"SECTION 6. AMENDMENT. Subdivision b of subsection 15 of section 57-02-08 of the North Dakota Century Code is amended and reenacted as follows:

- b. It is the intent of the legislative assembly that this exemption as applied to a residence must be strictly construed and interpreted to exempt only a residence that is situated on a farm and which is occupied or used by a person who is a farmer and that the exemption may not be applied to property which is occupied or used by a person who is not a farmer. For purposes of this subdivision:
 - (1) "Farm" means a single tract or contiguous tracts of agricultural land containing a minimum of ten acres [4.05 hectares] and for which the farmer, actually farming the land or engaged in the raising of livestock or other similar operations normally associated with farming and ranching, has annual gross income from farming activities which is sixty-six percent or more of annual gross income, including gross income of a spouse if married, during any of the two preceding calendar years.
 - (2) "Farmer" means an individual who normally devotes the major portion of time to the activities of producing products of the soil, with the exception of marijuana grown under chapter 19-24.1; poultry; livestock; or dairy farming in such products' unmanufactured state and has received annual gross income

from farming activities which is sixty-six percent or more of annual gross income, including gross income of a spouse if married, during any of the two preceding calendar years. For purposes of this paragraph, "farmer" includes a:

- (a) "Beginning farmer", which means an individual who has begun occupancy and operation of a farm within the two preceding calendar years; who normally devotes the major portion of time to the activities of producing products of the soil, poultry, livestock, or dairy farming in such products' unmanufactured state; and who does not have a history of farm income from farm operation for each of the two preceding calendar years.
 - (b) "Retired farmer", which means an individual who is retired because of illness or age and who at the time of retirement owned and occupied as a farmer the residence in which the person lives and for which the exemption is claimed.
 - (c) "Surviving spouse of a farmer", which means the surviving spouse of an individual who is deceased, who at the time of death owned and occupied as a farmer the residence in which the surviving spouse lives and for which the exemption is claimed. The exemption under this subparagraph expires at the end of the fifth taxable year after the taxable year of death of an individual who at the time of death was an active farmer. The exemption under this subparagraph applies for as long as the residence is continuously occupied by the surviving spouse of an individual who at the time of death was a retired farmer.
- (3) "Gross income" means gross income as defined under the federal Internal Revenue Code and does not include a gain from the sale or exchange of farm machinery as computed for federal income tax purposes. For purposes of this paragraph, "farm machinery" means all vehicular implements and attachment units designed and sold for direct use in planting, cultivating, or harvesting farm products or used in connection with the production of agricultural produce or products, livestock, or poultry on farms which are operated, drawn, or propelled by motor or animal power. "Farm machinery" does not include vehicular implements operated wholly by hand or a motor vehicle that is required to be registered under chapter 57-40.3.
- (4) "Gross income from farming activities" means gross income from farming as defined for purposes of determining if an individual is a farmer eligible to use the special estimated income tax payment rules for farmers under section 6654 of the federal Internal Revenue Code [26 U.S.C. 6654].

It is the intent of the sixty-seventh legislative assembly to oppose the national popular vote interstate compact, which would circumvent the electoral process set forth in the United States Constitution. If the compact becomes effective, the compact will require each signatory state to award the state's electoral college votes to the presidential candidate who received the most popular votes in all fifty states and the District of Columbia. Fifteen states and the District of Columbia have adopted the compact. However, the current system for awarding electoral college votes to the winners of state elections fulfills the requirements for appointing electoral college electors under Article II of the United States Constitution and ensures states have proportionate representation in presidential elections. The sixty-seventh legislative assembly urges Congress not to consent to the interstate compact and to oppose any efforts to seek a national popular election of a president other than through an amendment to the Constitution.
