## Real Estate — Acceptability Guidelines

All display residential real estate advertising must contain one of the following.

1) The Equal Housing Opportunity (EHO) logo, which includes the words “Equal Housing Opportunity,” or

2) “We are pledged to the letter and spirit of U.S. policy for the achievement of equal housing opportunity throughout the Nation. We encourage and support an affirmative advertising and marketing program in which there are no barriers to obtaining housing because of race, color, religion, sex, handicap, familial status or national origin.” Or

3) The phrase “Equal Housing Opportunity.”

Advertisements that do not contain one of the above statements will be rejected or amended at Times option, and without notice to the advertiser.

If depictions of human models are used in display advertising for housing, the models should be clearly identifiable as reasonably representing majority and minority groups in the New York-Northern New Jersey-Long Island, NY-NJ-CT Consolidated Metropolitan Statistical Area (“CMSA”),\* including without limitation that area's black population, so that the models employed convey a message of general inclusiveness of all persons regardless of race or color.

\*According to the 2000 Census, the population of the CMSA is approximately 70 percent white, 20 percent black and 10 percent other.

Minimum line requirements vary based on category and zoning. Contact your Account Manager for specific requirements.

### Models

If depictions of human models are used in display advertising for housing, the models should be clearly identifiable as reasonably representing majority and minority groups in the New York-Northern New Jersey-Long Island Consolidated Metropolitan Statistical Area (“CSMA”) — according to the 2000 Census, the population of the CSMA is approximately 70% white, 20% black and 10% other — including without limitation that area's black population, so that the models employed convey a message of general inclusiveness of all persons regardless of race or color. Black and other minority models must be depicted in a manner, size and setting generally comparable to the depiction of white models in any particular advertisement or group of advertisements published.

Advertisements that fail to meet all the requirements listed above will be rejected or amended to reflect the requirements, at The Times' option and without notice to the advertiser.
