

## ESG Rating Service

# Measuring environmental, social, and governance risk

## ESG ratings across 150 countries

Understand country risks from the environmental, social and governance (ESG) landscape with EIU's expert analysis and rating of qualitative indicators and extensive official data.

### Comprehensive assessment

Gain a more robust perspective. Go beyond the headlines drawing on 90 indicators across nine different categories, to measure the impact that governments, businesses and society have on sustainability.

### Global coverage

Easily measure the ESG footprint across your entire investment portfolio or supply chain. Covering 95% of the global economy with an index of 150 countries, you will be able to accurately identify ESG risks across your markets.

### Quarterly updates

Keep informed of shifting ESG dynamics around the world. With EIU's extensive political and economic coverage, capture the key trends that are shaping the sustainability agenda with quarterly reports.

## Our trusted information, the way you want it

Enjoy easily discoverable content with our intelligent search and data filter function

Add downloadable data and maps into your own reports or presentations

## Get a deeper analysis

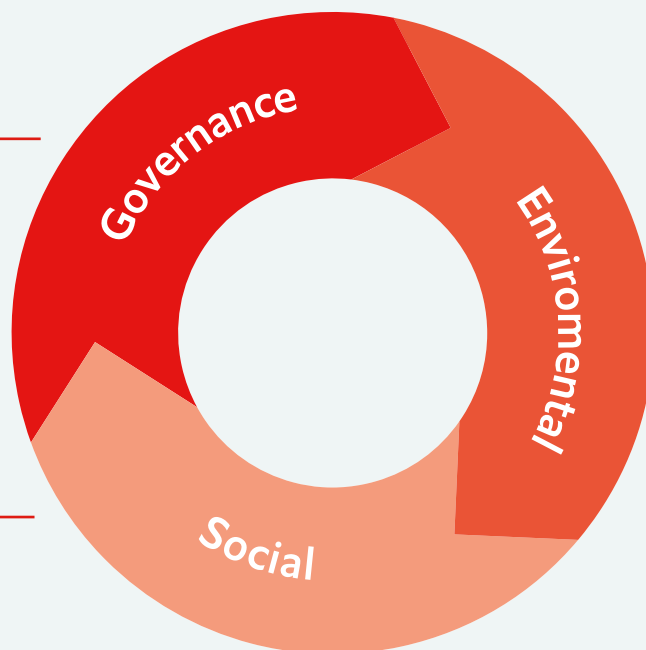

Our ESG model draws on 90 indicators across nine categories, combining expert assessment of qualitative indicators with extensive official data.

- Electoral process and pluralism
- Functioning of government
- Corporate governance

- Labour conditions
- Equality rights
- Civil rights

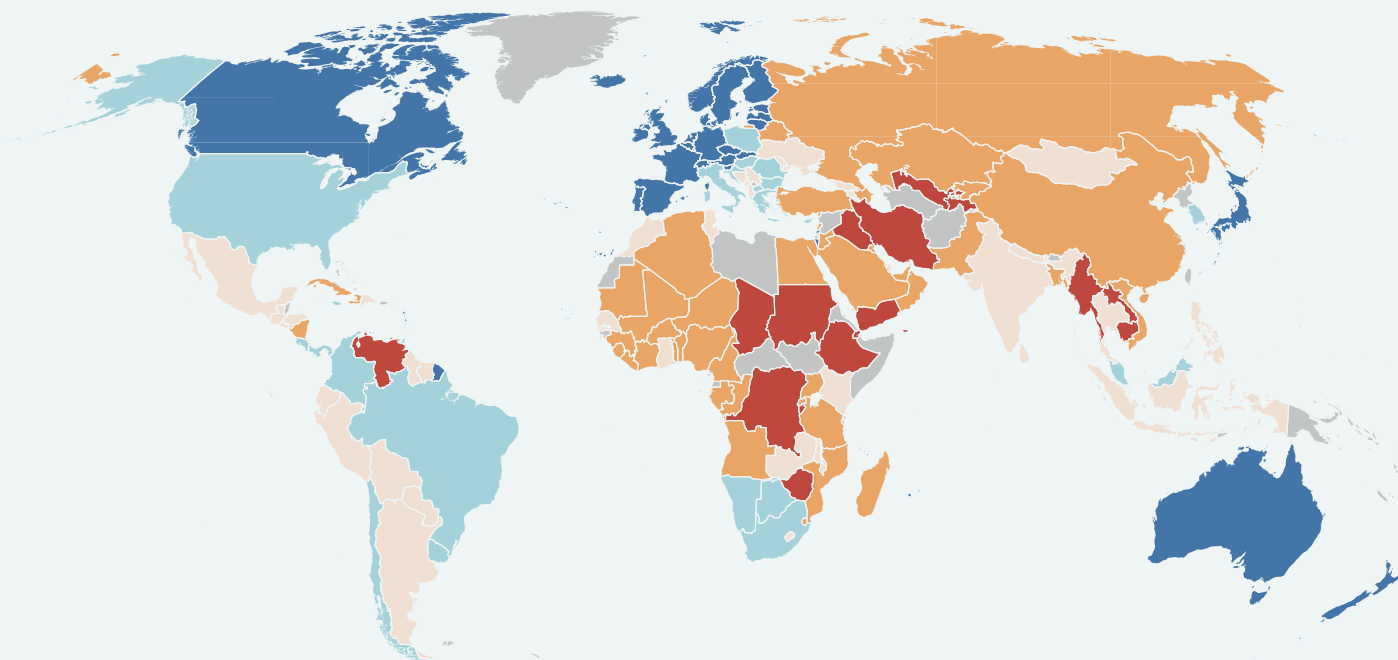

- Decarbonisation
- Environmental stewardship
- Water and waste management

## EIU's ESG Rating Service can empower:

<b>Financial institutions</b>	<ul style="list-style-type: none"><li>• To measure ESG factors across your investment portfolio</li><li>• Assess company operating environments according to ESG factors</li><li>• Add independent third-party analysis to reporting</li></ul>
<b>Corporations</b>	<ul style="list-style-type: none"><li>• To monitor ESG dynamics across your supply chain</li><li>• Assess how potential markets compare according to ESG factors</li><li>• Mitigate ESG risks by tracking change over time</li></ul>
<b>Governments</b>	<ul style="list-style-type: none"><li>• To compare countries according to ESG factors</li><li>• Track countries' progress over time against ESG considerations</li><li>• Assess long-term country risks created by ESG factors</li></ul>
<b>IGOs and NGOs</b>	<ul style="list-style-type: none"><li>• To understand the risks and opportunities associated with ESG</li><li>• Add independent third-party analysis to reporting</li><li>• Monitor how ESG policies change over time, across countries</li></ul>
