### Indiana Continues its Path to Prosperity

On behalf of the Indiana Chapter of Americans for Prosperity, the state's largest grassroots organization dedicated to promoting economic freedom, I am proud to announce our economic freedom scorecard for the 118th General Assembly covering the 2013 and 2014 legislative sessions. Among the legislation included in this document were the bills which AFP-Indiana most closely followed during each legislative session. We believe this collection accurately and fairly scores the votes which were most impactful on Hoosiers' economic freedom over the last two years.

The 2013 and 2014 legislative sessions brought many policy victories including an expansion of school choice and what some are calling the largest tax cut for Hoosier taxpayers and small businesses in state history. These victories would not have been possible without the help of our activists who altogether generated well over 10,000 contacts to state legislators in support of the policies that advance free market and limited government principles.

In all, AFP-Indiana scored 50 bills in both the Indiana House and Senate. All but eight bills we supported eventually became law. Of those we opposed, just seven passed in their original form or were written into another bill.

This scorecard is meant to provide information which will allow our nearly 50,000 statewide activists to better understand the issues impacting economic freedom and how their state legislators voted. We hope this document will not only help educate our activists but will also provide a free market perspective on issues for our state legislators.

We look forward to continue working with Hoosier activists and policymakers across Indiana to move our state and country to a brighter future.

Sincerely, Chase Downham Indiana State Director Americans for Prosperity

Note: In order for state legislators to receive a score, they must have voted on at least 50% of the bills used in the scorecard. If a position on the bill had not changed, AFP-Indiana used the last roll call on the bill. In the case where two bills covered nearly identical legislation, AFP-Indiana used just one bill in order to avoid a double-count. Vote tables are posted below, followed by a brief description of the bills used in the scorecard.

# Protecting Taxpayers

Across the country, state after state is waking up to the economic reality that a low, simple tax facilitates economic growth and prosperity.

From the plains of Texas to the beaches of Florida, states with the least tax burdens are experiencing the most economic growth. This fact is backed up by hard data, too. According to government statistics, the ten states with the best tax climate as judged by the Tax Foundation grew 36% faster in personal income, 58% in gross domestic product, and 142% in population than the ten worst from 2001 to 2011. Most tellingly, the ten most competitive states gained 1,199,100 private sector jobs over the same time period while the ten least competitive lost 760,200. Unsurprisingly, residents and business owners move their money to states where they won't be taxed to the teeth.

There is a moral argument as well for lower and simpler taxes. Every dollar spent by government is a dollar that otherwise could be utilized in the private economy. While government can help create the environment for prosperity, government cannot create true wealth in our economy. It can only redistribute the wealth created by the private sector. This fact is especially important as we review legislation that either seeks to pick winners and losers in our economy or create new taxes on Hoosiers.

With a low income tax and simple sales and property taxes, Indiana has enjoyed a decent tax climate for years. In fact, the Tax Foundation ranked our state as having the 10th friendliest business tax climate of the 50 states in 2014. However, there is always room for improvement. Especially since Indiana is surrounded by less business-friendly states like Illinois, Ohio, and Michigan, our elected officials can seize upon the opportunity to reduce the tax man's burden even further to draw new citizens and commerce into the Hoosier State.

Fortunately, Gov. Mike Pence and the Indiana General Assembly have continued this effort by reducing the state income tax as well as repealing our antiquated inheritance tax in 2013. More of this progrowth tax reform would work wonders for our state.

AMERICANS FOR PROSPERITY INDIANA Taxpayer Legislation in the Indiana House

#### 2013 Legislative Session

#### HB 1001 - Biennial Budget - SUPPORT

Authors: Representatives Brown, Porter

Sponsors: Senators Kenley, Tallian

**Summary:** Appropriates money for capital expenditures, the operation of the state, the delivery of Medicaid and other services, and various other distributions and purposes.

**Position Reason:** Provides for substantial tax relief for Hoosier taxpayers and small businesses. Reduces the personal income tax by 5%, eliminates the inheritance tax immediately and reduces the financial institutions tax rate from 8.5% to 6.5%.

**Status:** This bill became law.

#### HB 1007 - Internet Sales Tax - OPPOSE

**Authors:** Representative Dermody

Sponsors: Senators Mishler, Broden

**Summary:** Provides that for purposes of the Indiana sales and use tax law, a "retail merchant engaged in business in Indiana" includes any retail merchant who: (1) makes retail transactions in which a person acquires personal property or taxable services for use, storage, or consumption in Indiana; and (2) enters into an arrangement with any person, other than a common carrier, to facilitate the retail merchant's delivery of property to customers in Indiana by allowing customers to pick up property sold by the retail merchant at a place of business maintained by the person in Indiana. Specifies that a retail merchant may be required by the state to collect and remit sales or use taxes if any person conducts activities in Indiana on behalf of the retail merchant that are significantly associated with the retail merchant is presumed to be engaged in business in Indiana if an affiliate of the retail merchant has substantial nexus in Indiana and certain additional conditions are satisfied.

**Position Reason:** House Bill 1007 seeks to redefine the commonly accepted "nexus" standards here in Indiana for the purpose of internet sales taxes. This bill targets businesses that use an affiliate-referral structure. Americans for Prosperity opposes the affiliate tax because it changes the standards to tax out-of-state companies as though they were in-state.

Status: This bill passed the House but did not receive a vote in the Senate.

#### HB 1011 - Public Mass Transportation - OPPOSE

Authors: Representative Torr

Sponsors: Senators Miller, Merritt, Kenley

**Summary:** Specifies that a county or city council (other than the city-county council of Marion County) may elect by ordinance to provide revenue to a public transportation corporation from the city's or the county's distributive share of county adjusted gross income taxes, county option income taxes, or county economic development income taxes. Authorizes the establishment of a metropolitan transit district by specified eligible counties through local public questions. Authorizes the metropolitan transit district to: (1) construct or acquire any public transportation facilities; and (3) issue bonds and otherwise incur indebtedness. Authorizes the Indiana finance authority to issue bonds and use the proceeds to acquire any obligations issued by a metropolitan transit district. Provides that in a county that has approved the local public question, an additional county economic development income tax (CEDIT) rate of not more than 0.3% may be imposed to pay the county's contribution to the funding, of the metropolitan transit district. Specifies that the CEDIT rate may not exceed the recommended tax.

**Position Reason:** Repeated studies have shown that mass transit projects are unsustainable. These projects require multiple tax increases, and continued government spending to continue operating. As a result, the burden of maintaining mass transit operations is carried by increased user fees and tax hikes.

**Status:** This proposal passed the House, but the Senate voted to send the legislation to a summer study committee.

#### HB 1018 - Financial Institutions Tax Rate Reduction - SUPPORT

Authors: Representative Messmer

Sponsors: Senators Holdman, Arnold, Head

**Summary:** Reduces the financial institutions franchise tax rate over four years, from 8.5% for taxable years beginning before January 1, 2014, to 6.5% for taxable years beginning on or after

#### 2013 Legislative Session

#### January 1, 2017.

Status: This bill became law.

#### HB 1070 - Local Food and Beverage Taxes - OPPOSE

Author: Representative Baird

#### Sponsor: Senator Bray

**Summary:** Authorizes the Cloverdale town council to impose a 1% food and beverage tax on taxable food and beverage transactions in the town. Authorizes the Fishers town council to adopt, on or before December 31, 2013, an ordinance to impose a town food and beverage tax of not more than 1% on taxable food and beverage transactions in the town.

**Position Reason:** This opens the door for other cities and towns to request the same taxing authority over taxpayers.

**Status:** This bill became law without the Governor's signature.

#### HB 1117 - County Excise Surtax and Wheel Tax - OPPOSE

Author: Representative Karickhoff

#### Sponsor: NA

**Summary:** Permits a county income tax council to impose a motor vehicle excise surtax and a wheel tax for a county. (Current law permits only the county council to impose these taxes.) Specifies that the body that initially imposes the excise surtax and wheel tax is the body that is empowered to increase, decrease, or rescind the excise surtax and wheel tax.

**Position Reason:** House Bill 1117 opens the door to new tax increases and allows a new county body to impose these taxes.

Status: This bill died in the House but was written into the Budget (HB 1001).

#### HB 1159 - School Liability - SUPPORT

Author: Representative Huston

Sponsor: Senators Peter Miller, Merritt

**Summary:** Limits the liability of a public school or an accredited nonpublic school that provides community use physical fitness activities to the general public. Specifies that the tort claims act applies to charter schools, and provides tort claims immunity to a public or charter school for a claim based on the adoption or enforcement of a policy, or on the failure to adopt or enforce a policy.

**Position Reason:** This bill will limit frivolous litigation and ultimately protect taxpayers. **Status:** This bill became law.

#### HB 1276 - Township Board Meetings - SUPPORT

Author: Representative Niemeyer

Sponsors: Senators Landske, Taylor

**Summary:** Requires a township board to meet in February (instead of January) to approve the annual report of the township trustee. Allows a township board to reduce the salaries of the township board members by a vote of a majority of the members (instead of by a unanimous vote of the members).

**Position Reason:** Makes it easier to reduce township board salaries which is good for taxpayers. **Status:** This bill became law.

#### HB 1324 - Motor Fuels - OPPOSE

Author: Representative Frye

Sponsor: Senator Eckerty

**Summary:** Creates a study committee to study issues concerning the imposition of road impact fees on users of plug in, plug in hybrid, and hybrid vehicles. Increases from 10% to 20% the amount by which the price of a clean energy vehicle may surpass the price of a similarly equipped vehicle that is not a clean energy vehicle for the purpose of determining whether a state agency must purchase or lease the clean energy vehicle. Provides a three year income tax credit for placing into service a natural gas powered vehicle that has a gross vehicle weight rating of more than 33,000 pounds.

**Position Reason:** Americans for Prosperity believes the free market is best at determining which energy options will meet the needs of consumers. Government should not be in the business of picking winners and losers. **Status:** This bill became law.

#### HB 1544 - Personal Property Taxes - SUPPORT

#### Author: Representative Turner

**Sponsor:** Senator Hershman

**Summary:** This bill, among other things, would have allowed county governments to dramatically reduce or eliminate their county's personal property taxes on business.

**Position Reason:** Lowering taxes on job creators is beneficial to our state's economic growth. **Status:** This language in House Bill 1544 died in the House.

#### HB 1546 - Tax Administration - OPPOSE

Author: Representative Turner

Sponsor: Senator Hershman

**Summary:** Includes various tax administration changes. In addition, extends the period during which Jackson County may impose an additional 0.1% county adjusted gross income tax (CAGIT) rate to operate and maintain a jail and a juvenile detention center until 2024. Legalizes and validates taxes collected at the additional rate in Jackson County after June 30, 2011, and before July 1, 2013. Extends the period during which Pulaski County may impose an additional 0.3% county adjusted gross income tax (CAGIT) rate to operate and maintain a jail and justice center until 2021. Legalizes and validates taxes collected at the additional rate in Pulaski County after the eight years authorized by statute had elapsed and before July 1, 2013. Changes the maximum innkeeper's tax rate that may be imposed by the county council of Vigo County from 5% to 8%.

**Position Reason:** Hoosier taxpayers should not be asked to forgo tax refunds for taxes which they should not have paid in the first place. This legislation also raises taxes for future years. **Status:** Although this bill was vetoed by the Governor, there was a successful override vote by the General Assembly.

#### **<u>SB 91</u>** - Motorsports Investment District - OPPOSE

Author: Senators Long, Mike Young

Sponsor: Representative Tim Brown

**Summary:** Provides a funding mechanism to provide financial assistance to the Indianapolis Motor Speedway.

**Position Reason:** This bill amounted to a taxpayer funded subsidy for a private enterprise. **Status:** This bill died. However, similar legislation passed and became law in the form of HB 1544.

#### **<u>SB 162</u>** - Indiana Economic Development Transparency - SUPPORT

Author: Senator Delph

Sponsor: Representative Burton

**Summary:** Provides additional transparency for incentive packages offered by the Indiana economic development corporation (IEDC).

**Position Reason:** As citizens of Indiana, it is important that we be able to monitor government stewardship of our tax dollars. SB 162 would allow economic development incentive negotiations, receipts, and results to become public record.

**Status:** This bill became law.

#### SB 559 - Fraud - SUPPORT

Author: Senator Hershman

**Sponsor:** Representative Turner

**Summary:** Establishes procedures for filing a civil action on behalf of the state to recover money owed to the state, plus civil penalties and damages, due to the filing of a false claim under the Medicaid program. Provides that the attorney general and the inspector general have concurrent jurisdiction to investigate such false claims.

**Position Reason:** Senate Bill 559 limits abuse in public assistance programs and protects taxpayers from fraud.

**Status:** This bill became law.

**2014 Legislative Session** 

#### HB 1001 - Tax Exemption for New Personal Property - SUPPORT

Author: Representative Turner

Sponsors: Senators Hershman, Kenley, Kruse

**Summary:** Specifies that if the acquisition cost of a taxpayer's business personal property in a county is less than \$20,000 for a particular assessment date in 2016 or later: (1) the taxpayer is not required to file a personal property return for the taxpayer's business personal property in the county for that assessment date; and (2) the taxpayer's business personal property in the county is exempt from taxation for that assessment date. Allows a designating body to grant a property tax abatement under the existing abatement laws for new business personal property that has an acquisition cost of at least \$3,000,000. Phases down the corporate income tax rate from 6.5% in 2015 to 4.9% after June 30, 2021.

**Position Reason:** A cornerstone 2014 policy priority for AFP Indiana is reforming Indiana's business personal property tax. This bill takes a comprehensive approach toward achieving this reform by exempting business personal property under \$20,000 and reducing the corporate income tax rate.

Status: Most of these policies became law in the form of Senate Bill 1.

#### HB 1005 - Government Reduction - SUPPORT

Author: Representative McMillin

Sponsors: Senators Schneider, Buck, Boots

**Summary:** Terminates Indiana's participation in the Midwest Greenhouse Gas Reduction Accord as of a certain date. Repeals the law concerning cancellation and reissuance by the auditor of state on certain outstanding warrants. Repeals law concerning a prohibition on construction of fences and bleachers on Evansville State Hospital property. Removes provisions allowing for violent crime victims compensation funding for loss or disability of a law enforcement animal. Specifies the rate of interest related to certain state payments is based on the average yield on state general fund money.

**Position Reason:** House Bill 1005 reduces the size of government, increases transparency and repeals outdated provisions within the Indiana code. **Status:** This bill became law.

#### HB 1020 - Study of Economic Development Incentives - SUPPORT

Author: Representative Koch

Sponsors: Senators Hershman, Grooms

**Summary:** Requires the commission on state tax and financing policy to review, analyze, and evaluate state and local tax incentives that are provided to encourage economic development or to alter, reward, or subsidize a particular action or behavior by a tax incentive recipient. **Position Reason:** This bill encourages transparency and the efficient use of taxpayer dollars that are used to fund the incentives awarded by economic development commissions. **Status:** This bill became law.

#### HB 1076 - INDOT Eminent Domain Actions - SUPPORT

Author: Representative Zent

Requires a court to conduct an expedited hearing of the complaint. Provides that a party to the court proceeding is entitled to an expedited appeal of the court's final ruling under rules to be adopted by the supreme court. **Position Reason:** This bill protects Hoosier taxpayers by decreasing the time and expediting the process of eminent domain disputes between land owners and INDOT. **Status:** This bill became law.

#### HB 1143 - Environmental Rules and Standards - SUPPORT

Author: Representative Wolkins

**Sponsor:** Senator Charbonneau

**Summary:** Prohibits the environmental rules board from adopting a rule or standard that is more stringent than the corresponding regulation or standard established under federal law. Makes corresponding changes in the law concerning the adoption of environmental rules.

AMERICANS FOR PROSPERITY NOLINA

#### Taxpayer Legislation in the Indiana House (cont.) 2014 Legislative Session

Position Reason: No state or local environmental rule should exceed federal law. With an aggressive EPA and other federal arms of government issuing more and more regulations, this is a good measure to protect Hoosier business owners and taxpayers. **Status:** This bill passed the House but did not receive a vote in the Senate.

#### **SB1 - State and Local Taxation - SUPPORT**

Authors: Senators Hershman, Kenley, Holdman

**Sponsor:** Representative Brown

Summary: Gives counties the option to eliminate the business personal property tax for new investments in the county and/or for small businesses with less than \$20,000 in taxable personal property. Phases down the corporate income tax rate from 6.5% in 2015 to 4.9% after June 30, 2021. Phases down the financial institutions tax rate to 4.9% in calendar year 2023. Position Reason: A cornerstone 2014 policy priority for AFP Indiana is reforming Indiana's business personal property tax. This bill takes a comprehensive approach toward achieving this reform by giving counties the option to exempt the business personal property tax on new investments and/or for those businesses with less than \$20,000 in taxable personal property. It also reduces the corporate income and financial institutions tax rate. Status: This bill became law.

#### SB 54 - Study of Local Pension Plans - SUPPORT

Authors: Senators Zakas, Tallian

**Sponsor:** Representative DeVon

Summary: Urges the legislative council to assign to the pension management oversight commission or another appropriate committee the task of studying the status of existing local government unit pension plans, including the participation of local government units in the public employees' retirement fund, to determine whether changes are necessary or advisable. Position Reason: Across the United States, pension obligations are causing greater strain to local and state budgets than ever before. It is fiscally prudent for local governments to study and analyze current and future pension liabilities.

Status: This bill became law.

#### SB 106 - Local Government Transparency - SUPPORT

Authors: Senators Charbonneau, Hershman, Rogers

**Sponsor:** Representative Negele

Summary: Requires the state board of finance to post a narrative description of all approved transfers of money, and the reason for each transfer, on the Indiana transparency Internet web site. Requires the department of local government finance (DLGF) to develop indicators of fiscal health for school corporations and other political subdivisions. Requires the DLGF to present information for evaluating the fiscal health of political subdivisions on the Indiana transparency Internet web site through conveniently and easily accessed dashboards.

**Position Reason:** AFP Indiana supports efforts make government at all levels more transparent. This bill increases local government transparency by adding local government fiscal health evaluations to the Indiana Transparency Portal.

Status: This bill became law.

#### **SB 118 - Redevelopment Commissions and Authorities - SUPPORT**

Authors: Senators Pete Miller, Walker, Jim Smith

Sponsors: Representative Tim Brown

Summary: Provides that a redevelopment commission may not enter into any obligation payable from public funds without first obtaining the approval of the legislative or fiscal body of the unit that established the commission. Provides an exception if the obligation is for the acquisition of real property and the payments are for three years or less or the purchase price is less than \$5,000,000.

Position Reason: This bill creates an elected check on redevelopment commissions and protects Hoosier taxpayers from costly expenditures.

Status: This bill became law.

#### SB 176 - Central Indiana Transit - OPPOSE

Authors: Senators Patricia Miller, Waltz, Merritt Sponsor: Representative Torr

2014 Legislative Session

**Summary:** Provides for the establishment or expansion of public transportation services other than light rail in an eligible county through a local public question placed on the ballot under an ordinance adopted by the fiscal body of the eligible county. Requires the department of local government finance to review and approve the language of a local public question. Provides that Delaware County, Hamilton County, Hancock County, Johnson County, Madison County, and Marion County are eligible counties.

**Position Reason:** Altogether, Senate Bill 176 could result in up to \$100 million or more in new taxes every year for a handful of central Indiana counties. By simply permitting participating counties to utilize their LOIT (allowed through the property tax levy freeze) for "public transportation projects" there would seemingly be no reason why every county in the state would not seek the same authority in time. This could lead to even more tax increases for Hoosier taxpayers. **Status:** This bill became law. We have scored it twice do to the substantial differences in the bill during 3rd reading and the conference committee report.

#### SB 308 - Sports and Convention Development Areas - OPPOSE

Authors: Senators Wyss, Long

Sponsor: Representative Ober

**Summary:** Provides that authority for the 10% rate for the Marion County admissions tax is extended through 2044 (rather than through February of 2023). Extends the period in current law under which the Marion County admissions tax applies to all events at a covered facility (rather than applying only to professional sporting events). Provides that the Marion County professional sports development area (PSDA) may be changed to include the site or future site of a facility or complex of facilities that includes a soccer stadium, subject to certain conditions imposed upon the metropolitan development commission and the owner of the soccer franchise that would be the primary tenant of a soccer stadium. Allows an additional \$2,000,000 of state revenue to be captured each year, for 30 years, from the area added to the PSDA to include a soccer stadium.

**Position Reason:** Although AFP-Indiana did not oppose the original version of SB 308, the amended bill to include financing for a new Indianapolis soccer stadium was troublesome. Without any independent study or analysis, supporters of an Indianapolis soccer stadium are seeking to retain tax dollars generated at their place of business for the purposes of financing the construction of a new stadium. Without any guarantee of future revenue, taxpayers are the ones who seem to ultimately hold the risk of this venture. In a free market, consumers (taxpayers) should be the ones making the decision on what is essential to their community. We fear passage of SB 308 in its current form continues the unfortunate precedent started by last year's similar Indianapolis Motor Speedway legislation.

**Status:** This bill became law. However, the language we opposed in the House version of SB 308 was removed during the conference committee report stage.

Taxpayer Legislation in the Indiana Senate

2013 Legislative Session

#### SB 36 - Deputy Attorney Generals in Washington, D.C. - SUPPORT

Authors: Senators Kruse, Yoder, Banks

**Sponsor:** Representative Washburne

**Summary:** Permits the Indiana attorney general to employ deputies or assistants to review and monitor federal regulations and other actions that may affect Indiana's legal interests. **Position Reason:** Strengthens Indiana's ability to monitor and follow pending federal legislation and regulations which may harmfully affect Hoosier taxpayers and small businesses. **Status:** This bill passed the Senate but did not receive a vote in the House.

#### **SB 90** - Marion County Auto Rental and Admission Taxes - SUPPORT

Authors: Senators Long, Mike Young

**Sponsor:** Representative Turner

**Summary:** Provides that any increase after January 1, 2013, and before March 1, 2013, in the Marion County supplemental auto rental excise tax rate or the Marion County admissions tax rate may not continue in effect after February 28, 2023.

AMERICANS FOR PROSPERITY HOLMA

**Position Reason:** Sunsets local tax increases recently imposed by Marion County. **Status:** This bill passed the Senate but did not receive a vote in the House.

#### SB 91 - Motorsports Investment District - OPPOSE

Author: Senators Long, Mike Young

**Sponsor:** Representative Tim Brown

**Position Reason:** This bill amounted to a taxpayer funded subsidy for a private enterprise. **Status:** This bill died. However, similar legislation passed and became law in the form of HB 1544.

#### **<u>SB 162</u>** - Indiana Economic Development Transparency - SUPPORT

Author: Senator Delph

**Sponsor:** Representative Burton

**Summary:** Provides additional transparency for incentive packages offered by the Indiana economic development corporation (IEDC).

**Status:** This bill became law.

#### **<u>SB 325</u>** - Redevelopment Commissions and Authorities - SUPPORT

Author: Senator Kenley

Sponsor: Representative Cherry

**Summary:** Provides that a redevelopment commission may not enter into any obligation payable from public funds without first obtaining the approval of the legislative or fiscal body of the unit that established the commission.

**Position Reason:** Provides greater accountability for redevelopment commissions and strengthens a county's elected fiscal body, giving Hoosier taxpayers a voice in the activities of redevelopment commissions.

**Status:** This bill passed the Senate but did not receive a vote in the House.

Specifies that the body that initially imposes the excise surtax and wheel tax is the body that is empowered to increase, decrease, or rescind the excise surtax and wheel tax.

**Position Reason:** Senate Bill 389 opens the door to new tax increases and allows a new county body to impose these taxes.

Status: This bill died in the House but was written into the Budget (HB 1001).

#### <u>SB 559</u> - Fraud - SUPPORT

Provides that the attorney general and the inspector general have concurrent jurisdiction to investigate such false claims.

**Position Reason:** Senate Bill 559 limits abuse in public assistance programs and protects taxpayers from fraud.

Status: This bill became law.

#### HB 1001 - Biennial Budget - SUPPORT

Authors: Representatives Brown, Porter

Sponsors: Senators Kenley, Tallian

**Summary:** Appropriates money for capital expenditures, the operation of the state, the delivery of Medicaid and other services, and various other distributions and purposes.

2013 Legislative Session

**Position Reason:** Provides for substantial tax relief for Hoosier taxpayers and small businesses. Reduces the personal income tax by 5%, eliminates the inheritance tax immediately and reduces the financial institutions tax rate from 8.5% to 6.5%. **Status:** This bill became law.

#### HB 1011 - Public Mass Transportation (Study Committee) - SUPPORT

Authors: Representative Torr

**Sponsors:** Senators Miller, Merritt, Kenley

**Summary:** Provides that certain counties in central Indiana and municipalities in those counties may not establish a new regional transportation authority or become a member of an existing regional transportation authority. Specifies that this provision expires on March 15, 2014. Establishes the central Indiana transit study committee.

**Position Reason:** Given the concerns over cost and sustainability of the Indianapolis Mass Transit plan, we believe a summer study committee to look at the issue and explore additional solutions is justified.

Status: This bill became law.

#### HB 1018 - Financial Institutions Tax Rate Reduction - SUPPORT

Author: Representative Messmer

Sponsors: Senators Holdman, Arnold, Head

**Summary:** Reduces the financial institutions franchise tax rate over four years, from 8.5% for taxable years beginning before January 1, 2014, to 6.5% for taxable years beginning on or after January 1, 2017.

**Position Reason:** Cutting taxes on job creators encourages economic growth. In addition, financial institutions should not be required to pay a higher rate than most other corporations in Indiana.

Status: This bill became law.

#### HB 1070 - Local Food and Beverage Taxes - OPPOSE

Author: Representative Bair

Sponsor: Senator Bray

**Summary:** Authorizes the Cloverdale town council to impose a 1% food and beverage tax on taxable food and beverage transactions in the town. Specifies the uses to which receipts from the food and beverage tax may be applied. Authorizes the Fishers town council to adopt, on or before December 31, 2013, an ordinance to impose a town food and beverage tax of not more than 1% on taxable food and beverage transactions in the town.

**Position Reason:** This opens the door for other cities and towns to request the same taxing authority over taxpayers.

**Status:** This bill became law without the Governor's signature.

#### HB 1159 - School Liability - SUPPORT

Author: Representative Huston

Sponsor: Senators Peter Miller, Merritt

**Summary:** Limits the liability of a public school or an accredited nonpublic school that provides community use physical fitness activities to the general public. Specifies that the tort claims act applies to charter schools, and provides tort claims immunity to a public or charter school or a claim based on the adoption or enforcement of a policy, or on the failure to adopt or enforce a policy.

#### HB 1276 - Township Board Meetings - SUPPORT

Author: Representative Niemeyer

**Summary:** Requires a township board to meet in February (instead of January) to approve the annual report of the township trustee. Allows a township board to reduce the salaries of the township board members by a vote of a majority of the members (instead of by a unanimous vote of the members).

**Position Reason:** Makes it easier to reduce township board salaries which is good for taxpayers. **Status:** This bill became law.

#### HB 1313 - Regulation of Residential Landlords, Builders, and Remodelers - SUPPORT

Author: Representative Speedy

Sponsor: Senator Holdman

**Summary:** Provides that a political subdivision may not adopt a regulation after February 28, 2013 and before July 1, 2014 relating to landlord and tenant relations, rental agreements, or real property subject to a rental agreement that: (1) requires an owner or landlord to be licensed or to obtain a permit from the political subdivision to lease a rental unit; (2) requires an owner or landlord to enroll or participate in a class or government program as a condition for leasing a rental unit; or (3) imposes or increases a fee or other assessment for inspection of a rental unit, registration of an owner, landlord, or rental unit, or for any other purpose relating to landlord and tenant relations, rental agreements, or real property subject to a rental agreement.

**Position Reason:** Small business owners should not be faced with a redundant licensing or regulatory system such as some local communities have attempted to force onto landlords and builders. This legislation strengthens the free market and reduces burdensome government regulations and red tape.

#### HB 1324 - Motor Fuels - OPPOSE

Author: Representative Frye

Sponsor: Senator Eckerty

Provides a three year income tax credit for placing into service a natural gas powered vehicle that has a gross vehicle weight rating of more than 33,000 pounds.

#### HB 1546 - Tax Administration - OPPOSE

Author: Representative Turner

Sponsor: Senator Hershman

**Summary:** Includes various tax administration changes. In addition, extends the period during which Jackson County may impose an additional 0.1% county adjusted gross income tax (CAGIT) rate to operate and maintain a jail and a juvenile detention center until 2024. Legalizes and validates taxes collected at the additional rate in Jackson County after June 30, 2011, and before July 1, 2013. Extends the period during which Pulaski County may impose an additional 0.3% county adjusted gross income tax (CAGIT) rate to operate and maintain a jail and justice center until 2021. Legalizes and validates taxes collected at the additional rate in Pulaski County after the eight years authorized by statute had elapsed and before July 1, 2013. Changes the maximum innkeeper's tax rate that may be imposed by the county council of Vigo County from 5% to 8%.

**Position Reason:** Hoosier taxpayers should not be asked to pay taxes which had already expired. This legislation also raises taxes for future years.

**Status:** Although this bill was vetoed by the Governor, there was a successful override vote by the General Assembly.

#### <u>SB1</u> - State and Local Taxation - SUPPORT

Phases down the financial institutions tax rate to 4.9% in calendar year 2023. Position Reason: A cornerstone 2014 policy priority for AFP Indiana is reforming Indiana's business personal property tax. This bill takes a comprehensive approach toward achieving this reform by giving Hoosier counties the option of exempting business personal property for Indiana's smallest businesses and reducing the corporate income tax rate. Status: This bill became law.

#### SB 54 - Study of Local Pension Plans - SUPPORT

Authors: Senators Zakas and Tallian

Sponsor: Representative DeVon

Summary: Urges the legislative council to assign to the pension management oversight commission or another appropriate committee the task of studying the status of existing local government unit pension plans, including the participation of local government units in the public employees' retirement fund, to determine whether changes are necessary or advisable. **Position Reason:** Across the United States, pension obligations are causing greater strain to local and state budgets than ever before. It is fiscally prudent for local governments to study and analyze current and future pension liabilities.

Status: This bill became law.

#### SB 106 - Local Government Transparency - SUPPORT

Authors: Senators Charbonneau, Hershman, Rogers

Sponsor: Representative Negele

Summary: Requires the state board of finance to post a narrative description of all approved transfers of money, and the reason for each transfer, on the Indiana transparency Internet web site. Requires the department of local government finance (DLGF) to develop indicators of fiscal health for school corporations and other political subdivisions. Requires the DLGF to present information for evaluating the fiscal health of political subdivisions on the Indiana transparency Internet web site through conveniently and easily accessed dashboards.

Position Reason: This bill creates an elected check on redevelopment commissions and protects Hoosier taxpayers from costly expenditures.

Status: This bill became law.

#### SB 176 - Central Indiana Transit - OPPOSE

Authors: Senators Patricia Miller, Waltz, Merritt

**Sponsor:** Representative Torr

Summary: Provides for the establishment or expansion of public transportation services other than light rail in an eligible county through a local public question placed on the ballot under an ordinance adopted by the fiscal body of the eligible county. Requires the department of local government finance to review and approve the language of a local public question. Provides that Delaware County, Hamilton County, Hancock County, Johnson County, Madison County, and Marion County are eligible counties.

**Position Reason:** Altogether, Senate Bill 176 could result in up to \$100 million or more in new taxes every year for a handful of central Indiana counties. By simply permitting participating counties to utilize their LOIT (allowed through the property tax levy freeze) for "public transportation projects" there would seemingly be no reason why every county in the state would not seek

the same authority in time. This could lead to even more tax increases for Hoosier taxpayers. **Status:** This bill became law. We have scored it twice do to the substantial differences in the bill during 3rd reading and the conference committee report.

#### HB 1001 - Tax Exemption for New Personal Property - SUPPORT

Author: Representative Turner

Sponsors: Senators Hershman, Kenley, Kruse

**Summary:** Specifies that if the acquisition cost of a taxpayer's business personal property in a county is less than \$20,000 for a particular assessment date in 2016 or later: (1) the taxpayer is not required to file a personal property return for the taxpayer's business personal property in the county for that assessment date; and (2) the taxpayer's business personal property in the county is exempt from taxation for that assessment date. Allows a designating body to grant a property tax abatement under the existing abatement laws for new business personal property that has an acquisition cost of at least \$3,000,000. Phases down the corporate income tax rate from 6.5% in 2015 to 4.9% after June 30, 2021.

**Position Reason:** A cornerstone 2014 policy priority for AFP Indiana is reforming Indiana's business personal property tax. This bill takes a comprehensive approach toward achieving this reform by exempting business personal property under \$20,000 and reducing the corporate income tax rate.

Status: Most of these policies became law in the form of Senate Bill 1.

Requires a court to conduct an expedited hearing of the complaint. Provides that a party to the court proceeding is entitled to an expedited appeal of the court's final ruling under rules to be adopted by the supreme court. **Position Reason:** This bill protects Hoosier taxpayers by decreasing the time and expediting the process of eminent domain disputes between land owners and INDOT. **Status:** This bill became law.

# Advancing Educational Freedom

It's no secret that public education in America is in crisis. Amid falling test scores and graduation rates, millions of teenagers leave our country's schools each year without the skills to succeed in our global economy. As with any heavilyregulated industry, a large part of the problem is a lack of competition. Since public schools do not have to contend for their revenue so long as students are sitting in their chairs, they have no motivation to satisfy their customer by imparting students with a quality education.

Fortunately, school choice has drastically changed the equation in Indiana over the past few years. Under the leadership of former Gov. Mitch Daniels, the Indiana General Assembly passed the largest opportunity scholarship program in the country, empowering over 20,000 Hoosier parents with the choice to send their child to the school that best meets their child's individual needs. Furthermore, the General Assembly has also passed legislation aiding the development of charter school options and other measures which seek to strengthen accountability in the classroom.

Although these developments should make Indiana proud, much more needs to be done to increase choice and competition in education and thereby raise student achievement. To this purpose, AFP supports legislation that expands school choice, ensures teacher quality in our public schools, and keeps control of Hoosier students' education here in Indiana.

## Education Legislation in the Indiana House

#### HB 1003 - School Scholarships - SUPPORT

Authors: Representatives Benning, Huston

Sponsors: Senators Eckerty, Yoder

**Summary:** Provides that a taxpayer may carry forward a school scholarship income tax credit for a taxable year that begins after December 31, 2012. Specifies eligibility standards for choice scholarships. Makes various administrative changes to the choice scholarship program. **Position Reason:** Expands choice in education to more Hoosiers. The result will be more options to Hoosier families seeking a quality education for their children. Hoosiers parents should have the opportunity to send their children to the school that best meets their individual needs. **Status:** This bill became law.

#### HB 1334 - Various Education Matters - SUPPORT

Author: Representative Thompson

Sponsors: Senators Kruse, Boots

Repeals a provision requiring a school employer to deduct union dues from a teacher's salary and allows a deduction based on a school employee's authorization that is valid for one-year periods.

**Position Reason:** Government entities such as schools should not be in the business of collecting political contributions via automatic paycheck deductions. Moreover, employees and union members should not be forced to contribute to causes or political efforts that they may oppose. We believe HB 1334 goes a long way in protecting this right for public school teachers.

Status: This bill became law, but the paycheck protection language was later removed from the bill.

#### HB 1338 - Charter School Administration - SUPPORT

**Position Reason:** Taxpayers should have the ability to send their children to the school of their choice regardless of geographic location. Other than capacity limitations, there should be no denial of students seeking an education environment that best meets their individual needs. **Status:** This bill became law.

#### HB 1427 - Various Education Matters - SUPPORT

Provides that, before July 1, 2014, the state board shall adopt college and career readiness educational standards. Requires the state board to hold at least three public meetings.

# Strengthening Workplace Freedom

For years, millions of Indiana workers had no choice but to join a union to earn a living. Under the federal National Labor Relations Act, unions could coerce employees into paying dues once they were established in a workplace. As a result, unwilling Hoosiers had no choice but to waste their money bankrolling Big Labor's agenda of negotiating unsustainable contracts that threaten workers' employment and forcing state and municipal governments to underfund their obligations. As a result, Indiana today now owes a whopping \$34 billion in pension liability according to the American Enterprise Institute and State Budget Solutions.

Fortunately, former Gov. Mitch Daniels and the General Assembly put Indiana back on track by passing right-to-work legislation. In becoming the 23rd right-towork state, Indiana now allows employees to exercise their right to opt-out of paying union dues as created by the federal Taft-Hartley Act of 1947. As a result of our elected officials hard work, Indiana is now a friendlier state to do business and will undoubtedly reap the rewards of higher personal income growth and lower unemployment in the coming years. But, more importantly, Hoosiers can work with a free conscience knowing their money is not being spent supporting an institution they fundamentally disagree with.

However, much more needs to be done for workers to better provide for themselves and their families. Burdensome business regulations should be reviewed and repealed when unnecessary to give entrepreneurs the freedom to grow their businesses and create jobs. Occupational licenses should only be required for extremely hazardous jobs so more workers can achieve the American dream. Finally, rules that harm an employer's ability to create jobs and provide for their employees should be repealed to strengthen our economy and create more prosperity for all Hoosiers.

**Summary:** Provides that a political subdivision may not adopt a regulation after February 28, 2013 and before July 1, 2014 relating to landlord and tenant relations, rental agreements, or real property subject to a rental agreement that: (1) requires an owner or landlord to be licensed or to obtain a permit from the political subdivision to lease a rental unit; (2) requires an owner or landlord to enroll or participate in a class or government program as a condition for leasing a rental unit; or (3) imposes or increases a fee or other assessment for inspection of a rental unit, registration of an owner, landlord, or rental unit, or for any other purpose relating to landlord and tenant relations, rental agreements, or real property subject to a rental agreement.

**Position Reason:** Small business owners should not be faced with a redundant licensing or regulatory system such as some local communities have attempted to force onto landlords and builders. Once again, this legislation strengthens the free market and reduces burdensome government regulations and red tape.

**Status:** This bill became law.
