The Honorable Mike Dunleavy
Governor of Alaska
P.O. Box 110001
Juneau, AK 99811-0001

Dear Governor Dunleavy:

Thank you for your letter requesting federal fishery disaster determinations for the 2018 Prince William Sound (PWS) Chinook and sockeye salmon fishery and the 2020 Copper River/PWS coho and pink salmon fishery in Alaska. I am responding on behalf of the Secretary of Commerce to acknowledge receipt of your request. The Secretary will respond with her determination after all the necessary data have been reviewed and our evaluation has been completed.

The National Oceanic and Atmospheric Administration's National Marine Fisheries Service (NMFS) conducts the evaluation needed for the Secretary of Commerce's fishery disaster determinations. NMFS will work with the Alaska Department of Fish and Game to assess whether a commercial fishery failure due to a fishery resource disaster has occurred under the Magnuson-Stevens Fishery Conservation and Management Act or the Interjurisdictional Fisheries Act. You can find more details about criteria for evaluating fishery disaster requests in the NMFS Fishery Disaster Policy, which can be found on [our website](#).

Please contact Mary Furuness at Mary.Furuness@noaa.gov to ensure NMFS has all the necessary information to complete our analysis. We look forward to working with you on this request. If you have any questions, please contact Makeda Okolo, Director of NOAA's Office of Legislative and Intergovernmental Affairs, at Makeda.Okolo@noaa.gov.

Sincerely,
