

Coronavirus (Scotland) Bill

Amendment to be moved at Stage 2

Schedule 7, page 66, line 6 After <10> insert <working>

Effect

This amendment extends the period of effect of the advance notice under the Land Registration etc. (Scotland) Act 2012.

Reason

This amendment is intended to provide additional time for solicitors to prepare and submit applications for registration once the application record is reopened by the Keeper. It gives solicitors 2 working weeks time to do so rather than just over a working week.
