

Errata to
District Cooling Guide, Second Edition
(2019)
February 23, 2022

Page 7.9:

In the second paragraph, the sentence “Chillers, CTs, CHW pumps, condensate water pumps, makeup water pumps and makeup tanks should be automated to the point that the operator simply has to select the item desired to start, stop, and operate, after which the ICMS provides the necessary logic, safeguards, and permissions” should read “**Chillers, CTs, CHW pumps, condenser water pumps, makeup water pumps, and makeup tanks, and other auxiliaries** should be automated to the point that the operator simply has to select the item desired to start, stop, and operate, after which the ICMS provides the necessary logic, safeguards, and permissions.”
