## 2013 LEGISLATIVE SCORECARD

### ABOUT THE 2013 SCORECARD

Thank you for allowing us to share our North Dakota 2013 legislative session NDFA Action scorecard with you. As you will see we selected bills which NDFA believed were of great interest to the family and had the ability to affect our families and the legacy we leave to our children.

While a legislative scorecard should be pretty straight forward, there are some instances where a vote does not tell the whole story. A legislator could have voted in alignment with NDFA Action's position on the final passage, our position in committee, or used their influence to oppose our position prior to the final vote.

On the scorecard you will see the 2013 bill number with a title (if you are unfamiliar with the detailed nature of the bill, you can find it on this website under "Legislative Watch 2013" or call our office). The colors indicate whether their final vote on the passage of the bill was in support of NDFA Action's position. Please see the key for further explanation of the symbols.

This legislative session we advocated for Christian family values at the capitol throughout the session. We met with representatives, stayed up to date on legislation, helped organize a pro-life rally, and spoke for all of you who support what we do. It is only through your prayers and support that we can continue to speak for you at the capitol.

We hope this is a useful resource to you as you review those in your legislative district, or those of interest to you. If you have any questions or comments, please feel free to give us a call or email.
