# HOMEWORKER PLUS ERGONOMIC OFFICE CHAIR

Instant, advanced ergonomic support for homeworkers

Homeworkers will struggle to stay productive and comfortable all day without a suitable place to sit. Sitting on the sofa or at a dining room table may be comfortable for short periods, but in the longer term working without suitable support can lead to aches, pains and even musculoskeletal injury.

Upgrade your home set-up with the Homeworke Plus Ergonomic Office Chair, a feature-packed office chair that's intuitive to adjust to a perfectly comfortable sitting position. Sophisticated functions include independent back and seat mechanism with tension adjustment, ratchet back height adjustment, seat slide and an in-built inflatable lumbar cushion to give you tailored support wherever your body needs it. Option to add height-adjustable armrests for additional support.

## FEATURES

- Independent mechanism with tension adjustment
- Ratchet back height adjustment
- Seat slide
- Inflatable lumbar support
- Stylish black base
- Upholstered seat and back
- Option for adjustable armrests

## SELF ASSEMBLY DESKS

**Fold Away Leg Desk**

**Screw Leg Desk**

**Folding Slot Desk**

These versatile British-made flat packed desks can be assembled in minutes and neatly stored away when not in use. If you're working from home without a dedicated home office or a permanent workstation, it's important to find a clear surface where you can set your equipment up comfortably. The Homeworker Desk makes this easy - simply unfold or screw on the legs (depending on the model you choose) and set up anywhere for an instant pop-up workspace where you can be both comfortable and productive.

### FEATURES

- Easy-to-build
- Robust and sturdy
- Use anywhere in the home
- High quality finish
- Office functionality in the home

# OPLØFT

Sit-stand platform.

Large or dual monitor setup

Our most portable sit-stand desk yet is beautifully slim and light without compromising on quality or stability. The secret of Opløft's strength lies in the unique cross-structure frame, which not only gives the platform a minimalist, classically Scandinavian aesthetic when extended to standing height, but also enables it to fold neatly into its own footprint for convenience. Simply push the handles on either side to float the surface effortlessly to any of the 14 height settings.

When flat, Opløft is only 30mm thick and weighs just 12 kg - making it possible to carry between workstations or neatly store away. For centuries we have gone to work. Now, thanks to Opløft, work goes with us.

## FEATURES

- 14 height settings give you the freedom to sit or stand up to work
- Gas lift technology makes height adjustment effortless
- Cross structure design offers style and stability
- Slim 30mm profile when flat
- Easy to carry at 12 kg
- Sleek, contemporary looks inspired by Scandinavian minimalism
- Exceptional engineering with high quality materials and components
- Encourages physical activity and healthier working behaviours

9820900 Opløft Sit-Stand Platform **£263.46**

## Monitor Arm for Opløft

The Opløft Single Monitor Arm floats your screen above the surface of the Opløft giving you more space and limitless configuration. Find the perfect height, tilt and angle to reduce the risk of musculoskeletal disorders.

9820901 Opløft Single Monitor Arm **£79.79**

9820902 Opløft Dual Monitor Arm - Silver **£87.54**

# DESKRITE 100

Sit-stand platform.

Large or dual monitor setup

This affordable, space-saving sit-stand solution can be placed on top of any existing surface with minimal disruption. Simply pull the levers to move the dual-level surface to your desired height - whether sitting or standing, and enjoy a sturdy, ergonomic, topple-resistant surface for your computer monitors, accessories devices and papers.

Heavy load on your desk? Simply adjust the torque controller to effortlessly lift up to 18 kg of equipment. While seated you can slide the keyboard tray neatly out of the way to find the most comfortable typing position.

The DeskRite 100 is the perfect tool for active workers, keeping users alert, focused and more productive as they move from sitting to standing throughout the day.

## FEATURES

- Fully assembled
- Smart lifting system
- 40 height settings
- Sliding keyboard tray
- Solid sturdy construction
- Cable management system
- Tension adjustment

# JOSHO HOMEWORKER ELECTRIC SIT-STAND DESK

JOSHO brings energy and movement to your WFH lifestyle.

Translating as 'rise' in Japanese, the JOSHO Homeworker Electric Sit-Stand Desk moves gently and quietly at the touch of a button to the perfect standing or sitting height for you. The sleek, uncomplicated design of this electric sit-stand desk blends seamlessly into the home environment, giving you a dedicated space to be more active, creative and comfortable while you work.

The clear, tactile up and down buttons can be upgraded to the optional memory switch if you'd like to programme in height settings for effortless transitioning. No need to worry about accidents either. JOSHO is designed to be safe in the home with its smart anti-collision technology, which senses obstructions and instantly stops moving.

Choose between clean white or stylish all black to suit your aesthetic. Our experts recommend using the JOSHO Homeworker Electric Sit-Stand Desk to stand for 10-20 minutes every hour, or whenever you feel like it, to shake yourself out of poor sitting postures, boost your circulation, breathe deeply and generally feel better in yourself.

## FEATURES

- Smooth, quiet electric lift at the touch of a button
- Ergonomically designed motors hidden within the columns for a clean design
- Three-part columns with telescopic extension to find your perfect height
- Home-friendly anti-collision technology for safety
- Adjustable feet
- Prevents static posture, a cause of aches, pains and decreased productivity
- Simple electric switch controls up and down lift (40 mm/sec) between ranges of 650-1300 mm

8825000	Advance 2.0	<b>£182.12</b>
---------	-------------	----------------

## PENGUIN AMBIDEXTROUS VERTICAL MOUSE

The Penguin offers computer users new standards of protection against Work Related Upper Limb Disorders. It provides a simple but revolutionary solution to many of the common health problems associated with repetitive use of the dominant hand by allowing both hands to share the workload. The base platform reduces the grip required to position the device without any loss of accuracy.

- Naturally comfortable - the vertical alignment encourages a more ergonomic operating position
- Ambidextrous design - central 'bow-tie' switch allows for easy transition between right and left handed use
- Easy-glide symmetrical base - allows the user to rest either hand comfortably alongside the vertical structure, encouraging the use of the bigger muscles in the fore and upper arm to manoeuvre the mouse. Fine cursor control is still achievable with small hand and/or finger movements
- Performance laser tracking - precision laser for accurate tracking.
- Variable DPI [400-600-800-1200] - adjustable for variable pointer speeds
- Precision scroll wheel - for fast, accurate document scrolling including an auto-scroll feature
- Plug & Play USB 2.0 - Windows, Mac, Linux
- Wired and wireless (rechargeable) versions available
- Available in small, medium and large sizes

### Which size?

The Penguin mouse is available in three sizes. To choose the correct one for you, measure your hand from the first crease on your wrist to the tip of your middle finger.

SMALL	0-16 cm	(0-6 ins approx)
MEDIUM	16-18 cm	(6-7 ins approx)
LARGE	18 cm +	(7 ins + approx)

9820098	Wired - Small	<b>£55.76</b>
9820100	Wired - Medium	<b>£55.76</b>
9820101	Wired - Large	<b>£55.76</b>
9820099	Wireless - Small	<b>£76.69</b>
9820102	Wireless - Medium	<b>£76.69</b>
9820103	Wireless - Large	<b>£76.69</b>

## POSTURITE DOCUMENT SLOPE

Acrylic, cost-effective and practical document holder available with an optional wrist rest. Other colours available. Dimensions (LxWxH): 550 x 290 x 120 mm.

1058CLE	Clear	<b>£49.56</b>
---------	-------	---------------

## FLAT SCREEN POSTURE BLOCKS

Stackable posture blocks offer maximum monitor height adjustability and locking stability at minimum cost. Dimensions (LxWxH): 310 x 230 x 65 mm.

6103	Grey	<b>£10.81</b>
6104	Black	<b>£10.81</b>

### VISION LAPTOP/TABLET STAND

Vision will help improve your posture while you work, reducing the risk of aches, pains and long-term injury.

9820951 Vision Stand **£65.83**

### CIRCULAR DESK RAISERS

Our strong, stackable desk raisers can be slipped beneath the legs of your desk (as long as they're circular or cantilever) to boost it to your desired height. (max three can be stacked) The raisers are made from recycled plastic and come in a set of four, at 25mm each.

9792302 Desk Feet Set 4 **£11.59**

### FOOTMATE

The Footmate is a lightweight, robust, height and angle adjustable footrest. It features a textured, non slip surface which can act as a foot massager whilst the user works. 3 fixed height settings between 100-170 mm. Position at any angle between 0-45°.

8844001 Footmate Footrest **£27.09**

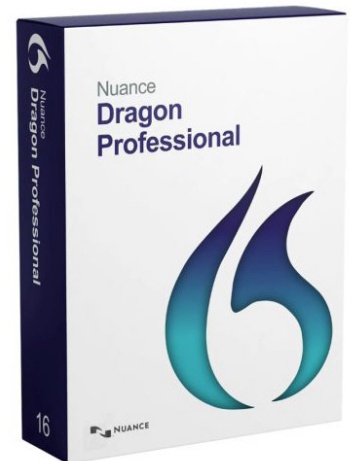

### DRAGON PROFESSIONAL

The perfect tool for business, brand new Dragon Pro Individual v15 harnesses all the latest technologies to help you get work done quickly and accurately with clever voice control.

Let Dragon Pro v15 build your confidence in producing perfectly documents, spreadsheets and forms with crystal clear voice recognition. You can teach the software the words and phrases you use the most to minimise corrections and it will even optimise accuracy if you have an accent, or you're working in a slightly noisy environment.
