About the collection

The Past & Present collection is the result of a long journey that started with a great admiration and passion for antique scrap quilts from the colonial period. This first fabric collection uses influences from Ellen's own, European-inspired diverse color palette and also reflects her love for smaller prints. Whether it's a quilt for a bed or a smaller project, all the fabrics are perfect for use together in one project.

About Ellie's Quiltplace

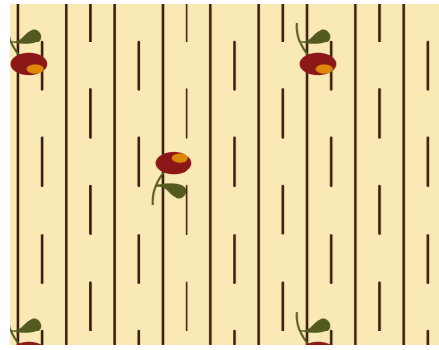

Ellie's Quiltplace or EQP is a family company based in Belgium, founded in 2006 by Ellen Remijnse. Whilst known primarily for her patchwork patterns, Ellen has recently started designing fabrics. Ellen studied history and combines her interest in antique quilts with a fresh and modern country touch to create her own style. EQP aims to create beautiful collections of fabrics and patterns with a European influence, for the quilting world.
