

Montana Contractors' Association

LEGISLATIVE SCORECARD

2017 Montana Legislative Session

MONTANA CONTRACTORS ASSN.
Quality People. Quality Projects.

FROM THE EXECUTIVE DIRECTOR

The Montana Contractors' Association (MCA) has long understood the critical importance of decisions made at the legislative level to the work our members perform

every day, building Montana.

As a result, the MCA works tirelessly throughout the legislative session and beyond to ensure our members' needs are fully represented in the halls of the Montana Capitol.

The association produces this scorecard following each legislative session to highlight the issues that were most important to the construction industry, and advise our members regarding how their elected officials represented their interests through votes on key legislation.

We hope this scorecard for the 2017 Montana Legislative Session proves informative, and encourages our members to engage in elections and in the legislative process. In addition, we would like to extend our heartfelt thanks to those legislators who advanced key legislation that improved Montana's infrastructure and business climate.

CARY HEGREBERG

Executive Director, MCA

HOW DID WE SCORE OUR LEGISLATORS

FLOOR VOTES:

Points are awarded to legislators for final floor votes that supported MCA's position. Points are listed in each bill column header, and are based on the level of importance each bill had to the MCA's efforts in the legislature. Five is the greatest number of points allotted to any bill. No points are awarded or deducted for votes against MCA's position. Votes for which a legislator is excused or absent are not factored into the final score, so they do affect the legislator's final score.

BILL SPONSOR POINTS:

Five points are awarded to legislators who sponsor selected MCA-supported bills or pro-business bills.

SCORE FORMULA:

Final floor vote points earned
+ Sponsor points / Possible final floor vote points
= MCA score

In order to provide an accurate picture of legislators' performance in relation to the MCA's legislative focus, we provided each legislator's overall score for the 2017 legislative session along with their "lifetime average" going back four sessions.

KEY LEGISLATION FOR MCA

HB 8 (Keane, D-Butte) — Dedicated to renewable resource bonds and loans, this bill was extremely important to members of the MCA. We scored this bill at 5 possible points. Unfortunately, the bill died in the final hours of the session.

HB 473 (Garner, R-Kalispell) — This bill provided much-needed revisions to highway revenue laws, including a gas tax. We scored the bill at 5 possible points, and are pleased to note the bill passed, raising the gas tax to help pay for highways, roads, and bridges for the first time in 25 years.

HB 645 (Cuffe, R-Eureka) — This was one of two competing bills designed to approve bonding for infrastructure projects around the state, setting it at a score of 5 possible points from the MCA. The bill died in the final hours of the session.

SB 367 (Moore, R-Miles City) — This bill, with an MCA score of 5 possible points, was the other bill introduced for the purpose of approving bonding for infrastructure projects around the state, including \$30 million for the Quality Schools Facility Grant.
