Notes:

- All information in this report is derived from public sources (see [www.congress.gov](http://www.congress.gov)).
- The U.S. Immigration and Customs Enforcement (ICE) Office of Congressional Relations (OCR) began tracking of private immigration bill statistics with the 110<sup>th</sup> Congress.
- Private immigration relief legislation (and associated requests for reports) may cover multiple individuals.
- As of November 8, 2021, the ICE policy regarding stays of removal in conjunction with private immigration relief legislation (ICE Directive 5004.2) states:
  - ICE will refrain from taking any action, to include granting a stay of removal or deferred action, in connection with the known beneficiary of a private immigration bill, until proper coordination with ICE OCR occurs.
  - ICE is not required to consider taking discretionary action to forebear detention or removal or delay an enforcement action **until OCR receives a request for an investigative report** on the beneficiary of a bill by the Chairperson of the House or Senate Committee on the Judiciary or of the relevant Subcommittee of jurisdiction.
  - The indication from an individual member of Congress of the intent to file a private bill—or simply the introduction of such a bill—is not sufficient to require consideration of a stay of removal or the grant of deferred action.
  - Process:
    - When the Chairperson of the House or Senate Committee on the Judiciary or relevant Subcommittee of jurisdiction requests an investigative report for ICE pertaining to the beneficiary of an **introduced** private immigration bill, absent exceptional circumstances, ICE will temporarily refrain from civil immigration enforcement actions pertaining to such noncitizen(s), including but not limited to initiating removal proceedings, pursuing a final order of removal, or executing a final order of removal, until the bill is signed into law or until Congress adjourns without acting on the bill and the grace period (March 15 of the first session of the Congress following the introduction of private bill for which an investigative report was requested) has expired.
    - When Congress adjourns without taking action on such a bill, ICE will afford the new Congress adequate time for the legislation to be reintroduced and the request for an investigative request to be renewed, if so desired.
    - ICE may deny a request for a stay of removal or deferred action, or may revoke an approved stay or deferred action, and take enforcement action including immediate removal, where permitted by law, if ICE identifies evidence that civil immigration actions are warranted despite the existing request. In such circumstances, ICE will notify the appropriate committee.
    - Upon expiration of any stay of removal or period of deferred action conferred—or where such a stay or grant of deferred action is revoked—ICE may, in its discretion, initiate or continue to pursue removal proceedings or take steps to execute a final order, consistent with DHS and ICE civil immigration enforcement priorities.
