

**INSTRUCTIONS FOR PREPARING AND SUBMITTING
THE SERVICE PERSONNEL EMPLOYMENT REPORTS
FOR THE 2013-14 YEAR**

1. Every county board of education is required to submit annually an employment report which lists every regular full-time employee, including those employed by the regional education service agencies (RESAs) and multi-county vocational centers (MCVCs). The data is used to calculate each county board's allowance under the Public School Support Program. According to WVC §18-9A-12, the data for the 2013-14 year is used in the computations for the 2014-15 year.
2. **Number of reports:** Two electronic reports of employment are to be submitted, a preliminary report of all personnel employed as of **September 1, 2013** (first school month) and a final (certified) report of all personnel employed as of **October 1, 2013** (second school month).
3. **Data file:** One data file is to be submitted for each submission, which is to include the information for all personnel, both professional and service. Separate instructions for professional and service personnel are provided simply as a convenience for those county boards that utilize different personnel for maintenance of the county's personnel records.
4. **Submission:** The data files are to be submitted to the WVDE electronically using the West Virginia Education Information System (WVEIS). Printed copies of the reports are not to be submitted.
5. **Due dates:** The data file for the first month (preliminary) report is to be as of September 1, 2013. In order to allow counties submission time, the report should be submitted as soon as possible after this date, but no later than **September 5, 2013**. The data file for the second month (final) report is to be as of October 1, 2013. The final submission should be as soon as possible after this date, but no later than **October 7, 2013**. It is essential that all reports be submitted in a timely manner.
6. **Personnel to be reported:** Report the employee's name that is filling every **REGULAR, FULL-TIME** 200-day position that a county board has created as of the September 1, 2013 or October 1, 2013, as applicable. The certified list data file is used for many purposes other than to determine state aid funding, so all regular full-time positions **MUST** be listed; do not intentionally omit listing personnel simply because the number employed exceed the number eligible for funding. Do not list, however, temporary, part-time employees who are not employed for the minimum 200-day employment term.

For the positions that are filled by a "regular full-time employee", report the name of the regular employee who is employed to fill the position, even if that employee is absent from work for an extended period of time, such as a medical leave of absence, a sabbatical, or because of an injury resulting in a workers' compensation claim. The term "regular full-time employee" is defined in WVC §18-1-1(i) as "any person employed by a county board of education who has a regular position or job throughout his employment term, without regard to hours or method of pay".

For the positions that are vacant as of September 1, 2013 or October 1, 2013, report the name of the substitute who is filling the position. If a position is truly vacant as of that day and no one is employed in the position, either as a regular employee or substitute employee, do not list the position in the personnel list. Blank positions without a name listed are not eligible for state aid funding and cannot be included in the personnel data files.

According to WVC §18A-4-8h, service personnel may not be employed in more than one regular full-time position or more than two regular half-time positions. This has been interpreted by the WVDE to include more than one school district.

Consequently, service personnel cannot be listed as being a regular full-time employee in more than one school district; they may, however, be listed as being a half-time employee in two districts, but the total regular FTE for the employee cannot exceed 1.00.

For regular full-time employees recently hired from another district within the State, the employee is to be listed by the school district where the employee was actually employed as of September 1, 2013 or October 1, 2013. In the rare instances where an individual may have been actually employed by both school districts as of these dates, the individual is to be reported by the gaining district.

7. **First month (preliminary report):** Provide all of the required information discussed below for every employee listed on the first month report.
8. **Edit of preliminary report:** County boards may edit the files and resubmit the data to the WVDE as often as necessary to correct any errors noted until the due date discussed above by using the edit programs on the Department's website at <http://wveis.k12.wv.us>. On the due date, the WVDE will process, review, and edit the preliminary data files that are submitted and contact the county boards concerning all errors noted.
9. **Second month (final) report:** County boards are to update the files submitted for the first month to reflect employment information as of October 1, 2013 for the second school month and resubmit the file electronically in the same manner as the preliminary reports were submitted. Submit the final file after all errors/discrepancies have been corrected on the file or explained to WVDE. Again, county boards may edit and resubmit the data files as often as necessary by submitting as "preliminary" until the due date when the submission must be made as "final". After the final file has been submitted, WVDE must unlock the file to allow resubmission.
10. **Edit of final report:** The information will again be processed, reviewed, and edited and each county board will be notified if any errors are noted. The final submission will be "locked" so that it cannot be changed without permission of the WVDE Office of School Finance. A final report will be printed and mailed to each county board for certification by the superintendent, RESA or MCVV director. Edits can also be run against the final version of the certified list from the WVEIS website.
11. **Changes for the 2013-14 Year:** The following changes have been made to the service personnel certified list instructions for the 2013-14 year:

The following changes have been made to the service personnel list instructions for the year:

 - (a) The following new position codes have been added for the 2013-14 year. Descriptions of these position codes can be found in the Position Code list beginning on page 11:
 - 516 – Educational Sign Language Interpreter I
 - 517 – Educational Sign Language Interpreter II
 - 518 – Sign Support Specialist
 - (b) Position code 527 is now only for Braille Specialists since Sign Support Specialists were given their own position code. List all personnel employed to provide braille assistance to students under this position code.
 - (c) Employees who are paid with one year "seed" money provided for one year to get a specific program started, such as State Special Education funds, should be reported as Funding Source 2 for state grants. In prior years, these employees were reported as funding source 1.
12. **Common errors to avoid:**
 - (a) **Position Code** – Report all employees under the appropriate position code for the position in which they are employed. For personnel who are employed in positions that have multiple levels, such as aides, secretaries, electricians, electronic technicians, plumbers, etc. where the levels are determined by training or experience requirements, be certain that the appropriate personnel action has been taken before reporting the personnel in the higher positions for which they qualify.

Note that the position of paraprofessional is not considered a multiple level position, so do not automatically report an aide under this position simply because the employee meets the training or certification requirements of the position. The employee must be actually employed as a paraprofessional and be required to perform the duties of the position.

(b) **Pay Grade** – Report each employee at the pay grade they are entitled to under state aid funding even if the county pays above scale. Report RESA employees at the pay grade they are entitled to under state aid funding even if the RESA pays above scale.

(c) **Funding Source Code 1** - Report the funding source code of all personnel who meet the following criteria as Funding Source 1 - State Aid Eligible: the personnel are employed in positions that are state aid eligible, as identified in the attached position code list; they hold a valid certificate for the position for which they are employed, and; **their salary is NOT paid directly from a federal or state grant received for the purpose of employing personnel. Therefore, report all personnel who are employed with Step 7 funds, child nutrition program funds, and Medicaid reimbursements as Funding Source 1.**

(d) Annual Contracted Salary – Report the total contracted salary of each employee’s REGULAR POSITION. Do not include “extra pay for extra duties”, or overtime pay.

13. **Required Information:** Provide the following information for all regular, full-time service personnel, using the appropriate WVEIS codes.

a. **NAME** - Report the name of every employee employed in a regular 200-day position maintained by the county board as of September 1, 2013 and October 1, 2013, or if the position is vacant as of these dates, enter the name of the substitute employee who is working in the position. Do not list temporary, part-time employees who are not employed for the minimum 200-day employment term. Report the employee’s last name, first name and middle initial.

Note: According to WVC §18A-4-8h, service personnel may not be employed in more than one regular full-time position or more than two regular half-time positions. This has been interpreted by the WVDE to include more than one school district.

b. **PERSONNEL NUMBER** – Enter each employee's social security number in the appropriated field.

c. **LOCATION CODE** - Report the location code where each employee is assigned. Location codes must be valid codes as assigned or approved by WVDE. For itinerant employees, such as an aide or secretary assigned to work at two or more schools, list each location that an employee is assigned on an FTE basis. Location codes come from the position inventory in HMS or location code on the employee basic record in EMS.

d. **SHIFT DIFFERENTIAL (NITE) PAY (ZNITE)** - For those service personnel who have a daily shift of work where any part is performed between the hours of 6:00 pm and 5:00 am the following day, report this fact either through a “Z” addenda pay code (ZNITE) or by manually entering a “Y” in the appropriate field on the Certified List of Personnel maintenance screen.

e. **GENDER** - Indicate each employee's gender using the following codes: (Gender is found on the employee basic record in EMS)

<u>Code</u>	<u>Description</u>
M	Male
F	Female

- f. **POS (Position) CODE** – Enter the appropriate code for the position in which each employee is employed. Refer to the listing of position codes for the codes. All employees must be reported under a valid position code (Position codes come from the position inventory in HMS).
- g. **EDUCATION LEVEL (EDL)** - List the employee's education level in the degree classification field, using one of the following codes (The system will look at the degree code in the employee education record or the addenda record):

<u>Code</u>	<u>Description</u>	<u>Z-addenda</u>
NHS	No high school diploma	
HS	High school diploma or its equivalent	
AS	Associate degree	ZAS
BA	Bachelor's degree	ZBA
BAA	Bachelor's with associate degree	ZBAA
MA	Master's degree	ZMA
MAA	Master's with associate degree	ZMAA
DR	Doctorate degree	ZDR
DRA	Doctorate with associate degree	ZDRA

Service personnel who have attained an associate, bachelor's, master's or doctorate degree will receive an additional \$40 bonus for each degree level attained.

NOTE: Comparable training in a trade or vocational school is NOT to be reflected in this field. Report only the education level attained such as high school level, undergraduate college level (BA), etc. Any degrees must be from an accredited institution.

- h. **SALARY CLASSIFICATION** - List in the salary classification field the appropriate pay grade for the position to which the individual is assigned using a letter between A-H. The pay grade is pulled from the employee assignment record. For those service personnel who are to be paid one pay grade higher for performing particular duties, such as being a supervisory aide or providing specialized health care procedures, list the pay grade that the individual is to be paid, and report the appropriate pay grade the individual is to be paid by either entering a "Z" addenda code or a "Y" in the appropriate field, as discussed in the following paragraphs.
- i. **EDUCATIONAL BONUS (EBN)/ EXTRA PAY (Z12HR)** - For those service personnel who have completed 12, 24, 36, 48, 60, 72, 84, 96, 108 or 120 hours of college credit or comparable training in a trade or vocational school or those who have attained an associate, a bachelor's, a bachelor's plus fifteen, a master's, a master's plus fifteen, a master's plus thirty, a master's plus forty-five, a master's plus sixty, or a doctorate degree, report this fact either through a "Z" addenda, or by manually entering one of the following codes on the Certified List of Personnel maintenance screen:

<u>College Hours or Comparable Training</u>	<u>Z-addenda Code</u>	<u>WVEIS Code</u>
12	12	01
24	24	02
36	36	03
48	48	04
60	60	05
72	72	06
84	84	07
96	96	08
108	108	09
120	120	10
BA + 15	BA15	B1
MA + 15	MA15	M1
MA + 30	MA30	M2
MA + 45	MA45	M3
MA + 60	MA60	M4

- j. **SUPERVISORY DUTIES (SUPD)** - Aides, paraprofessionals, autism mentors, braille specialists, sign support specialists and educational sign language interpreters who have been assigned supervisory duties in accordance with provisions of WVC §18A-4-8a(10) and §18A-5-8 are entitled to receive one pay grade higher than the pay grade to which they are otherwise entitled. This includes LPNs if they employed as multi-classified in one of these eligible positions. LPNs who are not multi-classified in one of the eligible positions are not eligible for the bonus for performing supervisory duties.

Report the appropriate pay grade for these employees by either entering the “Z” addenda “ZSUPAD” or by manually entering a “Y” in the appropriate field on the Certified List of Personnel maintenance screen. The employee must be full-time in one of these positions or full-time in a combination of these positions to be eligible for the additional pay.

- k. **SPECIALIZED HEALTH CARE PROCEDURES TRAINING (STH)** - For the service personnel who: (1) are employed as an aide or secretary; (2) have received specialized health procedures training as defined in WVC § 18-5-22, and; (3) are rendering these services to students, indicate this fact either through a “Z” addenda pay code (ZSTH) or by manually entering a “Y” in the appropriate field on the Certified List of Personnel maintenance screen.

Notes: (1) The term “aide” for this purpose includes the positions of paraprofessionals, autism mentors, and braille specialists, sign support specialists, and educational sign language interpreters.

(2) Personnel employed as LPNs are not eligible for the specialized health care procedures bonus, even if they are multi-classified with an eligible position, since these employees are employed for the specified purpose of providing these services and are not being assigned these duties as an additional responsibility.

(3) All three requirements must be met for an employee to be eligible for the additional pay for providing specialized health care procedures.

(4) Based on a state superintendent’s interpretation issued March 29, 2004, all service personnel who are employed either full-time or part-time in any of the eligible positions, or who may be multi-classified with a position that is not considered eligible (other than LPN), and meet the other requirements are eligible for the additional pay.

Specialized health care procedures are described in Section II of the manual entitled *Specialized Health Care Procedure Manual for West Virginia Public Schools*. These procedures include: treatments for anaphylactic reactions; catheterization; Crede's procedure; enteral feeding; glucagon; inhalation therapy by machine; long-term medication administration; manual resuscitation; measurement of blood sugar; metered dose inhaler (MDI) therapy; oral/nasal suctioning; ostomy care; oxygen administration; peak flow meter; postural drainage and percussion; and tracheostomy care.

Long-term medication administration is defined as the administration of a prescription drug that was prescribed by a physician for a child who has a chronic condition that necessitates the medicine be available for an extended period of time.

- I. **YEARS EXPER (Experience)** - Report the number of years each employee has been employed as a regular employee in any position by a county board of education in the State of West Virginia, as defined in WVC §18A-4-8. An employee must have worked a minimum of 133 days during the year to be entitled to a year's experience. Work as a contractor does not constitute years of experience for this purpose.

According to WVC §18A-4-8, "years of employment" for employees classified as service personnel means the number of years which the employee has been employed by a county board of education in any position, including service in the armed forces of the United States if the employee was employed at the time of induction. For the purpose of section eight-a [§18A-4-8a] of this article, years of employment shall be limited to the number of years shown and allowed under the state minimum pay scale as set forth in section eight-a [§18A-4-8a] of this article.

NOTE: Review carefully the number of years of experience reported for service personnel who may have been granted additional years of experience for pay purposes. Report only those years of experience employed in any position by a county board of education in the State of West Virginia, as defined in WVC §18A-4-8. WVDE has interpreted years of RESA service to meet the definition.

NOTE: The WVEIS uses the salary records as the source for reporting the number of years of experience. The years of experience is pulled from the step field on the employee assignment record. Manually edit the records of any employee who has been granted additional years of experience for pay purposes.

- m. **DAYS EMPLOYED** - Report the employee's number of contractual days (not months) employed. The minimum number of days that is to be reported is 200 and the maximum number is 261.

For those employees who are employed after the normal employment term begins, enter the number of days that the employee would have been entitled to, had that employee started on the first day of the employment term.

NOTE: The WVEIS uses the assignment record as the source for the number of days employed and automatically adjusts the number to a minimum of 200. For those employed after the normal start of the employment term for a contractual term in excess of 200 days, be certain to make the adjustment manually.

ANNUAL SALARY - Report the total annual contracted salary amount that is paid or stipulated to be paid to each individual for their regular duties for the year, before deductions for employee benefits. Do not include extra-curricular contracts for performing additional

duties or over-time pay. The amount that should be reported is the total contracted salary that is to be paid to each individual for his/her regular contract for the year even if they begin employment after the start of the year.

Note: The contracted salary is used to calculate each county's average salary so it is important that the correct contracted salary for the year be reported. For each full-time employee who is listed on a FTE basis, report the portion of the individual's total contracted salary that pertains to the line entry. The program will calculate the total salary (contract plus addendas) and multiply by the FTE for each location or position.

For each full-time employee who is listed on a "MU" or "EX" basis, report the portion of the individual's total contracted salary that pertains to the line entry. The annual contracted salary is used to calculate each county's average contracted salary.

- n. **RET SYS (Retirement System Membership)** - Report each employee's retirement system membership:

<u>Code</u>	<u>Description</u>
0	Not a member of any retirement system
1	A member of the Defined Benefit Retirement System – RET I
2	A member of the Defined Contribution Retirement System – RET II
4	A member of the Defined Benefit Retirement System who was employed on or after July 1, 2005, or a member of the Defined Contribution System who elected to transfer to the Defined Benefit System in 2008 – RET IV

- o. **PEIA PREMIUM** - Report the employer's PEIA annual premium cost for health and basic life insurance for each employee. For substitute employees who do not have PEIA insurance coverage, report the PEIA amount shown in the following chart for substitutes. This is to ensure that the funds appropriated for PEIA are allocated accurately to each school district and MCVC, since the final allocations for the year are based on the amounts reported in this field and, most likely, vacant positions will be filled with a regular employee during the year.

Do not include the administrative fee in the total. The allowance for the administrative fee is computed separately. This amount is calculated based on the deduction on the employee assignment record and the premium on the deduction record.

The PEIA employer's premium amounts for the 2013-14 year are as follows, therefore, the annual amounts reported for regular full-time employees should be one of the following amounts:

For the following plans: The Health Plan A, The Health Plan B, PEIA PPB Plan A

Family with Emp. Spouse	\$ 552.00	\$ 176.00	\$ 1.00	\$ 729.00	\$ 8,748.00
Basic Life Only	\$ 0.00	\$ 0.00	\$ 1.00	\$ 1.00	\$ 12.00
Average to be used for substitutes					\$ 6,173.33

Note: For personnel who are listed multiple times on the personnel list, for convenience, report the full amount of the PEIA premium for each listing. DO NOT prorate the PEIA premium amount among the various listings, as is required for the contracted salaries.

The program that produces the PEIA summary report will eliminate duplicate entries to arrive at the total PEIA premium paid for each individual.

p. **ACCOUNT CODE** - Report the full dimension account code from which each employee's annual contracted salary is paid, including the fund and program/function codes. The account code comes from the position inventory in HMS first or the employee assignment record.

q. **FUNDG (Funding Source) CODE** - Report the funding source code from which each employee's salary is paid, using the following codes:

Funding Source Code	Source	Description
1	State Aid	Salary funded through state aid to schools
2	State Grants	Salary funded through special state grants other than basic state aid

<u>Funding Source Code</u>	<u>Source</u>	<u>Description</u>
3	Federal Grants	Salary funded through federal grants
4	County	Salary funded by county board
6	RESA	Salary funded through basic state aid for RESAs
7	Donations	Salary funded through donations from businesses or non-profit agencies
8	Other Sources	Salary funded through reimbursements from other agencies or other sources not listed

NOTES: For individuals employed with Step 7, child nutrition, or Medicaid reimbursement funds, report the Funding Source Code as "1", state aid to schools.

For RESA employees, use Funding Source Code 6 only for the employee whose salary is funded from the basic state aid for RESAs. Those whose salaries are funded from other sources, use the appropriate funding source, such as 2 for state grants (other than state aid to schools) or 3 for federal grants.

**SERVICE PERSONNEL
POSITION CODES
For the 2013-14 YEAR**

- 501** **Aide I (A)** - Personnel selected and trained for teacher-aide classifications such as monitor aide, clerical aide, classroom aide or general aide.
