## Annex III

### Proposed organizational arrangements

1. For the efficient conduct of work during the second session of the United Nations Habitat Assembly of the United Nations Habitat Settlements Programme (UN-Habitat Assembly), the Executive Director proposes for consideration by Member States the proposed organizational arrangements and timetable set out in annex IV to the present document. This proposal has been prepared in line with the general practice at the first session of the UN-Habitat Assembly and is subject to further review by the Bureau of the UN-Habitat Assembly, as well as by the Committee of Permanent Representatives during its second open-ended meeting, to be held from 29 May to 2 June 2023 to prepare for the second session of the UN-Habitat Assembly.

#### A. Bureau

2. In accordance with rule 18 of the rules of procedure, the Bureau of the UN-Habitat Assembly will comprise a president, vice-presidents and a rapporteur elected with due regard to the principle of equitable geographical distribution by rotation among the regional groups of States. Annex I to the present document shows the geographical distribution of the Bureau members elected at the first session of the Assembly and the expected geographical distribution of the incoming Bureau of the Assembly to be elected on the final day of the second session. For information purposes, the composition of the bureaux of the governing bodies of UN-Habitat is available at <https://unhabitat.org/governance/un-habitat-assembly#Governance-UNHabitatAssembly-compositionofthebureau>.

3. As provided for in rule 18 of the rules of procedure of the UN-Habitat Assembly, the five members of the Bureau of the Committee of Permanent Representatives will jointly serve as additional vice-presidents of the Bureau of the Assembly.

#### B. Plenary

4. Following previous practice, it is recommended that work in the plenary meetings be divided into two segments: a high-level segment, to be held on the first and second days of the session, and a dialogue among national Governments, subnational governments and other Habitat Agenda partners, to be held on the third day. Part of the morning meeting on the first day will be devoted to organizational matters, including the election of 36 members of the Executive Board.

#### C. High-level segment

5. It is expected that the second session of the UN-Habitat Assembly will include a high-level segment focusing on the theme for the session and matters related to the provisional agenda, such as item 7 of the provisional agenda, on the activities of UN-Habitat, including coordination matters; item 8, on a review of progress in the implementation of the New Urban Agenda and the 2030 Agenda for Sustainable Development; and item 11, on the strategic plan of UN-Habitat for the period 2024–2027.

6. To accommodate the many delegations expected to attend the second session of the UN-Habitat Assembly, it is recommended that, during the high-level segment, each delegation be allowed a maximum of five minutes of speaking time, and that this limit be strictly adhered to.

7. In establishing the list of speakers for the high-level segment, precedence will be given to Heads of State and Government, ministers and deputy ministers. They will be followed by other heads of Government delegations and then by a limited number of representatives of subnational governments, other Habitat Agenda partners and other stakeholders, in accordance with rules 66 and 67 of the rules of procedure of the UN-Habitat Assembly.

#### D. Dialogue with local authorities and other partners

8. It should be recalled that in paragraph 2 of its resolution 16/12, the Governing Council decided to provide, at future sessions, opportunities for partners to engage in a dialogue among themselves and with Governments. Such dialogue may, as appropriate, serve as an input to the deliberations of the second session of the UN-Habitat Assembly.

9. In accordance with the relevant paragraphs of Governing Council resolution 20/21, the theme of the second session is “A sustainable urban future through inclusive and effective multilateralism: achieving the Sustainable Development Goals in times of global crises”.

10. With a view to increasing the participation in and contribution of subnational governments and other partners to the work of the UN-Habitat Assembly, and attaining common goals to achieve the implementation of the New Urban Agenda, the 2030 Agenda for Sustainable Development and the Sustainable Development Goals, arrangements have been made for the dialogue with subnational governments and other partners to be held during the morning plenary meeting on the third day of the session, as indicated in the proposed organization of work and timetable for the second session of the UN-Habitat Assembly (see annex IV to the present document).

11. To that end, subnational governments and other partners are encouraged to submit to the secretariat, before the start of the session, their statements in writing for advance distribution to all participants.

12. It should also be recalled that Governing Council resolution 20/21 (see annex II to the present document) provided that the theme of the dialogue should establish a link between the high-level segment and the dialogue among Governments, subnational governments and other Habitat Agenda partners, and should provide for cohesion in the policy discussions during plenary meetings.

13. It is expected that the statements given by representatives of subnational governments and other partners will be the outcome of consultations by those groups with non-governmental organizations, parliamentarians, the private sector, professionals, researchers and other partners. Arrangements will be made for subnational governments and other partners, should they so wish, to hold consultations in Nairobi immediately prior to the session.

14. Detailed information on the organization of the dialogue will be forthcoming.

## **E. Summary by the President**

15. At the end of the high-level segment and the dialogue, the President of the UN-Habitat Assembly, drawing on the deliberations of the two plenary meetings, will prepare a summary of the main issues raised during the high-level segment and the conclusions or recommendations made during the dialogue. That summary will reflect the main thrust of the discussions and key positions set out during the high-level segment and the dialogue and will be submitted for endorsement during plenary meetings. Any draft resolution that may emerge from the discussions in those plenary meetings will be referred to the drafting committee for action.

16. Once endorsed by the UN-Habitat Assembly as an accurate reflection of discussions during the high-level segment and the dialogue, and after completion of the required legislative process, the conclusions and recommendations of the President of the UN-Habitat Assembly will serve as guidelines for follow-up action by Governments, subnational governments and other partners, and the secretariat, specifically to support activities in the current areas of focus for the current strategic plan, work programme and budget.

## **F. Sessional organs, subcommittees and working groups**

17. In line with rule 26 of the rules of procedure, during the session the UN-Habitat Assembly may set up other sessional organs, subcommittees or working groups as it may deem necessary and refer to them any item on the agenda or any other question for consideration and reporting.

### **1. Sessional committee of the whole**

18. Bearing in mind the organization of work of the first session of the UN-Habitat Assembly and the above-mentioned recommendations on work in plenary meetings, the Assembly may wish to establish a sessional committee of the whole to be accorded responsibility for the detailed consideration of items 7, 8, 9 and 11 of the provisional agenda.

### **2. Drafting committee**

19. At its first session, on an informal basis, the UN-Habitat Assembly established an ad hoc open-ended drafting committee, chaired by one of the vice-presidents, to pre-screen draft resolutions submitted by delegations with a view to merging, reconciling or clarifying them, as necessary, prior to their consideration by the Assembly in a plenary meeting. The Assembly may wish to continue this practice, which was widely considered to have enhanced the efficiency of its work, with the report of the drafting committee being considered by the committee of the whole for endorsement prior to consideration and possible adoption by the Assembly.

**G. Programme and main activities of the second session**

20. In addition to the key issues to be discussed during the second session of the UN-Habitat Assembly, a range of activities are expected to take place, including side events and exhibitions. A programme of official high-level and side events will be prepared by the secretariat under the guidance of the Bureau of the UN-Habitat Assembly and shared in a timely manner prior to the session.
