

## **An Introduction to Second-generation p-values and Their Use in Statistical Practice**

[Megan H. Murray](https://www.vanderbilt.edu/biostatistics-graduate/cpt/people/megan-hollister/), Biostatistics, Vanderbilt University  
(<https://www.vanderbilt.edu/biostatistics-graduate/cpt/people/megan-hollister/>)

[Jeffrey D. Blume](https://datascience.virginia.edu/people/jeffrey-blume), School of Data Science, University of Virginia  
(<https://datascience.virginia.edu/people/jeffrey-blume>)

The short course will be held virtually on Friday, June 17th from 8:30AM to 12:30PM EST.

Registration is limited to around 30 persons with the cost of registration being \$25 for Full-time Students, \$50 for current WSS members, and \$100 for non-members.

Interested persons should visit [An Intro to 2nd-generation p-values and their Use in Statistical Practice Tickets, Fri, Jun 17, 2022 at 8:30 AM | Eventbrite](https://www.eventbrite.com/e/an-intro-to-2nd-generation-p-values-and-their-use-in-statistical-practice-tickets-332351551437) for more information about the content and how to register.
