

The background features a complex 3D visualization of data. It includes a large pie chart at the top center, a 3D bar chart at the bottom center, and several line graphs and area charts scattered throughout. The overall color scheme is blue and white, with a perspective view that makes the charts appear to be floating or layered on top of each other. The text 'ppi' is in the top left, and the main title 'PPI & SEPA IP Bulk Processing' is in the middle left. The event details 'ECB TIPS Event 2019' and the date '06.05.2019' are in the bottom left.

# PPI & SEPA IP Bulk Processing

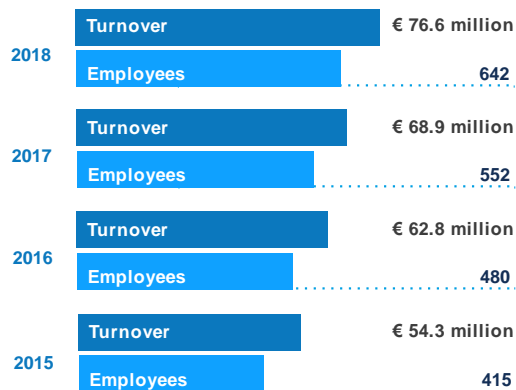

ECB TIPS Event 2019

06.05.2019

## Industries and key areas

## Turnover and employee figures

### Value chain without breaks

Our seamless value chain covers everything – from ideas to concrete solutions.

### Customers come first

Our customers are our most important stakeholders. As a family business, we follow a long-term approach.

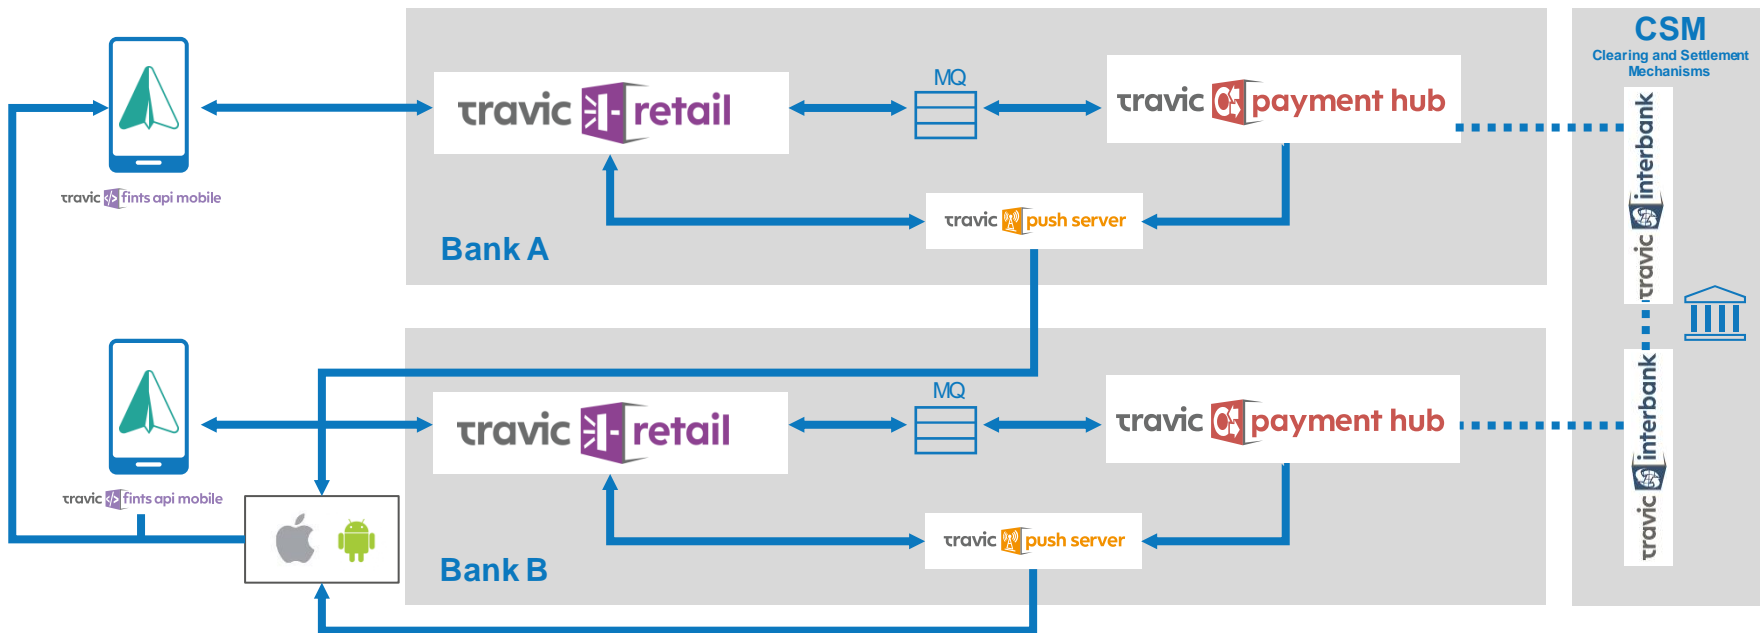

### PPI connects

We strive to connect, not separate. As business experts, we transform business aspects to IT.

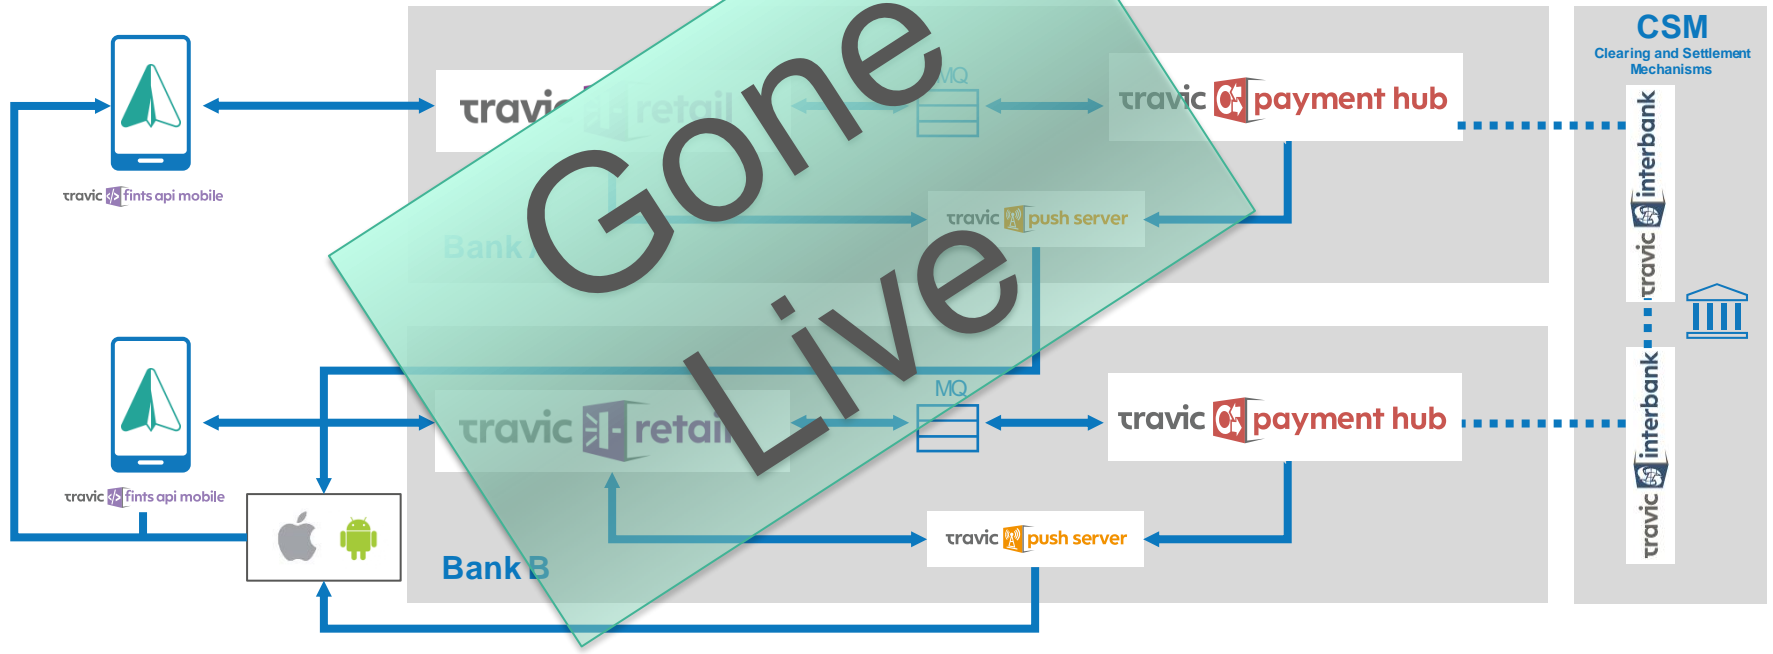

## Our promise last year (Retail 2018)

### Development of an Instant Payments app for smartphones

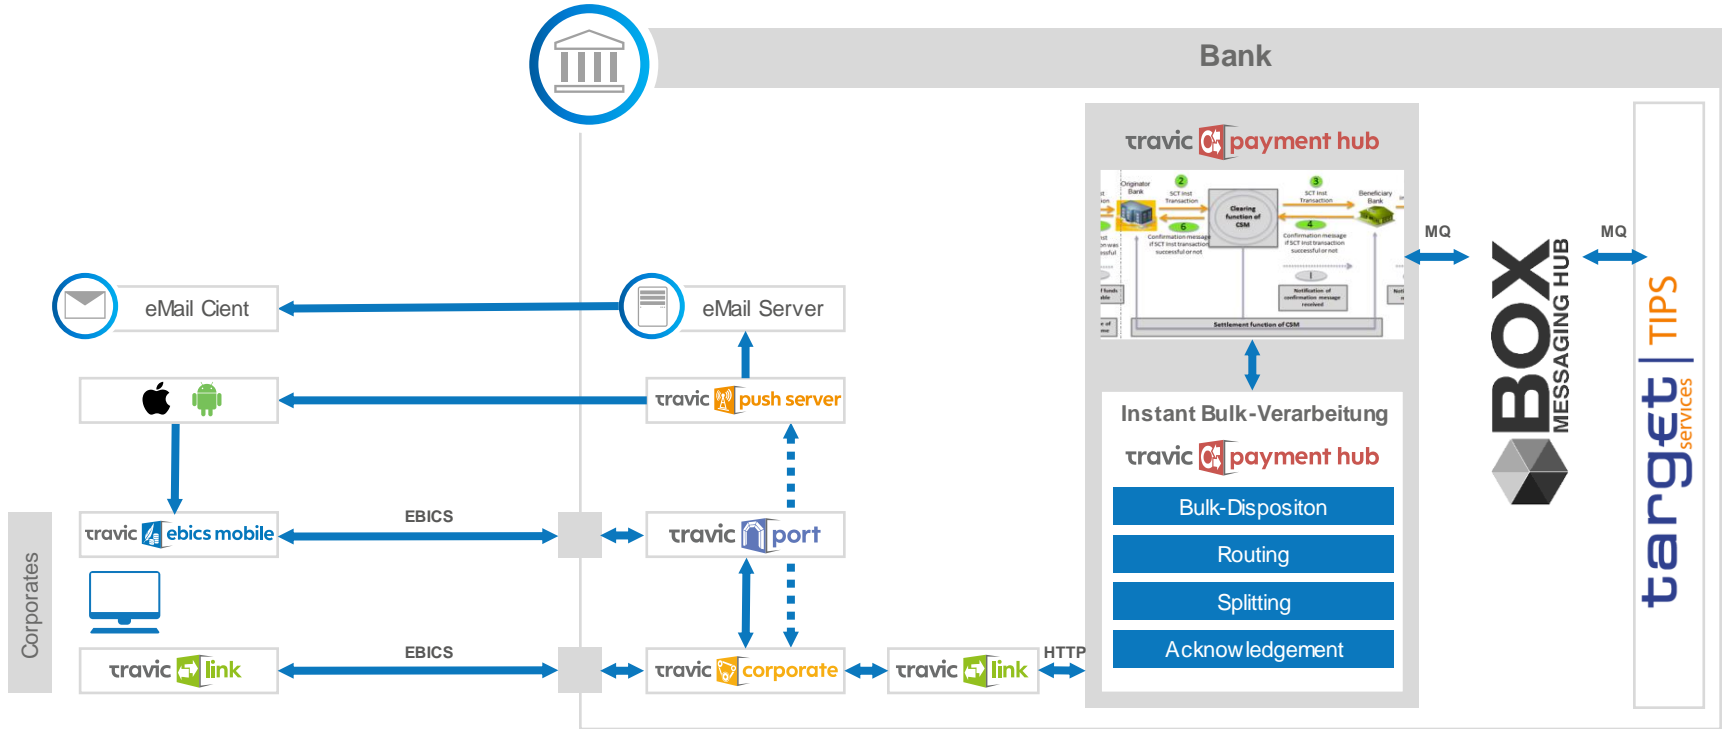

# Our promise last year (Retail 2018)

## Development of an Instant Payments app for smartphones

# Meeting the end user (Corporate 2019 – using IP bulks)

## What's in Instant Payments Bulks for Corporates

### Instant Payments Bulks for Corporates

- **Initiation on existing standard (EBICS)**
  - Corporate customer initiates a „bulk“ – the bank processes single instant payments to the ACH

---

- **More precise Liquidity Management**
  - later initiation and execution of due payments – negative and positive responses

---

- **Better experience for customers and employees**

## Key issues

- **Beneficiary notification**
  - need to be implemented as well for IP bulks as for single IPs

---

- **No possibility to recall bulks**

---

- **Non IP enabled accounts as part of an IP bulk (alternative routing control)**
  - SCT Standard (too late) or TARGET2 (too expensive)

**Want to see more? Come and see us at our booth!**
