3. **Updated Actuarial Valuation.** The Employees Retirement System shall contract with an actuary to perform a limited actuarial valuation of the assets and liabilities of the Employees Retirement System as of February 28 in those years when the Legislature meets in regular session. The purpose of the valuation shall be to determine the effect of investment, salary, and payroll experience on the unfunded liability, the amortization period, and the state contribution rate, which results in a 30-year amortization period of the Retirement System.
4. **State Contribution to Employees Retirement Program.** The amount specified above in A.1.1, ERS Retirement Program, is based on a state contribution of 9.5 percent of payroll for each fiscal year of the 2024-25 biennium, including annual membership fees of \$3 for contributing members for each fiscal year. Included in appropriations made in this Act is a total of \$794,680,908 in fiscal year 2024 and \$846,946,995 in fiscal year 2025 for the ERS Retirement Program.
5. **State Contribution to the Law Enforcement and Custodial Officer Supplemental Retirement Fund (LECOS).** The amount specified above in A.1.2, LECOS Retirement Program, is based on 1.75 percent of covered payroll each fiscal year of the 2024-25 biennium for LECOS members.
6. **State Contribution to Judicial Retirement Program (JRS-2).** The amount specified above in A.1.3, Judicial Retirement System - Plan 2, is based on a state contribution of 19.25 percent of payroll for each fiscal year of the 2024-25 biennium for contributing members.
7. **State Contribution to Group Insurance for General State Employees.** Funds identified above for group insurance are intended to fund:
 - a. the total cost of the basic life and health coverage for all active and retired employees;
 - b. fifty percent of the total cost of health coverage for the spouses and dependent children of all active and retired employees who enroll in coverage categories which include a spouse and/or dependent children; and
 - c. the incentive program to waive participation in the Group Benefits Plan (Opt-Out).

In no event shall the total amount of state contributions allocated to fund coverage in an optional health plan exceed the actuarially determined total amount of state contributions that would be required to fund basic health coverage for those active employees and retirees who have elected to participate in that optional health plan.

During each fiscal year, the state's monthly contribution shall be determined by multiplying (1) the per capita monthly contribution as certified herein by (2) the total number of full-time active and retired employees, subject to any adjustment required by statute, enrolled for coverage during that month.

For each employee or retiree that waives participation in the Group Benefit Program and enrolls in allowable optional coverage, the Employees Retirement System shall receive \$60 per month in lieu of the "employee-only" state contribution amount, and such amounts are included above in Strategy B.1.1, Group Benefits Program. The waived participant may apply up to \$60 per month towards the cost of the optional coverage.

3. Appropriations Limited to Revenue Collections. Fees, fines, and other miscellaneous revenues as authorized and generated by the Department of State Health Services (DSHS) shall cover, at a minimum, the cost of the appropriations made for the programs listed in the table below, as well as the "other direct and indirect costs" associated with these programs, appropriated elsewhere in this Act. "Other direct and indirect costs" for these programs are estimated to be \$3,790,737 for fiscal year 2024 and \$3,799,886 for fiscal year 2025.

- (a) This requirement shall apply to revenues generated in the following strategies and deposited under the following revenue codes or account numbers.

Strategy	Revenue Code or Account
C.1.1. Food (Meat) & Drug Safety	Fees deposited into General Revenue to support C.1.1, Food (Meat) and Drug Safety, including fees deposited under the following Revenue Codes: 3142 (Food Service Worker Training); 3180 (Health Regulation Fees, for Tattoo/Body Piercing Studios); 3400 (Business Fees-Agriculture, for Milk Products); 3414 (Agriculture Inspection Fees, for Meat or Meat Products); 3554 (Food and Drug Fees, for Frozen Dessert Manufacture).
C.1.2. - (b) Appropriations made to DSHS in this Act are contingent upon DSHS assessing fees sufficient to generate revenue to cover the General Revenue appropriations for the programs listed under Subsection a above as well as the related "other direct and indirect costs." In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct the Comptroller of Public Accounts to reduce the appropriation authority provided above to be within the amount of revenue expected to be available.

4. Immunization of Employees. Monies appropriated above to the Department of State Health Services may be expended for any immunization which is required of employees at risk in the performance of their duties.

5. Texas.Gov Authority Appropriation.

- (a) The Department of State Health Services (DSHS) is authorized in accordance with Section 2054.252 of the Government Code to increase the occupational license, permit, and registration fees imposed on licensees by an amount sufficient to cover the cost of the subscription fee charged by the Texas.Gov Authority.
- (b) Amounts appropriated above to DSHS include \$706,128 in each fiscal year in revenue collected for license and certification fees in Strategy C.1.4, Texas.Gov, for the purpose of paying Texas.Gov subscription fees.
- (c) In the event that actual and/or projected revenue collections from fee increases to cover the cost of Texas.Gov subscription fees are insufficient to offset the costs identified above, the Comptroller is directed to reduce the appropriation authority provided by this Act to DSHS to be within the amount of fee revenue expected to be available.
- (d) For new licensing applications, DSHS is appropriated the additional revenue generated from occupational license, permit, or registration fees in excess of the Comptroller's biennial revenue estimate for the 2024-25 biennium for the sole purpose of payment to the Texas.Gov Authority contractor of subscription fees for implementing and maintaining electronic services for the department. DSHS, upon completion of necessary actions to access or increase fees, shall furnish an annual schedule of the number of license issuances or renewals and associated annual fee total, and any other supporting documentation to the Comptroller and the Legislative Budget Board. If the Comptroller finds the information sufficient to support the projection of increased revenues, a notification letter will be issued and the contingent appropriation made available for the intended purposes.
- (e) DSHS shall notify the Legislative Budget Board and the Comptroller of Public Accounts in writing upon receiving an exemption from participating in Texas.Gov. Within 45 days of receiving an exemption, DSHS shall provide the Legislative Budget Board and the Comptroller with a report of the effective date, the reason for exemption, and all estimated expenditures for Texas.Gov costs in the fiscal year in which the exemption is made.

6. Collection of Emergency Room Data. Out of funds appropriated in Strategy A.1.5, Health Data and Statistics, the Department of State Health Services (DSHS) shall collect emergency room data as set forth in Chapter 108 of the Health and Safety Code. DSHS shall use the data to measure and report potentially preventable emergency room visits, including potentially preventable mental health and substance abuse emergency room visits. DSHS shall submit the results of their findings to the Legislative Budget Board, Governor, Chairs of the Committees in each House with jurisdiction over public health issues, and the Statewide Behavioral Health Coordinating Council on a biennial basis on or before December 31 of each odd-numbered year.

7. Appropriation: Contingent Revenue. The Department of State Health Services (DSHS) is appropriated for the purposes identified below any additional revenue generated by DSHS above the amounts identified in fiscal year 2024 or fiscal year 2025 in the Comptroller of Public Account's Biennial Revenue Estimate (BRE) for each of the accounts or revenue object identified below. An appropriation from an account or revenue object shall be made available to DSHS once certified by a Comptroller's finding of fact that the amount in the BRE for the account or revenue object for the given fiscal year has been exceeded. An appropriation is limited to revenue generated in fiscal year 2024 or fiscal year 2025 and does not include any balances that have accrued in the account or revenue object code.

By March 1st of each year, DSHS may notify the Comptroller of Public Accounts, the Legislative Budget Board, and the Governor of the amount that DSHS projects will be received in excess of the amounts contained in the BRE for each of the accounts listed below, along with sufficient information to reflect how the estimate was determined. If the Comptroller finds the information sufficient to support the projection of additional revenue, a finding of fact to that effect shall be issued to reflect the additional revenue available for each account.

- (a) Account No. 341, Food and Drug Retail Fees, for restaurant inspections.
- (b) Revenue Object 3175, Account No. 5017, Asbestos Removal Licensure, for asbestos inspections and regulatory activities.

 - (1) a detailed explanation of the purpose(s) of the transfer and whether the expenditure will be one-time or ongoing;
 - (2) the name of the originating and receiving strategies and the method of financing and FTEs for each strategy by fiscal year;
 - (3) an estimate of performance levels and, where relevant, a comparison to targets included in this Act for both the originating and the receiving strategies; and
 - (4) the capital budget impact.

DEPARTMENT OF STATE HEALTH SERVICES

The Comptroller of Public Accounts shall not allow the transfer of funds authorized by any of the above subsections if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

3. Cash Basis Expenditures Authorization. Notwithstanding any other provision of this Act, the Health and Human Services Commission may expend Medicaid appropriations in all Strategies in Goal A, Medicaid Client Services, and in Strategy D.1.3, ECI Services, in each fiscal year without regard to date of service. The authorization is limited to expenditures in all Strategies in Goal A, Medicaid Client Services, and in Strategy D.1.3, ECI Services, for claims payments, premiums, cost settlements and other related expenses for Medicaid client services.

4. Cost Comparison Report. Out of funds appropriated above in Strategy B.1.1, Medicaid & CHIP Contracts & Administration, the Health and Human Services Commission (HHSC) shall develop a report analyzing state and federally-funded residential and nonresidential services in the Home and Community-based Services (HCS) waiver program, the Texas Home Living waiver program, and Intermediate Care Facilities for Individuals with Intellectual Disabilities (ICFs/IID).

(a) The report shall include the following:

- (1) the monthly average cost to the state per person for individuals residing in state-operated and non-state-operated ICFs/IID, HCS waiver program, and Texas Home Living waiver program by Level of Need (LON) and facility size (private ICFs/IID only);
- (2) a comparison of severity across settings; and

HEALTH AND HUMAN SERVICES COMMISSION

(Continued)

- (3) the total number of persons, by LON, who transitioned from state-operated ICFs/IID to the HCS residential waiver program for the previous biennium, and their average monthly cost of service in the HCS waiver program.
- (b) With respect to the cost to the state per person residing in a state-operated ICF/IID, HHSC shall include all costs, such as Statewide Cost Allocation Plan (SWCAP), maintenance and construction costs, employee benefit costs and other federally allowable administrative, medical, and overhead costs. With respect to the cost to the state per person in state-operated ICFs/IID, non-state-operated ICFs/IID, and the HCS and Texas Home Living waivers, HHSC shall include all Medicaid costs including acute care costs that are not included in the waiver rates for those programs and all costs to administer and license those programs. For state-operated ICFs/IID, the average monthly administrative and overhead costs shall be reported separately from the average monthly client care costs. HHSC shall identify the types of costs included in each category.
- (c) Cost for waiver recipients will cover the time a person enrolled in the waiver through the time they are terminated from waiver services. The cost for ICF/IID services will cover the time a person is admitted to the facility to the time of discharge unless the person is admitted to an ICF/IID or waiver within 60 days of discharge. In that case, the Medicaid costs incurred during discharge will be counted toward the ICF/IID costs.

The report shall be submitted to the Legislative Budget Board and the Office of the Governor, and shall be posted on the Commission's website no later than August 31, 2024.

- 5. Graduate Medical Education.** The Health and Human Services Commission (HHSC) may expend Appropriated Receipts - Match for Medicaid No. 8062 and matching Medicaid Federal Funds appropriated in Strategy A.4.1, Non-Full Benefit Payments, for Graduate Medical Education (GME) payments to state-owned teaching hospitals, contingent upon receipt of allowable funds from state-owned teaching hospitals to be used as the non-federal share for Medicaid GME. Transfers from state-owned teaching hospitals deposited as Appropriated Receipts - Match for Medicaid No. 8062 and expended in Strategy A.4.1, Non-Full Benefit Payments, shall be the only source of funds used for the non-federal share for Medicaid GME payments for state-owned teaching hospitals, and HHSC shall develop a payment methodology for Medicaid GME payments to state-owned teaching hospitals.
- 6. Medicaid Enterprise Systems (MES).** Out of funds appropriated above in Strategy B.1.1, Medicaid & CHIP Contracts & Administration, the Health and Human Services Commission shall maintain an Executive Steering Committee for the contracts supporting the Texas Medicaid Management Information System (MMIS) capital project. The Medicaid Enterprise Systems (MES) Executive Steering Committee shall provide executive-level strategic direction and commitment to the MES contracts and MMIS projects. Strategic direction includes, but is not limited to, review of contract terms prior to execution of a new contract or amendment and reports from third-party quality assurance and independent verification and validation vendors. The Executive Commissioner or his or her designee shall chair the MES Executive Steering Committee. Membership of the MES Executive Steering Committee shall include similar executive level representatives, including the Chief Financial Officer, Information Resource Manager, technology sponsors, project managers, project contractors, staff of the Legislative Budget Board, and members of the Quality Assurance Team or their designee.

In addition, the MES Executive Steering Committee shall report any anticipated contract or project cost over-runs or delays to the Legislative Budget Board.

Notwithstanding the limitations of Article IX, Section 14.03, Transfers - Capital Budget, and any other transfer provisions of this Act, funds appropriated by this Act to the Health and Human Services Commission may not be expended in excess of the amounts identified in Rider 2, Capital Budget, for the MMIS capital budget project without prior written approval from the Legislative Budget Board. Additional information requested by the Legislative Budget Board related to this approval shall be provided in a timely manner and shall be prepared in a format specified by the Legislative Budget Board. The request shall be considered to be approved unless the Legislative Budget Board issues a written disapproval within 30 business days of the date on which the staff of the Legislative Budget Board concludes its review of the proposal to expend the funds and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House of Representatives, and Lieutenant Governor. Any request for additional information from the Legislative Budget Board shall interrupt the counting of the 30 business days.

- (b) Out of funds appropriated above in Goal A, Medicaid Client Services, for the waiver programs identified in Subsection (a) above, and subject to the terms of Subsection (c) below, HHSC may use General Revenue Funds to continue to provide services to a person who was receiving medical assistance waiver program services on September 1, 2005, at a cost that exceeded the individual cost limit specified in the medical assistance waiver program if:
 - (1) federal financial participation is not available to pay for such services; and
 - (2) continuation of those services is necessary for the person to live in the most integrated setting appropriate to the needs of the person.
- (c) Authority provided in this rider is contingent upon HHSC submitting a report in writing to the Legislative Budget Board and the Office of the Governor on October 1 of each year. The report shall include the number of clients by program which exceeds cost limits and the unmatched General Revenue associated with each by fiscal year.

- (e) From funds appropriated elsewhere in the Act, HHSC shall provide a copy of the annual independent audit conducted of DSH and UC in compliance with federal requirements.  - (1) Any amounts of such transferred funds not required for these payments shall be deposited by HHSC to the General Revenue Fund as unappropriated revenue.
 - (2) If a state owned hospital is eligible and chooses to participate in a hospital directed payment program authorized under the federal Healthcare Transformation and Quality Improvement Waiver, and the amount of funds deposited by HHSC under subparagraph (1) of this provision is not equivalent to the amount deposited in state fiscal year 2023 based on the non-enhanced Federal Medical Assistance Percentages, HHSC shall calculate the difference and provide notice to the state-owned hospital, the Legislative Budget Board, the Comptroller of Public Accounts, and the Office of the Governor.

 - (A) refunds/rebates of previously paid premiums and interest earnings;
 - (B) refunds/rebates received from the Medicaid claims payment contractor or other sources; and

(b) Medicaid Program Income No. 705 and Cost Sharing-Medicaid Clients No. 8075 shall be expended as a first source, and General Revenue shall be used as a second source, to support the Medicaid program. In the event that revenues should be greater than the amounts identified in the method of finance above as General Revenue Fund-Medicaid Program Income No. 705, or Cost Sharing-Medicaid Clients No. 8075, the commission is appropriated and authorized to expend these General Revenue Funds, subject to the following requirements:

- (1) Amounts available shall be expended prior to utilization of any General Revenue available for the same purposes; and
- (2) In the event General Revenue has been expended prior to the receipt of program income or cost sharing revenues, the commission shall reimburse General Revenue. This process shall be completed on a monthly basis in order to prevent accumulation of program income or cost sharing revenue balances.

19. Interest List Reporting. Out of funds appropriated above in Strategy B.1.1, Medicaid & CHIP Contracts & Administration, the Health and Human Services Commission shall post the following information regarding the Home and Community-based Services, Community Living Assistance and Support Services, Deaf-Blind Multiple Disabilities, Texas Home Living, and Medically Dependent Children Program waivers and STAR+PLUS on the commission's website:

- (a) enhances the Health and Human Services Commission's ability to be a prudent purchaser of health care;

HEALTH AND HUMAN SERVICES COMMISSION

(Continued)

- (b) reflects costs that are allowable, reasonable and medically necessary to deliver health care services to the state's Medicaid population;
- (c) reduces the variability in the Medicaid reimbursement rates paid to hospitals for treating patients with the same diagnoses;
- (d) promotes and rewards increased efficiency in the operation of hospitals;
- (e) emphasizes and rewards quality of outcomes and improves the treatment of Medicaid patients through pay-for-performance principles; and
- (f) recognizes, through add-on payments or other methods, the unique needs of individual hospitals, including rural hospitals.

21. Health and Human Services Cost Containment. The Health and Human Services Commission (HHSC) shall develop and implement cost containment initiatives to achieve savings of at least \$350,000,000 in General Revenue Funds for the 2024-25 biennium throughout the health and human services system. These initiatives shall include:

- (a) increasing fraud, waste, and abuse prevention and detection;
- (b) seeking to maximize federal flexibility under the Medicaid program;
- (c) achieving other programmatic and administrative efficiencies; and
- (d) savings from services that include Emergency Telemedicine Services for Individuals with Intellectual and Developmental Disabilities.

HHSC shall provide an annual report on the implementation of cost containment initiatives to the Legislative Budget Board by December 1. It is the intent of the legislature that HHSC shall achieve savings without adjusting amount, scope, or duration of services or otherwise negatively impacting access to care. It is the intent of the legislature that prior to making any changes, HHSC shall consider stakeholder input, including complying with any statutory requirements related to rulemaking and public hearings. This rider shall not be construed as limiting HHSC's ability to maximize federal flexibility under the Medicaid program, including federal flexibility that may impact amount, scope, or duration of services.

22. Access to Federal Data Services Hub. To the extent allowable under state and federal law and regulations, the Health and Human Services Commission (HHSC) shall request a consumer report containing employment and income information through the Centers for Medicare and Medicaid Services Federal Data Services Hub for Medicaid eligibility determinations and redeterminations in order to achieve cost savings, improve timeliness, and minimize fraud.

23. Medicaid Provider Rate Increases. It is the intent of the Legislature that, when Medicaid provider rates are increased as a result of a legislative appropriation, managed care organizations reimburse the full amount of the appropriated funds to providers, to the extent allowed by federal laws and regulations.

24. Nursing Facility Reimbursement Rate Increase. Included in the appropriations above are the following amounts:

- (a) \$129,385,946 in General Revenue and \$195,052,234 in Federal Funds (\$324,438,180 in All Funds) in fiscal year 2024 and \$135,703,968 in General Revenue and \$202,541,217 in Federal Funds (\$338,245,185 in All Funds) in fiscal year 2025 in Strategy A.1.1, Aged and Medicare-Related; and
- (b) \$29,569,937 in General Revenue and \$44,577,347 in Federal Funds (\$74,147,284 in All Funds) in fiscal year 2024 and \$30,032,821 in General Revenue and \$44,824,659 in Federal Funds (\$74,857,480 in All Funds) in fiscal year 2025 in Strategy A.2.4, Nursing Facility Payments.

The Health and Human Services Commission (HHSC) shall only expend the funds in Subsections (a) and (b) to provide reimbursement rate increases that will increase the wages and benefits of direct care staff. HHSC shall implement the rate increases in a manner that will enable HHSC to ensure that at least 90 percent of the funds are expended for the benefit of direct care staff wages

HEALTH AND HUMAN SERVICES COMMISSION

and benefits and shall return to the Comptroller of Public Accounts any amount recouped from a provider who does not utilize the funds in accordance with that purpose. HHSC may not expend funds appropriated for nursing facility services in Medicaid managed care in lieu of payments that are currently authorized by the Centers for Medicare and Medicaid Services for the Quality Improvement Payment Program; and HHSC may not expend funds appropriated for nursing facility services in Medicaid fee-for-service that would not result in receipt of Federal Funds.

To receive reimbursement rate increases appropriated under Subsections (a) and (b), nursing facilities must report to HHSC on their biennial cost report information regarding the use of these funds, as specified by HHSC, including information related to efforts to improve or maintain client care and quality of services, and to demonstrate that at least 90 percent of the funds were expended for the purpose of direct care staff wages or benefits.

- 25. Patient Driven Payment Model for Nursing Facility Services.** Beginning on September 1, 2024, the Health and Human Services Commission (HHSC) must develop and implement a Texas version of the Patient Driven Payment Model (PDPM) methodology for the reimbursement of long-term stay nursing facility services in the Medicaid program to achieve improved care for long-term stay nursing facility services, excluding services provided by a pediatric care facility or any state-owned facilities.

It is the intent of the Legislature that reimbursement rates for nursing facility services should incentivize client care and quality of services over resource utilization and that nursing facilities participating in the Medicaid program should utilize reimbursement rate increases to improve staff-to-client ratios, staff training and education, and wages for direct care staff, as staffing is a primary and fundamental driver of client outcomes.

Included in appropriations above are the following amounts to implement the Nursing Facility PDPM:

- (a) \$40,087,983 in General Revenue and \$59,832,213 in Federal Funds (\$99,920,196 in All Funds) in fiscal year 2025 in Strategy A.1.1, Aged and Medicare-Related, for reimbursement rate increases for nursing facility services reimbursed using the new PDPM methodology.

- (2) In order to receive reimbursement rate increases appropriated under Subsection (a), nursing facilities must report to HHSC on their biennial cost report information regarding the use of these funds, as specified by HHSC, including information related to efforts to improve or maintain client care and quality of services; and

 - (1) Amounts available shall be expended prior to utilization of any General Revenue available for the same purposes; and
 - (2) In the event General Revenue has been expended prior to the receipt of CHIP Experience Rebates and CHIP Premium Co-payments, HHSC shall reimburse General Revenue. This process shall be completed on a monthly basis in order to prevent accumulation of CHIP Experience Rebates and CHIP Premium Co-payments.

Any other Article II agency is still subject to the requirements of Subsections (b) and (c) of this provision if any agency expenditures receive an enhanced federal match.

- (c) **Limitations on Use of Available General Revenue Funds.** Notwithstanding the limitations of Article IX, Section 13.02(a), in the event the actual FMAP and EFMAP should be greater than shown in subsection (a), or the amount of increased Federal Funds and reduced General Revenue Funds due to enhanced matches should be greater than shown in Subsection (b), or if any other matching rate becomes more favorable than the rate assumed in the General Appropriations Act, the health and human services agencies in Article II of this Act are authorized to expend the General Revenue Funds thereby made available only with the prior written approval of the Legislative Budget Board and Governor.

To request approval to expend available General Revenue Funds, an agency shall submit a written request to the Legislative Budget Board and the Governor. At the same time, the agency shall provide a copy of the request to the Comptroller of Public Accounts. The request shall include the following information, by fiscal year:

- (1) a detailed explanation of the proposed use(s) of the available General Revenue Funds and whether the expenditure(s) will be one-time or ongoing;
- (2) the amount available by strategy;
- (3) the strategy(ies) in which the funds will be expended and the associated amounts, including any matching Federal Funds;
- (4) an estimate of performance levels and, where relevant, a comparison to targets included in this Act; and
- (5) the capital budget and/or full-time equivalent impact.

Additional information requested by the Legislative Budget Board or the Governor should be provided in a timely manner. The request and information provided subsequently shall be prepared in a format specified by the Legislative Budget Board.

The request shall be considered to be approved unless the Legislative Budget Board or the Governor issue a written disapproval within 30 business days of the date on which the staff of the Legislative Budget Board concludes its review of the proposal to expend the funds and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor. Any requests for additional information made by the Legislative Budget Board shall interrupt the counting of the 30 business days.

The Comptroller of Public Accounts shall not allow the expenditure of General Revenue Funds made available if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

Sec. 5. Attorney General Representation. The Attorney General and the respective head of the Health and Human Services Commission or a health and human services agency listed in Article II of this Act are authorized to use the funds appropriated above to jointly select one or more Assistant Attorneys General to be assigned to the respective agency.

Sec. 6. Limitations on Transfer Authority. Notwithstanding the limitations of Article IX, Section 14.01, Appropriation Transfers, of this Act, the Executive Commissioner of the Health and Human Services Commission is authorized to make transfers of funding and full-time equivalents (FTEs) between all health and human services agencies listed in Article II of this Act, subject to the following requirements. Transfers that exceed \$1,000,000 in General Revenue or FTE adjustments of more than 10.0 FTEs are subject to the prior written approval of the Legislative Budget Board and the Governor.

Transfers below these thresholds require written notification to the Legislative Budget Board and Governor within 30 days of the transfer. The total of all transfers from a strategy may not exceed \$1,000,000 without the prior written approval of the Legislative Budget Board and the Governor.

Additional information requested by the Legislative Budget Board or the Governor should be provided in a timely manner. The request and information provided subsequently shall be prepared in a format specified by the Legislative Budget Board.

In the case of disaster or other emergency, this provision is superseded by the emergency-related transfer authority in Article IX of this Act.

(c) At the request of the Legislative Budget Board or the Governor, supporting documentation detailing the sources and methodologies utilized to develop any caseload or cost projections contained in the report and any other supporting material must be provided.

In the event that the forecasting function is transferred to another agency, the requirement for the Health and Human Services Commission to provide quarterly forecasts under Subsection (a) shall apply to the other agency.

Sec. 9. System Support Services.

DFPS and DSHS shall provide all necessary information to HHSC to complete the reports required by this subsection.

(2) **Notification of Anticipated Increases.** HHSC shall notify the Legislative Budget Board and the Governor if total expenditures for system support services are expected to exceed the amounts reported in Subsection (a) by more than \$1,000,000 in combined General Revenue and General Revenue-Dedicated during the fiscal year or if HHSC implements any new projects or services not presented to the Legislature that will result in an increase in the amounts assessed to DFPS or DSHS. Transferred appropriations shall only be expended by the receiving agency for system support services. This authority only applies if the appropriations to be transferred are appropriated in HHSC Goal L, System Oversight and Program Support, and the transfer will not create or increase a supplemental need. This authority is contingent upon HHSC submitting prior written notification to the Legislative Budget Board and Governor. The notification shall include:

- (1) the reason for the transfer;
- (2) amounts to be transferred by agency, strategy, method-of-financing, and fiscal year; and
- (3) the capital budget impact.

(d) **Limitations on Expenditures.** Amounts identified in Subsection (a) and any amounts transferred pursuant to Subsection (c) of this rider shall not be expended for a purpose other than system support services without prior written approval from the Legislative Budget Board and the Governor. review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor. Any requests for additional information made by the Legislative Budget Board shall interrupt the counting of the 30 business days.

- (e) **Requests and Notifications.** Any requests or notifications submitted by an agency listed in Article II of this Act, pursuant to any rider or other provision of this Act, shall include the anticipated impact the request or notification will have on system support service assessments by agency and method-of-financing.

Any amounts collected above this amount are appropriated to DSHS in amounts equal to the costs of the investigation and collection proceedings conducted under Health and Safety Code Section 431.0585, and any amounts collected as reimbursement for claims paid by the agency. In the event that actual and/or projected revenue collections are insufficient to offset the appropriations identified in this subsection, the Comptroller of Public Accounts is directed to reduce the appropriation authority provided above to be within the amount of revenue expected to be available.

Sec. 12. Rate Limitations and Reporting Requirements. Notwithstanding other provisions of this Act, the use of appropriated funds for a rate paid by the Health and Human Services Commission (HHSC) or the Department of State Health Services (DSHS) shall be governed by the specific limitations included in this provision.

For purposes of this provision, "rate" is defined to include all provider reimbursements (regardless of methodology), including for medications, that account for significant expenditures. "Fiscal impact" is defined as an increase in expenditures due to either a rate change or establishment of a new rate, including the impact on all affected programs. Additionally, estimates of fiscal impacts should be based

on the most current caseload forecast submitted by HHSC pursuant to other provisions in this Act and should specify method-of-financing. Fiscal estimates that impact multiple risk groups may be reported at an aggregate level and acute care services may be reported by rate category.

(a) **Notification of Change to Managed Care Rates.**

- (1) Within seven calendar days of the establishment of preliminary premium rates for managed care organizations (MCOs) contracting with HHSC, the Executive Commissioner of HHSC shall submit the following information in writing to the Legislative Budget Board, the Governor, and the State Auditor:
 - (i) a schedule showing the previous fiscal year's rate and the proposed rate, which should include information on the rate basis for the MCO reimbursements to providers;
 - (ii) a schedule and description of the rate-setting process for all rates listed for subsection (1), which should include:
 - (a) a thorough explanation of all formulas and rounding methodologies used in the rate setting process;
 - (b) identification of any claims excluded from the data in calculating rates;
 - (c) reasoning and basis for all trends used in the rate-setting process, including an analysis of any regional or plan-specific trends that cause the overall statewide trend to increase by more than one percent and a justification for assuming those trends will continue;
 - (d) all analyses conducted by the Data Analysis Unit (established pursuant to Government Code Section 531.0082) that are pertinent to the rate-setting process; and
 - (e) all documentation submitted to the Centers for Medicare and Medicaid Services (CMS) pursuant to 42 C.F.R. Section 438.7.

- (2) The Executive Commissioner of HHSC shall submit all available information identified in Subsection (1) if the preliminary rates are changed and shall also submit the reason for these changes. The Executive Commissioner of HHSC shall submit the final proposed rates along with the information listed in Subsection (1) no later than 45 calendar days prior to implementation.
- (3) Within seven days of the submission requirements listed above in Subsections (i) through (iii) for final proposed rates, the Executive Commissioner of HHSC shall submit a schedule identifying an estimate of the amount by which expenditures at such rate levels would exceed appropriated funding, by method-of-financing.

(b) **Orphan Drug Notification.** HHSC shall provide notification of a new or increased rate for an orphan drug within 60 calendar days following the addition of the drug as a payable benefit if managed care capitation rates are to be adjusted or the annual fiscal impact to fee-for-service expenditures is expected to exceed \$500,000 in General Revenue Funds. HHSC may allocate expenses between fee-for-service and managed care using a methodology that reflects the anticipated distribution of the client population eligible for the drug. An orphan drug must meet criteria specified in the federal Orphan Drug Act and regulations at 21 C.F.R. Section 316, and be required to be covered by the Medicaid program under federal law. With the notification, HHSC shall provide the fiscal impact by fiscal year and method-of-financing, the amount of drug rebates projected, and an estimate of the population to be served.

(c) **Semi-Annual Notification.** With the exception of statutorily required pricing updates on oral medications, HHSC shall provide notice on October 1 and April 1 of changed rates for:

**SPECIAL PROVISIONS RELATING TO
ALL HEALTH AND HUMAN SERVICES AGENCIES**

(Continued)

- (1) new procedure codes required to conform to Federal Healthcare Common Procedure Coding System (HCPCS) updates;
 - (2) revised rates occurring as a result of a regularly scheduled rate review;
 - (3) any rate change or new rate for which managed care capitation rates will not be adjusted and estimated to have an annual fiscal impact of less than \$500,000 in General Revenue Funds; and
 - (4) any orphan drug not subject to the requirements of subsection (b).
- (d) **Limitation on Rates that Exceed Appropriated Funding.** With the exception of those rates specified in Subsections (b) or (c), HHSC and DSHS may not pay a rate that would result in expenditures that exceed, in any fiscal year, the amounts appropriated by this Act to a strategy for the services to which the rate applies without the prior written approval of the Legislative Budget Board and the Governor.

To request authorization for such a rate, the Executive Commissioner of HHSC shall submit a written request to the Legislative Budget Board and the Governor. At the same time, the agency shall provide a copy of the request to the Comptroller of Public Accounts. The request shall include the following information:

- (1) a list of each new rate and/or the existing rate and the proposed changed rate; and
- (2) an estimate of the fiscal impacts of the new rate and/or rate change by agency, method-of-financing, and fiscal year.

The request shall be considered to be approved unless the Legislative Budget Board or the Governor issues a written disapproval within 15 business days of the date on which the staff of the Legislative Budget Board concludes its review of the request for authorization for the rate and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor. Any requests for additional information made by the Legislative Budget Board shall interrupt the counting of the 15 business days.

- (e) Additional information requested by the Legislative Budget Board or the Governor should be provided in a timely manner. Notifications, requests, and information provided subsequently shall be prepared in a format specified by the Legislative Budget Board.
- (f) The Office of the State Auditor may review the fiscal impact information provided under Sections (a) through (d) along with supporting documentation, supporting records, and justification for the rate increase provided by HHSC and report back to the Legislative Budget Board and the Governor before the rate is implemented.
- (g) The Comptroller of Public Accounts shall not allow the expenditure of funds for a new or increased rate if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

Sec. 13. Locality Pay. Out of funds appropriated above, the health and human services agencies listed in Article II of this Act are authorized to pay a salary supplement, not to exceed \$1,200 per month, to agency-determined employees whose duty station is located in an area of the state in which the high cost of living is causing excessive employee turnover, as determined by the agency. This salary supplement shall be in addition to the maximum salary rate authorized for that position elsewhere in this Act. In the event that an employee so assigned works on a less than full-time basis, the maximum salary supplement shall be set on a basis proportionate to the number of hours paid.

Sec. 14. Limitation: Expenditure and Transfer of Public Health Medicaid Reimbursements.

- (a) **Appropriations.** Included in the amounts appropriated to the Department of State Health Services (DSHS) and the Health and Human Services Commission (HHSC) are the following amounts of Public Health Medicaid Reimbursements (Account No. 709):

Appropriations from Account No. 709 shall be expended prior to utilization of General Revenue or General Revenue-Dedicated Funds in strategies identified in this subsection. In the event General Revenue or General Revenue-Dedicated Funds have been expended prior to the receipt of appropriations from Account No. 709, DSHS or HHSC shall reimburse General Revenue or General Revenue-Dedicated on a monthly basis.

(b) Limitation on Use of Public Health Medicaid Reimbursements (Account 709).

- (1) In the event that Public Health Medicaid Reimbursement revenues exceed the amounts noted above in a fiscal year, the funds are transferred to the Newborn Screening Preservation Account, established in Health and Safety Code, Section 33.052. If this occurs, DSHS may notify the Comptroller of Public Accounts, the Legislative Budget Board, and the Governor of the amount that DSHS projects will be received in excess of the amounts appropriated, along with sufficient information to reflect how the estimate was determined. If the Comptroller finds the information sufficient to support the projection of additional revenue, a finding of fact to that effect shall be issued to reflect additional revenue for the year to be deposited to the Newborn Screening Preservation Account 5183.
- (2) In the event that screens on the Recommended Uniform Screening Panel are not currently offered by DSHS, DSHS may provide notification of the intent to expend the funds available in the Newborn Screening Preservation Account 5183 up to \$12,000,000 for the biennium. The notification must be provided to the Legislative Budget Board and the Governor at least 30 days prior to the expenditure.

The request shall include the following information:
 - (A) a detailed explanation of the purpose(s) of the increase in expenditure and whether the expenditure will be one-time or ongoing;
 - (B) the name of the strategy or strategies affected by the increase/decrease and the FTEs for each strategy by fiscal year;
 - (C) the impact on performance levels, and, where relevant, a comparison to targets included in this Act for the affected strategy or strategies; and
 - (D) the impact of the expenditure on the capital budget.

The request shall be considered to be approved unless the Legislative Budget Board or the Governor issues a written disapproval within 30 business days after the date the Legislative Budget Board staff concludes its review of the proposal to expend the funds and forwards the review to the Chair of the House Appropriations Committee, Chair of the Senate

Finance Committee, Speaker of the House, and Lieutenant Governor. Any requests for additional information made by the Legislative Budget Board shall interrupt the counting of the 30 business days.

- (4) In the event that the notification occurs in b(2) or the request in b(3) is approved, notwithstanding the limitations of Article IX, Section 14.03, Transfers-Capital Budget, DSHS is authorized to transfer from a non-capital budget item to an existing capital budget item or a new capital budget item to implement the new test using funds from the Newborn Screening Preservation Account. DSHS will provide a prior written notification to the Legislative Budget Board and the Governor's office.
 - (5) In the event that the notification occurs in b(2) or the request in b(3) is approved, any unexpended and unobligated balances remaining as of August 31, 2023, are appropriated to DSHS for the fiscal year beginning September 1, 2023, for the same purpose. Any unexpended and unobligated balances remaining as of August 31, 2024, are appropriated to DSHS for the fiscal year beginning September 1, 2024, for the same purpose.
 - (6) In the event that Public Health Medicaid Reimbursement revenues and balances are insufficient to support appropriations amounts identified in subsection (a), a reduction shall be made in HHSC Strategy A.4.1, Non-Full Benefit Payments.
- (c) **Addition of New Newborn Screening.** In the event that additional screens are added to the Recommended Uniform Screening Panel in the biennium, additional revenue from the account shall be used as follows:
- (1) fund DSHS increased cost for the test; and
 - (2) deposited to the credit of the Newborn Screening Preservation Account, established in Health and Safety Code, Section 33.052.

Sec. 15. Use of Trauma Fund Receipts. In an effort to maximize the availability of Federal Funds under Medicaid for the purposes of providing reimbursement for uncompensated trauma care at designated facilities and providing increases in Medicaid inpatient provider rates, the Department of State Health Services (DSHS) and the Health and Human Services Commission (HHSC) shall enter into an interagency contract to allow for the transfer of funds from General Revenue-Dedicated Designated Trauma Facility and EMS Account No. 5111, from DSHS to HHSC for this purpose.

Appropriations include \$96,012,978 in fiscal year 2024 and \$98,085,200 in fiscal year 2025 out of the General Revenue-Dedicated Designated Trauma Facility and EMS Account No. 5111 to the Department of State Health Services, Strategy B.2.1, EMS and Trauma Care Systems. Of that amount, \$82,189,313 in fiscal year 2024 and \$84,261,535 in fiscal year 2025 is to be transferred through the interagency contract to HHSC to provide add-on payments for trauma care and safety-net hospitals in Medicaid.

If funds are not available in the amount appropriated from General Revenue-Dedicated Designated Trauma Facility and EMS Account No. 5111 in this Act, the amounts identified for transfer through interagency contract to HHSC shall be reduced by the amount that funds are less than appropriations and an equal amount of General Revenue Funds is appropriated to HHSC.

Sec. 16. Prohibition on Use of Appropriations for the Private Operation of a State Hospital. No funds appropriated by this Act shall be used to solicit bids for the private operation of a state hospital or for the private operation of a state hospital, without approval from the Legislative Budget Board.

Sec. 17. Charges to Employees and Guests. Collections for services rendered to employees and guests at the state supported living centers, state mental health hospitals, Rio Grande State Center, or the Texas Center for Infectious Disease ("facilities") shall be made by a deduction from the recipient's salary or by cash payment in advance. Such deductions and other receipts for these services from employees and guests are appropriated to the facilities. Refunds of excess collections shall be made from the appropriation to which the collection was deposited.

As compensation for services rendered, facilities may provide free meals for food service personnel and volunteer workers, and may furnish housing, meals, and laundry service in exchange for services rendered by interns, chaplains in training, and student nurses.

Sec. 18. New or Additional Facilities. No funds appropriated by this Act may be spent for constructing new or additional facilities or for the purchase of sites without specific authorization of the Legislature. All facilities shall be kept where they are located by the Legislature, and all new buildings to be constructed shall be on these sites unless otherwise specifically authorized by the Legislature. For the purpose of this section, specific authorization may be granted either by basic statute or special authorization in this Act.

Sec. 19. Revolving Petty Cash Funds. Each state mental health hospital, each state supported living center, the Rio Grande State Center, and the Texas Center for Infectious Disease may establish a petty cash fund to be maintained in cash or at a local bank. The petty cash fund, not to exceed \$25,000, shall be used only for making emergency payments and small purchases which will increase the efficiency of the operation; for payments to client workers on a regular payday basis; for use as change funds in specific locations where financial activities of the agency require a change fund; and for supplies and equipment purchases for on-campus work centers.

Sec. 20. Transfers of Appropriation - State Owned Hospitals. The Health and Human Services Commission (HHSC) and the Department of State Health Services (DSHS) shall transfer from non-Medicaid state appropriated funds the following amounts from HHSC Strategy G.2.1, Mental Health State Hospitals, and DSHS Strategy A.2.5, TX Center of Infectious Disease, to HHSC Goal B, Medicaid and CHIP Contracts and Administration, for the Disproportionate Share Hospital Reimbursement Program:

The estimates identified in subsections (a) - (d) are projections provided by the Comptroller of Public Accounts and Texas Education Agency and used solely to determine initial state aid payments to school districts, and do not factor into the calculations of local tax base changes. Actual property value changes are determined by local appraisal districts.

The accounts of the Texas State Technical College shall be maintained and audited in accordance with the approved reporting system. The Texas State Technical College shall deliver to the Texas Higher Education Coordinating Board, any such program reports as it may deem necessary in accordance with its rules and regulations.

These enrollment reports shall be submitted in the form and on the date required.

The above reports shall be certified to the Comptroller of Public Accounts no later than the date required by the Coordinating Board, and each term copies of the above certified enrollment reports shall be sent to the Coordinating Board, Legislative Budget Board, Governor, State Auditor and Legislative Reference Library.

The Texas State Technical College shall offer only such courses as are economically justified in the considered judgment of the Board of Regents. The Board of Regents shall adopt policies specifying the conditions under which classes of less than 10 students by headcount are to be considered necessary and justifiable. The Board of Regents shall direct the chancellor or other officials to review enrollment data prior to the designated Coordinating Board census date and take all necessary actions to ensure that the small classes offered on each campus are only those that conform with established policies on small classes.

- 4. Certification of Compliance.** Expenditure of the funds appropriated herein above is contingent upon annual certification by the chancellor of the Texas State Technical College to the Comptroller of Public Accounts that the Texas State Technical College is in compliance with these provisions regarding budgets, accounting procedures and enrollment.
- 5. Approved Geographic Locations.** None of the funds appropriated above to the Texas State Technical College shall be expended in promoting, developing or creating a campus or extension center at any other location in the state except as specified in Education Code §135.02.
- 6. Temporary Special Courses.** Out of funds appropriated herein above to the Texas State Technical College in pre-apprenticeship, related training for apprentices and specialized training for journeymen and compensatory training for pre-apprenticeship and apprenticeship enrollees, and plant expansion and new plant start-up training program no more than \$50,000 per year may be expended wherever the need exists within the state in conjunction with curriculum approval by the Texas Higher Education Coordinating Board. Such expenditure of funds for these special courses are temporary in nature and outside the provision of Education Code §135.04.
- 7. Aircraft Pilot Training Programs.** Funds may be used for the operation, maintenance or lease of aircraft for use in the Aircraft Pilot Training programs subject to the requirement that excess costs of flight instruction be recovered by an assessment of charge to student pilots. This income shall be separately accounted for and credited as a reduction in expenditure in the Aircraft Pilot Training Program.
- 8. 9. Chancellor Salary. Out of the funds appropriated, transferred, or contracted to the system office, an amount not to exceed \$70,231 in 2024 and \$70,231 in 2025 may be expended for the salary of a chancellor. The chancellor may receive in addition to the above amount a house, utilities, and/or supplement from private sources. If a system owned house is not available an amount not to exceed \$7,200 per year from the system office appropriation and additional funds from gifts and grants where required, may be provided in lieu of house and utilities.

10. Returned Value Funding Model for Texas State Technical Colleges. Funding is recommended for and allocated among Texas State Technical Colleges (TSTCs) based on the additional direct and indirect state tax revenues generated as a result of the education provided to students by the TSTCs. The funding methodology is based on the following components:

- a. The model includes the cohort of TSTC graduates (earning an associate's degrees or certificate), transfers, and leavers (students who were not found in Texas higher education for two years following the last time they were enrolled in the TSTC) with a minimum completion of nine semester credit hours from 2016 and 2017.
- b. The cohorts were matched with Unemployment Insurance wage records for employment and wage information for five years after the students graduated from or left the TSTC to establish annual wages for each student. Direct value-added was defined as the incremental state tax revenue attributable to former TSTC students' jobs, based on the difference between former TSTC students' annual wages and a base wage representing a full-time employee earning minimum wage (7 percent of the wage delta). Indirect value-added was defined as the direct value-added multiplied by 1.5, an economic multiplier derived from a U.S. Bureau of Economic Analysis study. Total direct and indirect values-added were summed for each group of students by campus across five years.
- c. Values-added were reduced by a certain percentage, based on the assumption that the benefits would accrue both to the state and TSTCs but with only a portion of the added value included in the formula calculations.
- d. Values-added by campus were divided into the total TSTC value added to define each institution's proportional share of overall formula funding.

The Texas State Technical College System shall continue to work with the Texas Higher Education Coordinating Board, the Legislative Budget Board and other relevant agencies to refine the new Returned Value Funding Formula for the TSTCs. It is the intent of the Legislature that recommended adjustments to the formula shall be ready for implementation in the 2026-27 biennium and shall further the goal of rewarding job placement and graduate earnings projections, not time in training or contact hours.

11. Small Institution Supplement. The Small Institution Supplement, as a set-aside within the General Academic Institution Infrastructure Formula, shall provide supplemental funding to the Texas State Technical Colleges with headcounts of fewer than 10,000 students. For the 2024-25 biennium, Texas State Technical Colleges with a headcount of fewer than 5,000 students shall receive a small institution supplement of \$2,633,133. The small institution supplement shall decrease proportionate to the increase in headcount above 5,000 until the institution reaches 10,000 headcount. Once an institution reaches 10,000 headcount, it shall no longer be eligible for this supplement.

7. **Administrative Accountability**

Sec. 6. Expenditure Provisions. 3. **Revolving Funds.**
 - a. Each institution affected by this section, at its option, is hereby authorized to maintain a revolving fund to facilitate the payment of nominal expenses and to pay bills within cash discount periods. The institutions may use the revolving fund for regular monthly payrolls as well as for weekly and special payrolls. Disbursements from the revolving funds are to be reimbursed from respective items of educational and general appropriation made herein, the Comptroller of Public Accounts being hereby authorized to make such reimbursements on claims filed with her by the institutions under her regularly prescribed procedures except that one voucher and one warrant may cover any number of claims for this purpose. These reimbursement claims shall meet the same requirements as other claims against state appropriations, and each institution shall prepare such a reimbursement claim as at the close of business on the last day of each month and as many times during the month as may be expedient in order to make unnecessary the maintaining of an unreasonably large revolving fund.
 - b. The respective governing board shall determine the amounts of the revolving funds to be set up for each institution, and may increase or decrease the amounts if necessary. Such governing board shall designate a depository bank for each revolving fund, and shall specify the officers and/or employees to sign checks drawn on each such fund. The depository bank for each revolving fund shall be required to secure the deposit as provided by law.
 - c. Appropriations to all institutions of higher education and systems, except funds identified exclusively for salaries, may be used to reimburse any revolving fund operated for the benefit of one or more parts or component units of an institution or system, such as a motor pool for managing automotive vehicles authorized by this Act, a feed supply center, an office supply or laboratory supply center, a computer center, or any other operations of a similar nature established by authority of the governing board of said institution or system.
4. **Local Depositories.** The governing boards of the respective institutions for which appropriations are made in this Article are hereby authorized to select depository banks for the safekeeping of funds which are authorized, by statute, to be maintained outside the state treasury. The boards shall require depository banks to furnish adequate surety bonds or securities to be posted for the assurance of safety of such deposits. The depository bank or banks so selected are hereby authorized to pledge their securities for assurance of safety for such funds. All such local funds shall be deposited in these depositories within seven (7) days from date of collection. The governing boards may require the depository so designated and selected to pay interest on deposits at a rate to be agreed upon by said depositories and said boards.

5. Investment Reports.

- a. The governing board of each of the educational institutions named in this Article shall file with the State Auditor, Comptroller of Public Accounts, Legislative Budget Board, and the Governor an annual report of all investment transactions involving endowment funds, short-term and long-term investment funds, and all other securities transactions, in a method prescribed by the State Auditor's Office. Copies of such reports shall be available for public inspection. In addition to the annual report, each institution shall publish and maintain on its website for at least two years quarterly investment reports in any format it deems appropriate.
- b. The governing boards of each educational institution named in this Article must adopt formal investment policies. Each governing board shall submit to the Legislative Budget Board and State Auditor's Office a copy of their investment policy by December 31 of each year.

6. Central Services Accounts.

- a. Out of funds appropriated in this Article, the governing boards of the university systems and their component units, and institutions of higher education may employ persons to serve two or more parts or component units of the system or institution and may pay their salaries in whole or in part from the informational items of appropriation made herein to any component unit. The governing boards are authorized to establish accounts from which salaries and expenses for the administration and supervision of the units of the system or institution may be paid and to require the units, including any other agency the administration of which it may be charged with by law, to pay into this account from any general revenue, local, or institutional funds their proportionate share as determined by the board for the expense of such administration and supervision. The Comptroller of Public Accounts is authorized to set up an account for each of the systems or institutions and to deposit in the account funds to the amount authorized by the governing boards and executive heads of the respective units, from funds appropriated by the Legislature to the units for noninstructional salaries and general operating expenses. The Comptroller is authorized to draw warrants against such accounts based on vouchers submitted by the systems or institutions in payment of salaries, maintenance, equipment, or travel incidental to the administration and supervision of the respective units.
- b. The systems and institutions whose governing boards and component units are subject to the above are authorized to establish the following accounts:

Texas A&M University System Central Services Account
The University of Texas System Central Services Account
University of Houston System Central Services Account
Texas Tech University System Central Services Account
University of North Texas System Central Services Account
Texas State University System Central Services Account
- c. Travel expense incurred by a person employed by one unit of an above system or institution in connection with service to the other units may be reimbursed by the unit for which such services are performed or proportionately if more than one such unit is involved.

- 7. Utility Revolving Funds.** The governing boards of Texas Woman's University, West Texas A&M University, all components of the University of Houston System, Texas State University System, Texas Tech University System, University of North Texas System, and The University of Texas System are authorized to use appropriated funds, except funds expressly identified for salaries, to make payments of debt service and other payments in connection with utility plant revenue bonds and utility plant operation and maintenance expenses, and/or to reimburse any revolving fund now or hereafter established in connection with providing utility services to any building or facility of the college or university, in accordance with the general principles established in Education Code, §55.11, and the creation and maintenance of any such revolving fund is hereby authorized.

8. **Appropriation Expenditure Authorization.**

- a. The educational and general appropriations made in this Act to the general academic teaching institutions, health related institutions, and Texas State Technical College may be expended for the following purposes, including, but not limited to: Instruction; Research; Public Service; Academic Support; Student Services; Institutional Support; Operation and Maintenance of Plant; Scholarships; Staff Benefits; Organized Activities; and Patient Care. Major repairs and rehabilitation of buildings and facilities may be purchased from appropriated funds, but may not be purchased from general revenue funds that are not expressly identified or allocated for such purposes.
- b. No educational and general funds appropriated to any institution or agency named in this article may be expended on auxiliary enterprises, unless specifically authorized in this Act.

9. **Capital Construction Assistance Projects and Other Revenue Bonds.** Funds clearly identified in separate informational strategies to the state institutions of higher education named in this Article for capital construction assistance projects or other revenue bond retirement may be expended only to reimburse institutions for debt retirement authorized by Education Code §55.17 through §55.17991 and §55.19. Any funds in excess of the amount expended for regularly scheduled principal and interest for debt service reimbursements due each year shall be lapsed to the General Revenue Fund at the end of each fiscal year. Funds may be used for bond and commercial paper debt service payments, which can include principal, interest and fees.

Sec. 7. Recruitment of Students. No funds appropriated by this Act may be expended for travel expenses incurred outside the boundaries of the State of Texas for the purpose of direct recruitment of students.

Sec. 8. Television Stations Prohibited. None of the educational and general funds appropriated in this Article may be expended for the acquisition, construction, or operation of television transmitter stations; provided, however, this prohibition shall not be construed so as to prevent the institutions of higher education named in this Article from using closed-circuit television for purely instructional purposes, or to prevent institutions with existing public broadcasting or transmitter stations to use them for educational purposes, or to prevent the continuance of operating arrangements with existing transmitter stations for purely educational purposes; or to prevent cooperative arrangements with public broadcast stations.

Sec. 9. Intercollegiate Athletics. The special and general provisions of Articles III and IX of this Act shall not apply to intercollegiate athletics. The governing boards of the respective institutions of higher education shall use the appropriations in this Act to make such necessary rules and adjustments as may be deemed advisable for the management and operation of such activities; however, no funds under control of intercollegiate athletics may be used to purchase alcoholic beverages; no educational and general funds appropriated may be used for the operation of intercollegiate athletics; such rules and adjustments shall be designed to complement the rules applicable to other departments of the respective institution; and finally, such rules and adjustments shall specifically prohibit violation of National Collegiate Athletic Association (NCAA) or other governing body rules with respect to recruitment of athletes.

Sec. 10. Prohibition Against Additional Museums. None of the educational and general funds appropriated in this Article shall be used for establishing additional museums or for the maintenance and operation of museums unless the language of this Act or of other acts and resolutions of the Legislature specifically authorizes such use of educational and general funds. As an exception to this provision, in order to encourage and promote gifts, grants, or donations to institutions of higher education, it is specifically provided that an institution which receives such gifts, grants, or donations for the construction or establishment of a museum, which is added to an institution's building inventory after September 1, 1997, may use educational and general funds appropriated by this Article for the maintenance and operation of such a museum. This exception applies only to the authority to spend appropriated funds for these purposes; such museum space shall not be included in formula calculations for purposes of determining the amounts of appropriations due for maintenance or operations of institutional facilities.

SPECIAL PROVISIONS RELATING ONLY TO STATE AGENCIES OF HIGHER EDUCATION

Sec. 11. Method of Financing Scholarships.

1. Out of the funds identified by this Article in the informational items described as "Other Educational and General Income," the respective governing boards of the general academic teaching institutions and of the health centers, health science centers, or technical colleges may allocate and expend the actual receipts in such informational item for student scholarships pursuant to the provisions of Education Code §56.031 to §56.039, cited as the Texas Public Educational Grants Program.
2. No educational and general funds appropriated in this Act for scholarships to institutions of higher education may be used to provide athletic scholarships.
3. Out of the additional funds appropriated for the 2024-25 biennium funds allocated and expended by the respective governing boards for need-based student scholarships shall be allocated and expended without regard to the race, sex, color, or ethnicity of the student recipient.

Sec. 12. Use of Educational and General Funds for Alumni Activities Prohibited. None of the educational and general funds appropriated by this Article may be expended by institutions of higher education for the support or maintenance of alumni organizations or activities.

Sec. 13. Limitation of Nonresident Enrollment in Certain State-supported Professional Schools.

1. None of the funds appropriated by this Act may be expended for the establishment, operation, or maintenance, or for the payment of any salaries to the employees in, any wholly or partially state-supported medical, dental, or law school which: (a) imposes a limitation on the number of students that it admits, (b) in an academic semester denies admission to one or more Texas residents who apply for admission and who reasonably demonstrate that they are probably capable of doing the quality of work that is necessary to obtain the usual degree awarded by such school, and (c) in the same academic semester admits, as either class, nonresidents of the State of Texas in a number greater than 10 percent of the class of which such nonresidents are a part. Limitation of nonresident enrollment at The University of Texas Law School, Texas Tech University School of Law, and the University of Houston Law Center may be increased to 35 percent of the class of which nonresidents are a part provided that the admission of such nonresident students is on the basis of academic merit alone. By the provisions of this paragraph it is intended to withhold funds appropriated by this Act from state-supported medical, dental, and law schools which limit their enrollments and which fill more than 10 percent of their classes with non-resident students in the case of medical and dental schools, and 35 percent in the case of The University of Texas Law School, Texas Tech University Law School, and the University of Houston Law Center, when the result of admitting a nonresident denies admission to a qualified Texas applicant. This provision shall not apply to the funds appropriated to the Coordinating Board for the funding of Baylor College of Medicine or to funds appropriated for tuition equalization grants for students attending private colleges.
2. In addition, The University of Texas Southwestern Medical Center may admit up to 25 competitively recruited medical students in each entering class for a specialized six-year program of clinical and research training designed to lead to the MD and PhD degrees irrespective of whether those students are Texas residents.
3. Texas medical schools may enroll up to 6 competitively recruited medical students, who already possess the DDS degree, in each second year medical school class for a specialized six-year program in oral and maxillofacial surgery comprised of the last three years of medical school and a three year residency program irrespective of whether those students are Texas residents.
4. The University of Texas Health Science Center at Houston may admit up to 25 competitively recruited medical students in each entering class for a specialized program of clinical and research training designed to lead to the MD and PhD degrees irrespective of whether those students are Texas residents.
5. The Texas A&M University System Health Science Center may admit up to 25 competitively recruited nonresident medical students in each entering class for specialized programs of clinical and research training designed to lead to the MD and MS in Engineering degrees or MD degrees for students from military academies or recipients of military health professions scholarships.

SPECIAL PROVISIONS RELATING ONLY TO STATE AGENCIES OF HIGHER EDUCATION

(Continued)

6. The Texas A&M University System Health Science Center may admit up to 20 competitively recruited nonresident dental students each year into the International Advanced Standing Program (IASP) designed to allow graduates sit for dental board examinations to secure licensure to practice dentistry in the United States.

Sec. 14. Off-campus Instruction. General academic institutions may use the funds appropriated in this Act to teach courses off campus with the following restrictions:

1. At the conclusion of each fiscal year, the Coordinating Board shall file a report with the Governor and the Legislative Budget Board on all general academic institutions concerning off-campus semester credit hours for that fiscal year.
2. Semester credit hours generated at upper level centers authorized by the Legislature or by the Coordinating Board, as well as at Prairie View A&M University's Houston nursing program and Texas Woman's University nursing programs in Dallas and Houston, are not considered to be off-campus.
3. All courses taught off campus must be taught by a regular faculty member or administrator who is employed at least half-time on the main campus of the institution. The Commissioner of Higher Education may waive this requirement in special cases where institutions can justify the use of a uniquely qualified individual. Allied health and vocational instructors are exempted from this requirement.

Sec. 15. Tuition and Other Educational and General Local Fee Collection. No institution of higher education shall receive appropriations through formula funding in this Act unless it collects from each student whose semester credit hours are to be included in formula funding calculations all tuition and all fees in accordance with the installment tuition and fee payment plan provided for by the Education Code, (Chapter 54, as amended) on or before the end of the 20th class day for each regular semester and the 15th class day for each summer session. Valid contracts with the United States Government for instruction of eligible military personnel and valid contracts with private business and public service-type organizations or institutions such as hospitals may be considered as collections thereunder but subject to adjustments after final payment thereof. Financial aid awards processed by the financial aid office but not yet issued to the student may be considered as collections thereunder but subject to adjustments after final payment thereof.

Sec. 16. Formula Variable and Educational and General Income Audits. The Texas Higher Education Coordinating Board in consultation with the State Auditor's Office and the Legislative Budget Board shall clearly define all variables used by the Eighty-eighth Legislature in arriving at formula appropriations for fiscal years 2024 and 2025. According to an audit plan developed in consultation with the Coordinating Board and Legislative Budget Board, all variables of selected formulas used in making fiscal years 2024 and 2025 formula appropriations are subject to audit by the Coordinating Board. The Coordinating Board shall report any differences from data submitted by the institutions to the State Auditor, the Legislative Budget Board, and the Governor. The Coordinating Board shall then calculate a new appropriations amount for each institution that reported data in conflict with that verified by the Coordinating Board. These calculations shall then be reported to the Legislative Budget Board, Governor, and the Comptroller of Public Accounts and may be used to revise appropriation authority accordingly. The calculation of revised appropriation amounts shall allow each institution an error rate of up to 2 percent of the biennial appropriations related to the variables audited at that institution.

In addition, components of educational and general income reported in the institutional requests for legislative appropriations for fiscal years 2024 and 2025 are subject to audit by the State Auditor.

The State Auditor or Coordinating Board may request the assistance of an institution's internal auditor in performing the audits described in this section.

Sec. 17. System Offices Funding Authorized. Educational and general funds appropriated to components of The University of Texas, Texas A&M University, University of Houston, Texas Tech University, University of North Texas, Texas State University System, and Texas State Technical College Systems may be transferred or contracted to system offices to provide support for coordination, administration, and other related services.

SPECIAL PROVISIONS RELATING ONLY TO STATE AGENCIES OF HIGHER EDUCATION

Sec. 18. Annual Reports of Health Related Institutions Practice Plans. As a limitation and restriction upon appropriations made by this Act, all agencies that have a public health related institution covered under Article III shall not expend funds after a period of 120 days following the close of the fiscal year, unless there has been filed with the Governor, the State Auditor, the Legislative Budget Board, the Legislative Reference Library, and the Comptroller of Public Accounts an annual report as of August 31 of the preceding fiscal year showing the use of practice plan funds. The annual report shall conform to a uniform reporting system developed by the State Auditor's Office for all financial data concerning the health related institutions practice plans.

Sec. 19. Self-insurance Funds. Any funds of an institution of higher education used for or allocated to a self-insurance fund authorized by Government Code, Chapter 2259, for a risk otherwise insurable by the institution of higher education, including a reserve account for lump sum payments of vacation and sick leave, shall be treated by the Comptroller of Public Accounts as an expenditure of the respective funds. The self-insurance funds so created shall be considered designated funds as that term is used in §51.008(b) of the Education Code. Any self-insurance fund reserves so created shall not exceed in amount the maximum value determined to be actuarially sound for each such self-insurance program.

Sec. 20. Uncompensated Care Reporting Requirement. The public health-related institutions shall use the appropriations in this Act to include in their biennial legislative appropriations request information including the actual amount of uncompensated care provided through each institution's respective physician practice plan, and if applicable, hospital or clinic using the uncompensated care reporting requirement established by the Health and Human Services Commission.

Uncompensated care includes the unreimbursed costs for the uninsured (those with no source of third party insurance) and the underinsured (those with insurance who after contractual adjustment and third party payments have a responsibility to pay for an amount they are unable to pay). Uncompensated care also includes the unreimbursed cost from governmental sponsored health programs. To calculate uncompensated care, charges will be converted to costs by application of a standard, auditable ratio of cost to charge and providers will recognize appropriate patient specific funding and lump sum funding available to offset costs. Any amounts received by the Physician Practice Plan from Upper Payment Limit shall be counted as payments received for uncompensated care.

Sec. 21. County Indigent Care Contracts.

1. **Contracts Required.** It is the intent of the Legislature that all institutions of higher education providing indigent health care contract with relevant counties in their service area to recover the costs associated with treating those counties' indigent patients.
2. **County Indigent Care Contracts Reporting.** The University of Texas Medical Branch at Galveston, The University of Texas M.D. Anderson Cancer Center, and The University of Texas Health Science Center at Tyler shall submit to the Legislative Budget Board and the Governor at the end of each fiscal year a list of counties whose indigent residents have been served by each institution; the total amount of reimbursement received by each institution from each county pursuant to the Indigent Health Care and Treatment Act; and the total cost, by county, of services provided by each institution for which counties are liable pursuant to the Indigent Health Care and Treatment Act. In addition, each institution shall report annually (no later than March 1st) to the Legislative Budget Board and Governor on the status of contract agreements or negotiations with each county whose indigent residents have been served by the institution.

Sec. 22. Ethics Policy.

1. None of the funds appropriated by this Act may be expended by an institution of higher education until its governing board has adopted an ethics policy which includes the requirements of Texas Government Code Section 572.051. The ethics policy shall apply to the board of regents and its staff, the administration, staff, and faculty of the institutions under the board's governance.
2. The ethics policy adopted by each board of regents shall also include specific provisions regarding sexual harassment.

Sec. 23. Driscoll Children's Hospital. No funds appropriated to a health-related institution of higher education shall be used to replace or duplicate the Driscoll Children's Hospital in caring for children with special health-care needs, including pediatric cardiovascular diseases, or in assuming the direct care of those children. This rider language shall not restrict the traditional referral patterns utilized by physicians to refer patients to health related institutions.

Sec. 24. Participation in Drug Development Research Projects. A public university may not expend funds appropriated by this Act, including appropriations of grants or gifts, to conduct a drug development research protocol involving a person who is receiving mental health services under a protective custody order, pursuant to Chapter 574, Health and Safety Code. This rider is not intended to limit or prohibit provisions for treatment established under §576.022, Health and Safety Code.

Sec. 25. Post Tenure Review. None of the funds appropriated by this Act may be expended by an institution of higher education until its governing board has filed with the Texas Higher Education Coordinating Board policies and procedures regarding post tenure review which have been adopted by the board of regents. Post tenure policies shall include review procedures to determine that a tenured faculty member is performing consistently at an acceptable, professional level and a mechanism whereby a faculty member is informed of any deficiencies and provided opportunities to effectively improve his or her performance.

Sec. 26. General Academic Funding. Appropriations made in this Act for formula funding for general academic institutions will consist of four formulas and supplemental items.

1. **Instruction and Operation Formula.** The Instruction and Operations Formula shall provide funding for faculty salaries, including nursing, departmental operating expense, library, instructional administration, research enhancement, student services, and institutional support. These funds are distributed on a weighted semester credit hour basis. The rate per weighted semester credit hour for the 2024-25 biennium is \$55.66 in fiscal year 2024 and fiscal year 2025.

Weighting is determined by the following matrix:

2. **Teaching Experience Supplement.** For the 2024-25 biennium, an additional weight of 10 percent is added to lower division and upper division semester credit hours taught by tenured and tenure-track faculty. Furthermore, it is the intent of the Legislature that the weight shall increase by 10 percent per biennium, up to 50 percent.

3. **Infrastructure Support.** Funding associated with plant-related formulas and utilities shall be distributed by the infrastructure support formula which is driven by the predicted square feet for universities' educational and general activities produced by the Space Projection Model developed by the Coordinating Board. The portion of the formula related to utilities is adjusted to reflect differences in unit costs for purchased utilities, including electricity, natural gas, water and wastewater, and thermal energy. The average rate per square foot is \$5.47 in fiscal year 2024 and fiscal year 2025.

4. **Supplemental Non-formula Items.** Institutions shall receive a direct reimbursement as applicable for staff group insurance (other educational and general income portion), workers' compensation insurance, unemployment compensation insurance, public education grants, organized activities, scholarships, tuition revenue bond payments, and facility lease charges. Institutions may receive an appropriation for non-formula support items. Revenue derived from board authorized tuition would still be appropriated to the institutions levying the additional charges.
 - a. The General Academic Instruction and Operations and Infrastructure formulas shall incorporate the Higher Education Coordinating Board's October 2006 recommendations for mission-specific formula funding for Texas A&M University at Galveston.
5. **Small Institution Supplement.** The Small Institution Supplement, as a set-aside within the General Academic Institution Infrastructure Formula, shall provide supplemental funding to general academic institutions with headcounts of fewer than 10,000 students. For the 2024-2025 biennium, general academic institutions with a headcount of fewer than 5,000 students shall receive a small institution supplement of \$2,633,133. The small institution supplement shall decrease proportionate to the increase in headcount above 5,000 until the institution reaches 10,000 headcount. Once an institution reaches 10,000 headcount, it shall no longer be eligible for this supplement.

These formulas and supplemental items shall be reviewed and updated by study committees appointed by the Higher Education Coordinating Board and recommended changes forwarded to the Legislature, Legislative Budget Board, and Governor by June 1, 2024.

Sec. 27. Health Related Institutions Funding. Appropriations made in this Act for formula funding for health related institutions shall consist of four formulas plus supplemental non-formula items.

1. **Instruction and Operations Support Formula.** The Instruction and Operations Support Formula shall provide funding on a per student or full-time equivalent basis. Funding for each instructional program is based on the following funding weights per student, with a base value per weighted student of \$9,622 in fiscal year 2024 and fiscal year 2025:

<u>Program</u>	<u>Weight Per Student</u>
Allied Health	1.000
Biomedical Science	1.018
Nursing	1.138
Pharmacy	1.670
Public Health	1.721
Biomedical Informatics	1.750
Dental	4.601
Medical	4.753
Podiatry	4.753

Instructional programs at remote locations and the main campus at The University of Texas Health Science Center at Tyler with enrollments of less than 200 students at individual campuses shall receive additional funding to compensate for the diseconomies of scale. The minimum formula shall generate additional funding per student, on a sliding scale, with programs with small enrollments receiving more additional funding per student.

2. **Infrastructure Support Formula.** Funding to the health related institutions for plant support and utilities shall be distributed by the infrastructure support formula which is driven by the predicted square feet for the health related institutions produced by the Space Projection Model developed by the Texas Higher Education Coordinating Board. The rate per square foot is \$6.14 in fiscal year 2024 and fiscal year 2025 for all health related institutions.

Because the Space Projection Model does not account for hospital space, separate infrastructure funding for hospital space at The University of Texas Medical Branch at Galveston, The University of Texas M.D. Anderson Cancer Center, and The University of Texas Health Science Center at Tyler shall be included in the total funding for hospital and center operations.

**SPECIAL PROVISIONS RELATING ONLY TO
STATE AGENCIES OF HIGHER EDUCATION**

3. **Research Funding.** The health related institutions shall retain 100 percent of indirect research costs recovered on grants. Each institution also receives research enhancement funding of \$1,412,500 plus 1.17 percent in fiscal year 2024 and fiscal year 2025 of its research expenditures as reported to the Texas Higher Education Coordinating Board.
4. **Research at Clinical Partners.** Research conducted by faculty of a health related institution under a contract with a clinical partner shall be considered in the formula calculations for the Research Enhancement and E&G Space Support strategies as defined under Article III, Special Provisions Relating Only To State Agencies of Higher Education, Section 27, subsection (2) Infrastructure Support Formula and Sec. 27, subsection (3) Research Funding.
5. **Graduate Medical Education Formula.** The Graduate Medical Education Formulas shall provide funding on a per medical resident basis. Funding is based on a base value of \$11,940 per medical resident in an accredited program. Appropriations for Graduate Medical Education for fiscal year 2024 and fiscal year 2025 are \$5,970 per resident.
6. **Health Related Institution Graduate Medical Education.** The funds appropriated above in each of the health related institutions bill pattern titled Graduate Medical Education (GME) shall be spent to increase the number of resident slots in the State of Texas as well as faculty costs relating to GME. In addition, each health related institution shall work with the Higher Education Coordinating Board to develop new performance measures relating to increasing the number of resident slots in the State of Texas.
7. **Supplemental Non-formula Items.** Institutions shall receive a direct reimbursement as applicable for staff group insurance, workers' compensation insurance, unemployment insurance, public education grants, medical loans, tuition revenue bond payments, and facility lease charges. Institutions may receive an appropriation for non-formula support items and hospital and clinic operations.
8. **Formula Study Committees.** These formulas shall be reviewed and updated by study committees appointed by the Texas Higher Education Coordinating Board and recommended changes forwarded to the Legislature, Legislative Budget Board, and Governor by June 1, 2024.
9. **Mission Specific Support.** The University of Texas M.D. Anderson Cancer Center and The University of Texas Health Science Center at Tyler do not provide formal medical education which qualifies for instruction support under subsection 1 above. Therefore, funding allocated to these institutions shall be based on the following criteria:
 - a. The General Revenue Operations formula funding provided to The University of Texas M.D. Anderson Cancer Center in Strategy A.2.1, Cancer Center Operations, shall be based on the total number of Texas cancer patients served at The University of Texas M. D. Anderson Cancer Center. General Revenue appropriations for fiscal year 2024 and 2025 shall be based on the number of total Texas cancer patients served in 2022. The rate per patient shall be \$1,580 in fiscal year 2024 and fiscal year 2025 for Strategy A.2.1, Cancer Center Operations. For formula funding purposes, the amount of growth in total funding from one biennium to another may not exceed the average growth in funding for Health Related Institutions in the Instruction and Operations formula for the current biennium.
 - b. The University of Texas Health Science Center at Tyler has a statutory mission to conduct research, develop diagnostic and treatment techniques, provide training and teaching programs, and provide diagnosis and treatment of inpatients and outpatients with pulmonary, respiratory and other diseases of the chest. General Revenue funds appropriated to The University of Texas Health Science Center at Tyler in Strategy A.1.4, Chest Disease Center Operations, shall be based on the number of cases in which disease diagnoses are treated by The University of Texas Health Science Center at Tyler. General Revenue appropriations for fiscal year 2024 and 2025 shall be based on the number of such cases treated in fiscal year 2022. The rate per case for fiscal year 2024 and 2025 shall be \$99. For formula funding purposes, the amount of growth in total funding from one biennium to another may not exceed the average growth in funding for Health Related Institutions in the Instruction and Operations formula for the current biennium.

- c. The University of Texas M.D. Anderson Cancer Center and The University of Texas Health Science Center at Tyler shall submit to the Legislative Budget Board, Governor, and Texas Higher Education Coordinating Board a copy of the appropriate reports discussed above and supporting documentation which provides the necessary information to calculate the formula allocations in subsections (a) and (b) above.
10. **Mission Specific Support - Performance Based Research Operations Formula.** The University of Texas Southwestern Medical Center has a mission that is research intensive. To enhance research capacity, assist the institution in leveraging research grants and gifts, and support expansion of the institution's research operations, additional research formula funding shall be provided based on the following criteria:
- a. General Revenue Research Operations Formula funding allocated to The University of Texas Southwestern Medical Center in Strategy B.1.2, Performance Based Research Operations Formula, shall be guided to the institution through two mechanisms that measure the institution's performance.

The Base Match rate shall be 13.40 percent for each fiscal year of the 2024-25 biennium. The Base Match rate shall be adjusted based on the average annualized increase or decrease in research expenditures from the prior biennium's three-year base average.
 - 2) Performance Incentive Tiered Match allocations shall be based on the increase of the institution's average annual research expenditures since the prior biennium. The calculation of this increase shall be based on the average annual research expenditures for the two-year base period preceding each biennium, as reported to the Higher Education Coordinating Board, excluding research expenditures from state appropriations. The Tiered Match shall allocate funding in three tiers that increase on a sliding scale. Tier 1 shall provide matching General Revenue funds at a rate of 25.0 percent for any increase in the institution's average annual research expenditures between \$0 and \$10,000,000. - 3. Appropriation of Other Agency Funds.** Included in the amounts appropriated above in Strategies B.1.3, Facility Supervision and Food Service, and B.1.4, Education, are Appropriated Receipts from unexpended balances remaining in Independent School District Funds (not to exceed \$155,000), the Student Benefit Fund (not to exceed \$140,000), and the Canteen Revolving Funds (not to exceed \$7,500). Any gifts, grants, and donations as of August 31, 2023, and August 31, 2024, (estimated to be \$0), and any revenues accruing to those funds are appropriated to those funds for the succeeding fiscal years. Funds collected by vocational training shops at Juvenile Justice Department facilities, including unexpended balances as of August 31, 2023, (not to exceed \$21,000), are appropriated for the purpose of purchasing and maintaining parts, tools, and other supplies necessary for the operation of those shops.
- 4. Revolving Funds.** The Juvenile Justice Department may establish out of any funds appropriated a revolving fund not to exceed \$10,000 in the Central Office, and \$10,000 in each institution, field office, or facility under its direction. Payments from these revolving funds may be made as directed by the department. Reimbursement to such revolving funds shall be made out of appropriations provided for in this Article.
- 5. Student Employment.** Subject to the approval of the Juvenile Justice Department (JJD), students residing in any JJD facility may be assigned necessary duties in the operations of the facility and be paid on a limited basis out of any funds available to the respective institutions or facility not to exceed \$50,000 per year for each institution and \$10,000 per year for any other facility.
- 6. Appropriation and Tracking of Title IV-E Receipts.** The provisions of Title IV-E of the Social Security Act shall be used in order to increase funds available for juvenile justice services. The Juvenile Justice Department (JJD) shall certify to the Texas Department of Family and Protective Services that federal financial participation can be claimed for Title IV-E services provided by counties. JJD shall direct necessary general revenue funding to ensure that the federal match for the Title IV-E Social Security Act is maximized for use by participating counties. Such federal receipts are appropriated to JJD for the purpose of reimbursing counties for services provided to eligible children. In accordance with Article IX, Part 13 of this Act, when reporting Federal Funds to the Legislative Budget Board, JJD must report funds expended in the fiscal year that funds are disbursed to counties, regardless of the year in which the claim was made by the county, received by JJD, or certified by JJD.
- 7. Federal Foster Care Claims.** Out of appropriations made above, the Texas Department of Family and Protective Services and the Juvenile Justice Department shall document possible foster care claims for children in juvenile justice programs and maintain an interagency agreement to implement strategies and responsibilities necessary to claim additional federal foster care funding; and consult with juvenile officials from other states and national experts in designing better foster care funding initiatives.
- 8. Support Payment Collections.** The Juvenile Justice Department shall report to the Governor and to the Legislative Budget Board the number of active accounts, including the amounts owed to the state pursuant to the Texas Family Code, Section 54.06 (a) court orders, and the total amount of funds collected by December 1 of each fiscal year.
- 9. Employee Medical Care.** Appropriations made in this Act for the Juvenile Justice Department (JJD) not otherwise restricted in use may also be expended to provide medical attention by medical staff and infirmaries at JJD facilities, or to pay necessary medical expenses, including the cost of broken eyeglasses and other health aids, for employees injured while performing the duties

JUVENILE JUSTICE DEPARTMENT

of any hazardous position which is not reimbursed by workers' compensation and/or employees' state insurance. For the purpose of this section, "hazardous position" shall mean one for which the regular and normal duties inherently involve the risk or peril of bodily injury or harm. Appropriations made in this Act not otherwise restricted in use may also be expended for medical tests and procedures on employees that are required by federal or state law or regulations when the tests or procedures are required as a result of the employee's job assignment or when considered necessary due to potential or existing litigation.

10. Safety. In instances in which regular employees of facilities operated by the Juvenile Justice Department are assigned extra duties on special tactics and response teams, supplementary payments, not to exceed \$200 per month for team leaders and \$150 per month for team members, are authorized in addition to the salary rates stipulated by the provisions of Article IX of this Act relating to the position classifications and assigned salary ranges.

11. Charges to Employees and Visitors.

- (a) Collections for services rendered to Juvenile Justice Department (JJD) employees and visitors shall be made by a deduction from the recipient's salary or by cash payment in advance. Such deductions and other receipts for these services from employees and visitors are appropriated to the facility. Refunds of excess collections shall be made from the appropriation to which the collection was deposited.
- (b) As compensation for services rendered and notwithstanding any other provision in this Act, any facility under the jurisdiction of JJD may provide free meals for food service personnel and volunteer workers and may furnish housing facilities, meals, and laundry service in exchange for services rendered by interns, chaplains in training, student nurses, and juvenile correctional officers.

12. Juvenile Justice Alternative Education Program (JJAEP). Funds transferred to the Juvenile Justice Department (JJD) pursuant to Texas Education Agency (TEA) Rider 26 and appropriated above in Strategy A.1.6, Juvenile Justice Alternative Education Programs, shall be allocated as follows: Fifteen percent at the beginning of each fiscal year to be distributed on the basis of juvenile age population among the mandated counties identified in Chapter 37, Education Code.

The remaining funds shall be allocated for distribution to the counties mandated by Section 37.011(a) Education Code, at the rate of \$96 per student per day of attendance in the JJAEP for students who are required to be expelled as provided under Section 37.007, Education Code. Counties are not eligible to receive these funds until the funds initially allocated at the beginning of each fiscal year have been expended at the rate of \$96 per student per day of attendance. Counties in which populations exceed 72,000 but are 125,000 or less, may participate in the JJAEP and are eligible for state reimbursement at the rate of \$96 per student per day.

JJD may expend any remaining funds for summer school programs. Funds may be used for any student assigned to a JJAEP. Summer school expenditures may not exceed ten percent of appropriation.

Unexpended balances in fiscal year 2024 shall be appropriated to fiscal year 2025 for the same purposes in Strategy A.1.6, Juvenile Justice Alternative Education Programs.

The amount of \$96 per student per day for the JJAEP is an estimated amount and not intended to be an entitlement. Appropriations for JJAEP are limited to the amounts transferred from the Foundation School Program pursuant to TEA Rider 26. The amount of \$96 per student per day may vary depending on the total number of students actually attending the JJAEPs. Any unexpended or unobligated appropriations shall lapse at the end of fiscal year 2025 to the Foundation School Fund No. 193. If the daily mandatory attendance reimbursement rate falls below \$86 per day due to increased days of attendance (the rate established for the 2014-15 school year), TEA will increase appropriated funds to JJD to provide a minimum reimbursement of \$86 per attendance day.

JJD may reduce, suspend, or withhold JJAEP funds to counties that do not comply with standards, accountability measures, or Texas Education Code Chapter 37.

13. Funding for Additional Eligible Students in JJAEPs. Out of funds appropriated above in Strategy A.1.6, Juvenile Justice Alternative Education Programs, a maximum of \$500,000 in each fiscal year (for a maximum of 90 attendance days per child), is allocated for counties with a

JUVENILE JUSTICE DEPARTMENT (Continued)

population of at least 72,000 which operate a JJAEP under the standards of Chapter 37, Texas Education Code. The county is eligible to receive funding from the Juvenile Justice Department at the rate of \$96 per day per student for students who are required to be expelled under Section 37.007, Education Code, and who are expelled from a school district in a county that does not operate a JJAEP.

14. JJAEP Accountability. Out of funds appropriated above in Strategy A.1.6, Juvenile Justice Alternative Education Programs (JJAEP), the Juvenile Justice Department (JJD) shall ensure that JJAEPs are held accountable for student academic and behavioral success. JJD shall submit a performance assessment report to the Legislative Budget Board and the Governor by May 1, 2024. The report shall include the following:

- (a) an assessment of the degree to which each JJAEP enhanced the academic performance and behavioral improvement of attending students;
- (b) a detailed discussion on the use of standard measures used to compare program formats and to identify those JJAEPs most successful with attending students;
- (c) student passage rates on the State of Texas Assessments of Academic Readiness (STAAR) in the areas of reading and math for students enrolled in the JJAEP for a period of 75 days or longer;
- (d) standardized cost reports from each JJAEP and their contracting independent school district(s) to determine differing cost factors and actual costs per each JJAEP program by school year;
- (e) average cost per student attendance day for JJAEP students. The cost per day information shall include an itemization of the costs of providing educational services mandated in the Education Code, Section 37.011. This itemization shall separate the costs of mandated educational services from the cost of all other services provided in JJAEPs. Mandated educational services include facilities, staff, and instructional materials specifically related to the services mandated in Education Code, Section 37.011. All other services include, but are not limited to, programs such as family, group, and individual counseling, military-style training, substance abuse counseling, and parenting programs for parents of program youth; and
- (f) inclusion of a comprehensive five-year strategic plan for the continuing evaluation of JJAEPs which shall include oversight guidelines to improve: school district compliance with minimum program and accountability standards, attendance reporting, consistent collection of costs and program data, training, and technical assistance needs.

15. Appropriation Transfers between Fiscal Years. In addition to the transfer authority provided elsewhere in this Act, the Juvenile Justice Department may transfer appropriations in an amount not to exceed \$10,000,000 in General Revenue made for fiscal year 2025 to fiscal year 2024 subject to the following conditions provided by this section:

- (a) Transfers under this section may be made only if (1) juvenile correctional populations exceed appropriated areas of daily population targets or (2) for any other emergency expenditure, including expenditures necessitated by public calamity;
- (b) A transfer authorized by this section must receive prior approval from the Governor and the Legislative Budget Board; and
- (c) The Comptroller of Public Accounts shall cooperate as necessary to assist the completion of a transfer and spending under this section.

16. State-owned Housing Authorized. The chief superintendent and the assistant superintendent are authorized to live in state-owned housing at a rate determined by the department. Other Juvenile Justice Department employees may live in state-owned housing as set forth in Article IX, Section 11.02, Reporting Related to State Owned Housing, of this Act. Fees for employee housing are appropriated to be used for maintaining employee housing and shall at least cover the agency cost of maintenance and utilities for the housing provided.

- 17. Unexpended Balances - Hold Harmless Provision.** Any unexpended balances as of August 31, 2024, in Strategy A.1.2, Basic Probation Supervision (estimated to be \$400,000), above are appropriated to the Juvenile Justice Department in fiscal year 2025 for the purpose of providing funding for juvenile probation departments whose allocation would otherwise be affected as a result of reallocations related to population shifts.
- 18. Appropriation: Refunds of Unexpended Balances from Local Juvenile Probation Departments.** The Juvenile Justice Department (JJD) shall ensure that the agency is refunded all unexpended and unencumbered balances of state funds held as of the close of each fiscal year by local juvenile probation departments. Any unexpended balances of probation department refunds as of August 31, 2023, are appropriated to JJD for the purpose of providing grants to local probation departments in the fiscal year beginning September 1, 2023. All fiscal year 2024 and fiscal year 2025 refunds received from local juvenile probation departments by JJD (Appropriated Receipts, estimated to be \$0) are appropriated above in A.1.1, Prevention and Intervention, A.1.2, Basic Probation Services, A.1.3, Community Programs, A.1.4, Pre and Post Adjudication Facilities, Strategy A.1.5, Commitment Diversion Initiatives, A.1.6, Juvenile Justice Alternative Education Programs, A.1.7, Mental Health Services Grants, or A.1.8, Regional Diversion Alternatives. Any unexpended balances of probation department refunds as of August 31, 2024, are appropriated to JJD for the purpose of providing grants to local juvenile probation departments in the fiscal year beginning September 1, 2024.
- 19. Salaries, Education Professionals.**
- (a) Each principal, supervisor, and classroom teacher employed in a facility operated by the Juvenile Justice Department (JJD) shall receive a monthly salary to be computed as follows: The applicable monthly salary rate specified in Section 21.402, Education Code, as amended, shall be multiplied by ten to arrive at a ten month salary rate. Such rate shall be divided by the number of days required in Section 21.401, Education Code, for 10-month employees, and the resulting daily rate shall be multiplied by the number of on-duty days required of JJD educators, resulting in the adjusted annual salary. The adjusted annual salary is to be divided by 12 to arrive at the monthly rate. Salary rates for educational aides commencing employment before September 1, 1999, shall be calculated in the same manner, using 60 percent of the salary rate specified in Section 21.402, Education Code.
 - (b) JJD may authorize a salary rate above the adjusted annual salary determined in the formula provided by Section a.
 - (c) There is appropriated to JJD from any unexpended balances on hand as of August 31, 2024, funds necessary to meet the requirements of this section in fiscal year 2025 in the event adjustments are made in the salary rates specified in the Education Code.
- 20. Training for GED and Reading Skills.** Out of funds appropriated above in Strategy B.1.4, Education, the Juvenile Justice Department shall prioritize teaching students to read at grade level and preparation for the GED in its educational program. A report containing statistical information regarding student performance on the Test of Adult Basic Education (TABE) shall be submitted to the Legislative Budget Board and the Governor on or before December 1, 2024.
- 21. Salary Adjustment Authorized.** Notwithstanding other provisions of this Act, the Juvenile Justice Department may adjust salaries and pay an additional shift differential so long as the resulting salary rate does not exceed the rate designated as the maximum rate for the applicable salary group of Juvenile Correctional Officers I, Juvenile Correctional Officers II, Juvenile Correctional Officers III, Juvenile Correctional Officers IV, Juvenile Correctional Officers V, and Juvenile Correctional Officers VI to rates within the designated salary group for the purpose of recruiting, employing, and retaining career juvenile correctional personnel. A shift differential may be provided based off facility geographic location, facility classification, and for evening, night, or weekend shifts. Merit raises are permitted for all Juvenile Correctional Officers who are not receiving or are no longer eligible to receive step adjustments in the career ladder system.
- 22. Appropriations Prohibited for Purposes of Payment to Certain Employees.** None of the appropriations made by this Act to the Juvenile Justice Department (JJD) may be distributed to or used to pay an employee of JJD who is required to register as a sex offender under Chapter 62, Code of Criminal Procedure, or has been convicted of an offense described in Article 42.12, Section 3(g), Code of Criminal Procedure.

- 23. Managed Health Care and Mental Health Services Contract(s).** Out of funds appropriated above, the Juvenile Justice Department (JJD) shall develop and manage a provider contract, or contracts, to deliver the most effective managed health care and mental health (psychiatric) services for the best value. Potential service providers shall not be entitled to pass-through funding from JJD appropriations.
- 24. JJAEP Disaster Compensation.** Out of funds appropriated above in Strategy A.1.6, Juvenile Justice Alternative Education Programs, the Juvenile Justice Department may compensate a mandatory JJAEP for missed mandatory student attendance days in which disaster, flood, extreme weather condition, or other calamity has a significant effect on the program's attendance.

- (d) If cost recovery revenues collected in the first year of the biennium exceed the cost recovery requirements above, the excess revenue may be counted towards the cost recovery requirement in the second year of the biennium in addition to the revenues collected in the second year.

- (c) If the department determines, based on available data including the preliminary or final results of the experimental use program described by Subsection b of this rider, that the use of a pesticide product containing warfarin is safe and effective in assisting landholders in this state in their efforts to mitigate the economic harm and damage caused by feral hogs, then the limitations under Subsections a and b of this rider do not apply after the earlier of:
 - (1) The second anniversary of the date a pesticide product is registered by the department for the limited use described by Subsection b of this rider; or

To the extent allowed under law, it is the intent of the Legislature that amounts appropriated above to the Department of Agriculture may not be used for the purpose of amending administrative rules for the School Lunch Program in order to adopt a fixed meal plan for procurement instead of a cost reimbursement procurement process.

29. Contingency Appropriation: Citrus Inspectors.

- 3. Laboratory Testing.** Laboratory testing for animal diseases shall be performed at the Texas A&M Veterinary Medical Diagnostic Laboratory (TVMDL), the state's regulatory animal health laboratory. The Texas Animal Health Commission (TAHC) shall utilize the services at TVMDL to the extent required by Agriculture Code, Section 161.0603. TAHC shall use funds appropriated by this Act to enter into an interagency memorandum of understanding (MOU) with TVMDL, to be reviewed annually, that establishes the scope of laboratory services needed, reporting and data sharing requirements, and a fee structure. No later than October 1 of each year, the agency shall report to the LBB the estimated total contract amount agreed to in the MOU. No later than November 1 of each year, the agency shall report to the LBB the testing costs it was billed for by TVMDL in the previous fiscal year.
- 4. Unexpended Balances Within the Biennium.** The unobligated and unexpended appropriation balances of the Texas Animal Health Commission for the fiscal year ending August 31, 2024, are appropriated to the Texas Animal Health Commission for the same purposes for the fiscal year beginning September 1, 2024.
- 5. Testing and Immunization of Employees.** Amounts appropriated above in Strategy A.1.1, Field Operations, may be expended for any immunization or testing (estimated to be \$51,000 in General Revenue in each fiscal year of the 2024-25 biennium), which may be required of at-risk employees (estimated to be 110.0 full-time equivalents in each fiscal year of the 2024-25 biennium) in the performance of their duties.
- 6. Allowance for Personally-Owned Horses.** The Animal Health Commission may expend any amounts necessary out of appropriations above in Strategy A.1.1, Field Operations, (estimated to total \$3,000 in General Revenue in each fiscal year) for the purpose of providing an allowance not to exceed seventy-five dollars (\$75) per employee per day for each Commission employee whose duties require the use of a personally-owned horse.
- 7. Contingency Appropriation: Cost Recovery for Animal Health Programs.**

 - (a) Amounts appropriated above out of the General Revenue Fund in Strategy A.1.1, Field Operations, include \$860,000 in each fiscal year of the 2024-25 biennium from revenues collected and deposited to the credit of the General Revenue Fund from the assessment of fees pursuant to Agriculture Code, Sections 161.0411, 161.060, and 161.0601. These appropriations are contingent upon the Animal Health Commission assessing fees during the 2024-25 biennium sufficient to generate revenue (Object Code 3420) necessary to cover the General Revenue appropriations made above in Strategy A.1.1, Field Operations, identified in this rider. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified in this provision, the Legislative Budget Board may direct that the Comptroller of Public Accounts reduce the appropriation authority provided above to be within the amount of revenue expected to be available.
 - (b) In addition to the amounts identified in this rider and appropriated above in Strategy A.1.1, Field Operations, any revenues received during the 2024-25 biennium from fees deposited to the credit of the General Revenue Fund pursuant to Agriculture Code, Sections 161.0411, 161.060, and 161.0601 (Object Code 3420) in excess of the amount of \$860,000 each fiscal year included in the Comptroller's Biennial Revenue Estimate for 2024-25 are appropriated for the same purposes.

Any unexpended balances remaining as of August 31, 2024, are appropriated in the fiscal year beginning September 1, 2024, for the same purposes.
- (b) Out of amounts identified in subsection (a), TAHC would evaluate dosing and withdraw periods in weaned beef heifers in phase one.

After the expenditures have been made from the fund and as soon as the proper strategies have been identified, TCEQ shall process adjustments to the Comptroller in summary accounts to facilitate accurate cost allocations; provided, however, that each special account and fund shall be used for the purposes in current law and nothing shall be done to jeopardize or divert the special accounts and funds or any portion thereof including federal aid.

7. Air Quality Planning. Amounts appropriated above include \$4,500,000 for the biennium out of the General Revenue-Dedicated Clean Air Account No. 151 in Strategy A.1.1, Air Quality Assessment and Planning, for air quality planning activities to reduce ozone in "affected counties" (as defined in Texas Health and Safety Code Section 386.001(2)) not designated as nonattainment areas for the O3 National Ambient Air Quality Standards (NAAQS) as of September 1, 2023, and other areas at significant risk of being designated nonattainment for the O3 NAAQS in the future as approved by the Commission on Environmental Quality (TCEQ). These activities may be carried out through interlocal agreements.

Expenditure of these funds are limited to: inventorying emissions, monitoring of pollution levels, and administration of the program. The TCEQ shall allocate a base amount of \$281,250 to each state planning region containing such areas and the remaining funds proportionally to each state planning region with a combined population of affected counties in excess of 350,000. Grants issued from appropriations identified in this rider should require that no more than 10 percent of the allocation be used for administrative purposes and prohibit the expenditure of the following: marketing and outreach activities, bicycle use programs, carpooling awareness, environmental awareness campaigns, and locally enforceable pollution reduction programs. This appropriation is contingent on a memorandum of understanding and an interagency transfer of the funds between the Parks and Wildlife Department and the Commission on Environmental Quality to jointly administer the program. Any unexpended balance of this appropriation from fiscal year 2024 is appropriated for the same purpose for fiscal year 2025.
- 9. Federal Funds and Capital Budget Expenditures.** To comply with the legislative intent to maximize the use of federal funds and to fulfill grant requirements required for the receipt and expenditure of federal funds, the Commission on Environmental Quality (TCEQ) is exempted from the Capital Budget Rider Provisions contained in Article IX of this Act, "Limitations on Expenditures - Capital Budget", when federal funds are received in excess of amounts identified in the agency's Capital Budget Rider and such funds are federally designated solely for the purchase of specific capital items. In addition, TCEQ is exempted from the Capital Budget Rider provisions within Article IX of this Act when funds are received in the form of disaster related recoveries or gifts to the agency in excess of amounts identified in the agency's Capital Budget Rider. The TCEQ shall notify the Legislative Budget Board, the Comptroller of Public Accounts, and the Governor upon receipt of such federal funds or gift proceeds, of the amount received and items to be purchased.

These funds may also be used to collect and analyze data and procure appropriate computing tools for modeling to demonstrate attainment with the National Ambient Air Quality Standard for Ozone and other pollutants. The Commission on Environmental Quality may contract as necessary to carry out these activities.
- 11. Reallocation of Revenue and Balances for Certain Accounts.** Pursuant to Water Code, Section 5.707, and notwithstanding provisions of Article IX, Sec 14.01, Appropriation Transfers, in this Act, the Commission on Environmental Quality is authorized to reallocate within the biennium the lesser of 7 percent of the biennial All Funds amount identified in the Method of Finance above or \$20,000,000 from the following General Revenue-Dedicated accounts (consisting of revenues and balances) to be used for purposes identified in the above strategies.

In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct that the Comptroller of Public Accounts reduce the appropriation authority provided above to be within the amount of revenue expected to be available.

In addition, if additional counties enter the vehicle emissions inspection and maintenance program during the 2024-25 biennium, 20 percent of revenues generated from the vehicle emissions and inspections fee established in Health and Safety Code, Section 382.202(e) in the additional counties in each fiscal year are hereby appropriated to the Commission on Environmental Quality for the same purposes.

The transfer and reimbursement of funds shall be made under procedures established by the Comptroller of Public Accounts to ensure all borrowed funds are reimbursed by TCEQ on or before August 31 of each fiscal year.

- 20. Contingency Appropriation: Revenue from Increased Fee Rates at Watermaster Offices.** In addition to amounts appropriated above in Strategy A.2.2, Water Resource Permitting, fee revenues collected and deposited to the credit of the General Revenue-Dedicated Watermaster Administration Account No. 158 from additional fees generated pursuant to Water Code, Section 11.329 due to the implementation of increased fee rates at the watermaster offices and in excess of the Comptroller's Biennial Revenue Estimate for 2024-25 (estimated to be \$0) are appropriated to the Commission on Environmental Quality (TCEQ) for the biennium beginning on September 1, 2023. These funds shall be used for operating costs of the watermaster offices.

This appropriation is contingent upon the TCEQ and the watermaster offices assessing fees sufficient to generate, during the 2024-25 biennium, revenue to cover the appropriations out of the General Revenue-Dedicated Watermaster Administration Account No. 158. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Comptroller of Public Accounts shall reduce the appropriation authority provided above to be within the amount of revenue expected to be available. the state lead program pursuant to Water Code, Section 26.3573, Subsection (r-1). Notwithstanding this provision, in prioritizing sites the TCEQ shall consider the risks associated with all sites requiring remediation and monitoring, as well as the availability of funds. In selecting contractors to perform remediation services at these transferred sites, the Executive Director of the TCEQ may make direct awards to existing contractors who are otherwise eligible for award to ensure that the continued remediation of these sites progresses in the most efficient and cost-effective manner which presents the least risk of disrupting ongoing remediation and monitoring activities.

24. Appropriations and Unexpended Balances: Cost Recovery for Site Remediation and Cleanups.

- (a) In addition to amounts appropriated above, any unobligated and unexpended balances as of August 31, 2023, (estimated to be \$0) remaining in the General Revenue-Dedicated Hazardous and Solid Waste Remediation Fee Account No. 550 which were received from responsible parties as cost recovery payments for site remediation and cleanups undertaken by the Commission on Environmental Quality (TCEQ) are appropriated to the TCEQ for the biennium beginning September 1, 2023. - (b) Included in the amounts appropriated above in Strategy E.1.4, Rio Grande River Compact, is \$10,079,781. The Commission on Environmental Quality (TCEQ) shall report the use of these funds and the status of the litigation 30 days following each quarter of the fiscal year. Additional information requested by the Legislative Budget Board regarding the report submitted by the commission shall be provided in a timely manner.
- (c) It is the intent of the legislature, to the extent permitted by federal and state law, that funds appropriated above in Strategy E.1.4, Rio Grande River Compact, be utilized to ensure that all costs related to the litigation between the State of Texas and the State of New Mexico over the equitable distribution of water according to the Rio Grande Compact, estimated to be \$41,875,643, be recovered and deposited to the credit of the General Revenue Fund.
- (d) The Legislative Budget Board may use prior approval authority as provided by Texas Constitution, Article 16, Section 69 and notify the Comptroller of Public Accounts to withhold further expenditure of funds appropriated to the agency for litigation expenses if a determination is made by the Legislative Budget Board that previous expenditure of these funds has been inappropriate.

26. Barnett Shale Permit By Rule Study. The Commission on Environmental Quality (TCEQ) is not authorized to expend any funds appropriated in this Act to implement a rule that would extend 30 Texas Administrative Code, Section 106.352, Oil and Gas Handling Production Facilities, Rule Project No. 2010-018-106-PR ("Barnett Shale permit by rule") to oil and gas sources located outside the 23-county area of the Barnett Shale identified in subsection (a)(1) of the Barnett Shale permit by rule region ("Barnett Shale Region") until after August 31, 2023, and until after the agency conducts a study and files a report with the Legislature on the economic impact of extending the provisions of the Barnett Shale permit by rule to other areas of the state. Such a study may be funded through (1) grants, awards, or other gifts made to the TCEQ for that purpose; (2) funds directed to this study through supplemental environmental projects; or (3) by the use of the Texas Emissions Reduction Plan funds, as available. The study shall:

COMMISSION ON ENVIRONMENTAL QUALITY

(Continued)

- (a) Be based on data collected during the 18-month period following initial implementation of the Barnett Shale permit by rule in the Barnett Shale Region;
- (b) Assess the technical feasibility and economic reasonableness of the implementation of the Barnett Shale permit by rule in geographic areas outside of the Barnett Shale Region, including an assessment of the economic impacts on the oil and gas industry and the Texas economy; and
- (c) Assess any other factors the TCEQ deems relevant.

Nothing in this rider shall be construed to limit the TCEQ's authority to develop a permit by rule or other authorization for planned maintenance, startup, and shutdown emissions from oil and gas sources located outside the Barnett Shale Region.

27. Expedited Processing of Permit Applications.

- (a) Included in amounts appropriated above out of the General Revenue-Dedicated Clean Air Account No. 151 in Strategy A.2.1, Air Quality Permitting, is \$2,250,000 for the biennium from surcharges assessed in accordance with Health and Safety Code, Section 382.05155 for the expedited processing of air permit applications for the biennium for contract labor, overtime and compensatory pay, or other costs incurred to support the expedited processing of permit applications. The Commission on Environmental Quality (TCEQ) is authorized to compensate employees who perform expedited air permits twice the hourly rate for time worked in excess of their regularly scheduled work hours. For the purposes of the expedited permit process, the TCEQ is exempt from provisions of Article IX relating to the inclusion of temporary or contract workers in the calculation of the number of Full-Time Equivalent (FTE) positions.

In addition to the amounts appropriated above out of the General Revenue-Dedicated Clean Air Account No. 151 in Strategy A.2.1, Air Quality Permitting, the TCEQ is appropriated all fee revenues collected and deposited to the account from expedited permit review surcharges assessed in accordance with Health and Safety Code, Section 382.05155 (estimated to be \$0) in excess of the Comptroller's Biennial Revenue Estimate. These funds are provided for costs incurred to support the expedited permitting process. Any unexpended balances remaining in these appropriations on August 31, 2024, in this appropriation are appropriated for the same purposes for the fiscal year beginning on September 1, 2024.

- (b) TCEQ shall provide a report detailing fee revenues collected and deposited to General Revenue-Dedicated Clean Air Account No. 151 from expedited permit review surcharges assessed in accordance with Health and Safety Code Section 382.05155 for each respective fiscal year to the Comptroller of Public Accounts and the Legislative Budget Board no later than the end of the second business week in March and June (for the second and third quarters) and no later than 14 business days after the end of the fourth quarter.

(Continued)

If the Comptroller determines that the maximum allocation of SGST revenue available to TPWD for the 2024-25 biennium exceeds the amounts appropriated in this Act to TPWD and elsewhere for benefits and debt service, the difference is appropriated to TPWD. This appropriation of additional SGST revenue shall be allocated to the strategies and accounts that receive SGST revenue transfers by the Legislative Budget Board in consultation with TPWD based on a current assessment of needs, excluding totals for benefits and debt service. A request submitted under this provision shall be considered to be approved unless the Legislative Budget Board issues a written disapproval within 30 business days after the date on which the staff of the Legislative Budget Board concludes its review of the request. Additional information requested by the Legislative Budget Board regarding a request submitted by TPWD pursuant to this rider shall be provided in a timely manner. Notwithstanding any provision to the contrary, the Legislative Budget Board may suspend the approval of a request at any time pending the receipt of additional information requested of TPWD.

The Department of Transportation shall submit to the Legislative Budget Board a plan to comply with the provisions of Article IX, Section 6.10, of this Act, in the event the number FTEs paid from funds appropriated by this Act exceeds the FTE figure indicated above for the Department of Transportation by an amount of 50.0 FTEs or greater in a fiscal quarter.

- (c) Additional information requested by the Legislative Budget Board regarding a request submitted by the Department of Transportation pursuant to subsection (a) shall be provided in a timely manner. Notwithstanding subsection (b), the Legislative Budget Board is authorized to suspend the approval of a request at any time pending the receipt of additional information requested of the Department of Transportation.
- (d) The Department of Transportation may not expend funds appropriated by this Act to amend the terms, extend the scope, issue a change order, or alter the provisions of an executed comprehensive development agreement unless the department submits a report to the Legislative Budget Board, in the format prescribed by the Legislative Budget Board, that provides information regarding the proposed modifications to the contract and the Legislative Budget Board issues a written approval. 45. Unexpended Balance: Construction of Intelligent Transportation Systems. Out of amounts appropriated to the Department of Transportation by this Act, an amount not to exceed \$32,000,000 from any available source of revenue, which is the same amount of funding authorized but not used for the construction of certain intelligent transportation systems in the 2020-21 biennium, shall be allocated to provide funding for the design, construction, acquisition, and installation of an intelligent transportation system and the design and construction of infrastructure projects at the international port of entry at the Bridge of the Americas and the international port of entry at the Ysleta Bridge, also known as the Zaragoza Bridge, in El Paso, on right of way or other property that is part of or outside the state highway system, to increase security measures and expedite border crossings and trade.

 - (1) a significant change in insurance regulatory environment, demands for federal healthcare reform implementation, a weather related disaster in the State of Texas, a public health crisis, such as a pandemic, a fire that has been declared as a disaster situation in the State of Texas, and non-weather related disasters.
- b. None of the funds appropriated above in Strategy F.1.1, Contingency Regulatory Response, may be expended and none of the 40.0 Full-Time-Equivalents (FTE) positions each fiscal year included above in the "Number of Full-Time-Equivalents (FTE)" may be used by the department unless the Commissioner of Insurance files a finding of fact with the Governor and the Legislative Budget Board (LBB) and neither the Governor nor the LBB issues a written disapproval not later than:
 - (1) the 10th business day after the date the staff of the LBB concludes its review of the findings of fact and forwards those findings of fact along with the conclusions or comments of the LBB staff to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor; and
 - (2) the 10th business day after the receipt of the finding of fact by the Governor.
- c. The appropriations above in Strategy F.1.1, Contingency Regulatory Response, and 40.0 Full-Time-Equivalents (FTE) positions each fiscal year included above in the "Number of Full-Time-Equivalents (FTE)" are also contingent upon the department maintaining a sufficient fund balance in General Revenue-Dedicated Texas Department of Insurance Operating Fund 36 to cover these contingency appropriations and related employee benefits, and providing such information as may be deemed necessary by the Comptroller of Public Accounts to issue a finding of fact that the revenues are/will be available to fund the increased appropriations.
- d. Funds appropriated above in Strategy F.1.1, Contingency Regulatory Response, and 40.0 Full-Time-Equivalents (FTE) positions each fiscal year included above in the "Number of Full-Time-Equivalents (FTE)" may only be used to address issues included in the finding of fact submitted to the Governor and the LBB pursuant to subsection (b) above, and apply only to the 2024-25 biennium unless otherwise appropriated. It is the intent of the Legislature that these funds not be included in base level funding requests for the 2026-27 biennium.
- e. Notwithstanding transfer limits under Article IX, Section 14.01 of this Act, at the discretion of the department, amounts appropriated above may be transferred to another appropriation item in an amount not to exceed \$2,200,000 in General Revenue-Dedicated Texas Department of Insurance Operating Fund 36 each year in Strategy F.1.1, Contingency Regulatory Response.

- (a) A state agency may adjust the salary rate of an employee whose position is classified under the position classification plan to any rate within the employee's salary group range as necessary to maintain desirable salary relationships:
 - (1) between and among employees of the agency; or
 - (2) between employees of the agency and employees who hold similar positions in the relevant labor market.
- (b) In determining desirable salary relationships under Subsection (a), a state agency shall consider the education, skills, related work experience, length of service, and job performance of agency employees and similar employees in the relevant labor market.
- (c) A state agency may award an equity adjustment to an employee under this section only if the adjustment does not conflict with other law.
- (d) A state agency shall adopt internal written rules relating to making equity adjustments under this section. The rules shall include procedures under which the agency will review and analyze the salary relationships between agency employees who receive salaries under the same job classification and perform the same type and level of work to determine if inequities exist.

Sec. 3.08. Classification Study on Scheduled Exempt Positions. The State Auditor's Office shall conduct a study (which is similar to the biennial study performed by the State Auditor's Office on the state's classification plan under Government Code, Chapter 654) that reviews the compensation of exempt positions and executive compensation as provided in Articles I through VIII of this Act. The study should compare exempt positions from different agencies and consider the size of an agency's annual appropriations, the number of full-time equivalent employees (FTEs) of the agency, market average compensation for similar executive positions, the exempt position salary as compared to classified positions within the agency, and other objective criteria the State Auditor's Office deems appropriate. The study shall be submitted to all members of the Legislature and the director of the Legislative Budget Board no later than October 1, 2024.

SALARY ADMINISTRATION AND EMPLOYMENT PROVISIONS

(Continued)

Sec. 3.09. Method of Salary Payments. All annual salaries appropriated by this Act are for full-time employment unless specifically designated as part-time. This section may not be construed to prevent the chief administrator of an agency from paying less than the maximum salary rate specified in this Act for a position, or the employment of a part-time employee to fill a regular position provided for in this Act, so long as the salary rate for such part-time employee is proportional to the regular rate for full-time employment.

Sec. 3.10. Exception - Contracts Not Exceeding 12 Months. The Texas Juvenile Justice Department, institutions of higher education, the Texas School for the Deaf, and the Texas School for the Blind and Visually Impaired may pay salaries in equal monthly payments for the term of a contract if the term does not exceed twelve months.

Sec. 3.11. Exceptions for Certain Employees. Employees within the Principals, Teachers, Supervisors, and Coaches title at the Texas School for the Blind and Visually Impaired, the Texas School for the Deaf, and Texas Juvenile Justice Department are not subject to the salary administration provisions in Part 3 of this article.

Sec. 3.13. Matching Retirement and Certain Insurance. In each instance in which an operating fund or account is created and named by statute, the responsible officials of the state may transfer into the operating fund or account sufficient monies from treasury funds, local, institutional, or federal funds to pay proportionally the costs of matching state employees' retirement contributions and the state's share of Old Age and Survivors Insurance.

Sec. 3.14. Council of Government Salary Schedules. For the purposes of Local Government Code, Section 391.0117(b), the state salary schedules for classified positions for a council of government serving less than 200 participating governmental units are the salary schedules set out above in Part 2 of this article. For a council of government serving more than 200 participating governmental units, the state salary schedules for classified positions are the salary schedules adopted by the council for classified positions that were effective on August 31, 2009, as adjusted annually for inflation (as measured by use of the Consumer Price Index):

- (1) the law enforcement agency requesting the grant follows all rules developed by the Commission on Law Enforcement; or
- (2) the Commission on Law Enforcement certifies that the requesting agency is in the process of achieving compliance with such rules.

Sec. 4.02. Grants.

- (a) Monies appropriated by this Act for grants of money to be made by state agencies, including the agencies in the legislative branch, are appropriated for the statutory purposes as the grantor agency may specify. A state agency shall distribute grants on a reimbursement or as needed basis unless otherwise provided by statute or otherwise determined by the grantor agency to be necessary for the purposes of the grant.
- (b) Monies appropriated by this Act for grants to be made by a state agency for a particular fiscal year may be distributed in subsequent fiscal years so long as the grant has been awarded and treated as a binding encumbrance by the grantor agency prior to the end of the appropriation year of the monies appropriated for grant purposes. Distribution of the grant monies is subject to Government Code, Section 403.071.

Sec. 4.03. Grants for Political Polling Prohibited. None of the monies appropriated by the Act may be granted to or expended by any entity which performs political polling. This prohibition regarding political polling does not apply to a poll conducted by an academic institution as a part of the institution's academic mission that is not conducted for the benefit of a particular candidate or party.

Sec. 4.04. Limitation on Grants to Units of Local Government.

- (a) The monies appropriated by this Act may not be expended in the form of a grant to, or a contract with, a unit of local government unless the terms of the grant or contract require that the monies received under the grant or contract will be expended subject to limitations and reporting requirements similar to those provided by:

Part 5. TRAVEL REGULATIONS

Sec. 5.01. Travel Definitions. The definitions established by Government Code, Section 660.002, apply to Part 5 of this article unless another meaning is clearly provided.

Sec. 5.02. General Travel Provisions. The monies appropriated by this Act to a state agency for the payment of transportation, meals, lodging, or incidental expenses indicates the maximum amount that may be expended by the agency. The monies appropriated by this Act may not be expended for those expenses unless the travel and the resulting requests for payment or reimbursement comply with the conditions and limitations in this Act, Government Code, Chapter 660, and the Comptroller's Rules.

Sec. 5.03. Transportation Expenses in Personally Owned or Leased Motor Vehicles. For a state employee's use of a personally owned or leased motor vehicle, the mileage reimbursement rate for travel equals the maximum fixed mileage allowance specified in the revenue rulings issued by the Internal Revenue Service under the federal income tax regulations as announced by the Comptroller.

Sec. 5.04. Transportation in Personally Owned or Leased Aircraft. The rate of reimbursement to be paid to a state employee, key official, member of a board or commission, or a member of the Legislature for travel in the person's personally owned or leased aircraft, either within or without the boundaries of this state, is the maximum fixed mileage allowance specified in the revenue rulings issued by the Internal Revenue Service under the federal income tax regulations or alternatively as determined by the Comptroller the rates issued by the United States General Services Administration as announced by the Comptroller.

Sec. 5.05. Travel Meals and Lodging Expenses.

- (a) (1) A state employee who travels within the continental United States shall be reimbursed for the actual cost of lodging and meals. However, the reimbursements may not exceed the maximum meals and lodging rates based on the federal travel regulations issued by the United States General Services Administration.
- (2) Notwithstanding the limit established by Subsection (a)(1), the chief administrator of a state agency or designee of the chief administrator of a state agency may determine that local conditions necessitate a change in the lodging rate for a particular location and establish a higher rate.
- (b) At the discretion of each chief administrator of a state agency, a state employee whose duties require the employee to travel outside the employee's designated headquarters without an overnight stay away from the employee's headquarters may be reimbursed for the actual cost of the employee's meals not to exceed \$36.
- (c) A state employee may receive reimbursements for the employee's actual expenses for meals and lodging when traveling outside the continental United States.
- (d) A state agency or institution may reimburse a state employee for a meal expense the employee incurs while traveling outside the employee's designated headquarters for less than six consecutive hours if the reimbursement:
 - (1) receives the written approval by the chief administrator of the state agency or institution;
 - (2) meets the rules adopted by the Comptroller regarding reimbursement for traveling outside the employee's designated headquarters for less than six consecutive hours; and
 - (3) complies with Government Code, Section 660.206.

Sec. 5.06. Special Provisions Regarding Travel Expenses. Reimbursement for meals and lodging as authorized by Government Code, Chapter 660, Subchapter H, on an "actual expenses" or "actual amount of" basis may not exceed twice the maximum rates specified in Section 5.05.

TRAVEL REGULATIONS

(Continued)

Sec. 5.07. Travel and Per Diem of Board or Commission Members.

- (a) As authorized by Government Code, Section 659.032, the per diem of state board and commission members consists of:
 - (1) compensatory per diem, if specifically authorized by law, at \$30 per day; and

 - (A) reimbursement of actual expenses for meals, at the rates provided by this Act for state employees;
 - (B) lodging at the rates provided by this Act for state employees;
 - (C) transportation at the rates provided by this Act for state employees; and
 - (D) incidental expenses.
- (b) If a law authorizes per diem for members of a particular state board or commission, but does not specify the amount of the per diem, then the amount of the per diem is the amount provided by Subsection (a).
- (c) A full-time employee paid from monies appropriated by this Act may not be paid both a salary and compensatory per diem for concurrent service as a state employee and as a board or commission member.

Sec. 5.08. Travel of Advisory Committee Members.

- (a) For the purpose of this section, the term "advisory committee" has the meaning assigned by Government Code, Section 2110.001.
- (b) In addition to the limits placed on reimbursement of advisory committee member expenses by this section and to the extent not otherwise limited by this Act or other law, a member of a state agency advisory committee may be reimbursed, at the rates specified in this Act for a state employee, for actual expenses for meals, lodging, transportation, and incidental expenses.
- (c) The monies appropriated by this Act may not be expended to reimburse a member of a state agency advisory committee for expenses associated with conducting committee business, including travel expenses, unless the expenditures for an advisory committee are within the limits provided by this section and other law and are specifically authorized by this Act.
- (d) The limitations provided by this section do not apply to an advisory committee established by the governing board of a retirement system trust fund.
- (e) The limitations provided by this section apply only to an advisory committee that is subject to Government Code, Chapter 2110.

Part 6. GENERAL LIMITATIONS ON EXPENDITURES

Sec. 6.01. Unexpended Balance.

- (a) In this Act "unexpended balance" or the abbreviation "UB" means the unobligated balance remaining in an appropriation, i.e., only that part of an appropriation, if any, that has not been set apart by the incurring of an obligation, commitment, or indebtedness by the state agency authorized to spend the appropriation. A reference in this Act to "unexpended balance" or "UB" is a reference to the unobligated balance of an amount appropriated by this Act for the fiscal year ending August 31, 2024, unless another meaning is clearly indicated.
- (b) For any estimated UB appropriated by this Act, should the actual amount of the UB be different than the estimate identified in this Act, the appropriation is adjusted to equal the actual UB, subject to any other restrictions to that appropriation made elsewhere in this Act.

GENERAL LIMITATIONS ON EXPENDITURES

(Continued)

Sec. 6.02. Interpretation of Estimates. In the event the amounts of federal funds, local funds, or monies other than appropriations from the General Revenue Fund have been estimated in this Act in sums greater than are actually received by the respective agencies of the state, this Act may not be construed as appropriating additional monies from the General Revenue Fund to make up such differences. Wherever the language of this Act appropriates federal funds, local funds, or monies other than appropriations from the General Revenue Fund but uses an estimated amount to inform the Legislature and the public, the estimated figure is not to be construed as a limitation on the amount appropriated.

Sec. 6.03. Excess Obligations Prohibited.

- (a) An agency specified in this Act may not incur an obligation in excess of the amounts appropriated to it for the respective objects or purposes named.
- (b) As a specific exception to Subsection (a) the Comptroller of Public Accounts may determine that a proposed installment purchase arrangement is cost effective and certify this finding in response to an agency request.
- (c) A determination made by the Comptroller of Public Accounts under Subsection (b) may be made for obligations incurred for the purchase or lease of automated information system equipment only if the agency has on file with the Legislative Budget Board a Biennial Operating Plan, including any amendments to the Biennial Operating Plan, and the plan has been approved by the Legislative Budget Board.
- (d) If this section is violated, the State Auditor shall certify the fact of the violation and the amount of over-obligation to the Comptroller, and the Comptroller shall deduct an amount equivalent to the over-obligation from the salary or other compensation due the responsible disbursing or requisitioning officer or employee and apply the amount to the payment of the obligation.
- (e) This provision is specified pursuant to Texas Constitution, Article XVI, Section 10.

Sec. 6.04. Interpretation of Legislative Intent. Monies appropriated by this Act shall be expended, as nearly as practicable, for the purposes for which appropriated. In the event an agency cannot determine legislative purpose from the pattern of appropriations, the agency shall seek to determine that purpose from the proceedings of the legislative committees responsible for proposing appropriations for this state.

Sec. 6.05. Comptroller's Duty to Pay. The Comptroller may not refuse to pass for payment a legal claim, factually justified, for which a valid appropriation has been made.

Sec. 6.06. Last Quarter Expenditures.

- (a) A state agency or other governmental unit using monies appropriated by this Act may not expend during the last quarter of a fiscal year more than one-third of the monies appropriated for that fiscal year.
- (b) Specifically exempted from Subsection (a) are:
 - (1) expenditures contracted for in previous quarters;
 - (2) monies required by statute, rule, or regulation to be expended on a different time frame;
 - (3) seasonal employment of personnel;
 - (4) construction contracts;
 - (5) contracts dealing with purchases of food, medicines, or drugs;
 - (6) expenditures related to the Children with Special Health Care Needs benefits program administered by the Health and Human Services Commission or expenditures related to the Children with Special Health Care Needs Systems Development Group administered by the Department of State Health Services; and
 - (7) expenditures occasioned by disaster or other Act of God.

GENERAL LIMITATIONS ON EXPENDITURES

(Continued)

- (c) The monies exempted under Subsection (b) may not be considered in the computation of the total monies appropriated in a fiscal year for the purpose of applying Subsection (a).

Sec. 6.07. Employee Benefit and Debt Service Items.

- (a) Monies appropriated in the various articles of this Act for Retirement and Group Insurance, Social Security and Benefit Replacement Pay, Texas Public Finance Authority-G.O. Bond Debt Service Payments, and Lease-Payments to the Texas Public Finance Authority may be transferred between articles to a like appropriation item without limitation as to the amount of such transfer.
- (b) An agency to which an appropriation listed under Subsection (a) is made may pool such appropriations, made in the various articles for a common purpose, into a single cost pool for the purpose of administering the appropriation.

Sec. 6.08. Benefits Paid Proportional by Method of Finance.

- (a) Unless otherwise provided, to maximize balances in the General Revenue Fund, payment for benefits paid from appropriated monies, including "local funds" and "education and general funds" as defined in Education Code, Section 51.009(a) and (c), shall be proportional to the method of finance except for public and community junior colleges. Any financing sources subject to restrictions that prevent their expenditure on salaries and wages, as directed by legislative intent or established in policies by the Comptroller governing the calculation of benefits proportionality by method of finance, shall not be subject to this proportional requirement.
- (b) Monies not subject to this proportionality requirement may include but are not limited to certain: appropriations for capital purposes, appropriations with salary restrictions, deficiency grant appropriations, emergency appropriations, or statutorily restricted funds that restrict or limit the use of monies to certain programs. The Comptroller shall make the final determination on the exclusion of monies from this proportionality requirement in conjunction with the policies developed under Subsection (f).
- (c) For institutions of higher education, in determining the proportional allocation between the General Revenue Fund and other appropriated funds, an adjustment for local funds benefits shall be made to equitably distribute costs between the General Revenue Fund and other appropriated funds.
- (d) If the Comptroller determines that achieving employee benefits proportionality at the time the benefits payment is made would be impractical or inefficient, then the General Revenue Fund shall be reimbursed for any such payment made out of the General Revenue Fund.
- (e) For purposes of this Act, a public community or junior college may expend monies appropriated for employee benefit costs for any employee if the employee is: (1) otherwise eligible to participate in the group benefits program; and (2) an instructional or administrative employee whose salary may be fully paid from monies appropriated under the General Appropriations Act, regardless of whether the salary is actually paid from appropriated monies.
- (f) The Comptroller, after consulting with the Legislative Budget Board and the State Auditor's Office, shall develop and maintain policies to provide for the administration of this section.
- (g) Each agency or institution of higher education (excluding a community or junior college) having General Revenue Fund appropriations and other sources of financing shall file with the Comptroller and the State Auditor a report demonstrating proportionality. The report shall be filed before November 20 following the close of the fiscal year for the salaries, wages, and benefits of the preceding year which ended August 31. The report shall be in a format prescribed by the Comptroller in collaboration with the Legislative Budget Board and the State Auditor's Office.
- (h) State Auditor shall at least biennially review agency and institution compliance with the requirements of this section if the agency or institution (excluding a community or junior college) receives monies appropriated under this Act. Subject to a risk assessment, the State Auditor shall audit the expenditure transfers and payments for benefits by an agency or institution. The State Auditor shall send the audit report to the Comptroller and the Legislative Budget Board upon completion of the audit, along with any recommendations for changes or

refunds. The Comptroller, on receipt of notification from the State Auditor of amounts disproportionately paid from General Revenue Fund appropriations, shall reduce current year General Revenue Fund appropriations of the agency or institution until such time as such amounts are repaid from sources other than the General Revenue Fund.

- (i) Should cash balances in appropriated funds prohibit an account or fund from absorbing additional expense related to proportionality requirements, an agency or institution may be allowed to adjust benefit expenses accordingly. An agency or institution must notify the Comptroller and Legislative Budget Board of any requested adjustment. The Comptroller shall make the final determination on the allowance of any benefit expense adjustment but shall ensure that the General Revenue Fund is reimbursed to the maximum extent possible.
- (j) For institutions of higher education, excluding public community or junior colleges, monies appropriated by this Act may not be expended for employee benefit costs, or other indirect costs, associated with the payment of salaries or wages, if the salaries and wages are paid from monies not appropriated by this Act.
- (k) The limitation in Subsection (j) shall not apply to the:
 - (1) monies appropriated to the Texas Department of Criminal Justice and provided to The University of Texas Medical Branch at Galveston or to the Texas Tech University Health Sciences Center for correctional health care services, and
 - (2) monies appropriated to the Health and Human Services Commission and provided to The University of Texas Health Science Center at Houston for the operation of the Harris County Psychiatric Center or the Dunn Behavioral Sciences Center.

In accordance with the policies developed under Subsection (f), institutions identified in this subsection shall disclose information on the amount of interagency contract proceeds used to pay salaries and wages as well as the associated general revenue benefits for programs identified in this subsection.

Sec. 6.09. Appropriations from Special Funds. Notwithstanding other provisions of this Act, appropriation amounts from special funds or special or dedicated accounts in the General Revenue Fund (as those terms are defined by Government Code, Section 403.001) are specifically limited to amounts not to exceed the actual balances and revenues available to each such fund or account.

Sec. 6.10. Limitation on State Employment Levels.

- (a) (1) (A) A state agency that is subject to the requirements of Subsection (c) may not use monies appropriated by this Act to pay all or part of the salaries or benefits of a number of employees which would cause the number of full-time equivalent employees (FTEs) paid from monies appropriated by this Act by the state agency for a fiscal quarter to exceed the figure indicated by this Act for that state agency without reporting that use of monies to the Governor and the Legislative Budget Board at a time not later than the last day of the first month following each quarter of the fiscal year, for which the FTEs exceed the figure indicated by this Act for that state agency.
- (B) A state agency that is subject to the requirements of Subsection (c) may not expend monies appropriated by this Act to pay all or part of the salaries or benefits of a number of employees which would cause the number of FTEs paid from monies appropriated by this Act by the state agency for a fiscal quarter to exceed the lesser of either:
 - (i) 110 percent of the FTE figure indicated by this Act for that state agency; or
 - (ii) 100 percent of the figure indicated by this Act for that state agency plus 50 FTEs.
- (2) (A) A state agency or institution of higher education that is subject to the requirements of Subsection (d) may not use monies appropriated by this Act to pay all or part of the salaries or benefits of a number of employees which would cause the number of FTEs paid from monies appropriated by this Act by the state agency or institution of higher education for a fiscal year to exceed the figure indicated by this Act for the state agency or institution of higher education for a fiscal year without reporting that

- (B) A state agency or institution of higher education that is subject to the requirements of Subsection (d) may not expend monies appropriated by this Act to pay all or part of the salaries or benefits of a number of employees which would cause the number of FTEs paid from monies appropriated by this Act by the state agency or institution of higher education for a fiscal year to exceed the lesser of either:
 - (i) 110 percent of the FTE figure indicated by this Act for that state agency or institution; or
 - (ii) 100 percent of the figure indicated by this Act for that state agency or institution plus 50 FTEs.
- (b) A report by a state agency or institution of higher education of exceeding the FTE limitations established by Subsection (a)(1)(A) or (a)(2)(A) must be submitted by the governing board of the state agency or institution of higher education (if the agency has a governing board) or by the chief administrative officer (if the agency does not have a governing board or the governing board has not met) and must include at a minimum:

 - (2) a statement justifying the need to exceed or reduce the limitation;
 - (3) the source of monies to be used to pay any additional salaries; and

- (c) For the purpose of Subsections (a) and (b), the number of FTEs employed by a state agency (not including the agencies and institutions listed under Subsection (d)) for a fiscal quarter:
 - (1) shall be determined in accordance with the report filed pursuant to Government Code, Section 2052.103;
 - (2) shall include only employees paid with monies appropriated through this Act;
 - (3) shall not include overtime hours; and
 - (4) shall include a position filled by temporary or contract workers for more than one-half of the work days of the year preceding the final day of the reporting period. Temporary or contract workers shall include workers employed under contract to fill specific positions customarily filled by state employees. The State Auditor may provide interpretations of this provision.
- (d) For the purpose of Subsections (a) and (b), the number of FTEs employed by the Texas Historical Commission, the State Preservation Board, the Texas Commission on Environmental Quality, the Parks and Wildlife Department, the Texas School for the Blind and Visually Impaired, the Texas School for the Deaf, or an institution of higher education or an affiliated entity, for a fiscal year:
 - (1) shall be determined in accordance with the reports filed pursuant to Government Code, Section 2052.103;
 - (2) shall be an average of the four reports filed for that fiscal year;
 - (3) shall include only employees paid with monies appropriated through this Act;
 - (4) shall not include overtime hours; and

- (e) This section shall not apply to appropriations made by this Act to the:
 - (1) Office of the Governor; or
 - (2) Comptroller.
- (f) The limitations on FTEs under this section do not apply to a state agency or institution in instances of employment, including employment of temporary or contract workers, directly associated with events declared disasters by the Governor. Each state agency or institution shall annually notify the State Auditor, Comptroller, Legislative Budget Board, and Governor of FTEs exempted under this section.
- (g)
 - (1) The limitations on FTEs under this section do not apply to a state agency or institution in an instance of employment for a project, including employment of a temporary or contract worker, if the FTEs associated with that project are not included in the number of FTEs allowed in the agency's bill pattern and the employees are associated with:
 - (A) implementation of a new, unanticipated project that is 100 percent federally funded; or
 - (B) the unanticipated expansion of an existing project that is 100 percent federally funded.
 - (2) With regard to the exemption from the FTE limitations provided by this subsection, a state agency or institution is exempt from the FTE limitations only for the duration of the federal funding for the employment related to the project and all salaries, benefits, and other expenses incurred related to employment must be paid from federal funds.
 - (3) This subsection does not exempt any employees associated with existing projects (with "existing projects" including those projects existing at the time of the preparation of this Act by a legislative conference committee and therefore included in the number of FTEs allowed in the agency's bill pattern) that are 100 percent federally funded and included in the number of FTEs allowed in the agency's bill pattern.
 - (4) Each state agency or institution shall notify the State Auditor, Comptroller, Legislative Budget Board, and Governor of FTEs exempted under this subsection.

- (b) The amount received by an agency as a refund of postage used by the agency shall be deposited in the fund to the credit of the appropriation from which postage for the agency is paid and is appropriated to the agency for postage use.

Sec. 6.12. Expenditures for State-Federal Relations.

- (a) Monies appropriated by this Act may not be spent by a state agency to carry on functions for which monies have been appropriated to the Office of State-Federal Relations to perform except when an interagency contract has been executed between the Office of State-Federal Relations and the state agency.
- (b) Prior to travel to the Washington, D.C. area, including any trip with a destination to the Reagan-National, Dulles International, or Baltimore Washington International airports, state agency personnel shall inform the Office of State-Federal Relations regarding:

Any other state agency or institution that receives funding in this Act and provides specific behavioral health services may participate in the meetings and discussions of the coordinating council. The Mental Health Statewide Coordinator at the Health and Human Services Commission (HHSC) shall serve as chair of the coordinating council. The coordinating council shall meet at least once quarterly during fiscal years 2024 and 2025, or more frequently if determined necessary by the Mental Health Statewide Coordinator at HHSC.

These community collaboratives shall include community collaboratives as defined by Government Code, Chapter 539; community recipients of a grant for veterans' mental health pursuant to Government Code, Section 531.0992; recipients of a grant through the Mental Health Grant Program for Justice-Involved Individuals; and recipients of a grant through the Community Mental Health Grant Program. No provision of this Act may be construed as granting the coordinating council authority over local projects implemented by the collaboratives listed above.

- (c) **Statewide Behavioral Health Strategic Plan.** The purpose of the coordinating council shall be to implement the five-year Texas Statewide Behavioral Health Strategic Plan most recently published on November 3, 2022, and originally published May 1, 2016, (the strategic plan) per 2016-17 GAA, Article IX, Section 10.04(b), Eighty-fourth Legislature, 2015. The coordinating council shall annually update the inventory of behavioral health programs and services. The inventory shall describe how the identified programs, services, initiatives, and expenditures further the goals of the strategic plan. HHSC shall make available the five-year strategic plan update and the inventory of programs on HHSC's website no later than December 1 of each year.

The coordinating council shall also collaborate with the Board of Pharmacy and the Medical Board to create a sub-plan related to substance abuse. - (d) **Coordination of Behavioral Health Expenditures.** The coordinating council shall submit to the Executive Commissioner of HHSC for approval a coordinated statewide expenditure proposal for each agency, which shall include the appropriation amounts identified in Subsection (a). The expenditure proposal shall describe how the identified appropriations at each agency or institution would be spent in accordance with and to further the goals of the approved strategic plan. HHSC shall submit the coordinated statewide behavioral health expenditure proposal to the Legislative Budget Board by September 1, 2023, for fiscal year 2024, and by July 1, 2024, for fiscal year 2025. The strategic plan shall be considered to be approved unless the Legislative Budget Board issues a written disapproval by November 1, 2023, for fiscal year 2024, or by September 1, 2024, for fiscal year 2025.

Notwithstanding any other appropriation authority granted by this Act, the Comptroller of Public Accounts shall not allow the expenditure of General Revenue-Related monies identified in Subsection (a) by a particular agency if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the agency's expenditure proposal has not satisfied the requirements of this provision. If fiscal year 2024 or fiscal year 2025 General Revenue-Related funds are used to provide services required by federal

Behavioral health-related Medicaid expenditures shall also be included as a separate line item for each agency.

(Continued)

- (b) The Bond Review Board shall compile a statewide capital expenditure plan for the 2026-27 fiscal biennium from the information submitted by agencies and institutions in accordance with the capital planning guidelines. Copies of the guidelines shall be filed with the Governor and the Legislative Budget Board no later than December 31, 2023. The Bond Review Board shall file copies of the capital expenditure plan for the period beginning September 1, 2025, with the Governor and the Legislative Budget Board no later than September 1, 2024.
- (c) The statewide capital plan required by this section shall identify the state's capital needs and alternatives to finance these needs. - (a) In the event that an agency moves from leased space to state-owned space after the passage of this Act, the Comptroller shall reduce monies appropriated to each affected agency by an amount equal to the lease costs that would have been incurred for the remainder of the biennium had the agency remained in leased space, less the costs the agency incurs for moving and the agency's tenant finish-out expenses as defined by the Texas Facilities Commission. Required moving and tenant finish-out costs incurred by an agency moving from leased space to state-owned space in fiscal year 2023 may be paid from fiscal year 2024 appropriations and costs incurred in fiscal year 2024 may be paid from fiscal year 2025 appropriations as necessary to facilitate the move. The Comptroller shall transfer to the Texas Facilities Commission from the special funds or accounts, including dedicated General Revenue Fund accounts (as those terms are defined by Government Code, Section 403.001), of those agencies that move into a state facility funded from Texas Public Finance Authority revenue bond proceeds each agency's proportional share of the lease payments made for the facility as determined by the Texas Facilities Commission. The Comptroller shall reduce the amounts appropriated to the Texas Facilities Commission out of the General Revenue Fund for lease payments in the appropriate article of this Act by an amount equal to the sum of the transfers from the special funds or accounts. The monies so transferred are appropriated to the Texas Facilities Commission for the purposes of making lease payments to the Texas Public Finance Authority.

PROVISIONS RELATED TO REAL PROPERTY

(Continued)

- (b) In the event that an agency obtains a lease at a rate lower than existing lease amounts after the passage of the Act, the Comptroller shall reduce monies appropriated to each affected agency by an amount equal to the lease costs that would have been incurred for the remainder of the 2024-25 biennium, as determined by the Comptroller. If obtaining a reduced lease rate requires the agency to move its location, the Comptroller shall reduce the agency's appropriations less costs the agency incurs for moving and the agency's tenant finish-out expenses as defined by the Texas Facilities Commission. Required moving and tenant finish-out costs incurred by an agency moving from leased space in fiscal year 2024 may be paid from fiscal year 2025 appropriations as necessary to facilitate the move.

Sec. 11.05. State Agency Emergency Leases.

- (a) It is the intent of the Legislature that all emergency leases held by state agencies be eliminated. To ensure better planning on the part of state agencies and response from the Texas Facilities Commission Leasing Division, state agencies are directed to adhere to the provisions of this section.
- (b) A state agency that is in an emergency lease agreement on September 1, 2023, shall have its appropriation in each fiscal year in which it is in the emergency lease agreement reduced by the dollar amount charged to the agency in addition to its base level rent.
- (c) At least one year before an agency's lease expires, an agency must notify the Texas Facilities Commission in writing of its intent to renew its existing lease or relocate its offices.
- (d) If an agency fails to notify the Texas Facilities Commission in writing at least one year prior to a lease expiration and is subsequently forced to initiate an emergency lease agreement, the agency shall have its appropriation in each fiscal year in which it is in an emergency lease agreement reduced by the dollar amount charged to the agency in addition to its base level rent. This Subsection (d) applies in addition to the reduction of Subsection (b).
- (e) If an agency notifies the Texas Facilities Commission in writing one year prior to a lease expiration in accordance with Government Code, Chapter 2167, and the Texas Facilities Commission fails to renew/initiate a lease agreement for the agency by the lease expiration date, and an agency is forced to initiate an emergency lease agreement, the Texas Facilities Commission shall have its appropriation reduced in each fiscal year in which the affected agency is in an emergency lease agreement by the dollar amount charged to the agency in addition to the agency's base level rent. If this Subsection (e) applies, then the reduction of Subsection (d) does not apply.
- (f) The Comptroller will make all necessary reductions established in this provision each month of an emergency lease agreement. Monies lapsed by agencies for violation of this provision shall be deposited into the fund in the state Treasury from which they were originally appropriated.
- (g) The Texas Facilities Commission shall provide quarterly reports to the Legislative Budget Board and the Governor:
 - (1) detailing the number of state agencies holding emergency leases; and
 - (2) providing the status on the progress of terminating the emergency lease agreement.
- (h) (1) In addition to the requirements of this section, an emergency lease for a health and human services agency is also governed by Government Code, Section 2167.004.

Sec. 11.06. Efficient Use of State Property to House State Facilities. Agencies shall consider all reasonably available state-owned space and prioritize utilizing state-owned property if cost effective and consistent with the designated use of the property.

- (a) Notwithstanding any other provision of this Act, the purchase of aircraft may not be made from appropriated monies except as authorized in this section.
- (b) Agencies authorized to expend appropriated monies for the maintenance and operation of state-owned aircraft or replacements authorized by Subsection (d) are:
 - (1) Texas A&M University System;
 - (2) Texas Department of Criminal Justice;
 - (3) Texas Department of Transportation;
 - (4) Parks and Wildlife Department;
 - (5) Department of Public Safety of the State of Texas;
 - (6) University of Texas System;
 - (7) Texas State Technical College; and
 - (8) Texas Forest Service.
- (c) Notwithstanding any other provision of this Act, all state-owned aircraft (including aircraft forfeited to or seized by a particular agency) are subject to the authority of the Texas Department of Transportation.
- (d) Expenditure of appropriated monies for replacement of aircraft with aircraft of comparable quality may be made contingent upon approval of the Texas Department of Transportation and a finding of fact by the Governor that a report has been filed with the Governor showing that:
 - (1) the aircraft to be replaced has been destroyed or has deteriorated to an extent that continued operation presents a serious hazard or that the aircraft to be replaced can no longer meet the mission requirements of the principal user state agency; and
 - (2) other state-owned aircraft cannot be effectively utilized in lieu of a replacement aircraft.
- (e) Expenditures necessary to purchase liability insurance pursuant to Government Code, Section 2205.045(a), shall be made on a pro rata basis, as determined by the Texas Department of Transportation, from appropriations authorized to each agency operating a state-owned aircraft. The Comptroller shall transfer such necessary amounts from agencies operating aircraft to the Texas Department of Transportation for the purchase of liability insurance and expenditure of such monies by the Texas Department of Transportation is authorized.
- (f) Any reimbursements received by a state agency for authorized aircraft services rendered to another state agency are appropriated to the agency receiving the reimbursements and shall be credited to the agency's appropriation item from which the cost of aircraft operation is paid.
- (g) In this section the term "aircraft" has a meaning consistent with the rules adopted by the Comptroller.

Sec. 12.02. Publication or Sale of Printed, Recorded, or Electronically Produced Matter or Records.

- (a) Monies appropriated by this Act may not be used for the publication, recording, production, or distribution of any item or matter, including lists, notices, pamphlets, video recordings, audio recordings, microfiche, films, or other electronically produced information or records unless such publication, recording, or production is:
 - (1) essential to accomplish or achieve a strategy or outcome target established by this Act; or
 - (2) required by law.

PROVISIONS RELATED TO PROPERTY (Continued)

- (b) Any monies received and collected from any charges specifically authorized by statute for the productions, publications, or records are appropriated to the agency issuing the productions, publications, or records for use during the year in which the receipts are collected. The Comptroller shall credit such receipts to the like appropriation item from which the original costs are paid.

Sec. 12.03. Limitation on Expenditures for Purchases and Conversions of Alternative Fuel Vehicles. A state agency, including an institution of higher education, that is required to meet the percentage requirements for vehicles capable of using alternative fuels under Government Code, Chapter 2158, may expend monies appropriated by this Act for the purpose of meeting the percentage requirements only if the agency purchases or converts a vehicle that uses the most cost-effective, fuel efficient, and mechanically efficient alternative fuel source.

Sec. 12.04. Transfer of Master Lease Purchase Program Payments.

- (a) The Texas Public Finance Authority may transfer each agency's share of administrative fees and lease payments pursuant to the Master Lease Purchase Program from each agency's appropriations made elsewhere in this Act to the Texas Public Finance Authority Master Lease Purchase Program cost of issuance funds and the State Lease Fund Account, respectively. Transfers for administrative fees and lease payments may not be made earlier than 15 calendar days prior to the date that debt service payment is required. The Texas Public Finance Authority may transfer monies necessary for Master Lease Purchase Program debt service payments from the State Lease Fund Account to the Texas Public Finance Authority Master Lease Purchase Program interest and sinking funds.
- (b) The Comptroller shall assist the Texas Public Finance Authority in the transfer of lease payments. State agencies participating in the Master Lease Purchase Program shall cooperate in the timely transfer of lease payments to the Texas Public Finance Authority. The absence of specific Master Lease payment appropriations, identified in an agency's capital budget, does not release an agency from lease payment obligations.

Sec. 12.05. Vehicle Fleet Maintenance and Repair. State agencies and institutions of higher education should use the most cost effective means available to maintain and repair state vehicles, including entering into interagency agreements for services with agencies or institutions of higher education which operate vehicle maintenance shops when feasible. This does not prohibit state agencies or institutions of higher education from receiving services from private vehicle maintenance shops when necessary.

Any such interagency agreement for vehicle maintenance and repair services shall include interagency transfers of monies in an amount to offset any increased costs state-owned maintenance shops may incur from the increased number of vehicles serviced and shall not restrict the ability of state agencies or institutions of higher education from selecting alternatives for vehicle maintenance and repair services, unless restricted by other law.

Sec. 12.06. Agency's Participation in Master Lease Purchase Program. It is the intent of the Legislature that all agencies participate in the Master Lease Purchase Program to the extent that the Master Lease Purchase Program would be the most cost-effective type of financing when using a lease purchase method for acquisition of capital assets.

Part 13. FEDERAL FUNDS

Sec. 13.01. Federal Funds/Block Grants. Monies received from the United States government by a state agency or institution named in this Act are appropriated to the agency or institution for the purposes for which the federal grant, allocation, aid, payment, or reimbursement was made subject to the provisions of this Act.

The Comptroller may recover the cost of this activity pursuant to authority in Government Code, Chapter 771.

Sec. 13.04. Deposit and Expenditure Limitations. Except for an institution of higher education, federal funds:

- (1) including unexpended balances, shall be deposited to and expended from the specific appropriation item identified in this Act; and
- (2) may not be expended for a strategy or function other than a strategy or function that has been reviewed by the Eighty-eighth Legislature and authorized by specific language in this Act or encompassed by an agency's budget structure as established by this Act.

Sec. 13.05. Reimbursements from Federal Funds. As applicable, federal reimbursements received for expenditures previously made or services performed on behalf of federal programs from state monies shall be credited by the Comptroller to the fund from which the expenditure was originally made. The credit shall be to the agency's current appropriation item or accounts from which the expenditures of like character were originally made and are appropriated. Reimbursements received from employee benefits paid from General Revenue Fund appropriations of other administering agencies shall be deposited to the unappropriated General Revenue Fund.

Sec. 13.06. Limitations on Classified Positions.

- (a) A classified position created for administration of federal grant programs shall be phased out upon discontinuance of the federal grant for which it was authorized.

(Continued)

- (b) Agencies subject to Government Code, Chapter 654, will make federal grant employment in accordance with the provisions of that Act in positions listed in, or otherwise authorized by this article.

Sec. 13.07. Funding Reductions. In the event that federal programs that authorize federal funds included in this Act are eliminated, consolidated, or replaced with new federal programs and funding authorization or block grants, or the federal funds appropriated to agencies are reduced, any reduction or reallocation of federal funds will be distributed across affected agencies and programs to pattern the strategies and programs included in this Act to the extent possible without restricting the state's ability to receive federal funds, in accordance with a plan adopted by the designated single state agency or otherwise by each affected agency. An agency shall provide a copy of the plan to the Legislative Budget Board and the Governor.

Sec. 13.08. Unexpended Balances. Except as provided by Section 13.09 of this article, any unexpended balances of federal funds existing at the beginning of this biennium or at the end of a fiscal year of this biennium are appropriated for use during this biennium for the original purposes of the appropriation.

Sec. 13.09. Temporary Assistance for Needy Families (TANF), Social Services Block Grant (SSBG), or Child Care and Development Block Grant (CCDBG).

- (a) Notwithstanding Section 13.01, agencies appropriated Temporary Assistance for Needy Families (TANF), Social Services Block Grant (SSBG), or Child Care and Development Block Grant (CCDBG) federal funds elsewhere in this Act may expend any balances of TANF, SSBG, or CCDBG federal funds that are unobligated and unexpended at the beginning of this biennium from an appropriation made during the previous biennium or any additional TANF, SSBG, or CCDBG federal grants. In addition, the TANF, SSBG, or CCDBG federal funds appropriated elsewhere in this Act and/or the balance of all available TANF, SSBG, or CCDBG federal funds may be transferred as appropriate by the single state agency for TANF, SSBG, or CCDBG, respectively.

 - (1) To request approval to expend monies under Subsection (b), the agency or single state agency shall submit a written request to the Legislative Budget Board and the Governor. At the same time, the agency or single state agency shall provide a copy of the request to the Comptroller of Public Accounts. The request shall include the amount of unexpended balance or additional federal grants of TANF, SSBG, or CCDBG funds; a detailed explanation of the purpose and use of the monies; and an estimate of the impact on performance measures and capital budgets. If the purpose for the unexpended balance differs from the original purpose, the request shall include the names of the originating and receiving strategies for the monies. Additional information requested by the Legislative Budget Board or the Governor shall be provided in a timely manner.
 - (2) The request is approved if neither the Legislative Budget Board nor the Governor issues a written disapproval within 30 business days of the date on which the staff of the Legislative Budget Board concludes its review of the proposal to expend the monies and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor.
- (d) The Comptroller of Public Accounts shall not authorize the expenditure of unexpended balances or additional TANF, SSBG, or CCDBG federal funds if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

Sec. 13.10. Definition, Appropriation, Reporting and Audit of Earned Federal Funds.

- (a) **Definition.** Earned Federal Funds (EFF) are defined as all monies received in connection with each entitlement period of a federally funded contract, grant or program, excluding reimbursements under Section 13.05 of this article which are not required by the governing agreement to be distributed thereon. Typically, EFF arise from recoveries of costs previously paid from a nonfederal fund source, indirect cost allocations, interest earned on federal funds, and minor sources such as the sale of fixed assets purchased with federal funds. This section provides an exception to any other provision of this Act which might otherwise limit transfers of appropriations such as by imposing a limit on the amount of a transfer or which might otherwise limit transfers of appropriations by causing a delay in making a transfer because of the need to take actions such as preparing reports or obtaining approvals prior to transferring appropriations necessary for responding to a disaster. - (b) At the beginning of each fiscal year, SORM shall prepare a statement reflecting the assessments due from all agencies and present it to the Comptroller.
- (c)
 - (1) Notwithstanding other provisions in this Act, agencies shall transfer to SORM 75 percent of their assessed allocation which includes amounts for workers' compensation coverage for their employees from funding in the same proportion as their expected payroll funding, including General Revenue Funds, dedicated General Revenue Fund accounts, Other Funds or local bank accounts and the agencies' proportion of SORM's costs to administer workers' compensation payments and other statutory obligations contained in SORM's Strategy A.1.1, Risk Management Program and Claims Administration.

The excess returned to the agencies by SORM is appropriated to the agencies for expenditures consistent with the original funding source. - (1) pursuant to this section; or
 - (2) where it is specifically provided in an item of appropriation that the monies appropriated or expenditures authorized may be used for the payment of judgments or settlements.
- (b) State agencies appropriated monies by this Act may expend monies appropriated elsewhere in this Act for the purposes of paying settlements and judgments against the state for causes brought in a federal court or a court in this state under specific statutory authority. Payments made pursuant to this subsection are subject to the following processes and limitations:

LEGAL REPRESENTATION AND JUDGMENTS PROVISIONS

(Continued)

- (d) Payment of all judgments and settlements prosecuted by or defended by the Attorney General is subject to approval of the Attorney General as to form, content, and amount, and certification by the Attorney General that payment of the judgment or settlement is a legally enforceable obligation of the State. This subsection applies equally to monies appropriated for expenditure through the state Treasury, as well as monies appropriated for expenditure from monies held in local banks.
- (e) The Attorney General shall report to the Legislative Budget Board and the Governor not less than monthly, a listing of all settlements and judgments of more than \$5,000 submitted to the Comptroller for payment. The document delivered to the Legislative Budget Board and Governor by the Attorney General must contain only information that may be published on the internet, by a newspaper, or published by other means and shall contain at least the following information unless all or part of the information may not be disclosed to the public under state or federal law or by court order:
 - (1) a summary of the cause of action;
 - (2) a summary of the terms of the settlement;
 - (3) the style of the case;

- (f) The State Auditor may verify compliance with this section for all monies appropriated in this Act, including monies that are retained and expended from accounts held outside the state Treasury and that are not subject to reimbursement through funds held in the state Treasury. On verification that an agency has not obtained the Attorney General's approval prior to payment of a judgment or settlement, the State Auditor may certify that fact to the Comptroller. The Comptroller may withhold all appropriations for administrative expenses for the involved agency until the Legislative Audit Committee notifies the Comptroller that the agency's non-compliance has been reviewed and necessary recommendations or changes have been made.

Sec. 16.05. Professional Legal Services.

- (a) It is the intent of the Legislature that in providing professional legal services to officials and entities of the legislative branch of state government using money appropriated by this Act, the Attorney General shall abide by the official's or entity's decisions concerning the objectives and general methods of representation and whether to accept or reject an offer of settlement of a matter. If circumstances prevent the Attorney General from abiding by the official's or entity's decisions, the official or entity may expend from General Revenue Funds appropriated to the Legislature in Article X of this Act amounts necessary to pay for professional legal services, including legal advice, assistance, and representation.
- (b) To the extent this section conflicts with another provision of this Act, this section prevails.

Contingent upon review described below, the General Revenue Fund shall be reduced and an equal amount of the Sporting Goods Sales Tax (SGST) transfer to General Revenue-Dedicated State Parks Account No. 64 is appropriated to TPFA for debt service expenditures on GO bonds issued and authorized for statewide park repairs.
 - (1) Before October 1 of each year, Texas Parks and Wildlife Department (TPWD) in cooperation with TPFA shall use expenditure schedules and any other necessary documentation to determine the actual amount of debt service expended from both sources on statewide park repairs and submit the findings of this review to the Comptroller of Public Accounts and the Legislative Budget Board.
 - (2) Before October 31 of each year, TPWD shall transfer an amount equal to the actual costs of debt service to TPFA from the SGST allocation in General Revenue-Dedicated State Parks Account No. 64. In the event that the sum of the actual costs for debt service exceeds SGST cash available for these purposes, the additional amounts shall be funded from the available remaining balance of General Revenue-Dedicated State Parks Account No. 64. The Comptroller shall authorize the necessary expenditure transfers at TPFA needed to credit the General Revenue Fund from General Revenue-Dedicated State Parks Account No. 64 for the actual costs of debt service.

- (c) Agencies shall make a good faith effort to identify and execute savings and efficiencies in their use of contracted goods and services. An agency or institution of higher education may not use monies appropriated elsewhere in this Act to pay for a contract for goods or services unless it:
- (1) Seeks competitive bids or proposals before renewing or extending a contract that has been in effect more than five years and is valued at the lesser of \$10 million or 10 percent of the agency's All Funds budget for the 2024-25 biennium. - (d) An agency or institution may request, with regards to a contract, an additional exemption from the requirements of Subsection (c)(1) by submitting a request to the Legislative Budget Board which outlines the justification for requesting the exemption. The request shall be considered to be approved unless the Legislative Budget Board issues a written disapproval within 30 business days of the date on which the staff of the Legislative Budget Board concludes its review of the proposal to exempt the contract and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House of Representatives, and Lieutenant Governor.

MISCELLANEOUS PROVISIONS

(Continued)

Required information includes but is not limited to: the cost of the contract; the duration of the contract; the reason for the extension of the contract; and a plan to ensure that the contract can be completed within the extension period, signed by the executive director or other similar agency or institution administrator, or designee of the agency or institution.
 - (3) The agency or institution ensures, prior to providing notice pursuant to Subsection (e)(2), that all information and documents specified in Section 7.11(d) have been uploaded to the Legislative Budget Board contracts database regardless of whether the information and documents are otherwise required to be uploaded under Section 7.11.

A state agency shall supply any documents necessary to perform the assessment. The state agency shall report to the Legislative Budget Board on the results of the assessment.
- (c) If the results of an assessment performed under Subsection (b) show estimated utility cost savings of at least 10 percent, the state agency shall have the Energy Systems Laboratory at Texas A&M Engineering Experiment Station or another qualified provider prepare a plan for implementation of continuous commissioning or existing building commissioning practices and monitoring of the implementation for the state agency.

ARTICLE XII. SAVINGS CLAUSE

If any section, sentence, clause or part of this Act shall for any reason be held to be invalid, such decision shall not affect the remaining portions of this Act; and it is hereby declared to be the intention of the Legislature to have passed each sentence, section, clause, or part thereof irrespective of the fact that any other sentence, section, clause or part thereof may be declared invalid.

ARTICLE XIII. EMERGENCY CLAUSE

The importance of the legislation to the people of the State of Texas and the crowded condition of the calendars in both Houses of the Legislature create an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three separate days in each House be suspended, and said Rule is hereby suspended; and this Act shall take effect and be in force from and after its passage, and it is so enacted.
