Jkl.....	Jekyl Island Club.	Y'.....	Yale Graduate.
K.....	Knickerbocker.	Zp.....	Zeta Psi.

Aht.' Br.' Cl.' H.' P.' Y.' etc. respectively indicate the college, and, when the date follows, the graduating year.

The first club following a name indicates where letters may be sent.

Club abbreviations, not included in the above list, refer to Washington, Philadelphia, Chicago, Boston or Baltimore Clubs, to distinguish which is added respectively the letters *w*, *p*, *ch*, *b*, or *bl*.

IN USING THIS BOOK, LOOK FIRST AT "DILATORY DOMICILES" AND IF NAME BE NOT FOUND, THERE IS NO CHANGE.

Should any *Subscriber* desire his winter address *changed* prior to February issue, the Association will forward the information upon its "*Dilatory Domiciles*" to *all* its subscribers. The charge for this will be \$5.00.

Social Registers for New York, Washington, Philadelphia, Chicago, Boston and Baltimore are issued in November, February, May and August. They record the full names and addresses of the several members of prominent families grouped together, the clubs to which they belong, and the marriage, death and European arrival and departure of each person as it may occur.

The names of Juniors $\left\{ \begin{array}{l} \text{Misses} \\ \text{Mrs} \end{array} \right. \left. \begin{array}{l} \text{from 12 to 17} \\ \text{" 14 to 20} \end{array} \right\}$ appear underneath the names of older members of their families.

On the last pages of these issues will also be found an index of marriages and deaths and an alphabetical list of the maiden names of married women.

The February and May issues contain changes of address, etc., that have been made since the November number. The August number gives the country or foreign addresses of all these cities in one issue.

In addition to these issues a *Visiting Index*, systemizing visiting days in New York City, will be issued early in December.

Dilatory Domiciles.

NEW YORK, Nov. 19, '99.

The absence of a name under "D^{ilatory}_{omiciles}" indicates there is no change.

Subsequent D^{ilatory}_{omiciles} should be substituted for these.
