DEPARTMENT OF HEALTH AND HUMAN SERVICES

Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Proposed Collection; Comment Request

In compliance with Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 concerning opportunity for public comment on proposed collections of information, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish periodic summaries of proposed projects. To request more information on the proposed project or to obtain a copy of the information collection plans, call the SAMHSA Reports Clearance Officer on (240) 276-1243.

Comments are invited on: (a) Whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project: State Opioid Response (SOR) and Tribal Opioid Response (TOR) Program Data Collection and Performance Measurement—NEW

The Substance Abuse and Mental Health Services Administration's (SAMHSA) Center for Substance Abuse Treatment (CSAT) is requesting approval from the Office of Management and Budget (OMB) for data collection activities associated with the State Opioid Response (SOR) and Tribal Opioid Response (TOR) discretionary grant programs. Approval of this information collection will allow SAMHSA to continue to meet the Government Performance and Results Modernization Act of 2010 (GPRMA) reporting requirements that quantify the effects and accomplishments of its discretionary grant programs which are consistent with OMB guidance. Information collected through this request will be used to monitor performance throughout the grant period.

There will be up to 359 award recipients (states, territories, and tribal entities) in these grant programs. Grantee-level data will include information related to naloxone purchases and distribution. This grantee-level information will be collected quarterly.

All funded states/territories and tribal entities will also be required to collect and report client-level data on individuals who are receiving opioid treatment services to ensure program goals and objectives are being met. Client-level data will include information such as: Demographic information, services planned/received, mental health/substance use disorder diagnoses, medical status, employment status, substance use, legal status, and psychiatric status/symptoms. Client-level data will be collected at intake/baseline, three months post intake, six months post intake, and at discharge.

CSAT anticipates that the time required to collect and report the grantee-level data is approximately 10 minutes per response, and the time required to collect and report the client-level data is approximately 47 minutes per response. CSAT's estimate of the burden associated with the client-level instrument includes an adjustment for data elements that are currently being collected by entities that are likely to be funded by the SOR/TOR grant programs.

TABLE 1—ESTIMATE OF ANNUALIZED HOUR BURDEN FOR SOR/TOR GRANTEES

SAMHSA data Collection	Number of respondents	Responses per respondent	Total number of responses	Burden hours per response	Total burden Hours
Grantee-Level Instrument	359	4	1,436	.17	244
Client Level Instrument: Baseline Interview	165,000	1	165,000	.78	128,700
Client-Level Instrument: Follow-up Interview ¹	132,000	2	264,000	.78	205,920
Client-Level Instrument: Discharge Interview ²	85,800	1	85,800	.78	66,924
CSAT Total	165,359	516,236	401,788

Notes:

¹ It is estimated that 80% of baseline clients will complete the three month and six month follow-up interviews.

² It is estimated that 52% of baseline clients will complete this interview.

Send comments to Summer King, SAMHSA Reports Clearance Officer, 5600 Fishers Lane, Room 15E57-B, Rockville, Maryland 20857, OR email a copy to summer.king@samhsa.hhs.gov. Written comments should be received by December 3, 2018.

Summer King,
Statistician.

DEPARTMENT OF THE INTERIOR**Bureau of Land Management**

[18X.LLAK941000 L14100000.ET0000; AA-61299, F-16304, AA-64307, F-85667, AA-61301]

Public Land Order No. 7874; Partial Revocation of Public Land Orders No. 5179, 5180, 5181, 5184, and 5188, Alaska

AGENCY: Bureau of Land Management, Interior.

ACTION: Public Land Order.

SUMMARY: This Order partially revokes five Public Land Orders (PLO) insofar as they affect approximately 229,715 acres of public lands. The lands were reserved for study and classification as appropriate by the Department of the Interior (DOI). The purposes for which these lands were withdrawn no longer exist as described in the analysis and decisions made through the Bay Resource Management Plan (RMP) and associated Environmental Impact Statement. Of the lands described within the Orders being revoked, approximately 83.30 acres have been conveyed out of Federal ownership and the revocation of the Order on these lands is a record-clearing action only.

DATES: This Public Land Order takes effect on October 4, 2018.

FOR FURTHER INFORMATION CONTACT: David V. Mushovic, Bureau of Land Management (BLM) Alaska State Office,

222 West Seventh Avenue, Mailstop #13, Anchorage, AK 99513-7504, 907-271-4682, or dmushovi@blm.gov. People who use a telecommunications device for the deaf (TDD) may call the Federal Relay Service (FRS) at 1-800-877-8339 to contact the above individual during normal business hours. The FRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: This Order follows the recommendations made in the BLM's 2008 Bay RMP which serves as the detailed statement required under the National Environmental Policy Act, Section 102(2)(C). PLO No. 5179 withdrew lands in aid of legislation concerning addition to or creation of units of the National Park, National Forest, Wildlife Refuge, and Wild and Scenic Rivers systems, and to allow for classification of the lands. Any additions to or creation of new units of National Parks, National Forests, Wildlife Refuges, or Wild and Scenic Rivers from the land withdrawn by Public Land Order No. 5179 were met by the Alaska National Interest Lands Conservation Act (ANILCA). The classification of the lands withdrawn by PLO No. 5179 has been satisfied by the analysis conducted during the development of the BLM's 2008 Bay RMP. PLO No. 5180 withdrew lands to allow for classification and for the protection of the public interest in these lands. The classification and protection of the public interest in the lands withdrawn by PLO No. 5180 has been satisfied by the analysis conducted during the development of the BLM's 2008 Bay RMP. PLO No. 5181 withdrew lands to allow for classification and study as possible additions to the National Wildlife Refuge System. The purposes of PLO No. 5181 were satisfied by both the ANILCA and the analysis conducted during the development of the BLM's 2008 Bay RMP. PLO No. 5184 withdrew lands to allow for

classification or reclassification of some of areas withdrawn by Section 11 of the Alaska Native Claims Settlement Act (ANCSA). These purposes were satisfied by the analysis conducted during the development of the BLM's 2008 Bay RMP. PLO No. 5188 withdrew lands to allow for classification and protection of the public interest in the lands in former reservations for use and benefit of Alaska Natives. These purposes were satisfied by the analysis conducted during the development of the BLM's 2008 Bay RMP. In addition, PLO No. 5418, effective March 1974, amends PLO No. 5180 to add all unreserved public lands in Alaska, or those which may become unreserved unless specified by order at that time. Upon revocation, the lands in this Order will not be subject to the terms and conditions of PLO No. 5418, which amended PLO No. 5180, but will continue to be subject to the terms and conditions of any other withdrawal, segregation of record, and other applicable law. Some lands covered by the revocation of the above listed withdrawals have been top filed by the State of Alaska per the Alaska Statehood Act. Upon revocation of the above listed withdrawals, the top filings will convert to selections. Lands validly selected or conveyed to the State of Alaska are not subject to Sec. 810 of the ANILCA as they no longer fit the definition of public lands. The Sec. 810 analysis for the approved Bay RMP found no significant restriction on subsistence uses.

Order

By virtue of the authority vested in the Secretary of the Interior by Section 204 of the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1714, and Section 22(h)(4) of the Alaska Native Claims Settlement Act of 1971, 43 U.S.C. 1621(h)(4), it is ordered as follows:

1. Subject to valid existing rights, Public Land Orders Nos. 5179 (37 FR 5579 (1972)); 5180 (37 FR 5583 (1972));
