**Note:** — = not available. Numbers may not add to totals because of rounding. Each fiscal year represents an end-of-year snapshot and may be subject to change. Amounts are net of full terminations and cancellations approved in the same fiscal year.

Effective fiscal 2021, the Africa Region was reorganized into two Regions, Eastern and Southern Africa and Western and Central Africa, and prior period numbers have been reclassified accordingly. Regional operations are not divided by country and may include financing to countries in different Regions.

Because lending commitments for individual operations can be applied to multiple theme categories, figures organized by theme do not add up to fiscal year commitment totals, and therefore theme figures should not be summed.

**Note:** — = not available. Numbers may not add to totals because of rounding. Each fiscal year represents an end-of-year snapshot and may be subject to change. Amounts are net of full terminations and cancellations approved in the same fiscal year.

Regional operations are not divided by country and may include financing to countries in different Regions.

Because lending commitments for individual operations can be applied to multiple theme categories, figures organized by theme do not add up to fiscal year commitment totals, and therefore theme figures should not be summed.

**Note:** The table shows the three countries with the largest lending commitments in the region over the past two fiscal years (2022 and 2023). IBRD and IDA commitments do not include Heavily Indebted Poor Country (HIPC) Initiative grants. Effective fiscal 2005, IBRD and IDA commitments include guarantees and guarantee facilities. Commitments to regional projects are classified in this table as regional projects and are not counted as commitments of the individual countries involved in the regional project. However, undisbursed balances, gross disbursements, repayments, net disbursements, interest and charges, and net transfers are reported or classified under the individual countries because the individual amounts are covered by separate loan, credit, grant, or guarantee agreements and are guaranteed by the individual countries. Disbursements are made to the individual countries; and principal, interest, and charges are billed to the individual countries. Repayments are made by the individual countries and also include payments from donors under debt service trust funds or debt relief under HIPC and the Multilateral Debt Relief Initiative (MDRI). Numbers may not add to totals because of rounding.

**Note:** The table shows the three countries with the largest lending commitments in the region over the past two fiscal years (2022 and 2023). IBRD and IDA commitments do not include Heavily Indebted Poor Country (HIPC) Initiative grants. Effective fiscal 2005, IBRD and IDA commitments include guarantees and guarantee facilities. Commitments to regional projects are classified in this table as regional projects and are not counted as commitments of the individual countries involved in the regional project. However, undisbursed balances, gross disbursements, repayments, net disbursements, interest and charges, and net transfers are reported or classified under the individual countries because the individual amounts are covered by separate loan, credit, grant, or guarantee agreements and are guaranteed by the individual countries. Disbursements are made to the individual countries; and principal, interest, and charges are billed to the individual countries. Repayments are made by the individual countries and also include payments from donors under debt service trust funds or debt relief under HIPC and the Multilateral Debt Relief Initiative (MDRI). Numbers may not add to totals because of rounding.

**Note:** Data includes guarantees, supplemental and additional financing operations as separate lending operations. Joint IBRD-IDA "blend" operations are included in both the IDA and IBRD number of operations count, but only once in the Total. Amounts are net of full terminations and cancellations approved in the same fiscal year. Numbers may not add to totals because of rounding. A blank space indicates zero.

Note: Each fiscal year represents an end-of-year snapshot and does not account for subsequent adjustments. Commitments in regional operations are classified in this table as regional operations and are not counted as commitments of the individual countries involved under the regional operation. Effective fiscal 2021, the Africa Region was reorganized into the Eastern and Southern Africa Region and Western and Central Africa Region. For comparability, multi-country operations in these Regions are reported as "Africa (regional)." Effective fiscal 2005, lending includes guarantees and guarantee facilities. IDA figures exclude a Pandemic Emergency Financing (PEF) grant of \$50 million in 2017. Excludes IFC-MIGA Private Sector Window activities.
