timely Filing Requirement**

All claims must be submitted to the CO-OP within sixty (60) days from the date expenses were incurred, unless it shall be shown not to have been reasonably possible to give notice within the time limit, and that notice was furnished as soon as was reasonably possible. If Member authorizes payment directly to the Provider, a check will be mailed to that Provider. A check will be mailed to the Member directly if payment directly to the Provider is not authorized. The Member will receive an explanation of how the payment was determined.

No payments shall be made under this Plan with respect to any claim, including additions or corrections to a claim which has already been submitted, that is not received by the CO-OP within twelve (12) months after the date Covered Services were provided. In no event will the CO-OP pay more than the CO-OP's Allowable Expense for such services.

#### **9.18 Gender References**

Whenever a masculine pronoun is used in this EOC, it also includes the feminine pronoun.

#### **9.19 Legal Proceedings**

No action of law or equity shall be brought to recover on the Plan prior to the expiration of sixty (60) days after proof of claim has been filed in accordance with the requirements of the Plan. No such action shall be brought at any time unless brought within the time limit allowed by the laws of the jurisdiction of issue.

If the laws of the jurisdiction of issue do not designate the maximum length of time in which such action may be brought, no action may be brought after the expiration of three (3) years from the time proof of loss is required by the Plan.

#### **9.20 Availability of Providers**

The CO-OP does not guarantee the continued availability of any specific Plan Provider.

#### **9.21 Authorized Representative**

A Member may elect to designate an "Authorized Representative" to act on their behalf to pursue a Claim for Benefits or the appeal of an Adverse Benefit Determination. The term Member also includes the Member's Authorized Representative, where applicable and appropriate. To designate an Authorized Representative, a written notice, signed and dated by the Member, is required. The notice must include the full name of the Authorized

Representative and must indicate specifically for which Claim for Benefits or appeal the authorization is valid. The notice should be sent to:

Nevada Health CO-OP  
3900 Meadows Lane, Suite 214  
Las Vegas, Nevada 89107

Any correspondence from the CO-OP regarding the specified Claim for Benefits or appeal will be provided to both the Member and his Authorized Representative.

In case of an Urgent Care Claim, a healthcare professional with knowledge of the Member's medical condition shall be permitted to act as an Authorized Representative of the Member without designation by the Member.

### **9.22 Failure to Obtain Prior Authorization**

If a Physician or Member fails to follow the Plan's procedures for filing a request for Prior Authorization (Pre-Service Claim), the Member shall be notified of the failure and the proper procedures to be followed in order to obtain Prior Authorization provided the Member's request for Prior Authorization is received by an employee or department of the Plan customarily responsible for handling benefit matters and the original request specifically named the Member, a specific medical condition or symptom, and a specific treatment, service or product for which approval is requested. The Member notification of correct Prior Authorization procedures from the Plan shall be provided as soon as possible, but not later than five (5) days (twenty-four (24) hours in the case of an Urgent Care Claim) following the Plan's receipt of the Member's original request. Notification by the CO-OP may be oral unless specifically requested in writing by the Member.

### **9.23 Timing of Notification of Benefit Determination**

**Urgent Care Claim.** If a Member has a claim for Urgent care and provides sufficient information to determine whether benefits are covered, the Plan will make a decision on the Claim as soon as possible and not later than 72 hours after the Plan receives the Claim. If a Member has an Urgent Care Claim and does not provide sufficient information to determine whether benefits are covered, the Member will be told within 24 hours what additional information is needed to decide the Claim. The Member will then have at least 48 hours to provide the additional information.

The Plan will notify the Member of its decision as soon as possible and within 48 hours after (1) all necessary information is provided, or (2) the 48 hours the Member has in which to provide the necessary information ends, whichever is sooner.

In general, an "Urgent Care Claim" is a Claim for which using the usual Claim determination period could seriously jeopardize the life or health of the claimant.

**Concurrent Care Claim.** If the CO-OP has approved an ongoing course of treatment to be provided over a period of time or number of treatments and reduces or terminates coverage of such course of treatment (other than by Plan amendment or termination) before the end of such

period of time or number of treatments, the CO-OP will notify the Member at a time sufficiently in advance of the reduction or termination to allow the Member to appeal and obtain a determination before the benefit is reduced or terminated. Subject to the following paragraph, such request may be treated as a new Claim for Benefits and decided within the timeframes applicable to either a Pre-Service Claim or a Post-Service Claim, as appropriate; provided, however, any appeal of such a determination must be made within a reasonable time and may not be afforded the full 180 day period as described in the Appeals Procedures Section herein.

Any request by a Member to extend the course of treatment beyond the period of time or number of treatments for an Urgent Care Claim shall be decided as soon as possible. The CO-OP shall notify the Member within twenty-four (24) hours after receipt of the Claim for Benefits by the Plan, provided that the request is received at least twenty-four (24) hours prior to the expiration of the authorized period of time or number of treatments. If the request is not made at least twenty-four (24) hours prior to the expiration of the authorized period of time or number of treatments, the request will be treated as an Urgent Care Claim.

**Pre-Service Claim.** If a Member makes a Claim for benefits before receiving the benefits, and it is neither an Urgent Care Claim or a Concurrent Care Claim, the Claim will be decided within a reasonable time no longer than 15 days after receipt of the Claim. However, an additional 15 days may be needed if there are special circumstances beyond the Plan's control. If so, the Member will be given notice of the special circumstances before the end of the first 15 days and told whether additional information is needed to decide the claim. The Member will have at least 45 days to provide the additional information. Keep in mind that only where Prior Authorization is required will such a request prior to receiving benefits be an official Claim.

The Plan will notify the Member if a request for Prior Authorization is not sufficient to be a Claim as soon as possible, but in any event not later than five (5) days (24 hours in a case of an Urgent Care Claim), and tell the Member how to submit a proper claim for prior approval of treatment.

**Post-Service Claims.** If a Member makes a Claim for benefits after receiving the treatment, and it is neither an Urgent Care Claim or a Concurrent Care Claim, the Claim will be decided within a reasonable time, no longer than 30 days after receipt of the Claim. However, an additional 15 days may be needed if there are special circumstances beyond the Plan's control. If so, the Member will be given notice of the special circumstances before the end of the first 30 days and told whether additional information is needed to decide the Claim. The Member will have at least 45 days to provide the additional information.

## **9.24 Notification of an Adverse Benefit Determination**

If you receive an Adverse Benefit Determination, you will be provided in writing information sufficient to identify the claim involved and informed in writing of the following:

- The specific reason or reasons for upholding the Adverse Benefit Determination;
- The date of service;
- The name of the health care provider;

- The claim amount;
- Notification that you may request, and the Plan will provide upon request, the diagnosis code and treatment code along with the corresponding meaning of such codes;
- The reason for the Adverse Benefit Determination, including any denial code, corresponding meaning of such code and a description of the Plan's standard, if any, that was used in denying the claim, and, for a final Adverse Benefit Determination Notice, a discussion of the Plan's decision;
- Reference to the specific Plan provisions on which the determination is based;
- A description of any additional material or information necessary for the Claim for Benefits to be approved, modified or reversed, and an explanation of why such material or information is necessary;
- If the denial relates to a claim involving urgent care, a description of the expedited review process applicable to such claim;
- A description of available internal appeals and external review processes, including information regarding how to initiate an appeal;
- A statement that any internal rule, guideline, protocol or other similar criteria that was relied on in making the determination is available free of charge upon the Member's request; and
- If the Adverse Benefit Determination is based on Medical Necessity or experimental treatment or similar exclusion or limit, either an explanation of the scientific or clinical judgment or a statement that such explanation will be provided free of charge.
- Information regarding the availability of, and contact information for, any applicable office of health insurance consumer assistance or ombudsman available to assist with internal claims and appeals and external review processes.

## **SECTION 10. APPEALS PROCEDURES**

The CO-OP Appeals Procedures are available to you in the event you are dissatisfied with some aspect of the Plan administration or you wish to appeal an Adverse Benefit Determination. This procedure does not apply to any problem of misunderstanding or misinformation that can be promptly resolved by the Plan supplying the Member with the appropriate information. Also, appeals procedures with respect to an eligibility determination are set forth in Section 10.8.

Concerns about medical services are best handled at the medical service site level before being brought to the CO-OP. If a Member contacts the CO-OP regarding an issue related to the medical service site and has not attempted to work with the site staff, the Member may be directed to that site to try to solve the problem there, if the issue is not a Claim for Benefits.

Certain retroactive terminations of coverage, whether or not there is an adverse effect on any particular benefit at the time are also subject to these procedures. Medical coverage for you and your Dependents will continue pending the outcome of an internal appeal. This means that the Plan will not terminate or reduce any ongoing course of treatment without providing advance notice and the opportunity to review.

Please see the Glossary Terms Section herein for a description of the terms used in this section.

The following Appeals Procedures will be followed if the medical service site matter cannot be resolved at the site or if the concern involves the Adverse Benefit Determination of a Claim for Benefits. All Appeals will be adjudicated in a manner designed to ensure independence and impartiality on the part of the persons making the decision.

**Informal Review:** An Adverse Benefit Determination or medical site service complaint/concern which is directed to the CO-OP Care Department via phone or in person. If an Informal Review is resolved to the satisfaction of the Member, the matter ends. The Informal Review is voluntary.

**Formal Appeal:** An appeal of an Adverse Benefit Determination filed in writing which the CO-OP's Advocacy Department investigates. If a Formal Appeal is resolved to the satisfaction of the Member, the appeal is closed. The Formal Appeal is mandatory if the Member is not satisfied with the initial determination and the Member wishes to appeal such determination.

**Advocacy Committee:** A committee in which the majority of those individuals who are voting members must be members of a CO-OP Health Benefit Plan.

**CO-OP Care Crew Member:** An employee of the CO-OP that is assigned to assist the Member or the Member's Authorized Representative in filing a grievance with the CO-OP or appealing an Adverse Benefit Determination.

## 10.1 Informal Review

A Member who has received an Adverse Benefit Determination of a Claim for Benefits may request an Informal Review. All Informal Reviews must be made to the CO-OP Care Department within 180 days of the Adverse Benefit Determination. Informal Reviews not filed in a timely manner will be deemed waived. The Informal Review is a **voluntary** level of appeal.

Upon the initiation of an Informal Review, a Member must provide CO-OP Care Department with at least the following information:

- The Member's name (or name of Member and Member's Authorized representative), address, and telephone number;
- The Member's CO-OP membership number; and
- A brief statement of the nature of the matter, the reason(s) for the appeal, and why the Member feels that the Adverse Benefit Determination was wrong.

A CO-OP Care Crew Member will inform the Member that upon review and investigation of the relevant information, the CO-OP will make a determination of the Informal Review. The determination will be made as soon as reasonably possible but will not exceed thirty (30) days unless more time is required for fact-finding. If the determination of the Informal Review is not acceptable to the Member and the Member wishes to pursue the matter further, the Member may file a Formal Appeal.

## **10.2 Formal Appeal**

When an Informal Review is not resolved in a manner that is satisfactory to the Member or when the Member chooses not to file an Informal Review and the Member wishes to pursue the matter further, the Member must file a Formal Appeal. The Formal Appeal must be submitted in writing to the CO-OP's Advocacy Department within 180 days of an Adverse Benefit Determination. Such 180 days will run concurrently with the 180 day time period applicable to an Informal Review as set forth in Section 10.1. Formal Appeals not filed in a timely manner will be deemed waived with respect to the Adverse Benefit Determination to which they relate.

The Formal Appeal shall contain at least the following information:

- The Member's name (or name of Member and Member's Authorized Representative), address, and telephone number;
- The Member's CO-OP membership number; and
- A brief statement of the nature of the matter, the reason(s) for the appeal, and why the Member feels that the Adverse Benefit Determination was wrong.

Additionally, the Member may submit any supporting medical records, Physician's letters, or other information that explains why the CO-OP should approve the Claim for Benefits. The Member can request the assistance of an Advocacy Department Representative at any time during this process. You may obtain copies of any related Plan records. You have the right to review your file and present evidence as part of the review. No deference will be given to the initial Claim denial. Your appeal will be decided by an individual(s) who did not take part in the Claim denial and who is not subordinate of such a person. The Advocacy Department Representative will ensure that there is no conflict of interest with regard to the individual making the decision.

If your Claim involves a medical judgment, a health care professional trained in the relevant field will be consulted; one who did not take part in the Claim denial and who is not the subordinate of such a person. You may also request the names of medical professionals who gave advice on your Claim denial.

The Formal Appeals should be sent or faxed to the following:

Nevada Health CO-OP  
3900 Meadows Lane, Suite 214  
Las Vegas, Nevada 89107 - Fax: (702) 802-4601

The Advocacy Committee shall:

- consider the Appeal;
- obtain additional information from the Member and/or staff as it deems appropriate; and
- make a decision and communicate its decision to the Member within thirty (30) days following the CO-OP's receipt of the request for a Formal Appeal

This period may be extended one (1) time by the CO-OP for up to fifteen (15) days, provided that the extension is necessary due to matters beyond the control of the CO-OP and the CO-OP notifies the Member prior to the expiration of the initial thirty (30) day period of the circumstances requiring the extension and the date by which the CO-OP expects to render a decision. If the extension is necessary due to a failure of the Member to submit the information necessary to decide the claim, the notice of extension shall specifically describe the required information and the Member shall be afforded at least forty-five (45) days from receipt of the notice to provide the information.

If the Formal Appeal results in an Adverse Benefit Determination, the Member will be informed in writing of the following:

- The specific reason or reasons for upholding the Adverse Benefit Determination;
- Reference to the specific Plan provisions on which the determination is based;
- Any new or additional rationale and/or evidence considered, relied on, or generated by the Plan (or at the direction of the Plan) in connection with your claim. You will receive this rationale and/or evidence sufficiently in advance of the date on which the notice of the adverse benefit determination is required in order to give you a reasonable opportunity to respond prior to that date;
- A statement that the Member is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the Member's Claim for Benefits;
- If any internal rule, guideline, protocol or other similar criterion was used in the appeal denial, you will be told about it and may have a copy of it.
- A statement describing any voluntary appeal procedures offered by the CO-OP and the Member's right to receive additional information describing such procedures;
- If the Adverse Benefit Determination is based on Medical Necessity or experimental treatment or similar exclusion or limit, either an explanation of the scientific or clinical judgment or a statement that such explanation will be provided free of charge as well as information regarding the Member's right to request an External Review by the U.S. Office for Personnel Management ("OPM");

- A statement describing the Member's External Appeals Rights, if applicable, or judicial review.

Limited extensions may be required if additional information is required in order for the CO-OP to reach a resolution.

The CO-OP will maintain records of all claims and notices associated with the internal claims and appeals process, including the information detailed above and any other information required by law for six years. The CO-OP will make such records available for examination by the claimant or State or Federal oversight agency upon request.

### **10.3 Expedited Appeal**

The Member can ask (either orally or in writing) for an Expedited Appeal of an Adverse Benefit Determination for a Pre-Service Claim that involves an Urgent Care Claim if the Member or his Physician believe that the health of the Member could be seriously harmed by waiting for a routine appeal decision. Expedited Appeals are not available for appeals regarding denied claims for benefit payment (Post-Service Claim) or for Pre-Service Claims that are not Urgent Care Claims. Expedited Appeals must be decided no later than seventy-two (72) hours after receipt of the appeal, provided all necessary information has been submitted to the CO-OP. If the initial notification was oral, the CO-OP shall provide a written or electronic explanation to the Member within three (3) days of the oral notification.

If insufficient information is received, the CO-OP shall notify the Member as soon as possible, but no later than twenty-four (24) hours after receipt of the claim of the specific information necessary to complete the claim. The Member will be afforded a reasonable amount of time, taking into account the circumstances, but not less than forty-eight (48) hours, to provide the specified information. The CO-OP shall notify the Member of the benefit determination as soon as possible, but in no case later than forty-eight (48) hours after the earlier of:

- the CO-OP's receipt of the specified information, or
- The end of the period afforded the Member to provide the specified information.

If the Member's Physician or attending provider requests an Expedited Appeal, or supports a Member's request for an Expedited Appeal, and indicates that waiting for a routine appeal could seriously harm the health of the Member or subject the Member to unmanageable severe pain that cannot be adequately managed without care or treatment that is the subject of the Claim for Benefits, the CO-OP will automatically grant an Expedited Appeal.

If a request for an Expedited Appeal is submitted without support of the Member's Physician or attending provider, the CO-OP shall decide whether the Member's health requires an Expedited Appeal. If an Expedited Appeal is not granted, the CO-OP will provide a decision within thirty (30) days, subject to the routine appeals process for Pre-Service Claims.

#### **10.4 Arbitration of Disputes of an Independent Medical Review**

If the Member is dissatisfied with the findings of an Independent Medical Review, the Member shall have the right to have the dispute submitted to binding arbitration before an arbiter under the commercial arbitration rules applied by the American Arbitration Association.

The arbiter will be selected by mutual agreement of the CO-OP and the Member. The cost and expense of the arbitration shall be paid by the CO-OP. The decision of the arbiter shall be binding upon the Member and the CO-OP.

#### **10.5 External Review**

[The Member or the Member's Authorized Representative has the right to an External Review of an Adverse Benefit Determination for any Claim and any rescission of coverage. Any Adverse Benefit Determination is subject to External Review regardless of the dollar amount of the Claim. A Standard or Expedited External Review of an Adverse Benefit Determination is available due to a requested or recommended healthcare service or treatment being deemed experimental or investigational.

For the purposes of this section, a Member's Authorized Representative is person to whom a Member has given express written consent to represent the Member in an External Review of an Adverse Benefit Determination; or a person authorized by law to provide substituted consent for a Member; or a family member of a Member or the Member's treating provider only when the Member is unable to provide consent.

The CO-OP will provide the Member notice of such an Adverse Benefit Determination which will include the following statement:

The CO-OP has denied your request for the provision or payment of a requested healthcare service or course of treatment. You have the right to have our decision reviewed by health care professionals who have no association with us by submitting a request for External Review to the U.S. Office of Personnel Management.

Additionally, as per applicable law and regulations, the notice will provide the Member the information outlined in Section 10.2 as well as the following:

- The telephone number for the Office for Consumer Health Assistance for Nevada.
- The right to receive correspondence in a culturally and linguistically appropriate manner.

The notice to the Member or the Member's Authorized Representative will also include a HIPAA compliant authorization form by which the Member or the Member's Authorized Representative can authorize the CO-OP and the Member's Physician to disclose protected health information ("PHI"), including medical records, that are pertinent to the External Review, and any other forms as required by Nevada law or regulation.

The Member or the Member's Authorized Representative may submit a request directly to the OPM for an External Review of an Adverse Benefit Determination by an Independent Review Organization ("IRO") within one (1) year of the Member or the Member's Authorized Representative receiving notice of such determination. The Member or the Member's Authorized Representative may submit a request a request for an External Review after the expiration of this one (1) year period by providing a reasonable explanation for failing to request External Review within one (1) year.

Requests for an External Review must be made in writing and submitted to OPM at the address below. Your written request should include:

- a. A specific request for an external review;
- b. your name, address, and member ID number;
- c. your designated representative's name and address, when applicable;
- d. the service that was denied; and
- e. any new, relevant information that was not provided during the internal appeal.

The entire External Review process and any associated medical records are confidential.

You may also contact OPM at [mspp@opm.gov](mailto:mspp@opm.gov) and additional information is also available on the web at <http://www.opm.gov/healthcare-insurance/multi-state-plan-program/external-review/>.

The determination of an IRO concerning an External Review of an Adverse Benefit Determination is final, conclusive and binding on the CO-OP and the Member except to the extent other remedies are available under State or Federal law. Upon receipt of the notice of a decision by the OPM reversing an Adverse Benefit Determination, the CO-OP shall immediately approve coverage of the recommended or requested health care service or treatment that was the subject of the Adverse Benefit Determination. The cost of conducting an External Review of an Adverse Benefit Determination will be paid by the CO-OP.

#### **10.5.a Standard External Review**

The Member may submit a request for an External Review of an Adverse Benefit Determination under this section only after the Member has exhausted applicable internal CO-OP Appeals Procedures provided under this Plan and if the CO-OP fails to issue a written

decision to the Member within thirty (30) days after the date the Appeal was filed, and the Member or Member's Authorized Representative did not request or agree to a delay or, if the CO-OP agrees to permit the Member to submit the Adverse Benefit Determination to OPM without requiring the Member to exhaust all internal CO-OP Appeals Procedures. The Member may request an External Review only after completing the Plan's internal claims and appeals procedures, unless the Plan fails to strictly adhere to all of the requirements of the internal claims and appeals process with respect to the Member's medical claim. In such case, the Member is deemed to have exhausted the internal claims and appeals process and the Member may seek an external review or pursue legal remedies. However, this will not apply if the error was de minimis. In that case, the Member may resubmit his or her claim for internal review and the Participant may ask the Plan to explain why the error is minor and why it meets this exception. The Member is also not required to exhaust all internal CO-OP Appeals Procedures if the Member has simultaneously requested an expedited internal Appeal and Expedited External Review as described in further detail below.

OPM shall notify the Member, the Member's Authorized Representative and the CO-OP that such request has been received and filed. If the Adverse Benefit Determination involves medical judgment, OPM shall assign an IRO to review the case as soon as practical.

Within five (5) days after receiving notification of the OPM's acceptance of the request, or, if later, receipt of information regarding the assigned IRO from OPM, the CO-OP shall provide to the OPM or the selected IRO all documents and materials relating to the Adverse Benefit Determination, including, without limitation:

- Any medical records of the Member relating to the Adverse Benefit Determination;
- A copy of the provisions of the healthcare Plan upon which the Adverse Benefit Determination was based;
- Any documents used and the reason(s) given by the CO-OP's Care Management Program for the Adverse Benefit Determination; and
- If applicable, a list that specifies each Provider who provided healthcare to the Member and the corresponding medical records from the Provider relating to the Adverse Benefit Determination.

The OPM or IRO shall notify the Member or the Member's Authorized Representative that additional information may be submitted after the request for External Review is submitted. ## **10.7      Appealing a Marketplace Decision**

If you don't agree with certain decisions made by the Marketplace, you may be able to file an appeal.

You can appeal the following kinds of Marketplace decisions:

- whether you're eligible to buy a Marketplace plan;
- whether you can enroll in a Marketplace plan outside the regular open enrollment period;
- whether you're eligible for lower costs based on your income;
- the amount of savings you're eligible for;
- whether you're eligible for Medicaid or the Children's Health Insurance Program (CHIP);
- whether you are eligible for an exemption from the individual responsibility requirement; or
- your eligibility notice.

When you apply for coverage in the Marketplace, you'll get an eligibility notice that explains what you qualify for. It will provide appeals instructions for each person in your household, including the number of days you have to file an appeal.

You can have someone else file or participate in your appeal. That person can be a friend, relative, lawyer, or other person. Or you can handle the appeal yourself. If you file an appeal, you may be able to keep your eligibility for coverage while your appeal is pending. You'll get a letter that describes your options. The outcome of an appeal could change the eligibility of other members of your household.

Your eligibility determination letter will explain how to file an appeal. In general, you can appeal your eligibility results by mailing an appeal request form available on the Marketplace at <https://www.healthcare.gov/can-i-appeal-a-marketplace-decision/> or writing a letter to:

Health Insurance Marketplace  
465 Industrial Blvd.

London, KY 40750-0061

After you file an appeal, you will receive a letter that confirms receipt of the appeal, provides a description of the appeals process and includes instructions for submitting additional material for consideration, if necessary

While your appeal is being processed, you may get a letter from the Marketplace asking for more information or documentation, like a copy of a passport. If you send this information, the Marketplace may be able to informally resolve your case fairly quickly. In general, the Marketplace must issue a decision and mail a response within 90 days of receipt of your appeal request.

You can file a request for an expedited (faster) appeal if the time needed for the standard appeal process would jeopardize your life or your ability to attain, maintain, or regain maximum function. Your request to expedite your appeal should specifically explain how a standard appeal would jeopardize your life or your ability to attain, maintain, or regain maximum function. Your request to expedite your appeal will be processed as quickly as possible. A final decision must be made as quickly as your situation requires.

Navigators may assist you in filing an appeal and may answer questions about the appeals process. A Navigator is someone who can provide unbiased help when you submit an appeal. He or she may also refer you to another person or organization that can help you. Find a Navigator in your area. You can also appoint an authorized representative to help you. Your representative can be a family member, friend, advocate, attorney, or someone else who will act for you. You can appoint an authorized representative by completing an “Appointment of Representative” form available at [Healthcare.gov](https://www.healthcare.gov) or by submitting a written request with your appeal that includes a statement appointing someone as your representative and the representative's contact information and a statement authorizing the release of your personal and identifiable information to your representative and explaining why you're being represented. Your representative should sign and date the request as well.

You have the right to get help and information about appeals and other Marketplace issues in your language at no cost. To talk to an interpreter, call 1-800-318-2596.

In the event that a Member’s Plan Specialist Physician’s agreement terminates, another Plan Specialist Physician will be selected for the Member if those services are still required.
- 11.85** “**Specialty Drugs**” are high-cost oral, injectable, infused or inhaled Covered Drugs as identified by the CO-OP that are either self-administered or administered by a healthcare Provider and used or obtained in either an outpatient or home setting.
- 11.86** “**Subscriber**” means an individual who meets the eligibility requirements of this EOC and who has enrolled under this Plan, and for whom premiums have been received and accepted by the CO-OP.
- 11.87** “**Transplant Benefit Period**” means the period beginning with the date the Member receives a written Referral from the CO-OP for care in a Transplant Facility and ending on the first of the following to occur:
- (a) the date 365 days after the date of the transplant; or

- (b) the date when the Member is no longer covered under this Plan, whichever is earlier.

**11.88** “**Transplant Facility**” means a Hospital that has an independent contractor agreement or other contractual relationship with the CO-OP to provide Covered Services related to a Covered Transplant Procedure as defined in this EOC. Non-Plan Hospitals do not have agreements with the CO-OP to provide such services.

**11.89** “**Urgent Care Claim**” means a Claim for Benefits that is treated in an expedited manner because the application of the time periods for making determinations that are not Urgent Care Claims could seriously jeopardize the Member’s life, health or the ability to regain maximum function by waiting for a routine appeal decision. An Urgent Care Claim also means a Claim for Benefits that, in the opinion of a physician with knowledge of the Member’s medical conditions, would subject the Member to severe pain that cannot be adequately managed without the care or the treatment that is the subject of the claim. If an original request for Prior Authorization of an Urgent Care service was denied, the Member could request an Expedited Appeal for the Urgent Care Claim.

**11.90** “**Urgent Care Facility**” means a facility equipped and operated mainly to give immediate treatment for an acute Illness or Injury.

**11.91** “**Urgently Needed Services**” means Covered Services needed to prevent a serious deterioration in a Member’s health. While not as immediate as Emergency Services, these services cannot be delayed until the Member can see a Plan Provider.

## **SECTION 12. OTHER NOTICES**

### **12.1 Mothers and Newborns**

Health insurance issuers generally may not, under Federal law, restrict benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother’s or newborn’s attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the Plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

### **12.2 Women’s Cancer Rights**

A Federal law called the Women’s Health and Cancer Rights Act of 1998 became effective for this Plan on September 1, 1999. Under this law, group health plans, insurers, and HMOs that provide medical and surgical benefits in connection with a mastectomy must provide benefits for certain reconstructive surgery. In the case of a participant or Beneficiary who is receiving benefits under the plan in connection with a mastectomy and who elects breast reconstruction, the law requires coverage in a manner determined in consultation with the attending Physician and the patient, for:

- Reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance; and
- Prostheses and treatment of physical complications at all stages of the mastectomy, including lymphedemas.

If you have any questions about Plan coverage of mastectomies or reconstructive surgery, please call (702) 823-2667 or (855) 606-2667.

### **12.3 Mental Health Parity**

This Plan complies with federal law, which generally does not permit annual or lifetime dollar limits for mental health benefits to be lower than those that apply to medical benefits. Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA) requires that the financial requirements for Coinsurance and Copayments as well as other quantitative and qualitative limits for mental health and substance use disorder conditions must be no more restrictive than those requirements for substantially all medical/surgical benefits. MHPAEA requires specific testing to be applied to classifications of benefits to determine the impact of these financial requirements on mental health and substance use disorder benefits. Based upon the results of that testing, it is possible that Coinsurance or Copayments that apply to mental health conditions and substance use disorder conditions in your benefit plan may be reduced.
