

**Errata to**  
**“Using Measured Data to More Accurately Evaluate Freeze-Thaw Risk**  
**When Insulating Solid Masonry Walls,” Paper 62 of the**  
**2014 ASHRAE/IBPSA-USA Building Simulation Conference**

**September 9, 2015**

---

---

**Page 490:** In the second paragraph under Figure 1, at the end of the first sentence, add **(Straube et al. 2010)**.

**Page 496:** After the Nmai (2006) reference, add the following reference:

**Straube, J., Mensinga, P., Schumacher, C. 2010. “Assessing the Freeze-Thaw Resistance of Clay Brick for Interior Insulating Retrofit Project.” Paper published in the proceedings of the Thermal Performance of Exterior Envelopes of Whole Buildings XI International Conference held in Clearwater, Florida.**
