

ZERO EMISSION MOBILITY, 1st Call - Förderentscheidung 2018

lfd. Nr.	Projekttitlel	Kurztitel	Antragsteller	max. Förderung in €	
1	move2zero, Full decarbonisation of an urban public transport bus system and integration of innovative on-demand services	move2zero	Holding Graz - Kommunale Dienstleistungen GmbH	€	3 301 101,00
2	HySnowGroomer, Hydrogen Electric Snow Groomer for ALPHI Integration	HySnowGroomer	FEN Sustain Systems GmbH	€	998 550,00
3	ZERO Logistics, Zero Emission Roll-Out Logistics - Cold Chain Distribution	ZERO Logistics	i-LOG Integrated Logistics GmbH	€	995 900,00
4	URCHARGE, Smart load management for the large-scale application of charging infrastructure in an urban area	URCHARGE	TU Wien - Institut für Energiesysteme und Elektrische	€	423 415,00
5	E-ASY CHARGE, Automated decentralized high power charging robots for logistic fleets	E-ASY CHARGE	Universität für Bodenkultur Wien - Institut für Verfahrens- und	€	759 348,00
6	MHP, Mobile Hydrogen Powersupply	MHP	MAGNA STEYR Fahrzeugtechnik AG & Co KG	€	232 024,00
7	E-MAPP 2, E-Mobility – Austrian Production Potential, qualification- and training needs 2	E-MAPP 2	Fraunhofer Austria Research GmbH	€	130 741,00
8	Path2ZeroCarbonTrans, Pathways to a zero carbon transport sector	Path2ZeroCarbonTrans	Umweltbundesamt	€	59 531,00
Summe Förderentscheidung					6 900 610,00
