SB 28	Sen Jenkins' bill requires retail water providers to establish a rate structure with increasing prices for greater consumption of culinary water. Passed both houses.									
SB 80 S2	Sen Adams' bill urges a sleepwalking Utah onwards towards a great ecological catas-									

	<p>trophe--a Lake Powell Pipeline and a Bear River Pipeline. SB 80 diverts money from transportation funding to the slush fund for dams & diversions. Passed both houses.</p>	
SB 110 S3	<p>Sen Hinkins' bill introduces new barriers to public participation and appeals of pollution from public sewage treatment facilities. Passed both houses.</p>	
SB 246 S2	<p>Sen Adams' bill sets up a shell game involving public impact funds intended to help communities mitigate the impact of mining on their communities. Rather than apply these according to the letter of the law, SB 246 would transfer \$53 million for construction of a coal-export terminal in Oakland CA. Passed both houses.</p>	
HB 130	<p>Rep Arent's bill allows a variety of government entities to issue bonds to finance building charging infrastructure for electric vehicles. Passed both houses.</p>	
HB 250	<p>Rep Redd's bill requires the Air Quality Board (AQB) to produce new cleaner standards for natural-gas fired water heaters and prohibits the sale or installation of a water heater not meeting the new standards. Passed both houses.</p>	
HB 276 S1	<p>Rep Noel's bill creates a Division of Land Management under the wing of the Department of Natural Resources that will administer the public lands Noel and other extremists are trying to seize from all Americans. Passed both houses.</p>
