

2017-2018

LEGISLATIVE SCORECARD

DEAR PENNSYLVANIA CITIZEN,

I am excited to share with you the second consecutive legislative scorecard assembled by Americans for Prosperity - Pennsylvania. With this scorecard, we want to empower you with the tools and knowledge to hold your lawmakers accountable on how they vote in Harrisburg.

Our goal is to advance policies that break barriers that stand in the way of people realizing their potential. This scorecard reflects that. We've examined legislation spanning many issues that impact people's lives, including the state budget, regulatory reform, and criminal justice reform.

During this session, we continued to remind legislators about the barriers that higher taxes and bigger government

erect in people's lives. You make the best decisions about your finances and your life, not the government. As government grows, your ability to make decisions and control your destiny diminishes. The Fiscal Year 2017-18 budget included \$1.5 billion in borrowing and an expansion in corporate welfare spending. The Fiscal Year 2018-19 budget included a small surplus because of that borrowing the year before, as well as the positive impact of the Tax Cut and Jobs Act that Congress passed, and the President signed in to law, in December 2017. Our work for responsible budgeting in Harrisburg continues.

We also fought to eliminate regulations that held some nurses back from practicing and providing quality health care in the Commonwealth and fought against legislation that would have made it harder for plumbers to get to work. We helped advance regulatory reform measures that passed both chambers yet failed to get across the finish line. These bills would have broken barriers that businesses face every day in expanding in their industry.

Every bill we supported or opposed came down to this simple theme within our vision: We break barriers that stand in the way of people realizing their own potential. Sometimes that barrier is something their very government has erected.

In this scorecard, you'll find we hold legislators accountable for missing votes. We also hold them accountable

to procedural votes because we believe that good policy should be advanced and bad policy should be stopped at every opportunity. Additionally, we reward legislators who had the courage to sponsor great reforms with a credit toward their score, and deduct points when lawmakers sponsored legislation that would further erect barriers on the people of Pennsylvania.

This session, we've had both successes and defeats, but through it all you continue to make a difference. Please use this scorecard to continue to hold your legislators accountable on the issues that are vital to our future of economic growth. This score is public. They are aware of their score, and now so are you. Frederick Douglass once said, "I would unite with anybody to do right and with nobody to do wrong." Join us as we continue to work with any legislator to do right and with no legislator to do wrong. Use this scorecard as a tool in the upcoming legislative session to determine which lawmakers support the policies that will help grow our economy and break down barriers. Then come along side us to unite with anybody to accomplish these goals. We cannot do it without you.

Sincerely,

Anna McCauslin

Anna McCauslin
