Hi Amanda;

On behalf of the Friends of Minnesota Scientific and Natural Areas (FMSNA), we would like to go on record in support of the request before the LSOHC to fund the acquisition of Minnesota Scientific and Natural Areas(SNA).

SNA sites are the crown jewels of Minnesota's natural heritage. They protect some of the most important sites for natural communities and rare and endangered species, and offer countless opportunities for nature interpretation and research.

Thank you for the opportunity to support this important acquisition request.

Sincerely,

Bob Djupstrom  
Secretary, Friends of Minnesota Scientific and Natural Areas

3895 Cranbrook Drive  
White Bear Lake, MN 55110
