Page 44: In Chapter 3, Equation 3.2 currently reads

$$\text{FOM}_{t,v} \propto \frac{\rho^{0.05} C_p^{1.33} k^{0.67}}{\mu^{0.72}} \text{ for turbulent flow}$$

It should read:

$$\text{FOM}_{t,v} \propto \frac{\rho^{0.05} C_p^{1.33} k^{0.67}}{\mu} \text{ for turbulent flow}$$
