Item	Instructions
Image Quality	Files shared should be between 300 – 500 dpi at 50% of the final output. All files and colours must be created and saved in RGB mode ONLY. If converted from CMYK to RGB significant colour changes may occur.
Crops & Bleed	Please include 5cm of bleed on all sides of the artwork.
Preferred File Formats	For printing purposes we only accept .AI, .EPS and PDF. All PDF's must be set to <i>High Quality Print</i> . Nevertheless, for purposes of reviewing, we recommend that each file should include a jpeg, high resolution pdf and an AI/EPS file.
Files NOT accepted	Any low resolution files created for the website use, files created in Word processing programs, or any slide show programs. If you do not have the ability to provide your artwork up to our specifications please just ask how we can help.
Naming Format	Please submit artwork files with the Company name + Stand Number e.g. <i>OmniSpace – H2-04</i> . If submitting multiple files please be sure to label each file so it is clear the intended location of each graphic and the size e.g. – <i>Left wall – 300 x 240, Back wall – 400 x 240</i>
Artwork Charges	Any artwork time required to bring files up to a usable standard will be charged at \$60.00 per hour.
