BIENNIAL LEGISLATIVE SCORECARD

# KEY

## A HB 1076 Qui Tam

Would have opened the door to a flood of lawsuits against employers for even the smallest of labor, wage and safety violations. In cases where a state agency, like L&I, declined to prosecute an employer for alleged violations, the bill allowed private attorneys, or “relators” to file lawsuits against employers in the name of the state.

**BIAW Position:** No  
**Passed:** No

**2021 House Vote:**  
YES: 53 NO: 44 EXCUSED: 1

*Senate did not vote*

## B HB 1091 Low Carbon Fuel Standard

Designed to promote fuel alternatives and electric vehicles, added additional cost to gas and potentially limit carbon emissions. This policy will no doubt affect the state’s economy and add to the cost of doing business in our state.

**BIAW Position:** No  
**Passed:** Yes

**2021 House Vote:**  
YES: 54 NO: 43 EXCUSED: 1

**2021 Senate Vote:**  
YES: 26 NO: 23 EXCUSED: 0

## C HB 1099 Climate Change in GMA

Would have required certain GMA cities and counties to account for climate change in comprehensive planning –including a requirement to reduce greenhouse gas emissions and vehicle miles traveled, and reductions in rural residential development. A housing incentive element was added to the bill as a last-minute Hail Mary but was ultimately unsuccessful.

**BIAW Position:** No  
**Passed:** No

**2021 House Vote:**  
YES: 56 NO: 41 EXCUSED: 1

**2022 House Vote:**  
YES: 57 NO: 41 EXCUSED: 0

**2022 Senate Vote:**  
YES: 28 NO: 21 EXCUSED: 0

## D HB 1117 Salmon/Net Ecological Gain in GMA

Incorporated salmon recovery as a goal in GMA; and a net ecological gain standard to development regulations, which would have driven up costs for all homes connected to public infrastructure, like water, sewer and power by requiring broad and undefined mitigation.

**BIAW Position:** No  
**Passed:** No

**2021 House Vote:**  
YES: 58 NO: 38 EXCUSED: 2

**2022 House Vote:**  
YES: 57 NO: 40 EXCUSED: 1

*Senate did not vote*

## E HB 1162 Graduation Pathways

Expanded graduation pathways to include a performance-based pathway. This bill would have helped us develop a new pipeline for students interested in working in residential home building. It included language that required all students and parents to have comprehensive information regarding all the graduation pathways offered to high school students.

**BIAW Position:** Yes  
**Passed:** No

**2022 House Vote:**  
YES: 77 NO: 21 EXCUSED: 0

*Senate did not vote*

## F HB 1232 Housing Element Reform

Added some teeth to the weakest part of the GMA, the housing element, by opening up some zoning to allow for more types of development, especially for the missing middle (i.e. duplexes, townhouses, triplexes etc).

**BIAW Position:** Yes  
**Passed:** No

**2021 House Vote:**  
YES: 77 NO: 21 EXCUSED: 0

*Senate did not vote*

# KEY

## **G** HB 1770 Residential Energy Code

Would have changed the current state requirements for residential energy codes to be net-zero ready by 2034 and changed the goal from 70% reduction in 2030 to at least 70% by 2031. New requirements in this bill would have added over \$39,000 onto the price of a home.

**BIAW Position:** **No**      **2022 House Vote:**  
**Passed:** **No**      **YES: 51**      **NO: 47**      **EXCUSED: 0**

*Senate did not vote*

## **H** HB 1837 Ergonomics

Would have repealed Initiative 841 that voters passed in 2003, which barred L&I from imposing sweeping ergonomics rule limiting repetitive motions workers could make during a shift, among other requirements for businesses. This bill would have allowed L&I to initiate job killing rulemaking industry by industry.

**BIAW Position:** **No**      **2022 House Vote:**  
**Passed:** **No**      **YES: 50**      **NO: 48**      **EXCUSED: 0**

*Senate did not vote*

## **I** SB 5024 Six Unit Condo Reform

Streamlines who can do envelope inspections on small condo developments. These projects are built like traditional stick-frame single-family homes and should be a viable path for homeownership. This bill allows these types of condo projects to have a better opportunity to be built affordably and safely.

**BIAW Position:** **Yes**      **2021 House Vote:**  
**Passed:** **Yes**      **YES: 97**      **NO: 0**      **EXCUSED: 1**

**2021 Senate Vote:**  
**YES: 37**      **NO: 12**      **EXCUSED: 0**

## **J** SB 5042 GMA Vesting

Overturns the vesting doctrine essential for planning in the Growth Management Act. This bill erodes certainty for builders and puts land use planning decisions in the courts.

**BIAW Position:** **No**      **2022 House Vote:**  
**Passed:** **Yes**      **YES: 55**      **NO: 43**      **EXCUSED: 0**

**2022 Senate Vote:**  
**YES: 27**      **NO: 20**      **EXCUSED: 2**

## **K** SB 5096 Capital Gains Income Tax

Creates a new 7% income tax on capital gains from the sale of financial assets (capital gains) above \$250,000 per year. The bill included a disturbing referendum-killing emergency clause that blocks voters from having the final say on this new tax proposal.

**BIAW Position:** **No**      **2021 First House Vote:**  
**Passed:** **Yes**      **YES: 53**      **NO: 45**      **EXCUSED: 0**

**2021 Second House Vote:**  
**YES: 52**      **NO: 44**      **EXCUSED: 2**

**2021 First Senate Vote:**  
**YES: 25**      **NO: 24**      **EXCUSED: 0**

**2021 Second Senate Vote:**  
**YES: 25**      **NO: 24**      **EXCUSED: 0**

## KEY

### L SB 5126 Cap & Trade

Makes Washington the second state in the country to adopt a cap and trade program for potential offsets to carbon. This policy alone could add up to \$2.41 cents a gallon of gas with very little improvement to the environment.

### M SB 5141 Environmental Justice

Creates the environmental justice council, which ended up being purely an advisory council, but will no doubt have influence on agency rulemaking. Permitting no longer falls under the scope of this council and two seats were added to include business and the building trades.

### N SB 5155 Prejudgement Interest

Would have allowed prejudgment interest to accrue before a lawsuit is filed. It also applied prejudgment interest to judgments founded on the tortious conduct of public agencies, individuals, and other entities by modifying interest accrual date from the date of entry of judgment to the date the cause of action accrues.

### O SB 5273 Shoreline Armoring

Requires all shoreline armoring replacements be replaced with soft armoring instead of cement bulkheads. The bill was amended so that soft armoring isn't mandatory if the project isn't technically feasible or if cost is a barrier. While improved, the bill still adds costs and time to projects.

## KEY

### R SB 5761 Wage and Salary

Requires employers, beginning January 1, 2023, to disclose in each posting for every job opening the wage scale or salary range, and a general description of all of the benefits and other compensation to be offered to the hired applicant.

### T SB 5818 Residential SEPA Reform

Eliminates SEPA appeals for local planning decisions that increase housing capacity or affordability. It also provides SEPA transportation and aesthetics appeals exemptions for residential, multi-family and mixed-use commercial projects in GMA cities. Finally, it prohibits local governments from requiring project applicants to submit SEPA checklists when the project is exempt under SEPA. All of this helps us build housing more people can afford.

### U SB 5885 Shoreline Habitat Survey

Would have directed the Department of Ecology to conduct a baseline survey of Puget Sound marine shorelines, including the creation of a comprehensive on-the-water view of the shoreline. The bill put requirements on replacing and repairing "marine structures" without defining that term in the statute.
