Church Tours

Voted one of the top ten historical treasures in Austin by the Austin-American Statesman, St. Elias Church has been a part of Central Austin since 1932. You are invited to walk through our historic church temple and take in the serene beauty of our sacred art (icons) and our hymnography.

Over the last two centuries, immigrants from Europe, the Mediterranean and Russia helped to establish our Orthodox Faith in America. The parish community of St. Elias has played a significant role in witnessing to and nurturing Orthodox Christianity in Central Texas. To find out more about the history of St. Elias and of Orthodox Christianity, ask one of our hosts. They will be conducting guided tours of the church temple on the half hour from 6:00 pm-11:30 pm on Friday and from 7:00 pm-11:30 pm on Saturday. Or, if you prefer, take a self-guided tour through the church.

Please remember, you are in our house of worship. We ask that you not bring in food, drink, cigarettes, candy, gum or any other items that will mar the church temple. Please be observant of our reverence for our Holy Church.

Thank you.
