Sec. 3. A unit may enter into an agreement with one (1) or more volunteer fire departments that maintain adequate firefighting service for the use and operation of firefighting apparatus and equipment owned by the volunteer fire department, including the service of the operators of the apparatus and equipment, so that the private and public property of the unit is saved from destruction by fire.

IC 36-8-12-4

Agreements with units; consideration

Sec. 4. The contract between a unit and a volunteer fire department must provide that the unit pay to the department, as consideration for the contract, an amount of money that is

determined by negotiation between them. This consideration must include the amounts that the unit is required to pay under this chapter for insurance premiums and clothing, automobile, and other allowances.

- (2) an automobile allowance of not less than one hundred dollars (\$100) per year for the use of the member's automobile in the line of duty.

IC 36-8-12-6

Units required to insure members of department; liability for failure to insure

Sec. 6. (a) Each unit that has a volunteer fire department shall procure insurance in the name of and for the benefit of each member of the department. However, if a contract or agreement exists between a unit and a volunteer fire department, the contract or agreement must provide for insurance of the volunteer firefighters and emergency medical services personnel in the department in the amounts and with the coverages required by this chapter. Unless the contract or agreement stipulates otherwise, all insurance coverage must be under a group plan, rather than in the name of each individual firefighter and member of the emergency medical services personnel. Either the unit or the volunteer fire department, according to the contractor agreement, may undertake procurement of required insurance, but in either case, the costs of coverage must be borne by the unit. If a volunteer fire department serves more than one (1) unit under a contract or agreement, each unit that the department serves shall pay the amount for the insurance coverage determined under the following formula:

STEP ONE: For each census block or other area in a unit that is served by more than one (1) volunteer fire department, divide the population of the area by the number of volunteer fire departments serving the area, and round the quotient to the

nearest one thousandth (.001).

STEP TWO: Add the quotients determined under STEP ONE for the unit.

STEP THREE: Determine the sum of the STEP TWO amounts for all of the units served by the same volunteer fire department.

STEP FOUR: Divide the STEP TWO amount for a unit by the STEP THREE amount and round the quotient to the nearest one thousandth (.001).

STEP FIVE: Multiply the costs of the insurance coverage for the volunteer fire department by the quotient determined under STEP FOUR, rounded to the nearest dollar.

(b) A diminution of insurance benefits may not occur under this section because of a change in the insurance carrier or a change as to who actually procures the required insurance.

(c) Each unit that has a volunteer fire department may procure an insurance policy for the benefit of auxiliary groups whose members could be injured while assisting the volunteer firefighters and emergency medical services personnel in the performance of their duties.

(d) Each unit that has a volunteer fire department may procure an insurance policy or any other type of instrument that provides retirement benefits as an incentive to volunteer firefighters and emergency medical services personnel for continued service.

(e) An insurance policy or other instrument containing any of the provisions authorized by subsection (d) may not be considered in the computation of nominal compensation for purposes of this chapter.

(f) A volunteer firefighter or member of the emergency medical services personnel who becomes covered by an insurance policy or other instrument containing any of the provisions authorized by subsection (d) does not thereby become eligible for membership in the public employees' retirement fund under IC 5-10.3.

(g) If a unit fails to provide the insurance for a volunteer firefighter or member of the emergency medical services personnel that this chapter requires it to provide, and a volunteer firefighter or member of the emergency medical services personnel suffers a loss of the type that the insurance would have covered, then the unit shall pay to that volunteer firefighter or member of the emergency medical services personnel the same amount of money that the insurance would have paid to the volunteer firefighter or member of the emergency medical services personnel.

As added by Acts 1981, P.L.309, SEC.64. Amended by P.L.351-1987, SEC.1; P.L.268-1993, SEC.1; P.L.70-1995, SEC.7; P.L.1-1999, SEC.92; P.L.174-2009, SEC.3.

IC 36-8-12-7

Insurance; disability and medical expense coverage

Sec. 7. Each policy of insurance must provide for payment to a member of a volunteer fire department, for accidental injury or

smoke inhalation caused by or occurring in the course of the performance of the duties of a volunteer firefighter or member of the emergency medical services personnel and for a cardiac disease event proximately caused within forty-eight (48) hours by or occurring in the course of the performance of the duties of a volunteer firefighter or member of the emergency medical services personnel while in an emergency situation, as follows:

(1) For total disability that prevents the member from pursuing the member's usual vocation:

(A) after June 30, 2009, and before July 24, 2009, a weekly indemnity of not less than two hundred sixty-two dollars (\$262); and

(B) after July 23, 2009, a weekly indemnity of not less than two hundred ninety dollars (\$290);

up to a maximum of two hundred sixty (260) weeks. After July 23, 2009, the weekly indemnity may not be less than the Indiana minimum wage computed on the basis of a forty (40) hour week.

(2) For medical expenses, coverage for incurred expenses. However, the policy may not have medical expense limits of less than seventy-five thousand dollars (\$75,000).

As added by Acts 1981, P.L.309, SEC.64. Amended by P.L.367-1983, SEC.1; P.L.348-1985, SEC.1; P.L.229-1996, SEC.3; P.L.1-1999, SEC.93; P.L.192-1999, SEC.2; P.L.174-2009, SEC.4.

IC 36-8-12-8

Insurance; death benefits; permanent disability; liability coverage; limitations on liability

Sec. 8. (a) The policy of insurance required by section 6 of this chapter must provide for the payment of a sum not less than one hundred fifty thousand dollars (\$150,000) to the beneficiary, beneficiaries, or estate of a volunteer firefighter or member of the emergency medical services personnel if the firefighter or member of the emergency medical services personnel dies from an injury or smoke inhalation occurring while in the performance of the firefighter's or member of the emergency medical services personnel's duties as a volunteer firefighter or member of the emergency medical services personnel or from a cardiac disease event proximately caused within forty-eight (48) hours by or occurring while in the performance of the firefighter's or member of the emergency medical services personnel's duties as a volunteer firefighter or member of the emergency medical services personnel.

(b) The policy of insurance must provide for the payment of a sum not less than one hundred fifty thousand dollars (\$150,000) to the volunteer firefighter or member of the emergency medical services personnel if the firefighter or member of the emergency medical services personnel becomes totally and permanently disabled for a continuous period of not less than two hundred sixty (260) weeks as

a result of an injury or smoke inhalation occurring in the performance of the firefighter's or member of the emergency medical services personnel's duties as a volunteer firefighter or member of the emergency medical services personnel.

(c) The policy of insurance must also provide for indemnification to a member of a volunteer fire department who becomes partially and permanently disabled or impaired as a result of an injury or smoke inhalation occurring in the performance of the firefighter's or member of the emergency medical services personnel's duties.

(d) For the purposes of this section, partial and permanent disability or impairment shall be indemnified as a percentage factor of a whole person.

(e) In addition to other insurance provided volunteer firefighters or emergency medical services personnel under this chapter, each unit shall be covered by an insurance policy that provides a minimum of three hundred thousand dollars (\$300,000) of insurance coverage for the liability of all of the unit's volunteer firefighters or emergency medical services personnel for bodily injury or property damage caused by the firefighters or emergency medical services personnel acting in the scope of their duties while on the scene of a fire or other emergency. The civil liability of a volunteer firefighter or member of the emergency medical services personnel for:

- (1) an act that is within the scope of a volunteer firefighter's duties; or
- (2) the failure to do an act that is within the scope of a volunteer firefighter's duties;

while performing emergency services at the scene of a fire or other emergency or while traveling in an emergency vehicle from the fire station to the scene of the fire or emergency or from the scene of a fire or emergency back to the fire station is limited to the coverage provided by the insurance policy purchased under this subsection. A volunteer firefighter or member of the emergency medical services personnel is not liable for punitive damages for any act that is within the scope of a volunteer firefighter's or member of the emergency medical services personnel's duties. However, if insurance as required under this subsection is not in effect to provide liability coverage for a volunteer firefighter or member of the emergency medical services personnel, the firefighter or member of the emergency medical services personnel is not subject to civil liability for an act or a failure to act as described in this subsection.

(3) The bill for payment of the service charge:

(A) is submitted to the property owner in writing within thirty (30) days after the services are provided;

(B) includes a copy of a fire incident report in the form prescribed by the state fire marshal, if the service was provided for an event that requires a fire incident report;

(C) must contain verification that the bill has been approved by the chief of the volunteer fire department; and

(4) Payment is remitted directly to the governmental unit providing the service.

(2) for deposit in the township firefighting fund established under IC 36-8-13-4; or

(3) to pay principal and interest on a loan made by the department of homeland security established by IC 10-19-2-1 or a division of the department for the purchase of new or used firefighting and other emergency equipment or apparatus.

(1) has contracted with a political subdivision to provide fire protection or emergency services; and

(2) charges for services under this section;

must submit a report to the legislative body of the political subdivision before April 1 of each year indicating the amount of service charges collected during the previous calendar year and how

those funds have been expended.

(h) The state fire marshal shall annually prepare and publish a recommended schedule of service charges for fire protection services.

False alarm service charges

Sec. 17. (a) If a political subdivision has not imposed its own false alarm fee or service charge, a volunteer fire department that provides service within the jurisdiction may establish a service charge for responding to false alarms. (d) A volunteer fire department shall use the money collected

from the false alarm service charge imposed under this section:

- (1) for the purchase of equipment, buildings, and property for fire fighting, fire protection, or other emergency services;
- (2) for deposit in the township firefighting fund established under IC 36-8-13-4; or
- (3) to pay principal and interest on a loan made by the department of homeland security established by IC 10-19-2-1 or a division of the department for the purchase of new or used firefighting and other emergency equipment or apparatus.

(e) If at least twenty-five percent (25%) of the money received by a volunteer fire department for providing fire protection or emergency services is received under one (1) or more contracts with one (1) or more political subdivisions (as defined in IC 34-6-2-110), the legislative body of a contracting political subdivision must approve the false alarm service charge established under subsection (a) before the service charge is initiated in that political subdivision.

(f) A volunteer fire department that:

- (1) has contracted with a political subdivision to provide fire protection or emergency services; and
- (2) imposes a false alarm service charge under this section;

must submit a report to the legislative body of the political subdivision before April 1 of each year indicating the amount of false alarm charges collected during the previous calendar year and how those funds have been expended.

(g) The volunteer fire department may maintain a civil action to recover unpaid false alarm service charges imposed under this section and may, if it prevails, recover all costs of the action, including reasonable attorney's fees.

(b) If a medical director takes any of the following actions against a member of the emergency medical services personnel, the medical director shall provide to the member and to the chief of the member's volunteer fire department a written explanation of the reasons for the action taken by the medical director:

The safety board of the unit that entered into an agreement with the volunteer fire department under section 3 of this chapter shall hear the member's appeal provided by this subsection.

(d) If the medical director's action that is the subject of an appeal under subsection (c) is based on a health care decision made by the member in performing emergency medical services, the safety board conducting the hearing shall consult with an independent medical expert to determine whether the member followed the applicable emergency medical services protocol in making the health care decision. The independent medical expert:

(1) must be a physician trained in emergency medical services; and

(2) may not be affiliated with the same hospital as the medical director.
