

K-12/STEM LEADERSHIP AWARD

The award is earned if each of the Chapter’s Officers and its K-12/STEM Coordinator or Student Activities Chair participate in at least one qualifying K-12/STEM activity. Examples of qualifying activities include:

- Students in Industry Day
- Take a Child to Work Day
- Science Fair Judging
- DiscoverE activities
- Classroom visits
- Tours of facilities
- And much more...

The deadline for submitting this form is June 30.

First time award recipients will receive a patch with the ASHRAE logo and a pin with the year the award was earned. For subsequent awards a pin with the year on it will be given and that pin can be attached to the patch. Chapters are also recognized in an Insights article.

Participating in a K-12/STEM Activity

- SA Chair should make the first K-12/STEM school visit to encourage others to participate
- Reach out to chapter officers for a commitment to schedule a local K-12 activity
- Have all members who have previously participated in a K-12 activity host a talk or workshop about the success of such
- If you need help, visit www.ashrae.org/ashraek12 for resources like:
 - Sample letters to local schools
 - Activities
 - Handouts
 - Videos
 - Contact Headquarters for help
